

SAVING WATER IS EASY!

Saving water is easy with the water conservation incentives and programs available to residents, property owners and managers that are customers of the City of Sunrise Water Utility.

1. Don't flush away savings: \$100 toilet rebates!

Residents, Property Owners & Managers

While supplies last, Sunrise water utility customers can receive rebates of up to \$100 per toilet for replacing old inefficient toilets with WaterSense® certified high efficiency toilets, regular or dual flush, that use 1.28 gallons per flush or less. Two rebates per household. Commercial, institutional, not for profit and multi-family buildings can receive five with the option to request more. To be eligible, you must apply BEFORE purchasing. For more information, contact:

Broward County's [Conservation Pays Program](#)

Phone: 800-270-9794

2. Start saving with FREE faucet aerators and low flow showerheads!

Residents, Property Owners & Managers

Free low-flow faucet aerators and showerheads are available for Sunrise water utility customers. These devices can help you save on your water bill and your hot water heating costs! The faucets and showerheads may be picked up Monday through Friday from 9 a.m. to 5 p.m. at the City of Sunrise Utility Administration Building located at 777 Sawgrass Corporate Parkway. Please bring your water bill and/or identification that includes a photo and address. Contact:

City of Sunrise Utilities Department

Phone: 954-888-6000

3. Be a butterfly hero: Practice sustainable landscaping!

Residents, Property Owners & Managers

Did you know butterfly populations are declining right here in Florida? There are simple things you can do like adding butterfly friendly landscaping to your yard, balcony or commercial landscape.

Want to do more? You can certify your landscape through either the National Wildlife Federation's Garden for Wildlife program or the Florida Yards & Neighborhoods program, and [NatureScape Broward](#) will recognize your leadership. Schools can participate too – butterfly gardens make great educational tools!

Have a gardening question? Email mastergardener@broward.org

For landscaping best practices and certification information, contact:

Phone: 954-519-0317 Email: naturescape@broward.org

4. Restaurants: Is dishwashing throwing savings down the drain? FREE low flow pre-rinse spray valves!

Restaurants

Did you know that the pre-rinse operation in a commercial kitchen typically consumes about 30 percent of all water used in the establishment? A commercial kitchen can reduce water usage with a new, low flow spray valve which can lead to significant savings! While supplies last, low flow pre-rinse spray valves are available free. For more information, contact:

Sunrise Utilities Department

Phone: 954-888-6000

5. Water wisely: Request a FREE irrigation efficiency evaluation!

Property Owners & Managers

Commercial property owners and managers can request a *FREE* irrigation system evaluation and landscaping tips through the City's partnership with Broward County. For more information, contact:

Sunrise Utilities Department

Phone: 954-888-6023

Email: calbucher@sunrisefl.gov

6. Engage & Educate: Together we can make Earth Day every day!

The City's Sustainability Advisory Board meets the second Wednesday of each month at 6 p.m. at City Hall. Join us to share your suggestions.

Volunteer: If you would like to volunteer or need service hours, find out about being a Good and Green Ambassador!

Youth: The City of Sunrise has resources for educators and offers speakers and tours of the water plant, the laboratory, and more.

Community Organizations: Contact us for technical assistance, to request a speaker at your next meeting, or for informational flyers for your group.
