October 1, 2012

Honorable Mayor and City Commissioners
City of Sunrise
City Hall
10770 West Oakland Park Boulevard
Sunrise, Florida 33351

Dear Mayor and Members of the City Commission:

Attached please find the adopted Annual Budget for the City of Sunrise, Florida, for the fiscal year beginning October 1, 2012 and ending September 30, 2013, as well as the Five Year Capital Improvement Program (CIP). The budget is being presented in accordance with Section 4.04 (g) of the City Charter.

This document is the product of considerable staff effort, guided by clear direction from the City Commission to not raise ad valorem taxes while maintaining current levels of service. The City has improved a number of processes and programs during this past year, while simultaneously addressing the impacts from the fifth consecutive year of economic stress. It is this tension – improving services while utilizing fewer resources – that frames our efforts heading into next year. Accordingly, this document represents a continuation of the systematic and substantive changes we have made in the manner which city government provides services to our residents and businesses. Due to the combined impacts of state mandated tax reforms and ongoing financial stress, we continue to focus on making our government work more efficiently and effectively. Our efforts have been successful. Examining trends over the past five years, it is clear we have made significant progress – however there is still significant work to be done.

This budget anticipates a significant use of fund balance in the General Fund to preserve services, and it brings the City to a fiscal tipping point as it looks for budget balancing solutions in future years. ***To balance the City's General Fund for this year, a little over \$4.2 million in reserves is being used for operations.*** Additionally, as highlighted to the City Commission during our workshops, in balancing the budget staff has also utilized one-time revenues that will need to be replaced in future budgets. ***This use of reserves, and the use of one-time revenues, represents the ongoing structural budget problem the City must address in future years.***

FY 2013 General Fund Budget Highlights

Although property tax values saw a small uptick in the valuations released by the Property Appraiser on July 1, property tax revenues have been reduced significantly in the City since FY 2007 – a decline of 20.2%. Based on state initiatives, economic conditions and City Commission actions, a significant number of property owners in the community have seen the City portion of their property tax bill decline and substantial numbers of property owners now pay little or no ad valorem taxes to the City. ***For the typical homesteaded property owner in the City, this has provided substantial tax relief.*** Table 2 shows the cumulative savings to a single-family homeowner during this time.

Single-Family Homeowner	FY 2007 Taxes	Proposed FY 2013 Taxes	Total Savings
Non-Senior Citizen	\$ 715	\$ 673	5.9%
Senior Citizen	\$ 563	\$ 371	34.1%

Table 2: Typical homesteaded single-family property tax burden

This budget utilizes a property tax rate of 6.0543 mills—the same rate for the fourth consecutive fiscal year. In order to offset a portion of the City's rising costs, a \$30 increase in the residential fire assessment fee and a \$2 increase in the monthly residential garbage fee have been incorporated, as well as anticipated minor changes in the fee schedules for the Community Development and Leisure Services departments.

In addition to the \$7.2 million decline in property tax revenues since FY 2007, a number of other revenue factors have also impacted the City. Interest revenues for FY 2013 in the General Fund alone are projected to decrease by \$2.8 million from FY 2007. The same holds true for revenues received from the state — they have finally stabilized, but are far below the levels seen before the recession. Over the last five years, our revenues have not kept pace with the annual rate of our expenditure growth.

While revenues are finally leveling off after years of decline, numerous operating costs are increasing at a rate not typically seen over the past several years. Typical of all local governments, the City has seen cost increases to our pension plans, requiring additional funding in the General Fund of almost \$2 million for next fiscal year and \$8.3 million since 2008. The budget, while anticipating no cost-of-living adjustments (COLAs), does anticipate normal merit adjustments pursuant to our collective bargaining agreements. The ability to mitigate that impact will require agreement with our collective bargaining units. Increases in operating expenses are primarily driven by vehicle replacement funding, and an increase in anticipated non-departmental leave payout based on the number of employees expected to retire during the upcoming year. Where possible, staff is negotiating with vendors and service providers to reduce inflationary impacts. We have also adjusted slightly our net position summary for next year, deleting an additional two positions within the organization.

Moving forward we will continue to evaluate and work on additional cost savings in our daily operations that, when implemented, will further benefit our control of the overall budget.

FY 2013 Other Funds Highlights

Three years ago the Commission decided to contract day-to-day operations of the golf course to an outside contractor. The redesigned, renovated and rebranded course – *Seven Bridges at Springtree Golf Club* – is in marvelous shape, and has received positive feedback from golfers and visitors since opening. The FY 2013 budget reflects these positive changes, most notably the stabilization of the General Fund subsidy, which is projected to be the lowest in eight years.

The Utilities Department continues its multi-year reorganization, which is generally intended to flatten the organization and provide more resources in the field to accomplish the department's core mission. In particular, the proposed budget adds two project managers to help manage the \$200+ million capital improvement program (CIP), which is entering or nearing the construction phase for several projects. Additional new positions include a laboratory technician and AC technician to improve the organization's technical capacity and reduce its dependence on costly contracted services. To accomplish the requested restructuring of the workforce during these extraordinary economic times, the Utilities Department has eliminated a number of positions, resulting in a net impact of one fewer position.

The FY 2013 budget anticipates rate studies related to water, wastewater, and reuse services, including connection and impact fees, that will be needed to support future growth. While the cost of the rate studies has been included in the FY 2012 and FY 2013 budgets the amount of bond financing required has not yet been fully determined, potentially requiring staff to bring budget amendments for this supplemental item to the City Commission during the fiscal year.

Designated Reserves

According to Resolutions 86-155-10-A and 10-125, the City's budget submission each year must include a recommendation for a General Fund contribution to the contingency reserve and revenue stabilization accounts. The Fiscal Year 2011 Comprehensive Annual Financial Report (CAFR) lists our revenue stabilization account at \$4,569,089. Based on our audited General Fund actual operating expenditures of \$95,367,960, our revenue stabilization should be \$4,768,398. As conditions have remained relatively stable, and being guided by prudent financial practices, we have maintained funding for this account at 5% of the most recent audited general fund actual operating expenditures, thereby increasing the account by \$199,309.

Likewise, our contingency reserve account should be at least 15% of our audited General Fund actual operating expenditures. Based on the audited financial information, our contingency reserve has changed from \$13,707,267 to \$14,305,194, for an increase of \$597,927, maintaining our reserve at 15%.

In Conclusion

As previously noted, the City is at a fiscal tipping point. While the City Commission continues its commitment to providing strong leadership and staff continues to demonstrate a tireless work ethic, years of economic struggle and repeated use of reserve funds and one-time revenues to fund ongoing operations brings us to a significant moment for the City. From a budgetary perspective, the City will face a structural gap of approximately \$11 million beyond fiscal year 2013 that cannot be sustained. It will be incumbent upon staff to work with the City Commission to identify substantive opportunities to both increase revenues and reduce expenditures – and thereafter implement policies necessary to address the underlying problem. With an operating budget that is more than 75% labor costs, a successful solution must include an evaluation of staffing levels and employment benefits. It is unreasonable to expect the City's dedicated workforce to bear the entire burden of balancing future budgets, therefore compelling the City to ask its residents and businesses to increase financial support for the exceptional services and facilities provided for their benefit. The temptation to continue balancing the budget using reserves must be resisted if the City is to maintain its strong financial position and reputation, and to provide the resources needed to continue future infrastructure improvements.

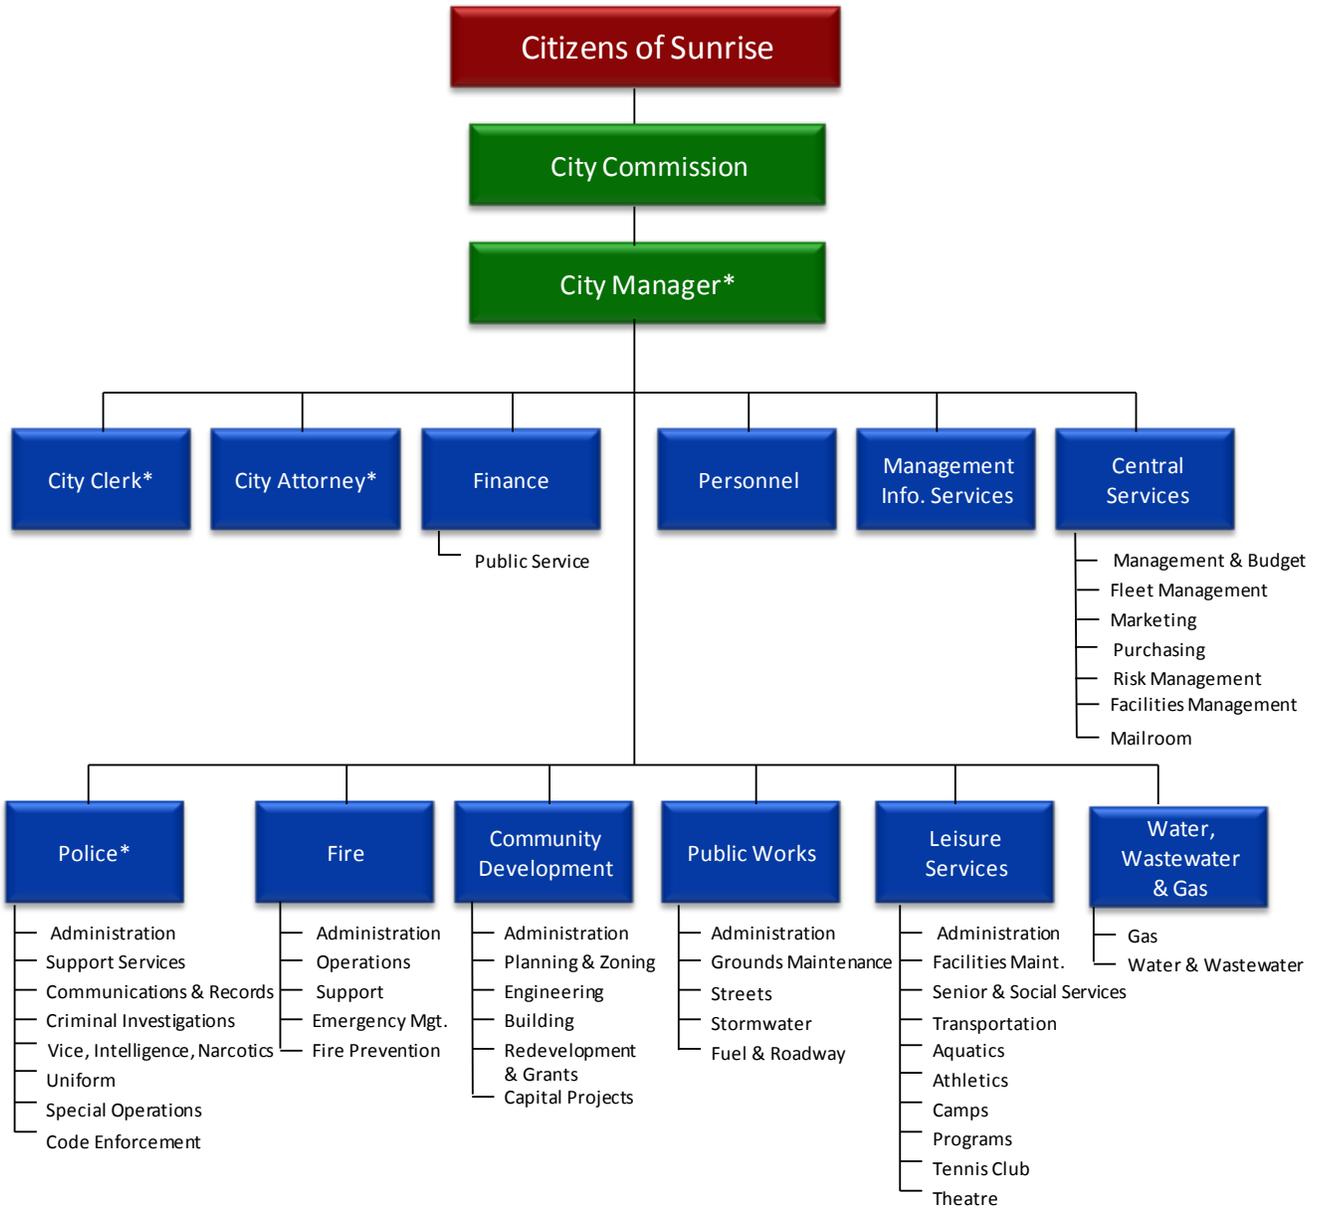

We remain committed to being an open and responsive government for our residents and businesses. The ongoing guidance from the City Commission related to our strategic vision remains an important component of these continued efforts. It is because of the hard work and cooperative relationship between elected officials and employees that we continue to be recognized as a city government of excellence.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Richard D. Salamon", with a horizontal line extending to the right.

CITY PROFILE

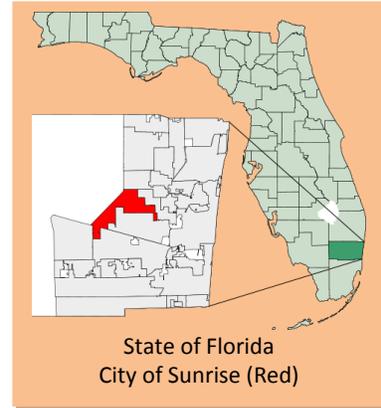

The City of Sunrise was incorporated in 1961 by Norman Johnson - an innovative developer whose model homes attracted buyers to what was then the remote western edge of Broward County in southeast Florida. Based on population, the City of Sunrise is currently ranked the 9th largest municipality within Broward County and the 26th largest within the State of Florida.

Originally known as Sunrise Golf Village, the City had a population of 4,300 and comprised just 1.75 square miles by 1967. Then, during the 1970s - as Broward County began to push west - the City experienced its first real growth.

In 1971, the City, by referendum, changed its name to the City of Sunrise. Through annexation, Sunrise eventually expanded to its current boundaries - encompassing more than 18 square miles, reaching the Everglades and dropping south of I-595/State Road 84. The City is situated approximately six miles west of Fort Lauderdale, and is adjoined by the communities of Weston, Davie, Tamarac, Lauderhill and Plantation.

By October 1984, the City had reached an estimated population of 50,000. In the mid 1980s, growth gave way to challenges, as the City was faced with financial difficulties, limited economic opportunities and a lack of adequate civic amenities.

Prompted by that realization, the City of Sunrise began its metamorphosis. In the early '90s, Sunrise worked to put its financial house in order, rebuild its infrastructure and had begun to establish itself as a center for corporate headquarters. By the mid 1990s, the City was recognized as one of the leading municipalities in South Florida.

BB&T Center

In 1998, the Branch Banking and Trust Company (BB&T) Center opened its doors to tremendous fanfare. This state-of-the-art arena serves as the home of the NHL's Florida Panthers hockey team and hosts top national entertainment and events. Sunrise has also developed into one of Florida's top tourist destinations, attracting several million national and international visitors each year with an extensive assortment of shopping and entertainment choices. The City's appeal is further enhanced by its convenient, accessible location in the heart of the tri-county area. The City is in close proximity to the Florida Turnpike and I-95, and is bordered by the Sawgrass Expressway, I-75 and I-595.

Over the last decade, the City has fulfilled a commitment to improving residents' quality of life with approximately \$325 million in capital improvements completed or underway - the most significant public investment in a community being made by any municipality in Broward County today.

