PRESENTED TO

**City of Sunrise
Florida**

For the Fiscal Year Beginning

October 1, 2015

A handwritten signature in black ink, appearing to read 'Jeffrey R. Emswiler'.

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Sunrise, Florida for its annual budget for the fiscal year beginning October 1, 2015. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements and we are submitting it to GFOA to determine its eligibility for another award.

This is the fourth year that the City of Sunrise has received this distinguished and notable award.

READER'S GUIDE

The purpose of this section is to provide the reader with a guide to the document's contents: where and how to find the information and how to understand the information. The following describes each of the major sections.

INTRODUCTION

The first critical reading of the *FY 2016/2017 Proposed Annual Budget* is the City Manager's Message. The reader will gain an understanding of the City's vision, critical issues, recommended policies & operational changes and the financial plan. It also includes a profile of the City: the City's history, demographics, citywide organizational chart, and an explanation of the City's government.

BUDGET OVERVIEW SECTION

This section provides the reader with a basic overview of the budget. It also answers one of the most often asked questions: "What's new in the Budget?" Included in this section are the budget summary; budget overview by fund; fund summaries; summaries of changes in fund balance, staffing, program modifications, capital outlay and capital improvement program. This section also includes information on debt administration, revenue sources trends and forecasts, a description of the budget process, the budget calendar and a tax millage summary. It also includes the City's fund structure, fund descriptions, budgetary basis, budgetary and financial policies.

FUNDS

This section explains the services offered by the City of Sunrise. Each department includes an organizational chart, division narratives of the programs provided, explanations of variances between the *FY 2015/2016 and FY 2016/2017 budgets*, a personnel complement and a line item of budgeted expenditures.

CAPITAL IMPROVEMENT PROGRAM

This section provides a comprehensive listing and explanation of the capital needs of the City for the next five years including the annual operating impact.

APPENDICES

This section contains a glossary of terms and acronyms.

APPENDICES

587

July 29, 2016

Honorable Mayor and Members of the City Commission
10770 West Oakland Park Boulevard
Sunrise, Florida 33351

Dear Mayor and Members of the City Commission:

In accordance with Section 4.04(g) of the City Charter, I am pleased to present the Proposed Budget for the fiscal year beginning October 1, 2016 and ending September 30, 2017, along with the Five-Year Capital Improvement Program (CIP).

The FY 2016-2017 Proposed Budget is shaped by our commitment to outstanding service delivery, public safety, transparency, and maintaining a vibrant first-class community for our residents. The Budget, as proposed, furthers the vision for the City of Sunrise as a vibrant destination, with funding for enhanced public safety, significant investment in the City's infrastructure, equipment and facilities for recreational programming, neighborhood improvement programs to revitalize communities, economic development and marketing initiatives, and technological enhancements throughout the City. There is a lot to look forward to in Sunrise!

The Proposed Budget is structurally balanced for the second year in a row, with no proposed use of General Fund available fund balance. Given the stable fiscal outlook for the City, it is recommended to hold the line on all rates and waive the annual consumer price index (CPI) on the City's solid waste franchise fee. Our fiscal strength is a result of purposeful actions, implemented over the last several years, to stabilize and position Sunrise to thrive during challenging times. Our pledge to financial stability has resulted in a leaner government, focused on efficient and effective service delivery. Moving forward, we remain committed to outstanding financial management and a high standard of service delivery, while retaining the values of our residents and our stakeholders.

Sunrise has an outstanding reputation as an economic leader in the County. We must continue to foster a climate that promotes business retention and expansion, and furthers our focused efforts to attract new businesses and residents to Sunrise. As part of this Budget, we propose to use economic development designated funds to expand our efforts in this regard, including the production of a marketing video and funding of other promotional opportunities.

The FY 2016-2017 Proposed Budget totals \$443,560,680 for all funds and provides for the continuation of core services that the residents and businesses have come to expect and deserve. Enhancements to services include three additional police officers, an expansion of fire-rescue service, and new automated curbside residential garbage collection and weekly bulk trash pick-up beginning January 1, 2017. Additionally, the budget includes funding for a net 10 new full-time positions, 4 new part-time positions, and 5 position conversions from part-time to full-time. Other highlights in the Proposed Budget include a residential tree give-away program, a City sponsored 5K run to unite the community in healthy competition, a youth travel basketball program, an Adopt-a-Street program, and a "Clean Team" to promote citywide beautification through the reduction of litter and graffiti and the active abatement of illegal dumping.

General Fund Highlights

Based upon the valuations released by the Property Appraiser on July 1, Sunrise property tax values rose 8.46%, which includes approximately \$63.8 million in new construction. This is the fifth consecutive year that property values have increased for the City. This Budget proposes to maintain the property tax rate at 6.0543 mills for the eighth consecutive year.

The General Fund budget totals \$121,719,570 and provides for the addition of a net six new full-time positions, the conversion of one part-time to full-time position, and three new part-time positions. The new positions proposed for the General Fund are as follows: three new Police Officers in the Police Department; a Human Resources Technician and Administrative Officer in the Human Resources Department; and a Field Supervisor, three part-time Facility Attendants, and the conversion of a part-time Pool Mechanic to a full-time position in the Leisure Services Department. And, as part of the continued streamlining of departmental operations, a new Special Events Division has been created in the Leisure Services Department.

In an effort to leverage funds for public safety, the City recently applied for a grant to fund six (6) additional Police Officers through the U.S. Department of Justice Community Oriented Policing Services (COPS) Hiring Program. The grant award is expected to be announced in the Fall; however, to ensure that the City's required match for this grant is fully funded, a program modification for three Police Officers has been included in the Proposed Budget. The funds budgeted for this program modification will be utilized as the grant match for the six (6) officers, should the City be awarded the COPS Hiring Program grant.

The additional police officers are expected to enhance the City's crime prevention efforts. With the continued development of unique entertainment and commercial venues in Sunrise, it becomes increasingly important to concurrently increase our public safety efforts. These additional officers would allow for more coverage and better response time to calls for service. If the City is not awarded the grant, the allocated funding will be utilized to hire three (3) additional Police Officers in FY 2016-2017.

In addition to enhanced police protection, the Proposed Budget also includes an additional rescue response location for the Fire Rescue Department to provide peak time medical response in the northernmost portion of the City. This area of the City has grown significantly over the last decade and requires additional service provision at this time. This additional rescue location is proposed as a pilot program and will operate utilizing a reserve vehicle and existing Fire Rescue employees on overtime for the duration of the pilot program. The additional location is expected to be operational Monday through Friday, during peak call hours, to ensure optimal service to this area of the City.

Another exciting new program proposed for the upcoming fiscal year is a Dumpster Enclosure Program for residential multi-family communities and commercial developments that were built without enclosures prior to the City's requirement. This program is intended to coincide with changes to the City Code that would require all dumpsters to be placed in enclosures, and would provide financial incentives to assist with the construction of dumpster enclosures at various sites throughout the City. This program should result in aesthetic improvements and safety enhancements for our community.

Designated Reserves

According to Resolutions 86-155-10-A and 10-125, the City's budget submission each year must include a recommendation for a General Fund contribution to the contingency reserve and revenue stabilization accounts. The Fiscal Year 2015 Comprehensive Annual Financial Report (CAFR) lists our revenue stabilization account at \$5,181,693. Based on the audited General Fund actual operating expenditures of \$102,723,275, our revenue stabilization should be \$5,136,164; therefore, it is recommended to maintain the existing level, which is slightly above the 5% minimum balance.

Likewise, our contingency reserve policy indicates that it should be at least 15% of the audited General Fund actual operating expenditures. Based upon the audited financial information, the contingency reserve will be maintained at \$15,545,079, which is approximately 15.1% of the fiscal year ending 2015 audited General Fund operating expenditures.

Capital Improvement Program

The Five-Year Capital Improvement Program continues to be a top priority in the City. Infrastructure, transportation, parks, and buildings are the blueprint of our community. The five-year plan includes ongoing projects, work in progress that requires additional funding, new projects, and a plan for future projects based on anticipated available funding. Newly funded projects were carefully assessed and prioritized to ensure that the most pressing needs of the community are addressed. The five-year agenda is bold and ambitious, and will require sustained effort, investment, and sharp focus to bring projects systematically to fruition. Capital projects are one of the keys to our future success and staff is excited and energized by the robust agenda.

Progress is already being made on the General Obligation (GO) Bond park projects and staff has begun preliminary work on the Municipal Campus. The Municipal Campus improvements will change the face of Sunrise, create outdoor recreation and gathering spaces, and urbanize our campus. A budget amendment will be forthcoming in the month of August to request City Commission approval to move partial funding into the Municipal Campus project. The balance of the project is expected to be funded during Fiscal Year 2017-2018.

Other Funds Highlights

Stormwater Fund

The Proposed Budget for the Stormwater Fund includes an Adopt-a-Street program and two new part-time positions for a "Clean Team" to focus on keeping our streets and swales free from debris. The fiscal year 2016-2017 Stormwater Fund operating budget totals \$7,027,900.

Water and Wastewater Fund

There are no fee increases included in the Proposed Budget, other than the Consumer Price Index adjustment. The budget includes funding for various capital equipment purchases, as well as capital projects to continue improvements or expansion to the utility system infrastructure. The FY 2016-2017 Proposed Budget for the Water and Wastewater System operating budget totals \$110,506,630, with an additional \$43,194,750 for Capital Improvement Projects.

Gas Fund

The FY 2016-2017 Proposed Budget for the Natural Gas System operating budget totals \$8,042,250, with a Capital Improvement Plan budget of \$6,360,380. This budget includes two new positions and a reclassification of a Gas Serviceperson I to a Gas Serviceperson II. Funding is also included to create a network model of the natural gas distribution system for system evaluations and future planning.

IT and Communications Fund

The IT and Communications Fund FY 2016-2017 Proposed Budget totals \$5,669,400 and includes professional support services to assist with the transition to the new Enterprise Resource Planning (ERP) solution. Significant progress has also been achieved with the *Kronos* timekeeping and *Telestaff* scheduling systems, which are expected to go live during FY 2016-2017. The IT Department is also working on updating the City's website and implementing a new citywide document management system using the Microsoft SharePoint platform.

