

Sustainable Sunrise

GOOD AND GREEN
City of Sunrise

Working Together TO MAKE EVERY DAY EARTH DAY!

Good and Green is a program designed to inform and inspire our residents, businesses, schools and institutions to practice sustainability. We invite you to take the pledge today!

Good And Green Pledge To Action

Recognizing that sustainability is about considering how my decisions and actions affect our current and future environmental, economic, and social vibrancy, and recognizing that we each have a role to play;

I pledge to take action to support a Sustainable Sunrise.

In my work place, home and lifestyle, I commit to taking actions to minimize my ecological footprint and to support the current and future well-being of our community. Through my actions I can effect positive change and inspire others to take similar steps.

I am committing to supporting a more Sustainable Sunrise by:

- *Conserving resources and reducing waste*
- *Supporting a sustainable economy*
- *Practicing stewardship.*

Visit www.sunrisefl.gov/green to take the Good and Green pledge and join our mailing list.

To get involved in greening Sunrise and to find out how you can be a Good & Green Ambassador, call 954-888-6043
email sustainability@sunrisefl.gov

WAYS TO BE

GOOD AND GREEN
City of Sunrise

Take action in each of the three categories below.

1 CONSERVE RESOURCES

SAVE WATER: Be a water champion!

- Sunrise Water Utility customers are eligible for FREE kitchen and bathroom faucet aerators and showerheads. How about a \$100 rebate for replacing your older toilets? For info call 954-888-6023 or visit conservationpays.com
- Did you know landscaping accounts for about 40% water use here in South Florida? Consider making your landscape a Naturescape, see stewardship section below.

SAVE ENERGY

- Conserve energy by switching your old light bulbs to CFL or to LED bulbs.
- Evaluate your energy usage and find ways to save by using FPL's Energy Dashboard at fpl.com and businesses can schedule an on-site evaluation!
- You can also reduce peak energy demand and get paid, contact FPL's On Call program at <https://www.fpl.com/save/programs/on-call.html>
- Income eligible households may be eligible for weatherization home improvements, call 877-212-0309
- Did you know that aggressive driving is expensive? Save on gas by driving smoothly, avoid idling, and keep your tires properly inflated.

REDUCE WASTE: Reduce, reuse, restore, recycle!

- Get in the habit of BYOB: Bringing Your Own reusable shopping BAG and refillable water BOTTLE.
- Recycle in your blue bin and take advantage of community drop off recycling locations for items like plastic bags, Styrofoam, and more. For more info, call 954-577-1135
- Donate usable goods like clothing, toys and furniture.

2 SUPPORT OUR ECONOMY

- Shop Sunrise, Source and Hire Locally
- Buy Green: Look for the environmentally friendly option when shopping or buying business supplies.
- Get Involved: There are a number of great organizations including the Greater Sunrise Chamber of Commerce that can help your business. Call the Chamber at 954-835-2428 or visit sunrisechamber.org

3 PRACTICE STEWARDSHIP

- Be a butterfly hero! Broward County's NatureScape program recognizes properties enrolled in the National Wildlife Federation's **Certified Wildlife Habitat** program or the **Florida Yards** program. Contact NatureScape at 954-519-0317 or email naturescape@broward.org

For ways to be **Good and Green** or to find out about volunteering and becoming a **Good and Green Ambassador** to bring useful information to your community, school or work place, or to request **recycling, water conservation and butterfly friendly landscaping** flyers, or assistance, please contact sustainability@sunrisefl.gov, or call 954-888-6043. For further information, visit sunrisefl.gov/green