Sunrise offers its residents a variety of attractive, well-maintained neighborhoods - from private, gated golf-course communities to quality rental properties. Sunrise also continues to provide its growing population with first-rate services, and is the county's recognized leader in providing quality-of-life facilities for residents. The City offers a wide variety of recreational opportunities, including a soccer club, golf course, a tennis club, playgrounds and municipal swimming pools - as well as

Civic Center Aquatic Complex

a Senior Center and a Civic Center complex featuring a 300-seat theater, an art gallery and banquet facilities. Sunrise is also home to eleven public schools, two post offices and two public libraries.

Sunrise Tennis Club

Today, Sunrise boasts its own flourishing job market and has emerged as the county's leader in commerce, having developed one of the largest corporate office parks in South Florida. From humble beginnings, Sunrise has also grown into a sophisticated city of culture - offering residents and visitors abundant opportunities to experience art, theatre, fine dining and first-class entertainment.

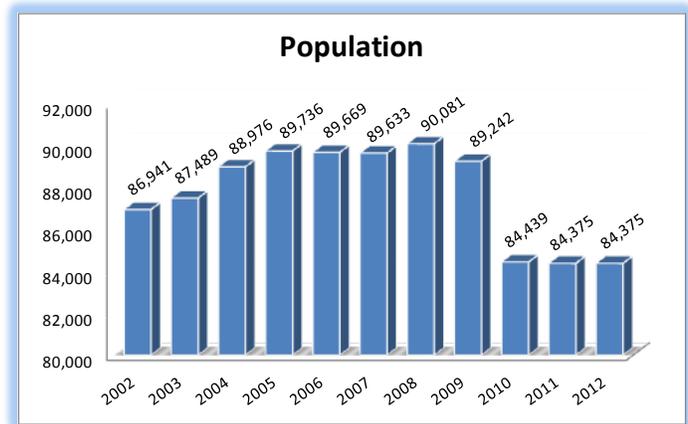

CITY STATISTICS

DEMOGRAPHICS

The City of Sunrise is nestled in the southwestern region of Broward County, Florida. The population of the City experienced minor changes during the beginning years of the turn of the century however as a result of the 2010 Census the City realized a significant decrease in total population. The data reveals a decrease of 4,803 residents of the City of Sunrise from 2009 to 2010 with a slight decrease in 2011 and estimated 2012 population figures holding steady. Unless otherwise cited, the following information is taken from Census 2010. The data was obtained by a survey of all household in the City of Sunrise, conducted in March 2010 by the U.S. Census Bureau.

Population Trends, 1970 to 2010

- In 2010, the City of Sunrise had a total population of 84,439.
- Sunrise ranked as the ninth largest municipality in Broward County.
- Census 2010 showed a slight population decline of 1.6%, or 1,340 residents, since Census 2000 (population 85,779).
- The total population counted by Census 2010 is less than had been estimated by the University of Florida for 2010. However, it is unclear why the estimates differ from the census count. In any event, the Census 2010 data is the official count.
- The University of Florida, Bureau of Economic and Business Research (BEBR) estimates the 2011 population of Sunrise to be 84,375.
- Preliminary data from the Broward County Population Forecasting Model (unpublished) suggest that by 2020 the City's population will reach 90,000 and by 2040 it may exceed 100,000.

Racial Trends, 1980 to 2010

- The City's racial composition has changed significantly during the last four decades: in 1980, 95 percent of the residents were white non-Hispanic.
- In 2010, the City had a majority-minority population: only 37% of residents are white non-Hispanic.
- 31% of residents are black non-Hispanic (25,950 residents), including African-Americans and persons of Caribbean descent.
- One in four residents (25%) is of Hispanic ethnicity (21,621 residents).
- The following map below shows racial distribution within the City.

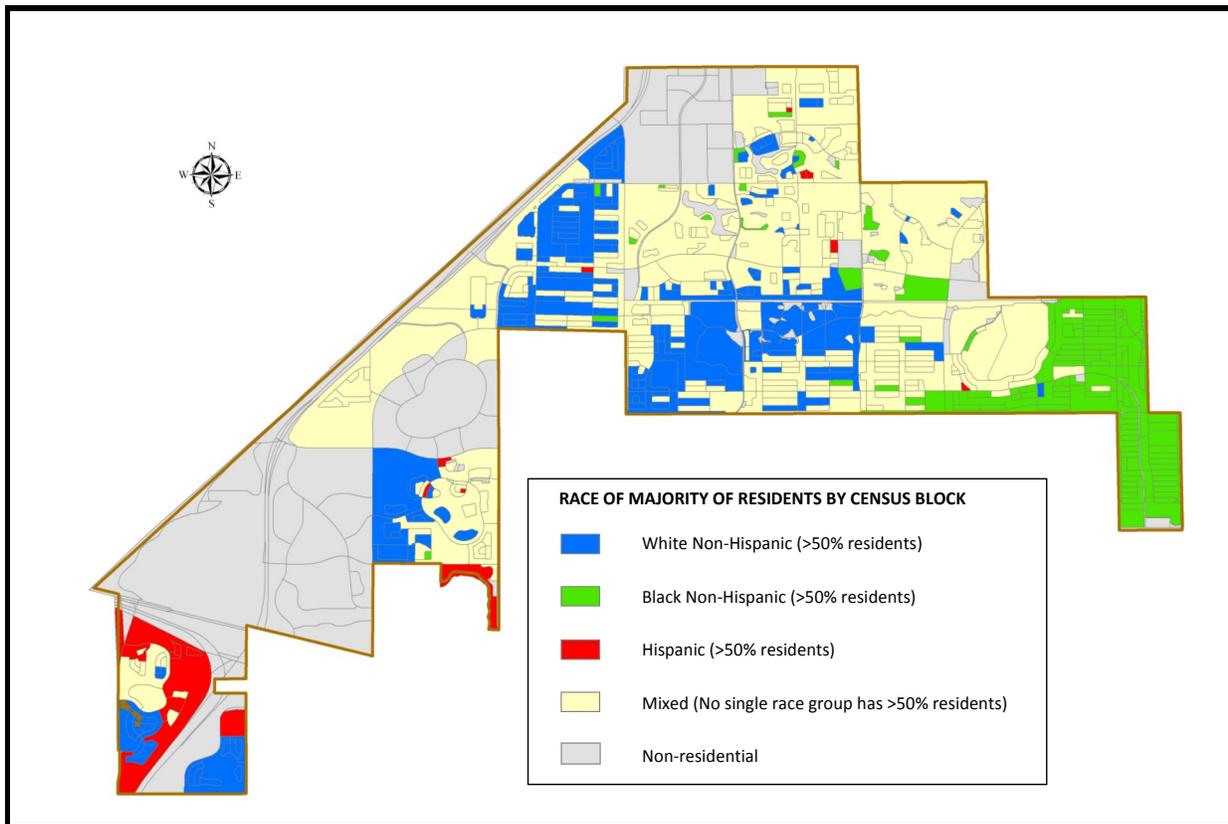

Race*	1980	1990	2000	2010	Recent Change (2000 to 2010)	
					Persons	Percent
White NH	37,701	53,010	48,863	31,016	-17,847	-36.5%
Hispanic	1,374	5,620	14,655	21,621	6,966	47.5%
Black NH	295	4,518	17,176	25,950	8,774	51.1%
Others	311	1,259	3,230	4,141	911	28.2%
2+ races	0	0	1,855	1,711	-144	-7.8%
Total	39,681	64,407	85,779	84,439	-1,340	-1.6%

* NH = Non-Hispanic; Persons of more than one race were not identified in Census until 2000.

CITY STATISTICS (continued)

Population by Major Racial Group

Note: Census 2010 divided the City into 903 “census blocks” which are represented in this map. Source: U.S. Census Bureau, 2010.

Age Characteristics, 1980 to 2010

- 22% of City residents are aged under-18 years.
- 15% of City residents are aged 65 years and over.
- The number of persons under 18 declined by 12% (2,500 persons) since Census 2000.
- The number of working aged adults (18 to 64 years) has increased
- The senior population has grown in total number (from 10,285 in 1980 to 12,809 in 2010), but fallen as a proportion of the city’s total population (from 26% in 1980 to 15% in 2010).

	Working				Total Population
	Youth (<18 yrs)	Age Adults (18-64 yrs)	Seniors (65+ yrs)	Voting Age Persons	
1980	7,944	21,452	10,285	31,737	39,681

2010	37,609	32,493	1,353	3,763	5,116	13.6%

Source: U.S. Census Bureau, 1980 - 2010

CITY STATISTICS (continued)

Labor Force and Employment Characteristics, 2002 to 2012

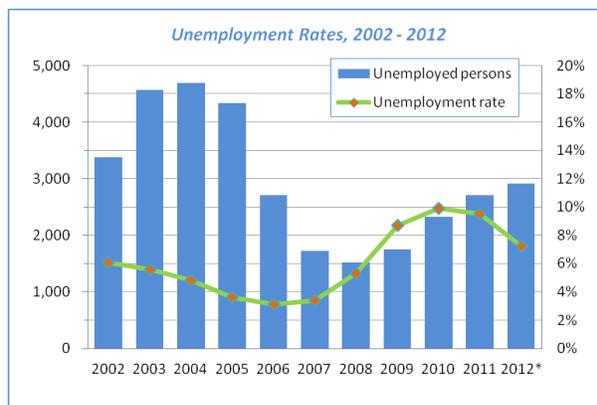

- Approximately 47,000 Sunrise residents are in the labor force.
- The unemployment rate for Sunrise residents has fallen from its peak of almost ten (10) percent in 2010, to 7.2 percent in April 2012.
- In part this is due to a reduction in the total labor force, which has fallen by 4,000 workers since 2007 (which corresponds with the reduction in total population, enumerated in Census 2010).
- 81 percent of working residents are employed in the private sector, and five (5) percent are self-employed.

Employment Status of Sunrise Residents

Year	Labor Force	Employed Persons	Unemployed Persons	Unemployment Rate
2002	47,681	44,762	2,919	6.1%
2003	47,960	45,251	2,709	5.6%
2004	48,632	46,311	2,321	4.8%
2005	48,371	46,624	1,747	3.6%
2006	49,285	47,766	1,519	3.1%
2007	51,128	49,398	1,730	3.4%
2008	51,088	48,382	2,706	5.3%
2009	49,507	45,177	4,330	8.7%
2010	47,305	42,611	4,694	9.9%
2011	47,946	43,377	4,569	9.5%
2012*	47,222	43,839	3,383	7.2%

* Data for April 2012 only.

Company. Sunrise Fire-Rescue has been a leader in the Fire-Rescue industry, winning numerous awards as an EMS provider. The dual Firefighter/Paramedic certifications held by almost all personnel enable Sunrise Fire-Rescue to respond to and successfully manage both fire and emergency medical incidents. The City's ability to deploy these highly trained crews has proven successful in preventing loss of life and property during structure fires and other emergencies. The Fire-Rescue Department has been the recipient of multiple International Association of Fire Chiefs Life Safety Achievement Awards, which are issued annually in recognition of departments that have had no residential fire deaths.

Fire Station #39

CITY STATISTICS (continued)

POLICE

The City of Sunrise Police Department is a Florida Accredited Law Enforcement agency. As such, the Department is charged with the responsibility to protect life and property, prevent crime, respond to calls for service, and enforce City Ordinances and State Laws. In addition, Sunrise promotes citizen communication and involvement via a variety of community-based policing initiatives.

In June 2011, the City of Sunrise opened a new Public Safety Complex which is located on 7.3 acres of the Sunrise Civic Center campus. The five-story, 109,000-square-foot **Public Safety Building** is the new headquarters of the City's Police Department and Fire-Rescue's Administration. This state-of-the-art facility also contains a community meeting room, the City's Emergency Operations Center (EOC), 9-1-1 Dispatch Center, as well as Sunrise's Management Information Systems (MIS) Department.

Adjacent to the Public Safety Building is the new Fire Station 72. This four-bay, 18,000-square-foot facility replaces the station located on the corner of Oakland Park and Josh Lee boulevards.

Sunrise is rated the sixth-safest of all Florida cities with populations over 75,000, according to the 13th Annual America's Safest Cities Report.

Public Safety Building/Fire Station #72

LEISURE SERVICES

The Department of Leisure Services is responsible for planning, creating, promoting, organizing and administering quality recreational, social and transportation services and keeping the public informed of services and programs available to them. This includes providing for the security and grounds maintenance of the City's parks and recreation facilities. Effective and innovative services and programs are offered to supplement basic human needs and to provide new leisure time choices for people of all ages.

We are a Playful City USA!

We know that providing appealing open spaces and outlets for play and recreation is important to the development of our children. **In 2012, Sunrise was named a Playful City USA for the third year in a row.**

Sunrise is one of only 213 communities nationwide to earn this prestigious distinction. Playful City USA honorees are recognized for making a commitment to play and physical activity by developing unique local action plans to increase the quantity and quality of play available to residents. Sunrise is dedicated to increasing opportunities for play in an effort to reduce the incidence of obesity and enhance the well being of children.

TRANSPORTATION

The City of Sunrise offers low-cost mini-bus service. Medical transportation is also available to eligible residents.

Mini-Bus Service

Sunrise mini-buses operate on a regular schedule, picking up passengers in residential areas and transporting them to and from a variety of destinations - including shopping centers, libraries, the Senior Center and Sawgrass Mills. These buses are equipped with handicapped lifts and wheelchair stations. The fee is just 25¢ each way.

CITY STATISTICS (continued)

Medical Transportation

Some seniors may qualify for the Center's medical transportation program. In order to meet eligibility criteria, individuals should be:

- Sunrise residents
- 62 years of age or older, or physically disabled and qualified by the City of Sunrise social worker
- No longer able to drive, or to maintain a vehicle in their immediate household

UTILITIES & GAS

Utilities

The Sunrise Utilities Department is committed to supplying high quality water that meets or exceeds federal, state and local standards. In addition, the Department is responsible for the efficient, effective, environmentally-sound disposal of wastewater. The utility system spans approximately 70 square miles, encompassing Sunrise, Southwest Ranches, Weston and portions of Davie - serving more than 215,000 residential and commercial customers.

The system consists of over 770 miles of water distribution mains, over 500 miles of sewer piping and mains, 200 wastewater pump stations, three water treatment facilities, four water re-pump facilities and three wastewater treatment facilities.

Utilities Department

Utilities Master Plan

The City's five-year Capital Improvements Program is part of a Master Planning process aimed at identifying the projects and funding required to meet needs within the utility service area.

For additional information regarding the Utilities Department, see the program budget pages for a detailed definition/description.

Gas

The Sunrise Gas System is committed to providing safe and reliable natural gas service to nearly 10,000 homes and businesses located in Sunrise, Tamarac, Lauderhill and Weston. Uniquely positioned as the only city-owned gas utility operating in South Florida, it has developed into the 6th largest municipal gas system in the state.

For additional information regarding the Gas Department, see the program budget pages for a detail definition/description.

Gas Department

* Acknowledgement – a special thank you goes to the City's Community Development Department for providing the majority of the statistical information provided within the document.

BUDGET PROCESS

Preparation of the FY 2013 Adopted Budget represents the culmination of a year long process that integrates financial planning, trend analysis, goals, and objectives into service delivery. Pursuant to Florida Statutes, the total estimated expenditures shall not exceed the total estimated revenue and appropriated fund balance. Additionally, the City maintains a 5-Year Capital Improvement Plan pursuant to Florida Statutes.