Health Insurance Trust Fund

In 2015, the City implemented a self-funded health insurance plan as a strategy to control the cost of rising health care expenses. The FY 2016-2017 Proposed Budget for the Health Insurance Trust Fund is \$14,118,710 and the Fund is trending favorably at this time. To ensure that the City has sufficient reserves in this fund, a 15% increase in health insurance premiums has been included in the Proposed Budget. Claims experience has been steady over the last 18 months and the fund is projecting to yield a surplus at fiscal year-end.

Conclusion

While the City of Sunrise continues to enjoy a fiscally sound position due to the outstanding efforts and commitment of the City Commission, we will continue to pursue cost-saving measures as pension and health insurance costs continue to rise. I appreciate the opportunity to serve as your City Manager, to build a stronger organization and a better community that incorporates goals of health, safety, sustainability, and opportunity for the residents of Sunrise.

The preparation of the Annual Budget for the fiscal year 2016-2017 was a challenging task that would not have been possible without the efforts of our department directors and their dedicated teams. It is through their combined efforts that we were able to prepare this document for presentation to the City Commission. In particular, I wish to express my sincere appreciation to all the members of the Finance and Administrative Services Department who have worked tirelessly to prepare this budget. I believe this budget truly meets the needs of our community today and in the future.

Respectfully submitted,

Richard D. Salamon
City Manager

HISTORY OF SUNRISE

The City of Sunrise was incorporated in 1961 by Norman Johnson - an innovative developer whose model homes attracted buyers to what was then the remote western edge of Broward County in southeast Florida.

Originally known as Sunrise Golf Village, the City had a population of 4,300 and comprised just 1.75 square miles by 1967. During the 1970s - as Broward County began to push west - the City experienced its first real growth.

In 1971, the City, by referendum, changed its name to the City of Sunrise. Through annexation, Sunrise eventually expanded to its current boundaries - encompassing more than 18 square miles, reaching the Everglades and dropping south of I-595/State Road 84. The City is situated approximately six miles west of Fort Lauderdale, and is bounded by the communities of Weston, Davie, Tamarac, Lauderhill and Plantation.

By October 1984, the City had reached an estimated population of 50,000. In the mid 1980s, growth gave way to challenges as the City was faced with financial difficulties, limited economic opportunities, and a lack of adequate civic amenities. Fortunately, the City Commission and residents had the foresight to recognize that Sunrise could improve.

Prompted by that realization, the City of Sunrise began its metamorphosis. In the early '90s, Sunrise worked to put its financial house in order, rebuild its infrastructure and had begun to establish itself as a center for corporate headquarters. By the mid 1990s, the City was recognized as one of the leading municipalities in South Florida.

In 1998, the Branch, Banking & Trust (BB&T) Center (formerly known as the National Car Rental Center) opened its doors to tremendous fanfare. This state-of-the-art arena - the second largest in the nation - serves as the home of the NHL's Florida Panthers hockey team and hosts top national entertainment and events. Sunrise has also developed into one of Florida's top tourist destinations, attracting several million national and international visitors each year with an extensive assortment of shopping and entertainment choices. The City's appeal is further enhanced by its convenient, accessible location in the heart of the tri-county area. The City is in close proximity to the Florida Turnpike and I-95, and is bordered by the Sawgrass Expressway, I-75 and I-595.

Over the last decade, the City has fulfilled a commitment to improving residents' quality of life with dozens of capital improvement projects completed or underway. At the same time, Sunrise has maintained the same property tax millage rate for the past eight years.

Sunrise offers its residents a variety of attractive, well-maintained neighborhoods - from private gated golf-course communities to quality rental properties. Sunrise also continues to provide its growing population with first class services, and is a recognized leader in providing quality-of-life facilities for residents. The City offers a wide variety of recreational opportunities, including a soccer club, a golf course, a tennis club, playgrounds and municipal swimming pools - as well as a Senior Center and a Civic Center complex featuring a 300-seat theatre, an art gallery and banquet facilities. Sunrise is also home to eleven public schools, one charter school, two post offices and a public library.

Today, Sunrise boasts its own flourishing job market and has emerged as a leader in the county in commerce, having developed the largest corporate office park in South Florida. From humble beginnings, Sunrise has also grown into a sophisticated city of culture - offering residents and visitors abundant opportunities to experience art, theatre, fine dining and first-class entertainment.

DEMOGRAPHICS

The City of Sunrise is located in the west-central region of Broward County, Florida. The 2010 Census showed a decrease in the population of the City due to the economic downturn. Current data shows that the city has had a 4.9% population increase since 2010 and is trending towards 2008 population numbers. The population is expected to increase over the next several years. Population data, as illustrated below, was based on information obtained from Broward County, the U.S. Census Bureau, and the Bureau of Economic and Business Research at the University of Florida. The population numbers for 2016 are estimates.

City of Sunrise Population

Broward County Population

The graph above illustrates that the population in Broward County peaked in 2007 and bottomed out at 1,738,093 in 2009. Since then, Broward County has had moderate increases in population and has surpassed 2007 numbers. The population numbers for 2016 are estimates.

DEMOGRAPHICS

Population by Age

Based on U.S. Census data, from 2000 to 2010, the comparison of age in population changed slightly. Ages 6 to 17 years decreased by 3% and ages 64 years and up decreased by 2%, while ages 35 to 64 increased by 5%. Age groups 5 years and under and ages 18 to 34 years remained the same. As of 2010, the median age was 38.4 years, while females represent 53.5% of the population and males represent 46.5% of the population.

Population by Race/Ethnicity

Additionally, from 2000 to 2010, the comparison of race/ethnicity in population shifted. The predominant race/ethnicity in the City was White at 57% and 37%, respectively. Black (Non-Hispanic) population increased from 20% and 31%, followed by Hispanic population from 17% and 26% respectively.

DEMOGRAPHICS

City Developments

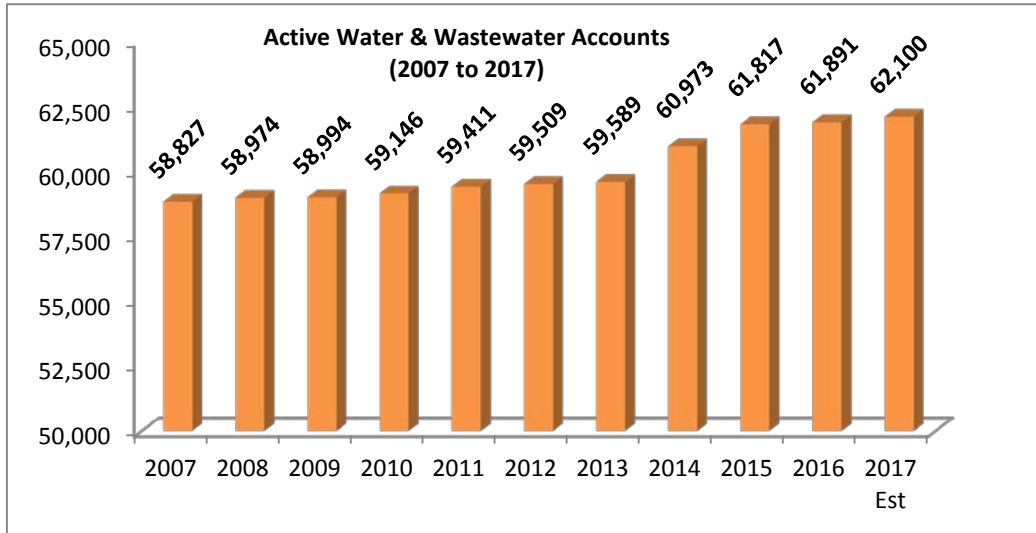

During the late 1990's and early 2000's, Sunrise experienced an increase in single family and multi-family construction throughout the western part of the City. However, due to the limited availability of land in the City, recent residential development has primarily been multi-family. The peaks in 2009 were due to the Artesia and Tao developments, and the Nexus development in 2013. In FY 2016, the AMLI development was completed adding 327 multifamily residential units to Western Sunrise. Over the next three years, the City expects the first residential condominiums associated with the Metropica development and the neighboring Portico development to be completed, as well as the final build-out of the Artesia development.

Besides providing water and wastewater service to the citizens of Sunrise, the City also provides service to portions of Davie, Southwest Ranches, Weston and unincorporated Broward County. The City anticipates an increase in the number of meter installations and new accounts from FY 2016 to FY 2017 due to growth in multi-family housing units being completed.

DEMOGRAPHICS

Economic Outlook

The City of Sunrise is currently experiencing a significant amount of growth in the western portion of the City. American Express is constructing a 400,000 square foot office campus which will house over 3,200 employees and is expected to be completed in early 2017. In addition, the Sawgrass Mills Mall is currently constructing a 1,691 space parking garage and has plans to further expand its retail area and construct an additional parking garage. Also under construction is Portico, a 417 unit apartment complex. The Metropica project has begun development of a 263 unit residential tower, which is the first of eight high-rise residential towers planned. Metropica plans to construct approximately 2,000 residential units, 650,000 square feet of office space, and 480,000 square feet of commercial property.

PRINCIPAL EMPLOYERS

The City is home to numerous locally-based and national employers. The data below shows a breakdown of the largest employers in the City as published in the City's Comprehensive Annual Financial Report (CAFR), year ending September 30, 2015.

- As noted in the table below, Broward County School Board ranks first with the largest number of employees within the City.
- The Healthcare industry is responsible for approximately 7.3% of the workforce of the City's top ten largest employers.