Beginning in June of each fiscal year, the City Commission holds public budget workshops with City staff. These workshops are open to the public and are designed to offer direction to City staff regarding a variety of policy decisions that have presented themselves during the budget development process. As stated in the City Code, Article V, Financial Procedures, the City Manager is required to submit a proposed budget to the City Commission by August 1st of each year. Pursuant to Florida Statutes, two public hearings are held in September, the first public hearing is held for the adoption of tentative operating and debt service millage rates and a tentative budget. The second public hearing, held within twenty (20) days following the first hearing, adopts the final operating and debt service millage rates, along with the annual budget and capital improvement plan.

The table below outlines the budget calendar which highlights the major processes performed throughout the budget development process.

BUDGET CALENDAR HIGHLIGHTS

March/April ~ Budget Kickoff

- Revenue forecast updates
- Department goal updates
- Performance measurement updates
- Salary projections
- Expenditure projections

May ~ Budget Development

- Budget Office distributes Budget Manual and Budget forms
- Departments review and revise budget requests
- Departments meet with Budget Office to review budget and supplemental request(s)

June ~ Preliminary Property Assessment Data and City Manager Reviews

- Preliminary assessed values for Ad Valorem taxes are received from the Property Appraiser
- Departments meet with City Manager to review budget submission
- Budget Office to obtain approval from City Manager for budget, supplemental and reduction request(s)

July 1 ~ Final Property Assessment Data

- Final assessed values for Ad Valorem taxes are received from the Property Appraiser, setting the beginning of the legal adoption timetable referenced by Florida Statute

July ~ City Commission Sets and Certifies Proposed Millage Rate

- City Commission to set public hearing dates, preliminary millage and fire assessment rates
- Proposed Ad Valorem and Non-Ad Valorem millage rates must be certified to the property Appraiser by the City Manager within thirty-five (35) days of the receipt of the assessed values

August ~ Delivery of Proposed Budget and Truth-In-Millage (TRIM) Notices

- City Manager delivers Proposed Budget and 5-Year Capital Improvement Plan to City Commission
- Property Appraiser mails TRIM notices reflecting proposed Ad Valorem and Non Ad Valorem rates and the date of the first public budget hearing

September ~ Public Budget Hearings

- The first public budget hearing is held to adopt **tentative** millage rates and budgets for both General Operating fund and Special Tax District
- The second public budget hearing is held within twenty (20) days of the first public hearing and within five (5) days after the published newspaper advertisement and adopts the **final** millage rates and budgets for both General Operating fund and Special Tax District on or before the thirtieth day of September each year

October ~ Final Budget Document

- The budget document is finalized, printed and distributed to the City Commission, City Manager and City Departments

BUDGET AMENDMENT PROCESS

Any time after adoption, the budget can be changed through the amendment process. Excluding two exceptions as described below, any revision of the budget ordinance must be approved by the City Commission. First, all appropriations lapse on September 30th of each year; however, outstanding encumbrances at year-end are automatically re-budgeted in the succeeding year's budget for the General fund departments, pursuant to Section 5.05 of the City Code. Secondly, the City Manager is authorized to transfer budgeted amounts between objects of expenditures within any department without limit. Revisions that alter the total expenditures or revenues of any fund must be approved by the City Commission.

COMMISSION/MANAGER FORM OF GOVERNMENT

The City of Sunrise is governed by a Commission/Manager form of government, which combines the political leadership of elected officials with the managerial experience of an appointed administrator. The City Commission consists of five members: the Mayor and four (4) city Commissioners who are elected to four-year terms on a non-partisan basis. The City Commission exercises legislative powers that are consistent with the United States Constitution, the Florida Constitution, the Laws of the State of Florida, the City Charter, and City Ordinances and Resolutions. The City Commission is entrusted with policy-setting authority, the establishment of rules and regulations, adopting the annual budget, formulating goals and objectives, and making decisions that affect the quality of life in the community.

The City Manager is appointed by and is directly responsible to the City Commission. As the administrative appointee of the City, the Manager carries out the policies that are formulated by the Commission and directs and coordinates the work of all City departments. The Manager also prepares and presents the citywide Budget on an annual basis for Commission consideration. The Commission/Manager form of government is ideal, as it affords the unification of authority and political responsibility of the elected City Commission and the centralization of administrative responsibility in a professional administrator.

PROGRAM/PERFORMANCE BUDGET

The Program/Performance Budget is an effective budget model, focusing on policy planning and resource allocation. It assumes that in an environment of scarce resources, elected officials must choose between different and competing items. They may find it necessary to choose between all or some of their recreational programming and all or some of their public works activities.

The Program/Performance Budget expands upon the basic line item budget concept giving residents, Commissioners, management and employees a better understanding of government's role in the community. Thus, the Program/Performance Budget improves the quality of decision-making and provides a mechanism to increase the efficiency and effectiveness of City operations. This Program/Performance Budget has four separate areas which are a primary focus throughout the process.

Policy Document

The City's budget process is conducted within the framework of the Strategic Plan, Comprehensive Plan, and a comprehensive set of financial management policies, financial trends and fiscal forecast. The information contained in these documents allows the policy makers an opportunity to review policies and goals that address long-term concerns and issues of the City and evaluate City services.

PROGRAM/PERFORMANCE BUDGET (continued)

Operations Guide

The budget describes activities, services and functions carried out through departmental goals and objectives and a continuation/enhancement of performance indicators. The document includes an organizational layout for the City and a three-year analysis on the levels of staffing.

Financial Plan

The budget presents the City's fiscal resources through a process of needs analysis, service delivery priorities, and contingency planning. The document includes the current and long-term debt obligations along with a comprehensive list of capital improvements (including an asset improvement plan, and the basis of budgeting for all funds).

Communications Device

The budget seeks to communicate summary information, including an overview of significant budgetary issues, trends and resource choices to a diverse audience. It describes the process for preparing, reviewing and adopting the budget for the ensuing fiscal year.

BASIS OF ACCOUNTING & BASIS OF BUDGETING

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements.

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recorded when they become measurable and available. Expenditures are recorded when a liability is incurred. The basis of budgeting for these funds are the same as the basis of accounting used in the City's audited financial statements.

All enterprise and internal service funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred. The basis of budget for these funds is the same as the basis of accounting used in the City's audited financial statements.

The city maintains accounting records in accordance with generally accepted accounting principles (GAAP), applied to governmental units as dictated by the Governmental Accounting Standards Board (GASB), the Financial Accounting Standards Board (FASB), and the Uniform Accounting System presented by the Florida Department of Financial Services.

FINANCIAL POLICIES

The City of Sunrise has a tremendous responsibility to manage its resources equitably and responsibly to sustain the superior levels of services that citizens are accustomed to. The development of financial policies is an important first step to ensure that resources are administered with unwavering fiscal management. Financial policies provide the framework for the overall sustainability of the City and guide the decision-making processes. The policies operate independently of changing circumstances and conditions both economic and non-economic in nature.

The objectives of the policies include:

- Providing sound principals to guide the decisions of the City Commission and management.
- Protecting the City Commission's policy-making ability by ensuring that important policy decisions are not controlled by financial problems or emergencies.

FINANCIAL POLICIES (continued)

The policies are presented in the following categories: financial management, revenue and expenditure, procurement, capital improvement, and fund balance.

Financial Management

- The City will adopt a balanced budget with budgeted revenues equal to budgeted expenditures. It is not the City's policy to finance ongoing operations with one-time revenues. One-time revenues should be used for one-time expenditures.
- The City, through its capital and operating budgets, will provide for the adequate maintenance, replacement and improvement of the City's physical assets in order to protect its capital investment and to minimize future maintenance and replacement costs.
- The City will maintain a budgetary control system to ensure adherences to the budget and will prepare quarterly reports comparing actual revenues and expenditures to budgeted amounts.
- The City will review and update the financial policies as necessary.

Revenue and Expenditure

- The City will provide long-term financial stability through sound short and long term financial planning.
- The City will estimate its annual revenues and expenditures in a conservative manner so as to reduce exposure to unforeseen circumstances.
- The City will prepare five-year revenue and expenditure projections and will update the projections during each budget process.
- The City will review fees and charges periodically to ensure that reasonable rates are set and at a minimum are adjusted for inflation.
- The City will budget property tax collections at or above 95% of the amount levied for tax revenue to actively take into account potential revenue collection issues.

Procurement

- The City will use the competitive sealed bidding process for all expenditures of commodities or contractual services in excess of \$25,000. The best offer is determined and authorized by the City Commission.
- The City will secure at least three (3) price quotes from vendors for all expenditures of commodities or contractual services in excess of \$2,500 but less than \$25,000. Specifications are determined and solicitations are made by the Purchasing Division.
- The City departments will secure at least one verbal or written quote from a vendor for all expenditures of commodities or contracted services less than \$2,500. The best offer is determined by the requesting department and recommended to the Purchasing Director for approval.

Capital Improvement

- The City will maintain a five-year Capital Improvement Plan for all projects over \$25,000 and will update the plan annually during the budget process.

Fund Balance

- The City will maintain a General Fund Contingency Reserve of 15 percent of audited actual operating expenditures in the most recent year available. The reserve will be used by the City in event of disasters, emergencies or other exigent circumstances.
- The City will maintain a General Fund Revenue Stabilization account of 5 percent of audited actual operating expenditures in the most recent year available. The account will be used by the City to identify, reserve and accumulate unexpended General Fund resources in order to mitigate impacts of future General Fund revenue shortfalls.

FUND DESCRIPTIONS

Governmental accounting systems are organized on a fund basis. Individual resources are allocated to, and accounted for, in separate funds based upon the purposes for which they are to be spent and the means by which spending activities are legally controlled. Governmental organizations establish and maintain funds as required by Florida Statutes (F.S.) Section 218.33. Funds are classified into types, as designated by the Department of Financial Services, Bureau of Local Government's Uniform Accounting Systems Manual. The information below describes the two fund types used and maintained by the City of Sunrise: Governmental and Proprietary.

GOVERNMENTAL FUND TYPES

Governmental Fund Types are subdivided into four sections: ***General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds.***

General Fund - Account for all financial resources not required by law or administrative action to be accounted for in another fund.

FUND 001 - GENERAL FUND - The General Fund of a municipal organization serves as the primary reporting mechanism for day to day governmental operations. The major sources of revenue for the General Fund include: ad valorem taxes, franchise taxes, charges for services fees and intergovernmental revenues. The departments funded within the General Fund include: City Commission, City Manager, City Clerk, City Attorney, Finance, Personnel, Management Information Systems (MIS), Central Services, Police, Fire, Community Development, Public Works, and Leisure Services.

Special Revenue Funds - Account for the proceeds of revenue source(s) that are restricted or committed to expenditure for specified purposes.

FUND 125 - IMPACT FEES FUND – This fund accounts for the receipts and disbursements of impact fees received from developers pursuing construction within the City limits.

FUND 140 - URBAN AREA SECURITY INITIATIVE (UASI) GRANT FUND – This fund provides funding from the Department of Homeland Security (DHS) through the Office of Grants and Training (OG&T) to the Fort Lauderdale Urban Areas through the Urban Area Security Initiative (UASI) Grant Program. This grant program is designed to enhance and quantify the preparedness of the nation to combat terrorism. Funding is provided to address the unique equipment, training, planning, and exercise needs and is administered by the Police Department.

FUND 145 - BROWARD COUNTY HOME CONSORTIUM GRANT FUND –This fund accounts for the receipt and disbursements of the Broward County Home Consortium grant funding and is administered by the Community Development Department.

FUND 146 - BROWARD COUNTY DISASTER RECOVERY INITIATIVE GRANT FUND –This fund accounts for the receipt and disbursements of the Broward County Disaster Initiative grant funding and is administered by the Community Development Department.

FUND 147 - NEIGHBORHOOD STABILIZATION GRANT FUND –This fund accounts for funding provided by the Housing and Economic Recovery Act of 2008 (HERA) to address foreclosures and abandoned properties within the City. This fund accounts for the receipt and disbursement of Neighborhood Stabilization grant funding and is administered by the Community Development Department.

FUND 148 - ENERGY EFFICIENCY GRANT FUND – This fund accounts for funding from the Department of Energy in the form of an Energy Efficiency and Conservation Block Grant (EECBG) for the installation of energy efficient retrofits to public buildings and facilities, and providing financial incentives for energy efficiency. This grant fund is administered by the Community Development Department.

FUND 155 - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUND – This fund accounts for funding provided by the U.S. Department of Housing and Urban Development (HUD) to address housing and community development needs within the City. This grant fund is administered by the Community Development Department.

FUND DESCRIPTIONS (continued)

FUND 165 - STATE HOUSING INITIATIVE PARTNERSHIP PROGRAM (SHIP) FUND – This fund accounts for funds received from the State Housing Initiatives Partnership program (SHIP) for the purpose of providing affordable housing in the City. This grant fund is administered by the Community Development Department.

FUND 191 - FUEL AND ROADWAY FUND – This fund accounts for the receipt and distribution of Local Option Gas Taxes. Funds received are utilized to maintain and improve streets, roadways, median strips, and streetlights and is administered by the Public Works Department.

FUND 610 - POLICE CONFISCATION/FORFEITURE FUND – This fund accounts for the administration of confiscated funds directly related to the daily activity of the City's Police Department.

Debt Service Funds - Account for the accumulation of resources for, and the payment of, principal and interest.

FUND 203 - PUBLIC FACILITIES DEBT SERVICE FUND – This fund accounts for those revenues that have been pledged to secure the debt of the Public Service Tax Revenue Bond, Series 1992 and the Public Facilities Revenue Bonds, Series 1999. The major revenues to retire these bonds come from utility tax revenues.

FUND 204 - CAPITAL IMPROVEMENT DEBT SERVICE FUND – This fund accounts for the Florida Power & Light (FPL) franchise taxes which are pledged towards the repayment of revenue bonds.

FUND 206 - SUNRISE LAKES PHASE I SPECIAL TAXING DISTRICT FUND – This fund accounts for the assessment and other revenues which are pledged to secure the payment of debt service and other expenditures for the Sunrise Lakes Phase I Special Recreation District public improvement bonds maturing on October 1, 2017.

FUND 207 - SUNRISE LAKES PHASE II SPECIAL TAXING DISTRICT FUND - This fund accounts for the assessment and other revenues which are pledged to secure the payment of debt service and other expenditures for the Sunrise Lakes Phase II Special Recreation District public improvement bonds maturing on October 1, 2013.

FUND 209 - SPECIAL TAX DISTRICT NO. 1 FUND – This fund accounts for necessary infrastructure for the Sawgrass Mills Mall and the Residual Development, including expansion of the arterial roads. The district issued refunded bonds to finance the acquisition, construction and improvement of right-of-ways, roads and roadways, sanitary sewer facilities, water distribution facilities, stormwater drainage and storm sewer facilities, some of which are located in a right-of-way within the District and some of which benefit the District but are located in a right-of-way outside the District. Work located outside the District includes, but is not limited to, the acquisition of rights-of-way for and the construction of improvements of portions of Flamingo Road, 136th Avenue and Sunrise Boulevard. Proceeds of the Series 2003 Bonds will be used to (1) finance the design, permitting and construction of a parking garage located at Sawgrass Mills Mall, and (2) fund additional public works improvements within and outside the boundaries of the District which benefit properties within the District.

Capital Projects Funds - Account for financial resources to be used for the acquisition or construction of major capital outlays.

FUND 309 - SPECIAL TAXING DISTRICT I CAPITAL PROJECTS FUND – This fund accounts for the construction of a parking garage and additional public works improvements for the district.

FUND 325 - CAPITAL IMPROVEMENTS FUND – This fund accounts for the revenues and expenditures of general capital improvement projects.

PROPRIETARY FUND TYPES

Proprietary Fund Types are subdivided into two sections: ***Enterprise Funds and Internal Service Funds.***

Enterprise Funds - Account for operations (a) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

FUND DESCRIPTIONS (continued)

FUND 401 - UTILITIES WATER AND WASTEWATER/GAS FUND – This fund accounts for the daily operations of both Water/Wastewater and Gas utilities. The Water & Wastewater function provides for the safe and efficient management of the City's water and sewer operations by assuring a continuous supply of clean water, assuring the collection, treatment, and disposal of sewage, and the servicing of all related infrastructure. The Gas function provides for the safe and efficient management of the City's Natural Gas Operations, assuring a continuous supply of clean energy; and servicing of gas equipment and appliances for residential and commercial customers.

FUND 402 - UTILITIES WATER/WASTEWATER AND GAS RENEWAL AND REPLACEMENT (R&R) FUND – This fund is used to account for repairs and maintenance to the City's water/wastewater and gas utility systems as well as the replacement and enhancement of existing equipment, vehicles, and other capital items related to both systems.

FUND 403 - WATER/WASTEWATER CONNECTION FEES FUND – This fund is used to account for capital expenditures of the Water/Wastewater system that relate to expansion of plants and/or line capacity. The revenues collected for either water or wastewater connection fees and can only be utilized in their respective areas.

FUND 405 - UTILITIES DEBT SERVICE FUND – This fund is used to account for transfers from the Water/Wastewater operating and Gas operating funds for the purpose of providing required bond service payments and to record bond transactions.

FUND 406 - UTILITIES SERIES 96A CONSTRUCTION FUND – This fund is used to account for Series 96A Bonds for the construction of utilities capital projects.

FUND 407 - UTILITIES SERIES 1998/1998A CONSTRUCTION FUND – This fund is used to account for Series 1998/1998A Bonds for the construction of utilities capital projects.

FUND 408 - UTILITIES SERIES 2010 CONSTRUCTION FUND – This fund is used to account for Series 2010 Bonds for the construction of utilities capital projects.

FUND 409 - UTILITIES SERIES 2012 CONSTRUCTION FUND – This fund is used to account for Series 2012 Bonds for the construction of utilities capital projects.

FUND 420 - SEVEN BRIDGES AT SPRINGTREE GOLF CLUB FUND – This fund is used to account for the daily operations and maintenance of the city owned Springtree Golf Club.

FUND 430 - SANITATION FUND – This fund is used to account for the operations of the City's Sanitation program, consisting of regular garbage and bulk rate pickup provided by an outside contractor.

FUND 435 - RECYCLING FUND – This fund is used to account for the operations of the City's Recycling program, consisting of regular recycling pickup provided by an outside contractor.

FUND 444 - STORMWATER FUND – This fund accounts for the daily operation, maintenance, renewal, and replacement of the City's comprehensive flood control infrastructure.

Internal Service Funds - Account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental units, on a cost reimbursement basis.

FUND 501 - WORKER'S COMPENSATION FUND – This fund is used to account for the City's self-insurance program for worker's compensation. This fund is supported by administrative services charges to city departments.

FUND 502 - VEHICLE REPAIR AND REPLACEMENT FUND – This fund is used to account for the repairs and replacements of vehicles and equipment.

This page intentionally left blank

Major Revenue Sources and Trends

The following section includes a discussion of the City’s major revenue sources, including tables, graphs, fundamental assumptions, and impacts for each revenue estimate. In an effort to easily understand the information presented within the graphs, the data is represented as three (3) years of actual (A) revenues and two (2) years of budgeted (B) revenues.

Ad Valorem Taxes - \$28,309,704

Ad Valorem is a tax levied on the assessed value of real and personal property located within the City. A millage rate is adopted on an annual basis and is applied as one dollar of tax for each \$1,000 of estimated taxable assessed value as determined by the Broward County Property Appraiser. For example, a tax rate of one mil produces one dollar of tax revenue on each \$1,000 of taxable property value. Two ad valorem millage rates are adopted – an operating millage rate applied to all assessed properties within the City and a voted debt service rate applied to a specified area near the Sawgrass Mills Mall, also known as, Special Tax District 1. As table 1 indicates, for the past four (4) years the City Commission has adopted the operating millage rate at 6.0543 mills.

Fiscal Year	Millage Rate	% Change
2009	5.4397	6.18%
2010	6.0543	11.30%
2011	6.0543	0.00%
2012	6.0543	0.00%
2013	6.0543	0.00%

Table 1: 5-Year Historical Millage Rates

Ad Valorem revenues are budgeted as the millage rate multiplied by the taxable value, less approximately 5% to account for discounts provided for early payment and adjustments to assessed values determined by the Value Adjustment Board, based on Florida Statutes.

As noted in Graph 1, Ad Valorem tax revenues are estimated at \$28,309,704 and represent 25.7% of total General fund revenues for FY 2013. Ad Valorem taxes are the largest source of revenue for the

Graph 1: 5-Year Historical Ad Valorem Taxes

General Fund. Based on property valuations from the Broward County Property Appraiser dated July 1, 2012, the City of Sunrise realized a slight uptick in property values of .95%. Unfortunately, even with this increase in property values, the adjustments made by the Value Adjustment Board (VAB) in FY 2012 decreased values from initial estimates of July 2011 therefore final certification values were lower than originally provided, contributing to lower estimated property tax revenues for FY 2013.

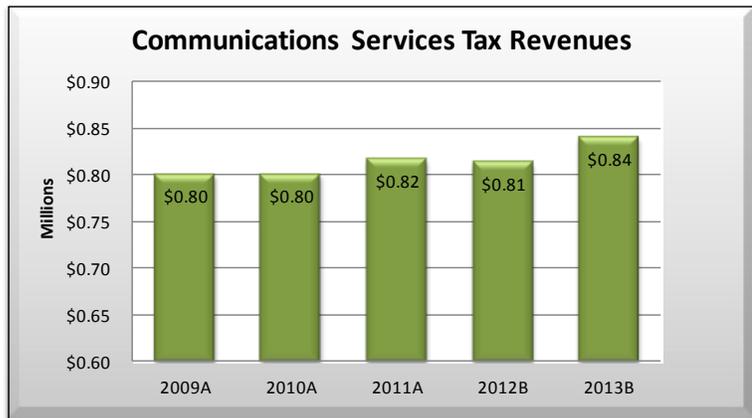

Major Revenue Sources and Trends (continued)

Communications Services Taxes - \$840,000

Communications Services Tax (CST) applies to telecommunications, video, direct-to-home satellite, and other related services. The tax is imposed on retail sales of communication services which originate or terminate in Florida and which are billed to residents of the City of Sunrise. Pursuant to Florida Statute 202.19, authorization to impose local communications services tax, the City's current tax rate is 5.220%.

Various indicators are used to project CST revenues, the major indicators include: 1. the State's annual projection, 2. historical collections, 3. current economic conditions and assumptions; and 4. legislative changes.

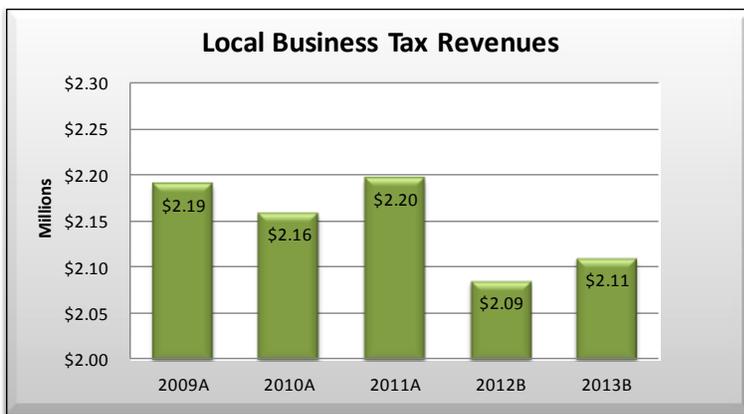

As Graph 2 indicates, CST revenues are projected to generate \$840,000 or .76% of total General Fund revenues in FY 2013. This is an increase from FY 2012 of approximately \$26,000. The variance is attributed to a projected CPI increase of approximately 2.0% of actual collections for cable television and related services.

Graph 2: 5-Year Historical Communications Services Taxes

Local Business Taxes - \$2,110,000

The local business tax represents the fees charged and the method by which a local government authority grants the privilege of engaging in or managing any business, profession, and occupation within the city limits. Counties and municipalities may levy a business tax, and the tax proceeds are considered general fund revenue for the local government.

As indicated in Graph 3, Local Business Tax revenues are projected to generate \$2,110,000 or 1.19% of total General Fund revenues in FY 2013. This is an increase from FY 2012 of 1.20% or \$25,000. The projected increase is based on an increasing trend in the payment of penalty fees.

Major Revenue Sources and Trends (continued)

Building Permits - \$2,934,000

Building Permit Fees are regulatory fees imposed pursuant to the local government's rules and regulations. The imposed fee cannot exceed the cost of the activity, and the fee is generally required to be applied solely to pay for the cost of the activity for which it is imposed. Building permit revenues consist of permit and inspection fees related to construction, alteration, repair or other activity as governed by the City Code of Ordinances and/or the South Florida Building Code.

Building Permit revenues are projected to generate \$2,934,000 or 2.66% of General Fund revenues in FY 2013, as indicated in Graph 4. This is an increase of 9.18% or \$246,600 from FY 2012. The projected increase is based on continued increases in

renovations, including the upgrades to the Sawgrass Mills Mall area. In FY 2011, there was a notable uptick in actual revenue collections of 30.13% over FY 2010. This growth is directly attributed to an increase in additions, alterations and electrical permits issued during FY 2011. Since then, Building Permit revenue projections have remained at a conservative level due to the uncertainty of the economic climate while taking into account current activity.

Graph 4: 5-Year Historical Building Permit Revenues

Franchise Fees - \$8,933,525

Franchise fees are negotiated fixed fees for the use of municipal right-of-ways (poles, lines, pipes, etc.) and could include the value of the right for the utility to be the exclusive provider of its services within the City. The City currently has franchise agreements for electricity, solid waste, towing, and residential recycling.

Graph 5: 5-Year Historical Franchise Fee Revenues

As indicated in Graph 5, franchise fee revenues are projected to generate \$8,933,525 or 8.10% of General Fund revenues in FY 2013. This represents a 1.34% or \$117,778 increase from the FY 2012 budget.

The graph also indicates a significant increase in revenue collections from FY 2010 to FY 2011 of 69.75%. This increase reflects the closure of Fund 204 – Public Improvement Debt Service Fund. Prior to FY 2011, a

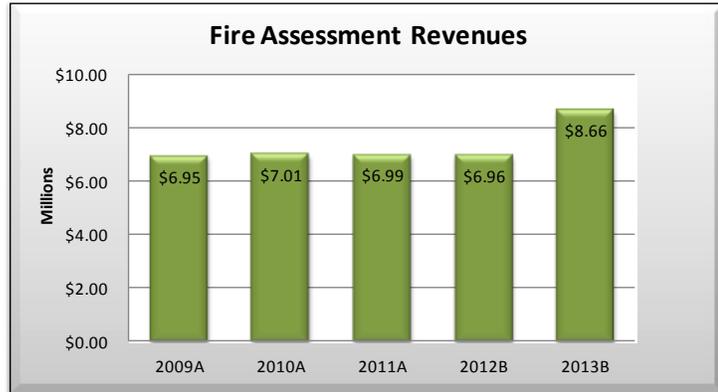

portion of electric franchise fees were accounted for in Fund 204 and pledged towards the repayment of revenue bonds designed to fund the City's capital improvement efforts.

Major Revenue Sources and Trends (continued)

Fire Assessment - \$8,661,600

Fire Assessment rates are adopted as a non-ad valorem special assessment each fiscal year following the first public budget hearing. Fire Assessment revenues are used to partially fund the fire service, facilities and other fire related programs of the City. These funds cannot be used to support Rescue and/or Emergency Management Services (EMS). As a non-ad valorem assessment, fire assessment rates are based on the property type: residential, commercial, industrial/warehouse and institutional and square footage, not the value given to property.

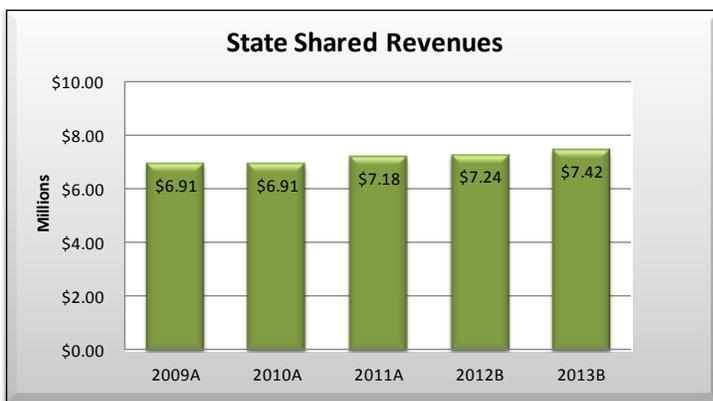

Graph 6 indicates that Fire Assessment revenues are projected to generate \$8,661,600 or 7.85% of General Fund revenues in FY 2013. The projected increase of 24.51% or \$1,705,076 from FY 2012 is directly related to a rate increase adopted by the City Commission for FY 2013. The current fee covers approximately 65% of allowable costs for FY 2013.

Graph 6: 5-Year Historical Fire Assessment Revenues

State Shared Revenues - \$7,420,399

The State Shared Revenue category consists of revenue collections from the State Municipal Revenue Sharing Program, State Beverage Licenses, State Sales Tax, and Firefighter Supplemental sources. For FY 2013, Graph 7 indicates that total State Shared Revenues represent \$7,420,399 or 6.73% of General Fund revenues.

Graph 7: 5-Year Historical State Shared Revenues

State Municipal Revenue Sharing and State Sales Tax collections are the largest revenue sources within the category. These sources combined represent 6.62% or \$7,300,999 of the total state shared revenue category budget. Both are distributed by the State according to a predetermined formula based on population, sales tax collections, and the municipality's ability to raise revenue. The main factors used to project these revenue sources are 1) the State's annual projections; 2) historical data; 3)

current economic conditions; 4) estimated population changes. Due to the economic recession and decreased consumer spending, revenue collections have been volatile over the past few years. In FY 2013, collections are anticipated to increase by approximately 2.5% or \$181,000 from FY 2012 primarily based on data received from the State's Annual Revenue Estimating Conference.