PRINCIPAL PROPERTY TAXPAYERS

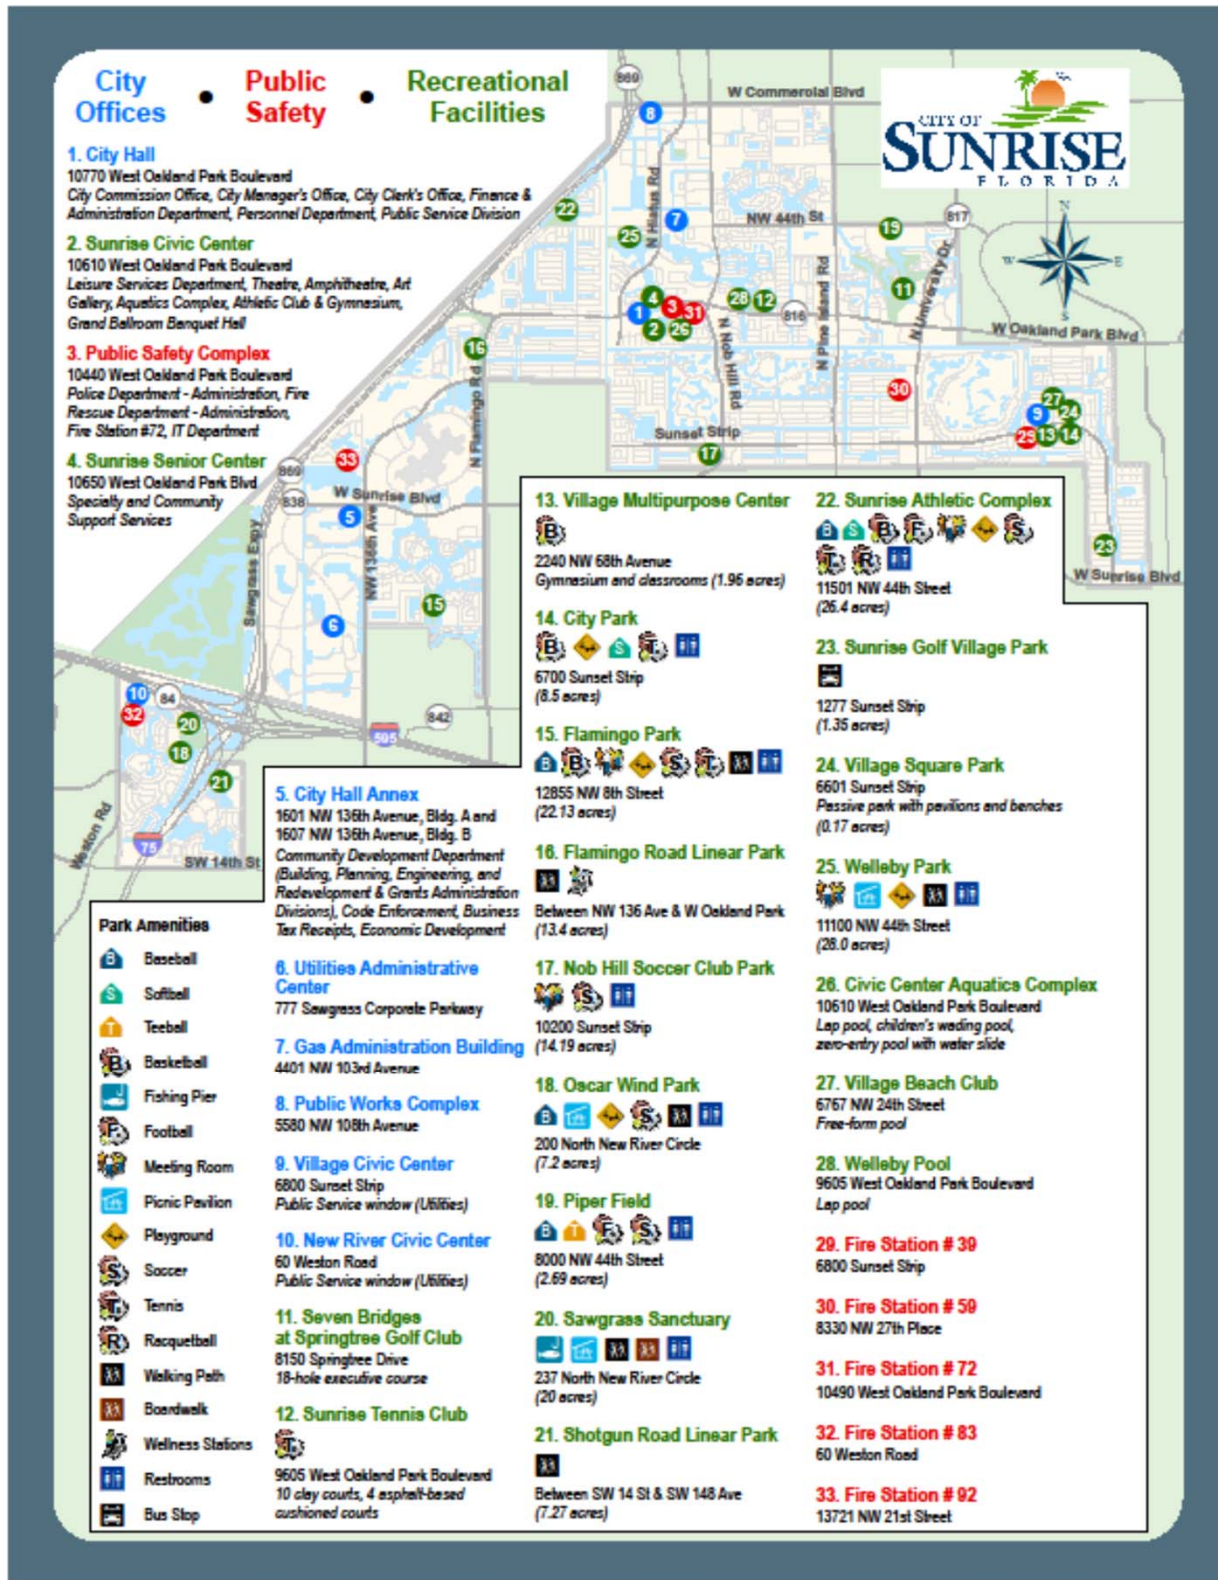

Ad Valorem, or property, taxes, are a main funding source for the City's General Fund. The data below shows a breakdown of the principal property tax payers in the City as published in the City's Comprehensive Annual Financial Report (CAFR), year ending September 30, 2015.

- As noted in the table below, the Sunrise Mills LT Partner is the largest property taxpayer with more than \$300 million in taxable assessed value.
- Total taxable assessed value for the top ten taxpayers has increased by approximately 5.6% since 2006.

CITY FACILITIES AND AMENITIES

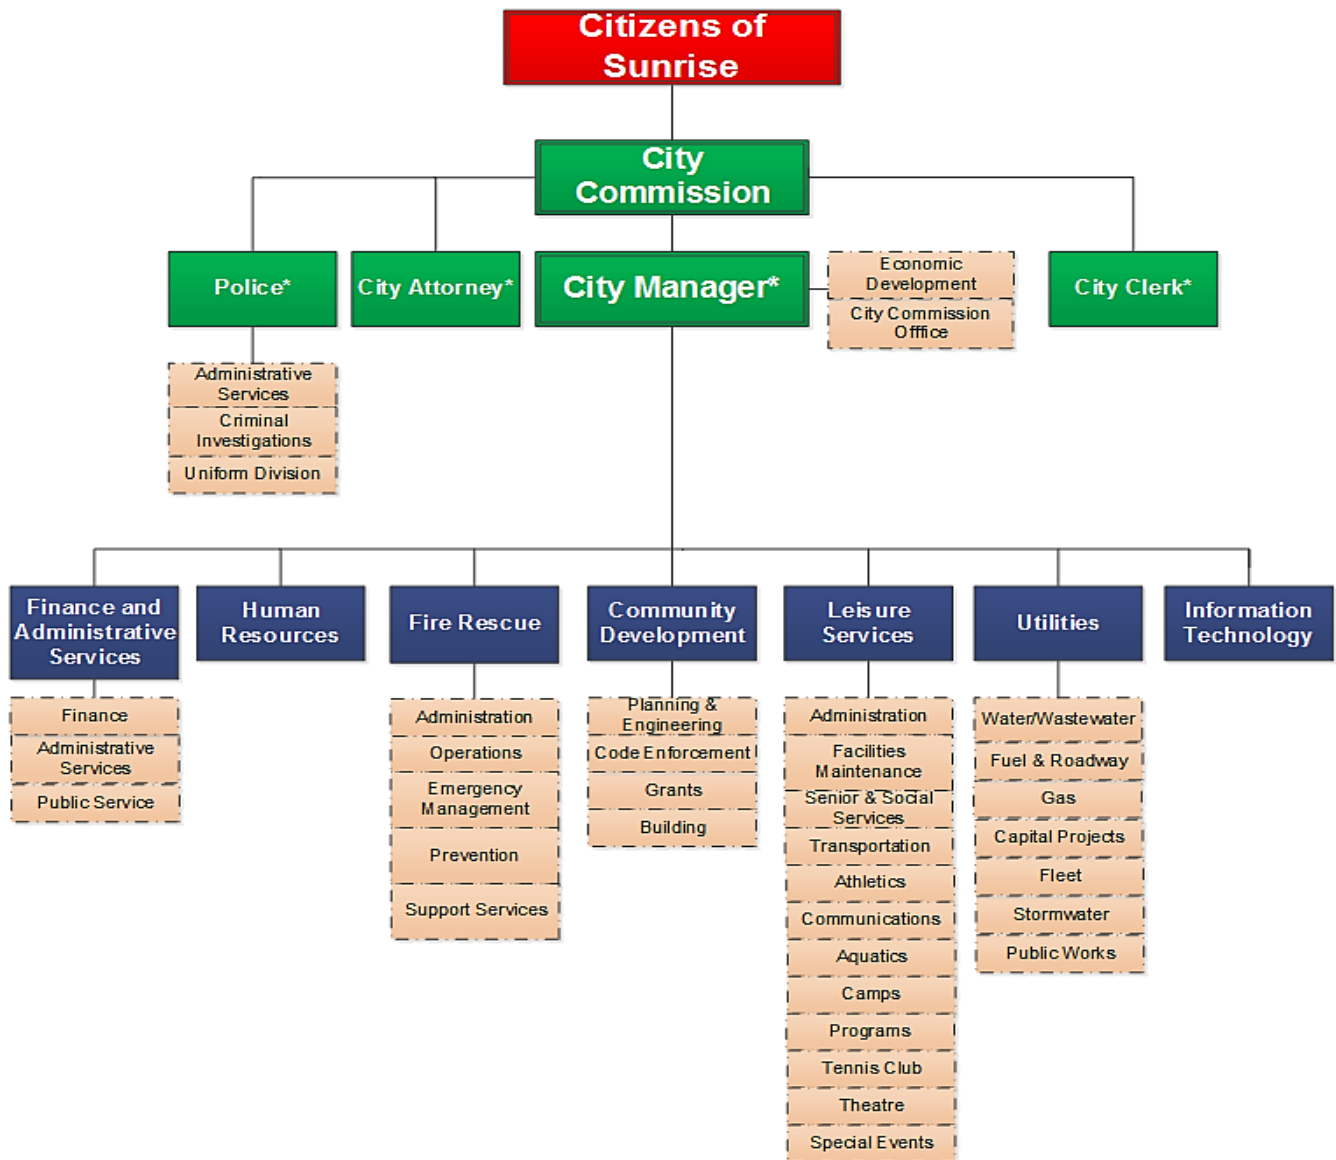

LOCATION

Sunrise is located in western Broward County. It is situated in the heart of the tri-county region (Miami-Dade, Broward and Palm Beach).