Major Revenue Sources and Trends (continued)

Charges for Services - \$24,141,548

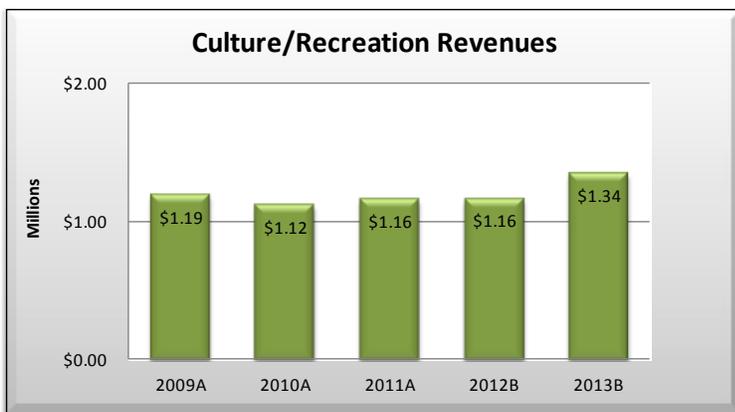

In FY 2013, the Charges for Services revenue category include Public Safety, Transportation, Culture/Recreation, and Other Charges for Services revenues. The Charges for Services revenues category represents 21.89% or \$24,141,548 of budgeted general fund revenues for FY 2013. Two major revenue sources within this classification are Public Safety and Culture/Recreation. Public Safety represents \$5,400,349 or 22.4% and Culture/Recreation represents \$1,340,790 or 5.6% of total budgeted revenues with the category.

Graph 8: 5-Year Historical Public Safety Revenues

As indicated in Graph 8, Public Safety revenues are estimated to decrease by 2.52% or \$139,744 from \$5,540,093 to \$5,400,349 in FY 2013. Based on prior year actual collections, this decrease is primarily attributed to Emergency Management Services (EMS) transport fees which have been adjusted to meet actual collections.

Graph 9 indicates that Culture/Recreation revenues are estimated to increase by 15.39% or \$178,790 in FY 2013. This increase is directly related to the Commission adopting increases in various recreation fees such as sports programs, summer camp, swimming pool admissions, Civic Center and Aquatic Center memberships, Tennis Center admissions, and senior programs.

Graph 9: 5-Year Historical Culture/Recreation Revenues

The remaining revenue collections within the Charges for Services category are mainly the product of the City's direct cost allocation program. A direct cost allocation is a comprehensive distribution of city-wide administrative services costs to all departments that benefit from centralized services. Such departments receive a direct benefit from general city services and through the direct cost allocation method, reimburse the General Fund for the support provided. The direct cost allocation

method includes direct, indirect, and incremental costs provided by centralized services such as General Government, Finance, Management and Budget, Purchasing, and Personnel. All related costs are distributed to all benefitting departments through the utilization of a unique, fair, and equitable allocation basis.

Major Revenue Sources and Trends (continued)

Water/Wastewater Revenues - \$88,252,313

Water and wastewater charges consist of a base charge and a volume-based charge related to monthly water consumption. These charges are used to fund the cost of the Utility's operations and maintenance, debt service requirements and capital improvement projects. Water and wastewater rates and based facility charges are adjusted on an annual basis to reflect the cost of doing business, measured by fluctuation in the Consumer Price Index (CPI) – All Urban Consumers, Water and Sewerage Maintenance as published by the U.S. Department of Labor, Bureau of Labor Statistics, based on the percentage change in the CPI from the previous June to June of the year in which the adjustment is affected.

Graph 10: 5-Year Historical Water Revenues

Graph 10 (above) indicates that water revenues are estimated to generate \$42,171,710 or 44.47% of Utility Fund revenues in FY 2013. The projected increase of 3.01% or \$1,232,555 from FY 2012 is based on the June 2011 to June 2012 All Urban Consumers, Water and Sewerage Maintenance CPI increase.

Graph 11: 5-Year Historical Wastewater Revenues

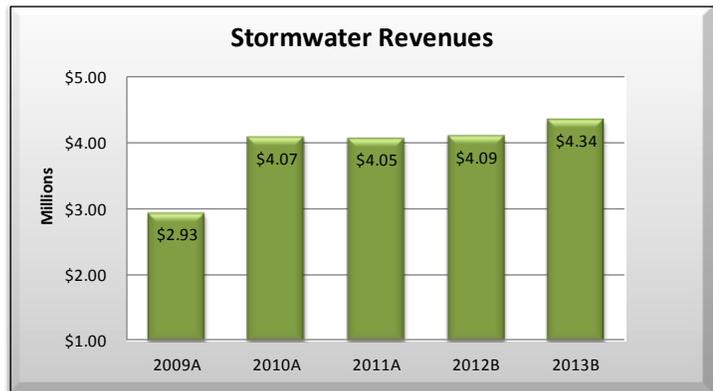

Graph 11 indicates that wastewater revenues are projected to generate \$46,080,603 or 48.59% of Utility Fund revenues in FY 2013. The estimated increase of 4.18% or \$1,849,273 from FY 2012 is based on the June 2011 to June 2012 All Urban Consumers, Water and Sewerage Maintenance CPI increase.

Stormwater Revenues - \$4,341,846

A Stormwater utility provides for the collection and disposal of stormwater and the regulation of ground water. Stormwater fees are charged to all property owners and supports 100% of operating and capital costs of the City's stormwater system. Effective October 1, 2008 and on each October 1 thereafter, the City's stormwater rates are adjusted to reflect the cost of doing business, measured by the fluctuation in the Consumer Price Index (CPI) - All Urban Consumers, Miami-Fort Lauderdale, Florida, as published by the U.S. Department of Labor, Bureau of Labor Statistics based on the percentage change in the CPI from the previous June to June of the year in which the adjustment is affected.

Major Revenue Sources and Trends (continued)

Graph 12 indicates that Stormwater rates are expected to generate \$4,341,846 in revenues for FY 2013. This represents an increase of 6.14% from FY 2012. The budgeted increase is used to operate, maintain and improve the City's stormwater system. The increase in actual revenues for fiscal year 2010 is directly attributed to an increase in Stormwater rates for residential and nonresidential developed property by 40% from \$3.25 per equivalent residential unit (ERU) to \$4.55 per ERU, based on Section 15-120 of the City Code.

CITY OF SUNRISE, FLORIDA
DISCUSSION OF LONG-TERM DEBT

The City's Long-Term Debt Schedule is presented below. While the City has set no legal debt limits, debt levels are carefully planned to achieve project goals while maintaining appropriate operating balances. Revenue bonds and other long-term debt, as related to various funds, are budgeted in the accounts of each fund as appropriate.

General Long-Term Debt Bonds are secured by various revenue sources. The Public Facilities refunding revenue bonds are secured by a lien on and a pledge of a tax upon purchases within the City of electricity, metered and bottled gas, water service and telegraph and telecommunications service. the Sunrise Lakes Phase I and Phase II Special recreation Districts' public improvement refunding bonds are secured by a general obligation pledge by the Districts. The Special Tax District No. 1 ad valorem tax bonds and ad valorem tax refunding bonds are secured by voted debt service ad valorem taxes to be levied upon all taxable property within the District. The Utility system revenue bonds are secured by a lien on the revenues earned by the system.

Bond Ratings

Due to the variety of debt issues, there is more than one set of ratings for the City. The rating agencies have separately rated bonds of the City which are secured by specific revenue pledges.

The City's governmental funds revenue bonds have an insured rating of "Baa2" by Moody's Investors Service while the ad valorem tax bonds have an insured rating of "Aa3". Standard and Poor's has given an insured rating of "BBB" for the governmental funds revenue bonds and an insured rating of "AA-" for the ad valorem tax bonds.

The City's Series 2010 utility bonds have a rating of "AA-" by Standard and Poor's and "AA" by Fitch. The other existing utility revenue bonds were also rated "AA-" by Standard and Poor's.

The City's public improvement bonds (bank notes) are not rated.

SCHEDULE OF LONG-TERM DEBT

Governmental Funds	Original Issue Amount	Outstanding Principal 9/30/2012	FY 2013 Principal	FY 2013 Interest	FY 2013 Requirement

CITY OF SUNRISE, FLORIDA

DISCUSSION OF CHANGES IN FUND BALANCES ~ OPERATING FUNDS

The City's Annual Budget seeks to preserve and build fund balances in each of the operating funds to continue to stabilize revenue sources during the economic downturn. Budgeting for FY 2012-2013 was performed conservatively however the use of fund balance for various funds is necessary to bring forth a balanced budget. Changes in fund balance for the General Fund, Fuel & Roadway Fund, Workers' Compensation Fund, and Vehicle R&R Fund exceeded 10% for FY 2012-2013. A schedule of the City's Operating Funds including fund balance levels is below and a discussion of the causes and effects is as follows.

General Fund - During FY 2012-2013, the utilization of available fund balance is necessary to mitigate additional tax and fee increases. It has been the City's policy to utilize available fund balance to offset diminishing revenues related to the economic instability in recent years. Utilization of fund balance has allowed city service levels to remain unchanged and fully funded. The negative fund balance projected in FY 2012-2013 is based on budgeted figures and does not reflect audited balances for FY 2011-2012 which are estimated to show an increase in fund balance. Projected fund balances will be reviewed and updated on an annual basis to reflect the audited value of each fund.

Fuel & Roadway Fund - Available fund balance in the amount of \$707,702 is being utilized in FY 2012-2013 to offset the increase in operating expenditures and the addition of a new capital project to resurface NW 64th Avenue.

Worker's Compensation Fund - For FY 2012-2013 available fund balance in the amount of \$2,600,00 is being transferred to the General Fund to offset budgeted expenditures. Existing fund balance within the Worker's Compensation fund consists of transfers from other operating funds to support worker's compensation expenditures for which a balance has accumulated over a period of time.

Vehicle R&R Fund - A negative fund balance projected for September 30, 2013 is primarily due to the utilization of available fund balance, in the amount of \$1,500,000, which is to be transferred to the General Fund to offset budgeted expenditures. Projected fund balances will be reviewed and updated on an annual basis to reflect the audited value of each fund.

City Commission (1101)

Program Definition and Goals

The Sunrise City Commission consists of the Mayor, Deputy Mayor, Assistant Deputy Mayor, and two Commissioners. The City Commission represent the citizens of Sunrise at the local government level, but also represent Sunrise residents to the County and State governments. Staff in the office are responsible for preparation and administration of the Commission agenda, records maintenance and correspondence for the Mayor and Commission, providing customer service to the public, and overall administrative and operational support to the Mayor and Commission.

City Manager (1201)

Program Definition and Goals

The City Manager serves as the Chief Administrative Officer for the City of Sunrise. Duties and functions are specifically defined in Section 4.04 of the Sunrise City Charter. Major responsibilities include: preparation and implementation of the City's annual budget, implementation of policies established by the Mayor and Commission, providing professional recommendations to the Mayor and Commission, serving as a point of contact for City information and inquiries from citizens and outside entities, and directing and supervising the administration of City departments.

Finance (1501)

Program Definition and Goals
<p>The Finance Department is comprised of three major program areas: Treasury, Accounting, and Public Service. Treasury provides billing for services rendered, administers the collection and measurement of revenues, and provides investment services. Accounting ensures the integrity of all the City's financial records and is responsible for payroll and payables, annual report preparation, special reports for management and other interested parties, bond issues and debt service. All activities are in conformance with generally accepted accounting principles, sound business practices, applicable municipal ordinances, and state and federal statutes. Finance also administers the Public Service operation, which is responsible for the billing and collection of utility bills. Public Service is a component of the Water and Wastewater Utility budget.</p>

Personnel (1601)

Program Definition and Goals

The Personnel Department coordinates the various activities within the City that deal with the human resource aspects of the organization. The Department recruits and screens applicants, maintains employees' records, administers benefit programs and assists departments with employee/employer issues. In addition, the department administers collective bargaining agreements and in-service training programs, while also ensuring proactive compliance with the federal requirements related to affirmative action, the Americans with Disabilities Act (ADA), and the Family Medical Leave Act (FMLA).

Management Information Services (MIS) (1701)

Program Definition and Goals

The MIS Department supports City operations through the application of computer and telecommunications technology. MIS responsibilities include managing and maintaining the network infrastructure that links the City's many departments; providing for the secure interdepartmental sharing of information; maintaining and supporting a variety of department-specific computer applications; providing software training for City staff; and managing the operation of the telephone systems for City departments.

Central Services Purchasing (1802)

Program Definition and Goals

The Purchasing Division provides support to City operating departments by securing quality goods and services in a timely fashion using appropriate competitive procurement methods. The Purchasing Division facilitates the procurement of commodities, products, and services in accordance with Florida Statutes and the City Code using a variety of procurement methods (Bid, RFQ, RFP, Quote); administers the disposition of vehicles, equipment, and other surplus items; and oversees various City contracts.

Central Services Risk Management (1803)

Program Definition and Goals

The Risk Management Division protects the physical, financial, and personnel assets of the City through the identification of risk, the implementation of loss control programs, and the selection of risk transfer and financing techniques. The Division administers the City's property, casualty, and employee group insurance plans; manages the workers' compensation and liability claims management functions; and works to provide safety and related training in order to reduce injuries and claims.

Central Services Facilities Management (1804)

Program Definition and Goals

The Facilities Management Division provides for safe, clean, and comfortable buildings and facilities for City employees and the public. The Facilities Management Division provides building maintenance functions (mechanical, electrical, plumbing, etc.) in City Hall and other City facilities; provides mail service for both inter-office mail and external mail; and oversees various maintenance contracts with third-party vendors.

Police
Criminal Investigations Division (CID) (2130)

Program Definition and Goals
<p>The Criminal Investigations Unit is responsible for the thorough investigation of felony and serious misdemeanor crimes occurring within the City of Sunrise jurisdiction and to identify, arrest and present offenders to the judicial system. Investigators work cooperatively with officers and investigators from other divisions, personnel from other city departments, other local, state and federal agencies, and citizens to accomplish this goal. Through cooperative efforts, not only are crimes and patterns detected, suspects identified, located and arrested, but also awareness and prevention programs are initiated to protect lives and property, enhancing the quality of life in the City of Sunrise.</p>

Police Special Operations (2160)

Program Definition and Goals

The Special Operations Unit is a combination of community policing along with traffic enforcement. The purpose of community policing is to provide citizens immediate police service, criminal investigations and problem solving initiatives. Traffic enforcement investigates serious bodily injury accidents, analyzes collisions, investigates hit & run accidents and improves traffic safety through selective enforcement efforts.

Fire Rescue Emergency Management (2340)

Program Definition and Goals

The Emergency Management Program serves to minimize the effect of disasters by improving preparedness for, coordination during, and recovery from disasters through development of public/private partnerships. In addition, the program is responsible to ensure the operational readiness of city government to effectively manage disaster events. Every city department plays a role in a major emergency.

Fire Rescue Fire Prevention (2350)

Program Definition and Goals

The Fire Prevention Program attempts to minimize the loss of life and property by ensuring that commercial buildings are built with the proper building materials, the proper number and adequate means of egress are provided, and required fire protection systems are installed. This is accomplished during the review of building plans and by conducting field inspections yearly.

Program Expenditures ~ Cost to Continue at Current Levels

Community Development Engineering (3315)

Program Definition and Goals

The Engineering Program is responsible for design review, permitting, and inspection of all public and private infrastructure elements within the City, as well as all water and wastewater (sewer) infrastructure within the City's utility service area. Landscaping is a component of the Engineering Division which is responsible for the design review, permitting, and inspection of all landscaping and irrigation within the City. The Engineering Division is also responsible for a variety of other items such as the Neighborhood Traffic Calming Program, Community Rating System, and National Pollutant Discharge Elimination System (NPDES).

Community Development Building (3308)

Program Definition and Goals

The Building Program safeguards public health, safety, and general welfare through the administration and enforcement of the Florida Building Code and all local ordinances to ensure the highest level of building code compliance. The Building Division provides the following services: performs plan review for all commercial and residential construction and performs mandatory inspections for all phases of construction to ensure compliance with building safety regulations; collects permit fees and issues permits for all new residential, commercial and industrial construction as well as residential and commercial improvements; issues Certificates of Completion and Certificates of Occupancy; and processes building code violations before the Special Magistrate and Unsafe Structures Board.

Public Works Streets (3515)

Program Definition and Goals

The Streets Program enables the movement of people and goods within the City by constructing, maintaining and repairing public streets, sidewalks, parking areas, and bridges for the traveling public in order to keep the infrastructure in a safe and drivable condition. Routine roadway maintenance involves numerous activities performed by the street crews such as surface replacement, shoulder maintenance, barricade and guardrail installation and repair, and hot mix repair.

Leisure Services Senior Services (3631)

Program Definition and Goals

The Senior Services Program provides supportive social services to residents, as well as specialized recreational programs for senior citizens. The Senior Center provides a place where the senior community can meet together, pursue mutual interests, receive health and educational services and participate in social and recreational activities. These programs serve to enhance their dignity, support their independence and encourage their continued involvement in and with the community.

Leisure Services Transportation (3632)

Program Definition and Goals

The Transportaton Program provides a low-cost mini-bus and medical transportation services to the residents. Mini-buses operate on a regular schedule, picking up passengers in residential areas and transporting them to and from a variety of destinations. Medical transportation is offered to eligible residents. This program also provides limited transportation service to the Recreation Division for Kids Days Off, Mini-Camps, as well as Summer Camp.

Utilities - Water/Wastewater Operating Fund 401 Revenues

Program Definition and Goals

The Utilities Department, Water & Wastewater function provides for the safe and efficient management of the City's water and sewer operations by assuring a continuous supply of clean water, assuring the collection, treatment, and disposal of sewage, and the servicing of all related infrastructure. The billing and collection functions are performed in conjunction with the Public Service Division, managed by the Finance Department. Figures below are the revenues for Utilities Operating Fund 401. Appropriation budgets for each of the Divisions and Programs under the Utilities Department are depicted in the following pages.

Utilities Support (4240)

Program Definition and Goals

The Support Program is comprised of the Environmental Compliance Division and Maintenance Division within the Utilities Department. The Environmental Compliance Division handles permitting, licensing, sampling, laboratory analysis, compliance reporting, dealing with customer compliants, and dealings with regulatory agencies. The Maintenance Division is responsible for mechanical and electrical maintenance within the City's water and wastewater treatment plants. The Maintenance Division is also responsible for the Utilities Department parts/tools warehouse which stocks and supplies tools and parts to maintenance staff within the Maintenance Division, Plant Operations Division and Field Operations Division of this Department.

Utilities Plant Operations (4250)

Program Definition and Goals

The Plant Operations Program is responsible for the production, treatment, storage, and delivery of potable drinking water in quantity and quality compliant with Federal, State, and County regulations. This division also deals with the receiving, treating, and disposal of contracted wastewater streams, along with biosolids production and disposal compliant with Federal, State and County Regulations.

Utilities Public Service (4215)

Program Definition and Goals

The Public Service Program provides accurate and timely utility billings to Water and Wastewater customers, processes customer payments, and provides customer service in a professional and courteous manner. The Public Service division provides customer services such as meter reading and meter repairs, monthly billing to over 60,000 accounts and collection of revenues.

Utilities Gas - Operations (4101)

Definition/Description of Program

The Gas Division provides for the safe and efficient management of the City's Natural & Propane Gas Operations, assuring a continuous supply of clean energy; and servicing of gas equipment and appliances for residential and commercial customers. The Division is comprised of four major operations. Distribution provides a safe and reliable supply of natural gas to the customer's meter, adhering to the regulations of Federal and State agencies. The Customer Service operation is responsible for the flow of gas from the customer's meter to all appliances and equipment. The Warehousing operation maintains a variety of parts and materials for both the distribution and customer service functions. The Marketing function is responsible for system growth and promoting the use of natural gas. This budget is for Gas operating.

Utilities Gas - Capital (4101)

Program Definition and Goals

The Gas Division provides for the safe and efficient management of the City's Natural & Propane Gas Operations, assuring a continuous supply of clean energy; and servicing of gas equipment and appliances for residential and commercial customers. The Division is comprised of four major operations. Distribution provides a safe and reliable supply of natural gas to the customer's meter, adhering to the regulations of Federal and State agencies. The Customer Service operation is responsible for the flow of gas from the customer's meter to all appliances and equipment. The Warehousing operation maintains a variety of parts and materials for both the distribution and customer service functions. The Marketing function is responsible for system growth and promoting the use of natural gas. This budget is for Gas capital outlay and capital projects.

Fund 420 Seven Bridges at Springtree Golf Club

Program Definition and Goals

Springtree offers an enjoyable golf experience at affordable rates and provides excellent group tournaments for local golf groups and fraternal organizations. Springtree Golf Club is owned by the City of Sunrise for the benefit of the golfing public. It is comprised of 67 acres, located at 8150 Springtree Drive. Included on the premises of Springtree are a par 61 executive golf course and a club house. The golf course is one of the most challenging executive golf courses in the South Florida area, with a layout that includes eleven par 3 and seven par 4 holes.

Fund 444 Stormwater - Operations

Program Definition and Goals

The Stormwater Utility provides for the safe and efficient operation, maintenance, renewal, and replacement of the City's comprehensive flood control infrastructure. The Stormwater Utility maintains the City's drainage and flood control systems. Employees clean and repair canals and drainage structures, control aquatic vegetation by applying herbicides, and remove debris from the waterways to ensure adequate flow of stormwater runoff; and operate gates, valves, and stormwater pump stations to control stormwater and prevent flooding. This budget is for Stormwater operations.

Capital Improvement Program Introduction

The City of Sunrise Capital Improvement Program (CIP) is a comprehensive five-year plan of capital expenditures to replace and/or expand the City's infrastructure. The program is discussed, updated, presented to the City Commission, and adopted annually in conjunction with the budget process. The intent of the program is to prepare a structured plan to promote controlled growth patterns which reflects the latest priorities, cost estimates and available revenue sources. The ability of the City to finance these needs and remain in compliance with the Comprehensive Plan will be a major directive in future City budgets. The accompanying documentation is designed to provide an overview of the program which includes schedules and charts to enhance the transparency of the information provided.

Program Summary

The funding requirements of the Capital Improvement Program for FY 2013-2017 are summarized below by project type:

PROJECT TYPE	FY 2012/2013	FY 2013/2014	FY 2014/2015	FY 2015/2016	FY 2016/2017	TOTAL CIP FY 2013-2017
Water Capital Projects	82,350,000	38,160,000	17,550,000	1,920,000	710,000	140,690,000
Wastewater Capital Projects	18,100,000	43,240,000	8,410,000	950,000	330,000	71,030,000
Reuse Capital Projects	5,100,000	34,100,000	4,570,000	800,000	80,000	44,650,000

Program Funding

The CIP is funded from various revenue sources including, but not limited to, the General Fund, grants, Utility bond proceeds, Stormwater revenues, impact fees, connection fees, local option gas taxes, other debt financing. The funding required for these projects is integrated into the City's overall financial management plan. The CIP Program Summary and the Five-Year Schedule of Capital Improvements identifies the impact on future costs as well as the source of funding for all projects.

As the national and local economies continue to exercise significant impacts upon local governments ability to fund day to day operations, the City must be prepared to re-adjust the scheduling of projects within the five-year program in recognition of changing financial realities.

The information demonstrated in the proceeding pages is developed with the reader in mind to provide further understanding regarding the City's various projects and project funding sources. The purpose of this information is not to present a detailed financial plan for each project.

Capital Improvement Program Project Summary

Title/Description	Operating Budget Impact
<p>Water Use Permit (WUP) Modification</p> <p>Project involves modification to the Water Use Permit (WUP) to relocate Floridan well capacity from the Park City site to the Springtree and Sawgrass areas, conversion of the ASR well at the Springtree WTP to a Floridan production well and request for additional Biscayne well allocation based on off-setting credit for Reuse. This project will involve groundwater modeling. The project fulfills the Alternative Water Supply (AWS) required by the South Florida Water Management District (SFWMD) and City's Water Supply Facilities Work Plan (WSFP).</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Springtree 1.5 MGD RO WTP, Floridan Wellhead & Raw Water Main</p> <p>Project includes design and construction of a new Alternative Water Supply (AWS) treatment process and infrastructure. The project is intended to provide additional treatment capacity in order to meet the customer demands and the regulatory requirements of the City's WSFP and WUP.</p>	<p>The Springtree RO WTP will impact Operating Cost (Power \$300,000 and Chemicals \$130,000) and Capital Outlay (\$100,000) initiating in FY2013.</p>
<p>Sawgrass Two (2) Floridan Test Wells</p> <p>Project is for Alternate Water Supply (AWS) development. The project is intended to provide additional raw water and treatment capacity to meet customer demands and fulfill regulatory requirements in the City's WUP and WSFP.</p>	<p>Floridan Wellfield Development will impact Operating Cost (\$225,000) and Capital Outlay (\$8,000).</p>
<p>Sawgrass Floridan Wellheads, Raw Water Mains & Reuse Pipelines</p> <p>Project includes alternate water supply development. The project is intended to provide additional raw water supply and treatment capacity to meet customer demands and regulatory requirements.</p>	<p>Floridan Wellfield Development will impact Operating Cost (\$225,000) and Capital Outlay (\$8,000).</p>
<p>Sawgrass 3 MGD RO WTP</p> <p>Project includes design and construction of an additional Alternative Water Supply (AWS) treatment process and infrastructure. The project is intended to provide additional treatment capacity to meet customer demands and regulatory requirements.</p>	<p>New RO facility will impact Operating Cost (Power \$400,000 and Chemical \$220,000) and Capital Outlay (\$60,000).</p>
<p>Sawgrass WTP Rerate 18 MGD to 24 MGD</p> <p>Project includes design and construction of additional infrastructure to increase the treatment capacity to meet customer demands.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Sawgrass WTP Rehabilitation & Buffer Improvements</p> <p>Project includes improvements to the 18 MGD Sawgrass WTP. These improvements are for renewal and replacement of aged and degraded structural, mechanical and chemical components and equipment in order to ensure reliable operation and meet regulatory requirements.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Springtree & Sawgrass Biscayne Test Wells</p> <p>The project includes drilling and testing new and replacement Biscayne Aquifer wells associated with the water supply system at the Springtree & Sawgrass wellfields. The project is intended to increase the raw water withdrawal capacity of the wellfields to increase water supply to the WTPs to meet demands.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Springtree Biscayne Replacement Wellheads & Raw Water Mains</p> <p>The project includes repair and replacement of Biscayne Aquifer wellhead equipment, electrical, pipelines and SCADA equipment associated with the water supply system at the Springtree wellfield (on Seven Bridges at Springtree Golf Course). The project is intended to increase the raw water withdrawal capacity of the wellfield.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>Sawgrass Wellheads & Raw Water Mains</p> <p>The project includes addition of Biscayne & Floridan Aquifer wells, pipelines and equipment associated with the water supply system at the Sawgrass wellfields (at Flamingo Park & Sawgrass Corporate Park). The project is intended to increase the raw water withdrawal capacity of the wellfields to supply water to the max capacity of the WTPs. Additional Floridan wells will be constructed if water quality is favorable in the Sawgrass Corporate Park (or if the well can be used as an ASR well) and to prevent over pumping of the first two (2) Floridan test wells to meet max day demands and SFWMD regulations for Alternative Water Supplies (AWSs).</p>	Project will not have a significant impact on ongoing operating budget.
<p>Southwest 2 MGD Ion Exchange WTP & High Service Pump Facility</p> <p>The project includes improvements to the Southwest water treatment plant. The project is intended to make improvements to water treatment quality to meet regulatory requirements for color and replace electrical switchgear for the high service pumps to improve reliability and pressures and circulation in the water distribution system serving portions of Davie, Weston and Southwest Ranches.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Pine Island Rd (Oakland to C-13) & NW 44th St Pipeline Improvements</p> <p>The project includes new and replacement water transmission mains on Pine Island Road, NW 44th Street and Springtree Drive. The project is intended to improve the integrity of the existing infrastructure and to provide additional system capacity.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Springtree Operations Building</p> <p>Project includes improvements to the 24 mgd Springtree water treatment plant. Improvements are to be made to the existing facilities in order to improve system reliability and meet regulatory requirements.</p>	Process Equipment R&R will impact Operating Cost (-\$20,000).
<p>Springtree WTP Rehabilitation - Phase I</p> <p>Project includes improvements to the 24 mgd Springtree water treatment plant. Improvements are to be made to the existing facilities in order to improve system reliability and meet regulatory requirements.</p>	Process Equipment R&R will impact Operating Cost (-\$20,000).
<p>Springtree WTP Rehabilitation Phase II</p> <p>Project includes improvements to the 24 mgd Springtree water treatment plant. Improvements are to be made to the existing facilities in order to improve system reliability and meet regulatory requirements.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Springtree Biscayne Wellfield Rehabilitation – Maintenance</p> <p>This project involves investigative, analytical and reporting efforts required to address requirements from Broward County Environmental Protection Department for wellfield water quality assessment of the Springtree Biscayne Aquifer. This work is required to fulfill the regulatory requirements.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Springtree Buffer Improvements</p> <p>This project includes improvements to the Springtree water treatment plant perimeter buffer and security systems. The project accomplishes a variety of site perimeter improvements including fencing, lighting, and entranceway.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Southwest WTP Security</p> <p>This project includes improvements to the Southwest water treatment plant perimeter and security systems. The project is intended to accomplish a variety of site work and perimeter improvements including boundary hardening, access control, and installing conduit only for future lighting and security cameras.</p>	Project will not have a significant impact on ongoing operating budget.