The City of Sunrise is the 24th largest City in population in the state of Florida.

GOVERNMENT STRUCTURE

* Charter Officer

COMMISSION - MANAGER GOVERNMENT

The City of Sunrise is governed by a Commission-Manager form of government, which combines the political leadership of elected officials with the managerial experience of an appointed administrator. The City Commission consists of five members: the Mayor and four City Commissioners who are elected on a non-partisan basis to four-year terms. The City Commission exercises legislative powers that are consistent with the United States Constitution, the Florida Constitution, the Laws of the State of Florida, the City Charter, and City Ordinances and Resolutions. The City Commission is entrusted with policy-setting authority, the establishment of rules and regulations, adopting the annual budget, formulating goals and objectives, and making decisions that affect the quality of life in the community.

The City Manager is appointed by and is directly responsible to the City Commission. The City Manager carries out the policies that are enacted by the Commission and directs and coordinates the work of all City departments. The City Manager also prepares and presents the city's annual budget for Commission consideration. The Commission-Manager form of government affords the unification of authority and political responsibility of the elected City Commission and the centralization of administrative responsibility in a professional administrator.

Did You Know??

Sawgrass Mills Mall is the second most popular tourist destination in Florida after Disney World in Orlando, Florida.

COMPREHENSIVE PLAN

The City of Sunrise Comprehensive Plan was adopted in 1999 and amended in 2009 to satisfy the requirements of the Evaluation and Appraisal Report. Subsequently, there have been annual updates to the Five Year schedule of Capital Improvements Element, most recently in December 2014 with the adoption of a new Five Year Schedule of Capital Improvements. In March 2015, the Plan was amended to adopt a 10-Year Water Supply Plan and updates to the Infrastructure, Conservation and Intergovernmental Coordination Elements to support and implement the City's Water Supply Plan. In June 2016, the City commenced its Evaluation and Appraisal Update with associated comprehensive plan amendments program. This update is anticipated to be completed by the end of 2017.

The Comprehensive Plan has nine elements:

- * Future Land Use
- * Transportation
- * Housing
- * Infrastructure
- * Conservation
- * Recreation and Open Space
- * Intergovernmental Coordination
- * Public School Facilities
- * Capital Improvements

FUTURE LAND USE

The Future Land Use Element (FLUE) of the Sunrise Comprehensive Plan outlines the principles and performance standards for the control and distribution of land development intensity and population densities. Statements of goals, objectives, and policies are intended to provide an effective framework for managing and directing the City's development. Existing land uses are evaluated and the proposed distribution, location, and extent of future land uses are designated on the Future Land Use Map (FLUM), which is consistent with the Broward County Land Use Plan. The City's Land Development Code implements the land use policies and restrictions of the FLUE and FLUM using the following land use categories:

Residential

Within the FLUE, residential uses are classified by ranges of density (maximum unit per acre). The FLUM allocates 3,083 acres (26% of the City's land area) for single-family residential use and 1,855 acres (16%) for multi-family residential use. Additionally, 4,550 residential units are allocated for development in the Local Activity Center and Transit Oriented Development mixed-use districts.

Commercial

The FLUM allocates 1,476 acres (12% of the City's land area) for commercial use. This includes the Sawgrass Mills Mall, which is scheduled to finish a new parking garage in Summer 2016.

Industrial/Office

Industrial uses comprise 1,350 acres (11% of the City's land). Sawgrass Corporate Park, the BB&T Center, and Sunrise Industrial Park are the largest properties with this land use designation. Additionally, 129 acres (1%) of land is designated as Office Park Use.

COMPREHENSIVE PLAN

Recreation and Open Space

The FLUM allocates 1,179 acres (10% of the City's land area) for recreation and open space and 211 acres (2%) for commercial recreation use. There are 26 City-owned parks totaling over 250 acres of land. Markham Park, a 667-acre regional park facility, is owned and operated by Broward County. The City also has one active golf course - Seven Bridges at Springtree, a 71-acre public course.

The FLUM allocates 207 acres (2% of the City's land area) for community facilities, which is primarily developed for educational facilities.

Utilities

There are approximately 95 acres (1% of the City's land area) designated for utilities within the City including 58 acres utilized by the City of Sunrise Springtree and Sawgrass Water and Wastewater Treatment plants.

Transportation

Approximately 6% of the City's land area is designated as transportation use (745 acres) that is part of the State of Florida's Strategic Intermodal System (SIS). This includes portions of Interstate 595, Interstate 75 and the Sawgrass Expressway (SR 869) that lie within the City limits. In addition, 1,317 acres (11% of City land) is public right-of-way for local and collector streets.

Recent analysis by the Community Development Department indicates that the City has 856 acres (7.3%) of vacant land available for development. Currently, the City has 88,630 residents. It is projected that by 2030, the City's population will increase by 14.7 percent to 96,705, primarily attributed to additional residential communities that are planned for development.

TRANSPORTATION

The Transportation Element is closely linked to the Future Land Use Element as the intensity of land use determines transportation needs and, in turn, the transportation system impacts the way land is used for the pace of development. The objective of the Transportation Element is to analyze the existing transportation conditions, identify trends and issues, project future demands, and recommend improvements to meet demands and provide accessibility to all land uses in a convenient and economical manner.

COMPREHENSIVE PLAN

HOUSING

The Housing Element identifies potential deficits in the supply of housing. The City of Sunrise is in a unique position to add to its housing stock while enhancing the quality of life for current residents. Through land development regulations supported by the Housing Element, appropriate plans and policies can be developed to accomplish the goal of a diversified, affordable, ample, and quality housing supply.

INFRASTRUCTURE

The purpose of this element is to provide for the public facilities necessary to service both the current and projected demands represented by future land use projections. The specific services addressed in this element are potable water, wastewater, solid waste, and drainage. The City of Sunrise provides water and wastewater services for over 215,000 residents in Sunrise and portions of Weston, Davie, and Southwest Ranches. The Infrastructure Element establishes levels of service for each utility (except gas).

CONSERVATION

The purpose of the Conservation Element is to promote the conservation and preservation of natural resources. The Florida Department of Environmental Protection has defined natural resources as rivers, lakes, wetlands, air, minerals, wildlife, and native vegetation. There are 245 acres of wetlands within the city limits. These include sites that are publicly and privately owned. Various federal, state, regional, and local agencies are responsible for programs, policies, and standards related to environmental protection and conservation within the City.

RECREATION AND OPEN SPACE

Recreation and open space is an important component of the community. Residential and commercial areas benefit from the various amenities associated with parks, recreation, and open space. The City has approximately 246 acres of municipal open space. In this Element, the City has established 3 acres per 1,000 residents as the level of service for park land.

INTERGOVERNMENTAL COORDINATION

The purpose of the Intergovernmental Coordination Element is to provide for coordination between the City, adjacent municipalities, Broward County, and regional, state, and federal governmental entities. This includes participation on the Broward Metropolitan Planning Organization (MPO) for long term transportation planning, implementation of the Interlocal Agreement with the Broward County School Board for school concurrency, and coordination with the South Florida Water Management District for long term water supply planning.

PUBLIC SCHOOL FACILITIES

This element addresses the level of service for public school facilities and coordination with the Broward County School Board.

CAPITAL IMPROVEMENTS

This element is updated annually to incorporate the Five-Year Capital Improvement Program (CIP) which identifies future public improvements tied to levels of service established in the other elements of the Comprehensive Plan.

LEGISLATIVE ISSUES

As a Home Rule city, Sunrise operates under powers granted by the Florida Legislature. Its ability to levy property taxes, operate a police force, regulate zoning, enact ordinances, choose the type of government it wants, and provide services to its residents all come with the adoption of a Home Rule Charter. However, even as a Home Rule city, Sunrise cannot enact any ordinances or resolutions that conflict with US or Florida law. The City pays close attention every year when the Legislature is in session and lobbies for or against proposals that may affect the City and the way it operates.

This past year, there were various bills and issues that were of interest to the City. The following are some of the issues that could affect the City:

Location of Utilities: Senate Bill 416 requires local governments, and not utilities, to bear the cost of relocating a utility's equipment if such equipment is located within a public utility easement. This bill became effective March 10, 2016.

Public-Private Partnerships: Senate Bill 124 amends the statutory framework that local governments must adhere to when engaging in public-private partnerships. The bill allows cities to rely on Home Rule authority to enter into public-private partnership agreements or follow the process in Florida Statutes. This crucial change encourages cities that have not undertaken a public-private partnerships project in the past to follow the state statute, but allows those experienced in this procurement method to rely on their established procedures. Local governments are now authorized to collect a fee, as determined by local ordinance, to cover the costs associated with reviewing unsolicited proposals. This bill became effective July 1, 2016.

Law Enforcement Body Cameras: House Bill 93 requires law enforcement agencies utilizing body worn cameras, to establish policies and procedures addressing; proper use, maintenance, storage of cameras, and data. This bill became effective March 24, 2016.

Building Codes: House Bill 535 is a comprehensive building code bill that makes several provisions to the Florida Building Code. The bill revises the training and experience requirements necessary to take the certification exams for building code inspector, plans examiner, and building code administrator. The bill authorizes local government building officials to issue phased permit for construction related to low-voltage landscape lighting. Local governments are prohibited from requiring payment of any additional fees, charges or expenses associated with providing proof of licensure as a contractor, recording a contractor license, or providing or recording evidence of workers' compensation insurance coverage. The bill also subjects a Building Official to disciplinary action if the official denied or revoked a permit without providing a reason for the denial. It also clarifies that an alarm system monitoring company is not liable for civil penalties or fines assessed or imposed by cities for failure to register an alarm system, dispatch to an unregistered user, or for excessive false alarms not attributed to alarm system monitoring company error or improper installation by the contractor or alarm system monitoring company. Finally, the bill requires cities to post building permit applications on their website and give applicants the option of submitting applications electronically. This bill became effective July 1, 2016.