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>Sawgrass WTP Acid Reduction Test Skid</p> <p>The project includes a pilot skid to test the use of antiscalant to reduce chemical (acid) treatment costs at the Sawgrass Water Treatment Plant.</p>	<p>The use of antiscalant will reduce chemical (acid) costs.</p>
<p>Water System Planning</p> <p>This project includes evaluation of existing water conveyance systems and service levels for effective transmission of water to customers for drinking water and fire protection from the water treatment plants. The project is intended to improve the integrity of the existing infrastructure and to provide additional system capacity and pipelines.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Sunrise Water Systems Improvements</p> <p>The project includes replacement water distribution mains in Sunrise. The project is intended to improve the integrity of the existing infrastructure and to provide additional system capacity.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Pine Island Road (Oakland to NW 44 St) & Hiatus Road Water Mains</p> <p>The project includes replacement of existing water transmission main. The project is intended to renew the existing infrastructure and to provide additional system integrity.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Park City Water Mains</p> <p>The project includes replacement of existing water transmission mains within this neighborhood. The project is intended to improve the integrity of the existing infrastructure and to provide additional system capacity.</p>	<p>Savings are anticipated with fewer repairs to new water mains.</p>
<p>Springtree WTP Rehabilitation Phase III</p> <p>Project includes improvements to the 24 mgd Springtree water treatment plant. Improvements are to be made to the existing facilities in order to improve system reliability and meet regulatory requirements.</p>	<p>Process Equipment R&R will impact Operating Cost (-\$20,000).</p>
<p>Plant and System Demolition & Restoration</p> <p>Project includes improvements to water treatment plants, wastewater treatment plants, remote storage tanks and aerial canal pipe crossings. Improvements are to be made to the existing facilities to demolish facilities no longer in service, restore property for future projects and provide rehabilitation to improve system reliability.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Southwest WWTP Rehabilitation</p> <p>The project includes repair, replacement and upgrade of structures, equipment and facilities at the Southwest Wastewater Treatment Plant (WWTP). The project is intended to improve the integrity and reliability of the existing infrastructure.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Sawgrass WWTP Headworks Rehabilitation</p> <p>Project includes improvements to the Sawgrass wastewater treatment plant headworks consisting of grit, odor control and screening facilities. The project is intended to replace the existing equipment that has outlived its life and to provide additional capacity for future.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Wastewater Systems Rehabilitation and Improvements - Phase I</p> <p>This project provides replacement and renewal of old pumping stations, components, and electrical systems, and improves the integrity of the City's infrastructure for long term reliable service.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>
<p>Wastewater Lift Station 107 Rehabilitation</p> <p>This project provides replacement and renewal of old pumping stations, components, and electrical systems, and improves the integrity of the City's infrastructure for long term reliable service.</p>	<p>Project will not have a significant impact on ongoing operating budget.</p>

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>Wastewater Systems Planning</p> <p>This project includes evaluation of existing wastewater conveyance systems and service levels for effective transmission of wastewater from neighborhoods to the treatment plants. The project is intended to improve the integrity of the existing infrastructure and to provide additional system capacity.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Wastewater Systems Rehabilitation and Improvements - Phase II</p> <p>This project provides replacement and upgrades of pumping stations, components, electrical systems and pipelines, and improves the capacity and integrity of the City's infrastructure for long term reliable service.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Flamingo Key Wastewater Lift Station and Forcemain Improvements</p> <p>This project provides a transfer of wastewater from the City of Plantation's system to Sunrise's system, returning these flows since the contributing neighborhood is within Sunrise's corporate limits. This project results from obligations from an agreement dating back to 1970's.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Sawgrass Biosolids Centrifuges</p> <p>The project includes improvements to the biosolids and dewatering processes and facilities at the Sawgrass Wastewater Treatment Plant. The project is intended to remove additional water from sludge, improve biosolids disposal options and improve compliance with regulatory requirements.</p>	Improvements to dewatering facilities will reduce hauling costs.
<p>Sawgrass Utility Administration Building Improvements</p> <p>This project involves interior build out for engineering offices at the Sawgrass Utility Administration Building.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Springtree WWTP Biosolids Centrifuges & Sludge Holding Tank Imp.</p> <p>The project includes improvements to the biosolids and dewatering processes and facilities at the Springtree Wastewater Treatment Plant. The project is intended to reduce maintenance requirements and provide biosolids disposal options that allows for landfill application, and to meet future regulatory requirements.</p>	Improvements to dewatering facilities will reduce hauling costs.
<p>Sawgrass O&M Building Improvements</p> <p>The project includes improvements to the Sawgrass operations and maintenance building and parking facilities to include a new roof, facade repairs and new HVAC system. The project is intended to provide building environment and integrity enhancements, air quality improvements, and also to meet needs for additional parking spaces.</p>	Savings are anticipated with less repairs and more efficient systems.
<p>Sawgrass WWTP Improvements</p> <p>The project includes improvements to the Hydrogen Peroxide Tanks, replacement of existing sludge pumps at the Sawgrass Wastewater Treatment Plant and scum ejector improvements. The project is intended to reduce maintenance of the existing process.</p>	Pump Improvements will impact Capital Outlay (\$70,000).
<p>Springtree Industrial Injection Test Well No.1</p> <p>The project includes a concentrate disposal well at the Springtree Wastewater Treatment Plant. The project is intended to provide additional wastewater effluent disposal capacity at Springtree wastewater facility.</p>	Industrial Injection Well will impact Operating Cost (Power \$150,000).
<p>CADD Atlas Map Updates</p> <p>The project includes mapping of water and wastewater systems and facilities to include GPS location of valves. The project will improve maintenance capabilities and enable prioritization of the repair and replacement projects within the service area.</p>	Project will not have a significant impact on ongoing operating budget.

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>SCADA Systems</p> <p>The project includes maintenance and upgrades to SCADA systems and the collection and compilation of SCADA data, trending and instrumentation and control of the operation of water and wastewater treatment systems, pumps and storage tank levels.</p>	Project will not have a significant impact on ongoing operating budget.
<p>GIS Database</p> <p>The project includes GIS systems that link maps to databases and assets to include mapping of fire hydrants, valves and water and wastewater systems.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Sawgrass Reuse Treatment Plant</p> <p>The project consists of a reuse treatment facility with high level disinfection treatment processes at the Sawgrass wastewater treatment plant. The facility will include filtration, disinfection, transfer pumping, ground storage tank and high service pumping facilities. The project is intended to meet the regulatory requirements and provide reuse water in the vicinity of the Sawgrass Wastewater Treatment Plant.</p>	Reuse Facility will impact Operating Cost (Power \$80,000 and Chemical \$150,000) and Capital Outlay (\$75,000).
<p>Reuse System Planning & Reuse Distribution System Phase I</p> <p>The project includes groundwater modeling for Biscayne offset credit for reuse and evaluation of reuse distribution systems and areas. The project consists of a reuse distribution Phase I system for the Sawgrass Reuse Treatment Plant with a ground storage tank and high service pumping facilities. The project is intended to meet the regulatory requirements and provide reuse water in the vicinity of the Sawgrass Wastewater Treatment Plant.</p>	Reuse Facility will impact Operating Cost (Power \$80,000 and Chemical \$150,000) and Capital Outlay (\$75,000).
<p>Southwest WWTP Reuse Treatment Plant</p> <p>The project consists of a reuse treatment facility with high level disinfection treatment processes at the Southwest wastewater treatment plant. The facility will include filtration, disinfection, transfer pumping and on-site reuse irrigation system. The project is intended to improve water quality discharge to infiltration ponds and obtain Biscayne off-set credit for reuse.</p>	Reuse Facility will impact Capital Outlay (\$50,000) and Operating Costs (Chemical \$80,000 and Power \$40,000) in 2013/2014.
<p>Natural Gas System Interconnect</p> <p>Interconnect with Teco Peoples Gas to provide additional emergency backup supply into the Sunrise Gas System.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Construction—Residential</p> <p>Various construction projects to bring natural gas service to residential properties that are not currently connected to the City of Sunrise Gas System.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Construction--Commercial (Major)</p> <p>Various construction projects to bring natural gas service to commercial properties that are not currently connected to the City of Sunrise Gas System.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Construction--Commercial (Minor)</p> <p>Various construction projects to bring natural gas service to commercial properties that are not currently connected to the City of Sunrise Gas System.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Gas System Backfeed Improvements</p> <p>Various projects to increase backfeeds in critical locations throughout the gas system.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Stormwater Utility Pump Station No. 2</p> <p>Stormwater Pump Station No. 2 has reached its useful service life and needs to be replaced. Construction was moved up to F.Y. 2013 due to an easement acquisition issue.</p>	Project will not have a significant impact on ongoing operating budget.

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>Stormwater Utility Pump Station No. 3</p> <p>Stormwater Pump Station No. 3 has reached its useful service life and needs to be replaced.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Stormwater Utility Pump Station No. 5</p> <p>Stormwater Pump Station No. 5 has reached its useful service life and needs to be replaced.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Stormwater Utility Pump Station No. 8</p> <p>Funding for this year will be used to complete the installation of a hydraulic piping sump drain pumping system. The funding for FY 2016 - FY 2017 will be used to convert the existing diesel / hydraulic pumping system to electrical submersible pumps with a natural gas backup generator.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Entry Signs</p> <p>Entry feature signs located in medians near 11 major entry points to the City</p>	Project will not have a significant impact on ongoing operating budget.
<p>Hiatus Road Wall</p> <p>A new 10 foot high precast concrete wall on the east side of the Hiatus Road expansion between Sunrise Boulevard and Oakland Park Boulevard.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Sunrise Boulevard Landscaping Improvements</p> <p>Landscape and irrigation improvements to the medians on Sunrise Boulevard from NW 136th Avenue to the Sawgrass Expressway.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Miscellaneous Wall Repairs</p> <p>Repair and maintenance to concrete walls along roadways throughout the City as needed.</p>	Project will not have a significant impact on ongoing operating budget.
<p>NW 44 St. Streetscape Improvements</p> <p>Landscaping, irrigation, and landscape improvements in the southern swale of NW 44th Street from Nob Hill Road to NW 94th Avenue.</p>	Project will not have a significant impact on ongoing operating budget.
<p>NW 50 Street Entrance Sign</p> <p>Improvements to the business park entry signs on NW 50th Street at Nob Hill Road and Hiatus Road.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Resurface NW 64 Ave & NW 68 Ave (portions)</p> <p>Eastern areas of the City require repaving as asphalt ages. This project is for resurfacing NW 64th Ave., NW 68th Ave. and Sunset Strip.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Resurface Sunset Strip & East/Central Sunrise Area</p> <p>Eastern and central areas of the City require repaving as asphalt ages. This project is to finish resurfacing Sunset Strip and to resurface residential streets in east / central areas of the City west of University Drive and east of Pine Island Rd.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Resurface Dykes Rd. SW 14th St., SW 148th Avenue</p> <p>Southwestern areas of the City require repaving as asphalt ages. This project is to resurface Dykes Rd., SW 14th St., and SW 148th Ave.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Resurface Sawgrass Mills Mall Loop & Entrance Roads</p> <p>The Sawgrass Mills Mall loop road and entrance roads require resurfacing due to aging since initial construction in 1990.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Resurface Flamingo Rd. from Sunrise Blvd. to W. Oakland Pk. Blvd.</p> <p>Flamingo Road requires resurfacing due to aging since initial construction before 1990.</p>	Project will not have a significant impact on ongoing operating budget.

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>Sunrise Blvd/NW 136 Ave Intersection</p> <p>Design and Construction of gateway structures at the intersection of NW 136th Avenue and Sunrise Boulevard</p>	Project will not have a significant impact on ongoing operating budget.
<p>Sunrise Blvd/NW 136 St Median Improvements</p> <p>Landscape and irrigation improvements to the medians on NW 136th Avenue from SR 84 to Sunrise Boulevard and Sunrise Boulevard from NW 136th Avenue to Flamingo Road.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Traffic Calming</p> <p>Installation of traffic calming measures at various sites throughout the City.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Facilities Improvement</p> <p>Capital improvements such as reroofing, painting, mechanical repairs, electrical repairs, and plumbing repairs to various buildings throughout the City.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Oakland Park Boulevard Median Improvements</p> <p>Modification to the median opening on Oakland Park Boulevard to enhance traffic flow and protect drivers exiting the shopping centers on to Oakland Park Boulevard.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Fire Station #72</p> <p>Construction of a replacement building for Fire Station No. 72 currently located at the intersection of W. Oakland Park Boulevard and Joshlee Boulevard.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Additional Parking - Tennis Facility</p> <p>Improvements to the existing north parking area at the Tennis Center.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Children's Park</p> <p>Construction of a new park when a new City Hall is constructed.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Children's Playground (Soccer Club)</p> <p>Construction of a new playground at the Nob Hill Soccer Club.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Civic Center Pool Splash Pad</p> <p>Design and construction of a new water playground adjacent to the family pool at the Civic Center.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Golf Course Improvements (fairways, greens, irrigation system)</p> <p>This work includes the complete renovation of the golf course including the irrigations system.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Golf Course Maintenance Building</p> <p>Construction of a replacement maintenance building that was damaged during Hurricane Wilma</p>	Project will not have a significant impact on ongoing operating budget.
<p>Neighborhood Park 64 Ave & 20 Street</p> <p>Redevelopment of the current Public Works Complex into a park after the replacement facility is completed in late 2012</p>	Project will not have a significant impact on ongoing operating budget.
<p>Open / Greenspace Improvements (new park construction)</p> <p>Construction of three new parks on land purchased by Broward County and given to the City to develop into passive parks. The properties are located as follows: Oakland Park Boulevard at NW 90th Terrace. NW 44th Street near NW 90th Way. Nob Hill Road and NW 55th Street.</p>	Project will not have a significant impact on ongoing operating budget.

Capital Improvement Program Project Summary (continued)

Title/Description	Operating Budget Impact
<p>NRP - Commercial Façade Improvements, Phase III</p> <p>Façade Improvements to an existing commercial building on Sunset Strip adjacent west of NW 68th Avenue.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Landscaping Restoration</p> <p>Replacement of trees that have died or are damaged throughout the City.</p>	Project will not have a significant impact on ongoing operating budget.
<p>City Hall</p> <p>Construction of a new City Hall building to replace the existing facility located at 10770 W. Oakland Park Boulevard.</p>	Project will not have a significant impact on ongoing operating budget.
<p>City Post Office Building</p> <p>Conversion to the old Village Post Office building to a public use facility. The work includes bringing the facility up to current building codes.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Public Works/Garage/Leisure Services Storage Facility</p> <p>Construction of a replacement Public Works, Vehicle Maintenance, and Leisure Services facility for the existing building located at 6466 NW 20th Street.</p>	Project will not have a significant impact on ongoing operating budget.
<p>SAC Additional Parking & Improvement</p> <p>Addition of 75 new parking spaces in the West Parking lot</p>	Project will not have a significant impact on ongoing operating budget.
<p>SAC Concession Stand Press Box</p> <p>Construction of a new Concession Stand and Press Box near the football field.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Shade Canopies for Park Bleachers</p> <p>Installation of shade canopies over bleachers at parks throughout the City.</p>	Project will not have a significant impact on ongoing operating budget.
<p>Various Leisure Services Facility Improvements</p> <p>Repair to various facilities operated by Leisure Services</p>	Project will not have a significant impact on ongoing operating budget.
<p>Sunrise Lakes Phase I Park</p> <p>Construction of a new passive park on land purchased by Broward County and given to the City.</p>	Project will not have a significant impact on ongoing operating budget.

GLOSSARY OF COMMONLY USED ACRONYMS

ADA (Americans with Disabilities Act) This Act prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.

ALS (Advanced Life Support) A set of life saving protocols and skills that extend Basic Life Support to further support the circulation and provide an open airway and adequate ventilation (breathing).

ARRA (American Recovery and Reinvestment Act) The American Recovery and Reinvestment Act of 2009 (ARRA) is an economic stimulus bill created to help the United States economy recover from an economic downturn that began in late 2007. Congress enacted ARRA February 17, 2009.

CIAC (Contributions In Aid of Construction) A calculation used to determine impact fee revenues paid by developers to cover the increased costs of new construction.

CID (Criminal Investigations Division) A division within the City's Police Department. CID is primarily responsible for the investigation of felony and serious misdemeanor crimes occurring within the City of Sunrise jurisdiction.

CIP (Capital Improvement Project) Major construction, acquisition, or renovation activities which add value to the physical assets of a government, or significantly increase their useful life. Also called capital projects.

COLA (Cost-of-Living Adjustment) An increase in salaries to offset the adverse effect of inflation on compensation.