These issues were raised during the 2016 Legislative Session, but did not become law:

Ad Valorem Assessments: House Bill 1345, would have amended the definitions of "fair market value" and "just value" for the purposes of assessment of property for property taxes. The bill did not make it out of committee.

LEGISLATIVE ISSUES

Communications Service Tax: Senate Bill 256 would have reduced the tax rates applied to the sales of communication services by 2.0 percent, a reduction in the general state rate from 4.92 to 2.92 and the rate on direct-to-home satellite services from 9.07 to 7.07 percent. The bill would have a negative reoccurring fiscal impact on municipalities, due to the reduction in revenues the state shares with local government. The bill did not make it out of committee.

Determination of Maximum Millage Rates: Senate Bill 1222 would have revised the method for computing the maximum millage for the purposes of adopting the millage for a city, county, or special district. Instead of using a rolled-back rate assuming the previous year's maximum rate was levied, the formula would have used the adopted millage for the prior year, adjusted for change in per capita Florida personal income. The formula change would have reduced the millage rate that could be adopted by a simple majority vote for many cities. The bill did not make it out of committee.

Firefighter and Paramedic Cancer Disability Presumption: Senate Bill 456 and House Bill 345 would have established a presumption for firefighters and paramedics' condition or impairment of health caused by certain types of cancer while in the line of duty. The bills would have grandfathered in approximately 40,000 current local governments firefighters from having to pass a physical examination. The bills would have resulted in significant increases in expenses for local governments workers' compensation and disability pension benefits. Neither bill made it out of committee.

The City continuously evaluates current and potential legislative issues and actively seeks ways to reduce impacts on service levels. The City has to constantly evaluate current services and differentiate needs versus wants in order to ensure an economically sustainable future.

Did You Know??

The City of Sunrise is represented by 3 different members of the US House of Representatives.

EMERGING ISSUES

City Green Plan

Sustainability has emerged as a management best practice for local, regional, state and federal governments, as well as the private sector. Sustainability, as a management practice, was defined in the 1987 United Nation's Brundtland Commission Report as considering environmental, economic and social equity in decision-making, and further defined sustainable development as that "which meets the needs of current generations without compromising the ability of future generations to meet their own needs."

For municipal business, sustainability is an approach to enhance efficiency through integration of environmental, economic and social considerations into programs, policy and planning. It is also a lens through which to engage the community – residents and businesses, in activities that reduce environmental impacts, conserve resources and save money, and contribute to making the community a healthy place to live, work, and play for current and future generations.

The City of Sunrise exhibited leadership by joining other communities in signing documents such as the US Mayors Climate Protection Agreement (circa 2005), the South East Florida Regional Climate Compact Mayor's Climate Action Pledge (2013), and the Resilient Communities for America Agreement (2013). In 2015, 195 nations from around the world made similar commitments by signing the Paris Accord on climate change. These documents call for measures to track and mitigate carbon emissions, conserve resources and enhance resiliency to sea level rise, severe weather, and drought.

A comprehensive Sustainability Master Plan will be developed to serve as a guidance document. The Plan will assess and articulate the City's goals and strategies and will track progress through annual updates. The Plan will provide a roadmap of strategic measures such as policies, procurement and operational protocols to integrate and institutionalize sustainability throughout municipal projects, programs and operations. The Plan will include a greenhouse gas (Ghg) inventory to establish a baseline and track Ghg reductions. These activities will address many of the priorities in the signatory documents mentioned above and are geared to support a healthy, vibrant, and resilient community.

Growing concerns around sea level rise, as well as goals of reducing reliance on foreign energy to support domestic security, have seen sustainability initiatives emphasize green building, energy efficiency and renewable energy, as well as the integration of climate adaptation and resiliency planning in land use, code, and infrastructure. Due to the potential for energy conservation to realize operational cost savings for the City, as well as to support the economic viability of our households and businesses – an aggressive approach to identifying opportunities for municipal financial savings through energy audits is recommended in the first year, along with activities to help our community realize similar savings. In addition, activities to engage the community in stewardship and resource conservation are planned.

City Mobility

The City has been planning a network of trails to provide pedestrians and cyclists with recreational opportunities within a safe alternative mode of mobility throughout the City. This can be described as creating a more "walkable" and "livable" community. There are existing trails throughout the City; however, the goal is to have a trail near most residential areas that are connected to a larger network. To accomplish this, the City has hired a consultant to provide a bicycle/pedestrian greenways and trails master plan.

EMERGING ISSUES

Complete Streets

There is a collective effort in the region to adopt Complete Streets Guidelines and apply this policy to all roadway projects. This includes projects involving new construction, reconstruction, retrofits, repaving, rehabilitation, or changes in the allocation of pavement space on an existing roadway, as well as those that involve new privately built roads and easements intended for public use. Complete Streets elements may be achieved through single projects or incrementally through a series of smaller improvements or maintenance and operation activities over time. The City will actively look for opportunities to repurpose rights-of-way to enhance connectivity for pedestrians, bicyclists, and public transit and will mainly focus on non-motorized connectivity improvements on services, schools, parks, civic uses, regional connections and commercial uses. Within the next two years, the City is expected to incorporate the Broward County Complete Streets Design Guidelines principles into all applicable plans, manuals, rules, regulations, and programs.

Future Water Issues

The City will require additional water supply within the next 15 years. The South Florida Water Management District (SFWMD), through its Water Availability Rule, capped any expansion of Biscayne aquifer water supply to that use which occurred in year 2006, thereby forcing utilities to obtain new or expanded supply from alternate water supply projects involving the Floridan aquifer, wastewater reuse, or through conservation projects. The C-51 reservoir is being planned for capture of wet weather flows, which would have otherwise been pumped to tide, to store and transmit during dry periods through existing canal networks from Palm Beach County south to Broward or Miami-Dade Counties. The City received \$400,000 funding assistance for development of this project and is considering this as one of several potential alternatives. The City is also developing an aquifer storage and recovery project utilizing the two Floridan Aquifer wells installed in FY 2011/2012.

Reuse Projects

The City is required to implement wastewater reuse as a condition of its wastewater operating permits described in the City's 2009 Reuse Feasibility Report. Additionally, recent legislation passed in 2013 provided the opportunity for virtual reuse whereby a utility may contract with another for implementation of reuse in another utility's service area and receive reuse credit associated with that system. If the City does not construct reuse treatment and distribution, the City will violate specific permitting conditions in its Sawgrass and Springtree Wastewater Treatment Plant Operating License, which was renewed in 2014.

The City began planning for irrigational reuse in 2010 and is planning to install a new reuse distribution system within portions of the Sawgrass International Corporate Park (SICP) and Markham Park. This would provide 2 MGD distribution to reuse customers from the Sawgrass Treatment Facility. The City's initial modeling demonstrated about 96% offset credit could be received from reuse in this area. With passage of Senate Bill 444, utilities discharging treated wastewater through ocean outfalls will be required to reuse 60% of these flows by 2025. This legislation provides an opportunity for a utility to contract with another for implementation of reuse in that other utility's service area and qualify for the associated reuse credits by virtue of the investment. Reuse is strongly encouraged by SFWMD and the Florida Department of Environmental Protection (FDEP) as an alternate water source.

BUDGET PROCESS

The City's fiscal year runs from October 1st through September 30th. The Budget Process begins in February with budgetary planning and continues for the next several months with budget preparation until final budget adoption in September. The following are highlights of this year's Budget Process:

- Budget process began with training sessions to refresh City staff on the procedures of the budget process including entering line item requests into the Enterprise Resource Planning (ERP) system, providing requests above baseline operations on forms to include detailed understanding of need and benefits.
- Budget planning then commenced with a budget kickoff meeting with the departments which included discussing the budget due dates, important events, and instructions for all associated forms.
- Departments assisted each other and improved the budget process by evaluating the salary and grade of proposed positions (Human Resources), computer and communication purchases (Information Technology), vehicle and heavy equipment replacements (Fleet Services), capital improvement requests (all departments) and proper accounting structure (Finance).
- Departments submitted detailed budgets and justification for their requests. This included line item amounts, new capital outlay, program modifications, and capital improvement projects.
- The Finance & Administrative Services (FAS) staff analyzed line items, new program requests, capital outlay requests, and capital improvement project requests.
- The City Manager and FAS staff met with each department to review submissions. Then after meeting with all departments, recommendations were made to the City Manager.
- The City Manager and Finance & Administrative Services Director reviewed and finalized revenue and fund balance projections. The City Manager finalized his recommendations. The City Manager's Proposed Budget documents are produced for transmittal to the City Commission no later than August 1st.
- The City Commission holds two millage and budget public hearings in September.
- The City Commission concludes its budget review and approves what we call the FY 2016/2017 Adopted Annual Budget and Five Year Capital Improvement Program.

Budget Summary

The Proposed Annual Budget encompasses the following:

- Complies with State mandated tax revenue cap
- Provides that current revenues are sufficient to support current expenditures
- Maintains adequate general fund reserves
- Provides sufficient maintenance and replacement funding to ensure capital facilities and equipment are property maintained
- Maintains and also enhances the quality of programs/events that residents have become accustomed to
- Reorganizes some departments Citywide, both structurally and in funding, and proposes new positions as necessary

BUDGET PROCESS

Budget Adoption

The City Charter requires the City Manager to submit to the City Commission a Proposed Budget and a Five-Year Capital Improvement Program on or before August 1st. After the budget is presented, the City Commission may hold budget workshops to gain a better understanding of the Proposed Budget. After the workshops are held and any concerns of the City Commission are addressed, two public hearings are scheduled and held in September. For the budget to become effective, one ordinance and three resolutions must be passed. The ordinance adopts the Operating and Capital Improvement Budget and there are resolutions to adopt the operating millage rate for the Special Tax District #1, the debt service rate for the General Obligation Bonds, Series 2015, and the fire assessment fee.

Budget Amendments

From time to time, it becomes necessary to modify the adopted budget. The procedure for amending the budget depends on the type of change that is needed.

The first budget amendment occurs within the first few weeks of the fiscal year. The Ordinance grants the authority to reappropriate funds for encumbrances.

The City Commission, by ordinance, may make the following types of budget amendments:

Supplemental Appropriations - If during the fiscal year the Manager certifies that there are additional revenues available for appropriation, the Commission by Ordinance may make supplemental appropriations.