COPS (Community Oriented Policing Services) Grant A grant provided for by the United States Department of Justice that offers funding opportunities to hire more community policing officers, to acquire new technologies and equipment, to hire civilians for administrative tasks, and to promote innovative approaches to solving crimes.

CPI (Consumer Price Index) A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

CST (Communications Services Tax) A tax applied to telecommunications, video, direct-to-home satellite, and other related services.

EMS (Emergency Management Services) A type of emergency services dedicated to providing out-of-hospital acute medical care, transport to definitive care, and other medical transport to patients with illnesses and injuries which prevent the patient from transporting themselves.

ERU (Equivalent Residential Unit) A measure used for Water and Stormwater rates. An average home equals one Equivalent Residential Unit. The ERU for commercial units are calculated on a case-by-case basis.

FMLA (Family Medical Leave Act) Provides employees who qualify with up to 12 work weeks of unpaid, job-protected leave in a 12-month period for specified family and medical reasons. It also requires group health benefits to be maintained during the leave as if employees continued to work instead of taking leave. The Act, which became effective on August 5, 1993, for most employers, is primarily administered and enforced by the U.S. Department of Labor's Employment Standards Division, Wage and Hour Division.

FTE (Full Time Equivalent) A measure of the workforce utilized to arrive at the number of equivalent full-time positions rather than a simple headcount. For purposes of the calculation of FTEs: Two (2) part-time or One (1) full-time = One Full Time Equivalent (FTE)

FY (Fiscal Year) A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. For the City of Sunrise, this twelve-month period is October 1 to September 30.

GIS (Geological Information Systems) A system designed to capture, store, manipulate, analyze, manage, and present all types of geographical data.

GLOSSARY OF COMMONLY USED ACRONYMS (continued)

GAAP (Generally Accepted Accounting Principles) GAAP is the uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

GFOA (Government Finance Officers Association) Government Finance Officers Association is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and best practices and promoting their use through education, training, facilitation of member networking, and leadership.

JAG (Justice Assistance Grant) The program is administrative by the Bureau of Justice Assistance. Provides critical funding necessary to support a range of program areas including law enforcement, prosecution and courts, crime prevention and education, corrections and community corrections, drug treatment and enforcement, planning, evaluation, technology improvement, and crime victim and witness initiatives.

K-9 (Police Dog) A dog trained to aid the police, as in tracking criminals or detecting controlled substances.

MIS (Management Information Services) The City's Management Information Services department. All of the City's technology needs are accommodated through the MIS department.

PT or P/T (Part Time) A form of employment that carries fewer hours per week than a full-time job. Workers are considered to be part-time if they commonly work fewer than 30 or 35 hours per week.

PSA (Public Service Aide) Position title within the Police Department that offers an introduction to career options and role models while allowing incumbents to learn about the work environment.

R & M (Repair and Maintenance) A description used for normal maintenance costs of equipment.

RFP (Request for Proposal) A solicitation made, often through a bidding process, by an agency or company interested in procurement of a commodity or service.

RFQ (Request for Quote) Document used in soliciting price and delivery quotations that meeting minimum quality specifications for a specific quantity of specific goods and/or services.

SCADA (Supervisory Control and Data Acquisition) Refers to a system that collects data from various sensors in remote locations and then sends this data to a central computer which then manages and controls the data.

SCBA (Self Contained Breathing Apparatus) Equipment that allows firefighters to breathe breathable air while in an immediate danger atmosphere.

SCUBA (Self Contained Underwater Breathing Apparatus) A form of underwater diving equipment that allows a diver breathe underwater.

SOH (Save Our Homes) – Also known as Amendment 10, this law caps the annual increase in assessed values in homesteaded properties at a maximum of 3% or less if the CPI drops below that threshold.

SS (Social Security) A United States federal program of social insurance and benefits developed in 1935.

SWAT (Special Weapons and Tactics) An elite tactical unit that is comprised of various employees from the City's Police Department. This team is trained to perform high-risk operations that fall outside the abilities or regularly trained officers. Such duties include, but are not limited to, performing hostage rescues and counterterrorism operations; serving high risk arrests and search warrants; subduing barricaded suspects; and engaging heavily armed criminals.

TRIM (Truth in Millage) In compliance with Florida Statutes, Truth in Millage (TRIM) notices are mailed in the fall of each year (August/September). TRIM forms notify property owners of the proposed values and millage rates for the upcoming tax bills.

GLOSSARY OF COMMONLY USED ACRONYMS (continued)

VAB (Value Adjustment Board) A independent appeals board that has initial jurisdiction over challenges to any property valuations (assessed value), denials of exemptions, denials of classifications, and other similar matters.

VIN (Vice, Intelligence and Narcotics) A division within the City's Police Department. VIN provides a proactive approach to combating illicit drug activity within the City of Sunrise.

GLOSSARY OF COMMONLY USED TERMS

Accrual Basis A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity A department effort contributing to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Activity Measure Data collected to determine how effective or efficient a program is in achieving its objective.

Adopted Budget The original budget as approved by the City Commission at the beginning of the fiscal year.

Adjusted Budget A statistical construct that compensates for changes within divisions and departments between budget years.

Ad Valorem Taxes Commonly referred to as property taxes, levied on both real and personal property, according to the property's valuation and tax rate.

Advanced Life Support (ALS) A set of life saving protocols and skills that extend Basic Life Support to further support the circulation and provide an open airway and adequate ventilation (breathing).

Allot To divide an appropriation into amounts that may be encumbered or expended during a specified period.

Amended Budget The current budget, resulting from changes to the Adopted Budget. An example of a common change would be a line item transfer of funds.

Americans with Disabilities Act (ADA) This Act prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.

Annualize Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation A legal authorization to incur obligations and make expenditures for specific purposes.

Appropriation Center Resembles traditional departments

Assessed Valuation The valuation set upon real estate and certain personal property by the Property Appraiser as a basis for levying property taxes.

Asset Resources owned or held by a government that have monetary value.

Audit An examination of evidence, including records, facilities, inventories, systems, etc., to discover or verify desired information.

Authorized Positions Employee positions, which are authorized in the adopted budget, to be filled during the year.

GLOSSARY OF COMMONLY USED TERMS (continued)

Available (Undesignated) Fund Balance This refers to funds remaining from prior years, which are available for appropriation and expenditure in the current year.

American Recovery and Reinvestment Act (ARRA) – The American Recovery and Reinvestment Act of 2009 (ARRA) is an economic stimulus bill created to help the United States economy recover from an economic downturn that began in late 2007. Congress enacted ARRA February 17, 2009.

Balanced Budget A budget where the amount available from taxation and other sources, including amounts carried over from prior fiscal years, must equal the total appropriations for expenditures and reserves (taken from Florida Statutes 166.241(2)).

Base Budget Projected cost of continuing the existing levels of service in the current budget year.

Benchmark A point of reference from which measurements may be made. A benchmark is something that serves as a standard by which other performance indicators may be evaluated or compared.

Bond Contract to pay a specified sum of money (the principal or face value) at a specified future date (maturity) plus interest paid at an agreed percentage of the principal. Bonds are primarily used to finance capital projects.

Bond Refinancing The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget A plan of financial activity for a specified period of time (fiscal year) indicating all planned revenues and expenses for the budget period.

Budget Calendar The schedule of key dates, which a government follows in the preparation and adoption of the budget.

Budgetary Basis This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budgetary Control The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets Assets with at least a \$1,000 value and having a useful life of at least three years. Capital assets are also called fixed assets.

Capital Budget The appropriation of bonds or other revenue for capital assets, improvements to facilities, and other infrastructure.

Capital Expenditure Money spent to acquire or upgrade physical assets such as buildings and machinery - also called capital spending or capital expense.

Capital Improvements Expenditures related to the acquisition, expansion or rehabilitation of an element of the physical plant of the government--sometimes referred to as infrastructure.

Capital Improvement Plan (CIP) Major construction, acquisition, or renovation activities which add value to the physical assets of a government, or significantly increase their useful life. Also called capital projects.

Capital Outlay Expenditures for fixed assets which have a value of \$1,000 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as a fixed asset.

Capital Project Major construction, acquisition, or renovation activities which add value to the physical assets of a government, or significantly increase their useful life. Also called capital improvements.

GLOSSARY OF COMMONLY USED TERMS (continued)

Capital Project Funds Funds that account for the financial resources to be used for the acquisition or construction of major capital facilities.

Cash Basis A basis of accounting that recognizes transactions only when cash is increased or decreased.

Contributions In Aid of Construction (CIAC) A calculation used to determine impact fee revenues paid by developers to cover the increased costs of new construction.

Collective Bargaining Agreement A legal contract between the employer and a verified representative of a recognized bargaining unit for specific terms and conditions of employment (e.g., hours, working conditions, salary, fringe benefits, and matters affecting health and safety of employees).

Communication Services Taxes (CST) Taxes applied to telecommunications, cable, direct-to-home satellite, and related services. The CST revenues is collected and distributed by the State of Florida.

Consumer Price Index (CPI) A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-Living Adjustment (COLA) An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Debt Service Funds Funds that account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Dedicated Tax A tax levied in order to support a specific government program or purpose.

Deficit The amount by which expenditures exceed revenues during a single accounting period.

Department The basic organizational unit of government that is functionally unique in its delivery of services.

Depreciation Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees Those fees and charges generated by building, development, and growth in a community. Included are building and street permits, development review fees, and zoning, platting and subdivision fees.

Employee Benefits or Fringe Benefits Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included is the government's share of costs for Social Security and the various pensions, medical, and life insurance plans.

Encumbrance The contractual commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Enterprise Funds Funds that account for operations (a) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

GLOSSARY OF COMMONLY USED TERMS (continued)

Equivalent Residential Unit (ERU) A measure used for Water and Stormwater rates. An average home equals one Equivalent Residential Unit. The ERU for commercial units are calculated on a case-by-case basis.

Expenditure The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service, or settling a loss.

Expense Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest, or other charges.

Fiscal Policy A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs, and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year (FY) A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. For Sunrise, this twelve-month period is October 1 to September 30.

Fixed Assets Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full Faith and Credit A pledge of a government's taxing power to repay debt obligations.

Full Time Equivalent (FTE) A measure of the workforce utilized to arrive at the number of equivalent full-time positions rather than a simple headcount. For purposes of the calculation of FTEs: Two (2) part-time or One (1) full-time = One Full Time Equivalent (FTE) .

Fund A fiscal entity with revenues and expenses that are segregated for the purpose of carrying out a specific purpose or activity.

Fund Balance (Equity) The excess of the assets of a fund over its liabilities, reserves, and carry-over.

Generally Accepted Accounting Principles (GAAP) GAAP is the uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Government Finance Officers Association (GFOA) Government Finance Officers Association is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and best practices and promoting their use through education, training, facilitation of member networking, and leadership.

Goal A statement of broad direction, purpose, or intent based on the needs of the community.

Grants A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

General Fund The fund that accounts for all financial resources of the government, except those required to be accounted for in another fund.

Hazmat Response Team A group of trained personnel who respond to releases of hazardous materials for the purpose of control or stabilization of the incident.

Homestead Exemption Florida law provides property tax relief of \$50,000 off of the taxable value for properties that qualify. Every person who has legal or equitable title to real property in the State of Florida and who resides on the property on January 1 and in good faith makes it his or her permanent home is eligible for a homestead exemption.

Indirect Cost A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

GLOSSARY OF COMMONLY USED TERMS (continued)

Infrastructure The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Inter-fund Transfers The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Internal Service Funds Funds that account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental units, on a cost reimbursement basis.

Levy To impose taxes for the support of government activities.

Line-item Budget A budget prepared along departmental lines that focuses on what is to be bought by linking appropriations to objects of expenditure.

Long-term Debt Debt payable more than one year after date of issue.

Mill The property tax rate that is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation. A mill is one-tenth of one cent.

Mission A clear and concise statement that focuses on the purpose of the program and sets program goals to align practices with values. A mission statement is an actionable plan for a program's future that includes the objectives, how these objectives will be reached, who is responsible for performance, and why the program must meet its goals.

Modified Accrual Modified accrual accounting is based on revenues being recorded when they become available and measurable (known). The term "available" means collectible within the current period or soon enough thereafter to be used to pay the liabilities of the current period. Expenditures, if measurable, are recorded in the accounting period in which the liabilities are incurred.

Objective Something to be accomplished in specific, well-defined, and measurable terms and that is achievable within a specific time frame.

Object of Expenditure An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture

Obligations Amounts that a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Expenses The cost for services, materials and equipment required for a department to function.

Operating Revenue Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Pay-as-you-go Basis A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

GLOSSARY OF COMMONLY USED TERMS (continued)

Performance Measure A measure of outcomes or results used to gauge the success of a program in meeting its Intended goals and objectives.

Personal Services Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior-year Encumbrances Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

Program A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Based Budget A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and objectives to effectively provide the service. Performance indicators measure the effectiveness and efficiency of providing service by the program.

Repair and Maintenance (R & M) A description used for normal maintenance costs of equipment.

Reserve An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose or the portion of fund balance that is legally restricted by an organization other than the City.

Resolution A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources Total amounts available for appropriation including estimated revenues, inter-fund transfers, and beginning balances.

Revenue All amounts of money received by a government from external sources for the purpose of financing the operations of the government.

Revenue Bond This type of bond is backed only by revenues, which come from a specific enterprise or project, such as a utility rate or gas tax.

Save Our Homes (SOH) – Also known as Amendment 10, this law caps the annual increase in assessed values in homesteaded properties at a maximum of 3% or less if the CPI drops below that threshold.

Supervisory Control and Data Acquisition (SCADA) Refers to a system that collects data from various sensors in remote locations and then sends this data to a central computer which then manages and controls the data.

Self Contained Breathing Apparatus (SCBA) Equipment that allows firefighters to breathe breathable air while in an immediate danger atmosphere.

Self Contained Underwater Breathing Apparatus (SCUBA) A form of underwater diving equipment that allows a diver breathe underwater.

Senior Homestead Exemption Florida law provides property tax relief of an additional \$25,000 off of the taxable value for properties that qualify. The County must first adopt the provision via Ordinance. Any person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age 65, and whose household income does not exceed \$20,000 (with an annual CPI increase) qualifies.

Service Lease A lease under which the lessor maintains and services the asset.

Service Level Services or products which comprise actual or expected output of a given program.

GLOSSARY OF COMMONLY USED TERMS (continued)

Source of Revenue Revenues are classified according to their source or point of origin.

Special Purpose Fund Funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Taxes Charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Temporary Positions An employee who fills a temporary or short-term position. Such employees provide contingency staffing for government operations during peak workloads, or to address temporary staffing needs. Temporary employees are paid on a per-hour basis, and do not receive benefits.

Truth in Millage (TRIM) In compliance with Florida Statutes, Truth in Millage (TRIM) Notices are mailed in the fall of each year (August/September). TRIM forms notify property owners of the proposed values and millage rates for the upcoming tax bills.

Trust and Agency Funds Funds that account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other trust funds.

Unencumbered Balance The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future use.

Unreserved Fund Balance The portion of a fund's balance that is not legally restricted for a specific purpose.

User Charges The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Variable Cost A cost that increases/decreases with increases/decreases in the amount of service provided such as the electric bill.

Volatility The unpredictable change over time of a certain variable.

Working Cash Excess of readily available assets over current liabilities; cash-on-hand-equivalents that may be used to satisfy cash flow needs.