Emergency Appropriations - To meet a public emergency affecting life, health, property, safety or the public peace, the City Commission may make emergency appropriations. Such appropriations may be made by emergency ordinance. To the extent that there are no available unappropriated revenues, the City Commission may by such emergency ordinance authorize the issuance of emergency notes, which may be renewed from time to time, but the emergency notes and renewals of any fiscal year shall be paid not later than the last day of the fiscal year next succeeding that in which the emergency appropriation was made.

Reduction of Impending Deficits - If at any time during the fiscal year it appears probable to the City Manager that the revenues available will be insufficient to meet the amount appropriated, the City Manager shall report to the City Commission without delay, indicating the estimated amount of the deficit, any remedial action taken by the City Manager and recommendations as to any other steps to be taken. The City Commission shall then take action as it deems necessary to prevent or minimize any deficit; and for that purpose, it may by ordinance reduce one (1) or more appropriations.

Transfer of Appropriations - At any time during the fiscal year, the City Manager may transfer part or all of any unencumbered appropriation balance among programs within a department, office or agency. Upon written request approved by the City Commission, the City Manager may transfer part or all of any unencumbered appropriations balance from one (1) department, office or agency to another.

The Budget Amendments are available to the public on the City's website www.sunrisefl.gov.

FY 2016/2017 BUDGET CALENDAR OF EVENTS

Date	Event	Participant(s)
March 2016		
Commencement of FY 2016/2017 Budget Development Process		
Monday, March 7, 2016	Budget Kickoff 3:00 p.m. - 4:00 p.m.	City Manager, Department Directors, Departments, & Budget Staff
Wednesday, March 9, 2016	Budget Training - Morning Session 9:00 a.m. - 12:00 p.m.	Departments & Budget Staff
Thursday, March 10, 2016	Budget Training - Afternoon Session 1:30 p.m. - 4:30 p.m.	Departments & Budget Staff
April 2016		
Budget Requests Due		
Friday, April 8, 2016	Budget Line Item Entry Due	Departments
Friday, April 8, 2016	Revenue Projections/Calculations Worksheet Due	Departments
Friday, April 15, 2016	Department/Division Narrative Form Due	Departments
Friday, April 15, 2016	Organizational Chart Markups Due	Departments
Friday, April 29, 2016	Program Modification-Supplemental Request Due	Departments
Friday, April 29, 2016	Capital Outlay Request Due	Departments
Friday, April 29, 2016	5-Year Equipment Replacement	Departments
Friday, April 29, 2016	5-Year Capital Improvement Requests Due	Utilities/Capital
May 2016		
Budget Office Review & Assemble Budget		
May 2 - May 26, 2016	Budget Office Review Submissions & Meet with Departments	Departments & Budget Staff
May 27, 2016	Budget Packages Due to City Manager and Department Directors	Budget Staff
June 2016		
City Manager Budget Review		
June 16 - June 24, 2016	Budget & 5-Year Capital Improvement Plan Review with City Manager	City Manager, Department Directors, Departments, & Budget Staff
July 2016		
Budget Office Finalize Proposed Budget & Revenues		
July 12, 2016	City Commission Sets Property Tax Millage Rate, Fire Assessment Rate, & Voted GO Debt Rate	City Commission, City Manager & Budget Staff
July 29, 2016	Deliver Proposed Budget to City Commission, City Manager & Publish	Budget Staff
September 2016		
Public Hearings		
September 14, 2016	First Public Hearing on Budget/Millage Adoption & Special Tax District, Final Hearing on Fire Assessment, & Voted GO Debt Rate	City Manager, Department Directors, Departments, & Budget Staff
September 28, 2016	Second Public Hearing on Budget/Millage Adoption & Special Tax District & Voted GO Debt Rate	City Manager, Department Directors, Departments, & Budget Staff
October 1, 2016		
First Day of Fiscal Year 2016/2017		

BUDGETARY BASIS

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recorded when they become measurable and available. Expenditures are recorded when a liability is incurred. The basis of budgeting for these funds is the same as the basis of accounting in the City's audited financial statements.

All enterprise and internal service funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred. The basis of budgeting for these funds is the same as the basis of accounting used in the City's audited financial statements.

In all cases (General Governmental and Enterprise Funds), when goods and services are not received by year end, the encumbrances lapse.

The City maintains financial records in accordance with Generally Accepted Accounting Principles (GAAP), applied to governmental units as dictated by the Governmental Accounting Standards Board (GASB), the Financial Accounting Standards Board (FASB), and the Uniform Accounting System presented by the Florida Department of Financial Services.

FINANCIAL POLICIES

The City of Sunrise Budgetary and Financial Policies provide the basic framework for the overall fiscal management of the City. Some of these tenets can appear to be little more than common sense, barely worthy of the effort necessary to set them forth. On the other hand, they are guidelines, which determine whether or not specific requests, no matter how meritorious, ever reach implementation. When a department seeks the financial support from the Commissioners, it is best for all concerned that the framework for making decisions be clearly understood.

The policies consist of: operating, revenue, cash management and investments, reserve, capital improvements program, accounting and financial reporting, organizational, and financial stability. These policies are used in the development of current activities and planning for future programs. They are reviewed at least annually and updated as needed.

Balancing the Budget

The City will live within its means. All departments supported by the resources of the City must function within the limits of the financial resources identified or available specifically to them.

Therefore, the City shall annually adopt a balanced budget where available and anticipated resources are equal to, or exceed, operating expenditures. Any increase in expenses, decrease in revenues, or combination of the two that result in a budget imbalance will require budget revision, rather than spending unappropriated surpluses or designated reserves to support ongoing operations.

A balance must be struck between revenues and expenditures, so that the public can realize the benefits of a strong and stable government. It is important to understand that this policy is applied to budget entities over periods of time, which extend beyond current appropriations. By law, budgets cannot exceed available resources, which is defined as revenues generated in the current period added to balances carried forward from prior years. Temporary shortages, or operating deficits, can and do occur, but they are not tolerated as extended trends. The City cannot develop a legacy of shortages or a legacy of missing one-time resources and expect to continued delivery of services, the very reason for which it exists.

FINANCIAL POLICIES (continued)

Operating Budget Policies

- The City's budget will support City Commission goals, objectives and policies in meeting the needs of the community.
- The City will continue to support a scheduled level of maintenance and replacement of its infrastructure and fleet.
- The City will continuously evaluate its service delivery system according to established efficiency and effectiveness criteria.
- The City will evaluate its use of intergovernmental service contracts to preclude unwarranted duplication of service in overlapping jurisdictions and assure an effective and efficient service delivery system to the community.
- The City will comply with mandatory Federal, State, and local laws and, when appropriate, will comply with industry and professional requirements or standards.
- The operating impacts of the Capital Improvements Program (CIP) projects will be reviewed prior to any project being included in the CIP budget.
- The City will develop and maintain accounting and budgetary control systems to adequately safeguard the assets held in public trust.
- The City will prepare a balanced budget; where each fund's revenues plus other sources equal its expenditures/expenses plus other uses.
- Transfer of funds between personnel services, operating and capital outlay categories is discouraged.
- To the extent possible, current operations will be funded by current revenues. The use of unencumbered prior period balances in all funds shall be scrutinized and carefully limited.
- The City will consider General Fund requests for new or expanded programs during the course of the regular budget process.
- The City will attempt to maintain a diversified and stable revenue system to avoid reliance on any one revenue source and will attempt to minimize the dependence on property taxes.
- The City will pursue alternative revenue sources as an additional source of funds.
- The City will establish all user charges and fees to recover the partial or full cost of providing a service. Sufficient user charges and fees shall be pursued and levied to support the full cost (operating, direct, indirect, and capital) of operations.
- Market rates and charges levied by other public and private organizations for similar services should be considered when establishing tax rates, fees and charges.
- New ongoing operating costs will be funded with permanent, ongoing revenue sources; one-time operating costs are tied to one-time revenue sources to ensure fund balance integrity.
- New and expanded unrestricted revenue streams should be first applied to support existing programs prior to funding new or expanded programs.
- The City will pursue Federal, State, and local grants but will strictly limit financial support of these programs to avoid commitments which continue beyond funding availability.
- General Fund expenditures for mandated and priority programs are to be made against current revenue sources, and not dependent upon uncertain reserves or fluctuating prior period cash balances.

FINANCIAL POLICIES (continued)

- Special Revenue Funds are supported by special levies and fees, grants or intergovernmental revenues. Expenditures in these funds are strictly limited to the mandates of the funding source. Special Revenue Funds are not to be used to subsidize other funds, except as required or permitted by program regulations.
- Enterprise Funds are expected to derive at least 50% of their revenues from charges and user fees. Enterprises should strive to become self-supporting entities through periodic reviews of its fee structure, charges for services, and other operating revenues and expenditures.

Cash Management and Investment Policies

- The City will follow its adopted investment/portfolio policy when handling public funds. The investment/portfolio policy is contained in a separate document.
- The City will collect revenues aggressively, including past due bills of any type and may utilize an outside collection agency to accomplish this.
- The City will deposit all funds within forty-eight (48) business hours of receipt, with the exception of business tax receipts and any payments received on a Thursday or Friday as these are not deposited until the following week.
- The Finance and Administrative Services Department will prepare and present an investment report to the City's Commission on a quarterly basis to review the City's investment/portfolio activities.

Debt Policies

- The City will seek to maintain its insured bond ratings to minimize borrowing costs.
- The City will review and evaluate its existing debt obligations and future borrowing needs annually.
- The City will not issue long term debt to finance current operations.
- The City will publish and distribute an official statement for each bond and note issued.
- The City will adhere to the bond covenant requirements of each debt issuance.
- Capital projects financed by the issuance of bonded debt will be financed for a period not to exceed the expected useful life of the project.

Reserve Policies

- The City will maintain a General Fund Contingency Fund equal to 15 percent of audited actual operating expenditures in the most recent year available. The reserve will be used by the City in the event of disasters, emergencies or other exigent circumstances.
- The City will maintain a General Fund Revenue Stabilization account equal to 5 percent of audited actual operating expenditures in the most recent year available. The account will be used by the City to identify, reserve and accumulate unexpended General Fund resources in order to mitigate impacts of future General Fund revenue shortfalls.

Capital Improvements Program (CIP) Policies

- The City will develop and update a five-year Capital Improvements Program on an annual basis.
- In the development of the Capital Improvements Program, the City will review the operational impact of each project.

FINANCIAL POLICIES (continued)

- The operating impact of each capital project shall be incorporated into annual operating budgets. Capital assets shall be purchased and maintained on a regular schedule. Within legal limits and the constraints of operating budgets, debt may be issued for the purchase of capital assets, including major renovations.

Accounting and Financial Reporting Policies

- An independent audit will be performed annually with the subsequent issue of an official annual financial statement.
- The City will produce comprehensive annual financial reports in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB) within 180 days of the end of the fiscal year.
- The City will maintain an accounting and financial reporting system that conforms to GAAP and State laws.

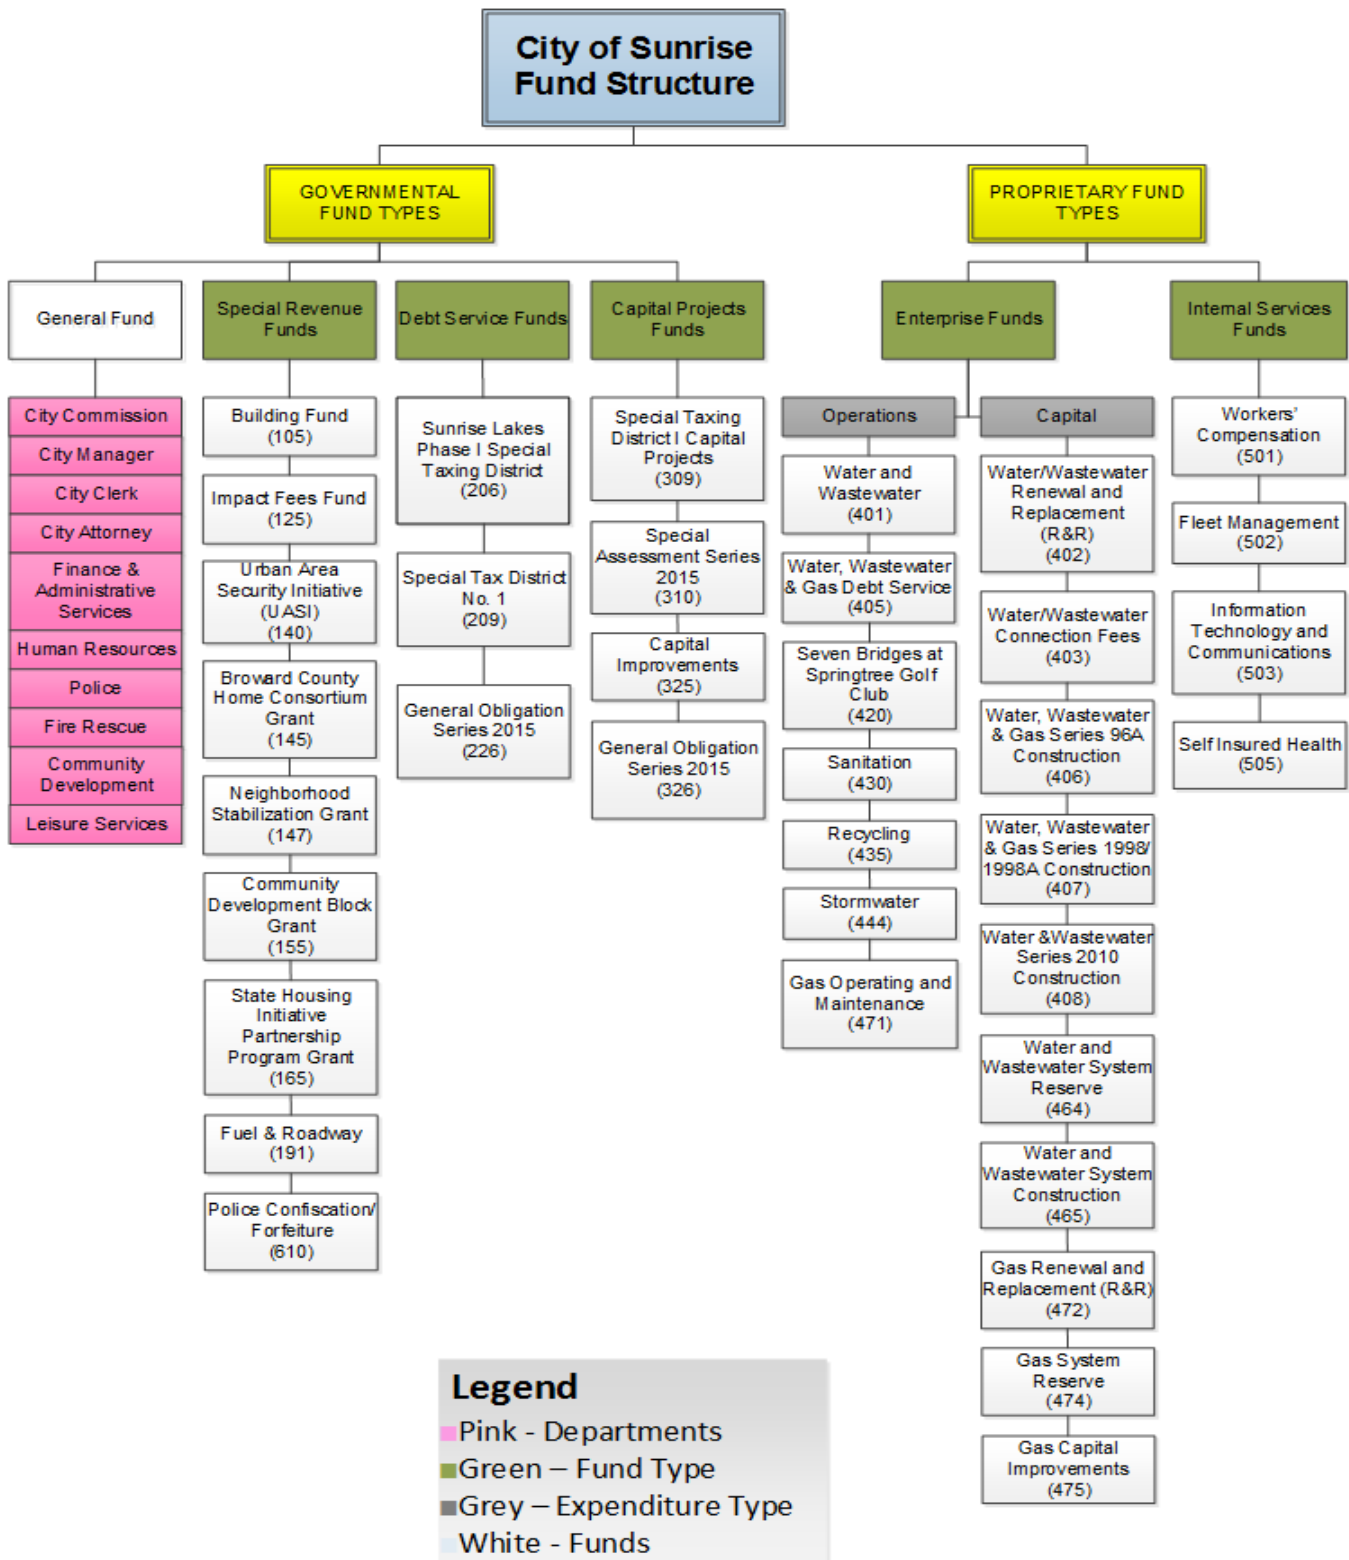

Organizational Policies

- The City will review the organizational structure regularly to assure that residents receive the highest level of service in the most efficient manner.
- The City will be committed to maintaining and improving the productivity of staff through a productive working environment, appropriate equipment, necessary training, and adequate supplies and materials.
- Employee compensation will be reviewed regularly to ensure the City is competitive with comparable public entities.

Financial Stability Policies

- The City will review and evaluate its existing debt obligations and future borrowing needs annually.
- The City will prepare and update its Five-Year Capital Improvements Program annually.
- The City will continuously monitor revenues and expenditures to ensure responsible fiscal management of the City.

FUND STRUCTURE

Legend

- Pink - Departments
- Green – Fund Type
- Grey – Expenditure Type
- White - Funds

FUND DESCRIPTIONS

Governmental accounting systems should be organized and operated on a fund basis. Individual resources are allocated to, and accounted for, in separate accounting entities-identified as funds-based upon the purposes for which they are to be spent and the means by which spending activities are legally controlled.

Governmental units should establish and maintain those funds required by law and sound financial administration. Only the minimum number of funds consistent with legal and operating requirements should be established because unnecessary funds result in inflexibility, undue complexity, and inefficient financial administration.

Individual funds are classified into three broad categories: Governmental, Proprietary, and Fiduciary. The City of Sunrise does not utilize any Fiduciary Fund Types. Below is an outline of the City's various funds and fund types.

GOVERNMENTAL FUND TYPES

Governmental Fund Types are subdivided into four sections: ***General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds.***

General Fund - Accounts for all financial resources not required by law or administrative action to be accounted for in another fund.

Special Revenue Fund - Account for the proceeds of revenue source(s) that are restricted or committed to expenditures for specified purposes.

Debt Service Fund - Account for the accumulation of resources for, and the payment of, principal and interest.

Capital Project Fund - Account for financial resources to be used for the acquisition or construction of major capital outlays.

- **FUND 001 - GENERAL FUND (MAJOR FUND)**

The General Fund of a municipal organization serves as the primary reporting mechanism for day to day governmental operations. The major sources of revenue for the General Fund include: ad valorem taxes, franchise fees, charges for services and intergovernmental revenues. The departments funded within the General Fund include: City Commission, City Manager, City Clerk, City Attorney, Finance & Administrative Services, Human Resources, Police, Fire Rescue, Community Development, Leisure Services, and Non-Departmental.

- **FUND 105 - BUILDING FUND**

This fund accounts for the receipts of building permit fees and expenditures to support the operations of this fund to enforce Florida's building code.

- **FUND 125 - IMPACT FEES FUND**

This fund accounts for the receipts and disbursements of impact fees received from developers pursuing construction within the City limits.

FUND DESCRIPTIONS

- **FUND 140 - URBAN AREA SECURITY INITIATIVE (UASI) GRANT FUND**
This fund provides funding from the U.S. Department of Homeland Security (DHS), through the Office of Grants and Training (OG&T) to the Fort Lauderdale Urban Areas through the Urban Area Security Initiative (UASI) Grant Program. This grant program is designed to enhance and quantify the preparedness of the nation to combat terrorism. Funding is provided to address unique equipment, training, planning, and exercise needs and is administered by the Police Department.
- **FUND 145 - BROWARD COUNTY HOME CONSORTIUM GRANT FUND**
This fund accounts for the receipt and disbursements of the Broward County Home Consortium grant funding and is administered by the Community Development Department.
- **FUND 147 - NEIGHBORHOOD STABILIZATION GRANT FUND**
This fund accounts for funding provided by the Housing and Economic Recovery Act of 2008 (HERA) to address foreclosures and abandoned properties within the City. This fund accounts for the receipt and disbursement of Neighborhood Stabilization grant funding and is administered by the Community Development Department.
- **FUND 155 - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUND**
This fund accounts for funding provided by the U.S. Department of Housing and Urban Development (HUD) to address housing and community development needs within the City. This grant fund is administered by the Community Development Department.
- **FUND 165 - STATE HOUSING INITIATIVES PARTNERSHIP PROGRAM (SHIP) FUND**
This fund accounts for funds received from the State Housing Initiatives Partnership program (SHIP) for the purpose of providing affordable housing in the City. This grant fund is administered by the Community Development Department.
- **FUND 191 - FUEL AND ROADWAY FUND**
This fund accounts for the receipt and distribution of Local Option Gas Taxes. Funds received are utilized to maintain and improve streets, roadways, median strips, and streetlights and are administered by the Utilities Department/Public Works Division.
- **FUND 610 - POLICE CONFISCATION/FORFEITURE FUND**
This fund accounts for the administration of confiscated funds directly related to the daily activity of the City's Police Department.
- **FUND 206 - SUNRISE LAKES PHASE I SPECIAL TAXING DISTRICT FUND**
This fund accounts for the assessment and other revenues which are pledged to secure the payment of debt service and other expenditures for the Sunrise Lakes Phase I Special Recreation District public bonds maturing on October 1, 2017.
- **FUND 209 - SPECIAL TAX DISTRICT NO. 1 FUND**
This fund accounts for necessary infrastructure for the Sawgrass Mills Mall and the Residual Development, including expansion of the arterial roads. This district issued refunded bonds to finance acquisition, construction and improvement of right-of-ways, roads and roadways,

FUND DESCRIPTIONS

sanitary sewer facilities, water distribution facilities, stormwater drainage and storm sewer facilities, some of which are located in a right-of-way within the District and some of which benefit the District but are located in a right-of-way outside the District. Work located outside the District includes, but is not limited to, the acquisition of rights-of-way for and the construction of improvements of portions of Flamingo Road, 136th Avenue, and Sunrise Boulevard. Proceeds of the Series 2003 Bonds are to (1) finance the design, permitting and construction of the parking garage located at Sawgrass Mills Mall, and (2) fund additional public works improvements within and outside the boundaries of the District which benefit properties within the District.

- **FUND 226 - GENERAL OBLIGATION SERIES 2015 DEBT FUND**

This fund accounts for the assessment and other revenues which are pledged to secure the payment of debt services and other expenditures for the issuance of the General Obligation Bond Series 2015.

- **FUND 309 - SPECIAL TAXING DISTRICT I CAPITAL PROJECTS FUND**

This fund accounts for the construction of a parking garage and additional public works improvements for the district.

- **FUND 310 - SPECIAL ASSESSMENT SERIES 2015 CONSTRUCTION FUND**

This fund accounts for the construction of two additional parking garages at the Sawgrass Mills Mall.

- **FUND 325 - CAPITAL IMPROVEMENTS FUND**

This fund accounts for the revenues and expenditures of general capital improvement projects.

- **FUND 326 - GENERAL OBLIGATION SERIES 2015 CONSTRUCTION FUND**

This fund accounts for the development, design, and construction of certain parks, recreation, and leisure projects citywide.

Proprietary Fund Types are subdivided into two sections: **Enterprise Funds and Internal Service Funds.**

Enterprise Funds- Account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public police, management control, accountability, or other purposes.

- **FUND 401 - WATER AND WASTEWATER FUND**

This fund accounts for the daily operations of Water/Wastewater. The Water & Wastewater function provides for the safe and efficient management of the City's water and sewer operations by assuring a continuous supply of clean water, assuring the collection, treatment, and disposal of sewage, and the servicing of all related infrastructure.

FUND DESCRIPTIONS

- **FUND 402 - WATER/WASTEWATER RENEWAL AND REPLACEMENT (R&R) FUND**
This fund is used to account for repairs and maintenance to the City's water/wastewater systems as well as the replacement and enhancement of existing equipment, and other capital items related the systems.
- **FUND 403 - WATER/WASTEWATER CONNECTION FEES FUND**
This fund is used to account for capital expenditures of the Water/Wastewater system that relate to expansion of plants and/or line capacity. The revenues collected for either water or wastewater connection fees and can only be utilized in their respective areas.
- **FUND 405 - UTILITIES DEBT SERVICE FUND**
This fund is used to account for transfers from the Water/Wastewater operating and Gas operating funds for the purpose of providing required bond service payments and to record bond transactions.
- **FUND 406 - WATER, WASTEWATER & GAS SERIES 96A CONSTRUCTION FUND**
This fund is used to account for Series 96A Bonds for the construction of utilities capital projects.
- **FUND 407 - WATER, WASTEWATER & GAS SERIES 1998/1998A CONSTRUCTION FUND**
This fund is used to account for Series 1998/1998A Bonds for the construction of utilities capital projects.
- **FUND 408 - WATER, WASTEWATER SERIES 2010 CONSTRUCTION FUND**
This fund is used to account for Series 2010 Bonds for the construction of utilities capital projects.
- **FUND 420 - SEVEN BRIDGES AT SPRINGTREE GOLF CLUB FUND**
This fund is used to account for the daily operations and maintenance of the city owned Springtree Golf Club.
- **FUND 430 - SANITATION FUND**
This fund is used to account for the operations of the City's Sanitation program, consisting of regular garbage and bulk rate pickup provided by an outside contractor.
- **FUND 435 - RECYCLING FUND**
This fund is used to account for the operations of the City's Recycling program, consisting of regular recycling pickup provided by an outside contractor.
- **FUND 444 - STORMWATER FUND**
This fund accounts for the daily operation, maintenance, renewal, and replacement of the City's comprehensive flood control infrastructure.
- **FUND 464 - WATER AND WASTEWATER SYSTEM RESERVE FUND**
This fund is established to separately account for the accumulation of financial resources for the Water/Wastewater Enterprise. This reserve fund is established to provide operating reserves as

FUND DESCRIPTIONS

mandated by bond covenants, provide funding for Capital Improvement Projects, and to reserve funding for emergency events and unanticipated operational needs.

- **FUND 465 - WATER AND WASTEWATER CAPITAL FUND**
This fund is established to separately account for the development and construction of annual capital improvement projects associated with the Water and Wastewater Utility.
- **FUND 471 - GAS OPERATING AND MAINTENANCE FUND**
This fund accounts for the daily operations of Gas utilities. The Gas function provides for the safe and efficient management of the City's Natural Gas Operations, assuring a continuous supply of clean energy, and servicing of gas equipment and appliances for residential and commercial customers.
- **FUND 472 - GAS RENEWAL AND REPLACEMENT (R&R) FUND**
This fund is used to account for repairs and maintenance to the City's gas utility systems as well as the replacement and enhancement of existing equipment, and other capital items related to the system.
- **FUND 474 - GAS SYSTEM RESERVE FUND**
This fund is established to separately account for the accumulation of financial resources for the Gas Enterprise.
- **FUND 475 - GAS CAPITAL PROJECTS FUND**
This fund is established to separately account for the construction of annual capital improvement projects associated with the Gas Utility.
- **FUND 501 - WORKERS' COMPENSATION FUND**
This fund is used to account for the City's self-insurance program for workers' compensation. This fund is supported by administrative services charges.
- **FUND 502 - FLEET MANAGEMENT FUND**
This fund is used to account for the operations of Fleet Services and the repairs and replacements of vehicles and equipment.
- **FUND 503 - INFORMATION TECHNOLOGY (IT) AND COMMUNICATIONS FUND**
This fund is used to account for the acquisition of technology and communications related equipment and the operation of Information Technology.
- **FUND 505 - SELF INSURED HEALTH FUND**
This fund is used to account for the City's self-insurance health program. This fund is supported by administrative services charges to city departments.

Changes in Fund Balances

The General Fund and Special Assessments Bonds, Series 2015 Capital Projects Fund are major governmental funds. All other governmental funds are included in the Other Governmental Funds (Aggregate) category.

The City of Sunrise set aside funding for revenue stabilization and contingency as part of its committed fund balance. The purpose of the revenue stabilization funds is to mitigate the impact of future revenue shortfalls. The amount of funds set aside is adjusted each year based on 5% of actual audited operating expenditures. The purpose of the contingency funds is to set aside funds that could be used in the event of disasters, emergencies, or other exigent circumstances. The amount of funds set aside is adjusted each year based on 15% of actual audited operating expenditures. Setting aside funds for revenue stabilization and contingency increases financial stability by ensuring that the City maintains a prudent level of financial resources.

The FY 2016/2017 Budget seeks to preserve and build fund balances in each of the funds. Budgeting in FY 2016/2017 was done conservatively so that available ongoing revenues are able to fund ongoing expenditures.

The Special Assessment Bonds, Series 2015 Capital Projects Fund balance decrease is primarily due to the spend down of bond proceeds based on the progress of construction of the Sawgrass Mills Parking Garage.

DEBT ADMINISTRATION

The City's Long-Term Debt Schedule is presented below. While the City has set no legal debt limits, debt levels are carefully planned to achieve project goals while maintaining appropriate operating balances. Revenue bonds and other long-term debt, as related to various funds, are budgeted in the accounts of each fund as appropriate.

General Long-Term Debt Bonds are secured by various revenue sources. The Sunrise Lakes Phase I Special recreation District public improvement refunding bonds are secured by a general obligation pledge by the Districts. The Special Tax District No. 1 ad valorem tax bonds and ad valorem tax refunding bonds are secured by voted debt service ad valorem taxes to be levied upon all taxable property within the District. The General Obligation bonds are secured by voted debt service upon all taxable property. The Utility system revenue bonds are secured by a lien on the revenues earned by the system.

GOVERNMENTAL FUNDS

The City currently has general obligation, public improvement (bank notes) and ad valorem tax bonds outstanding as follows:

1998 SUNRISE LAKES PHASE I SPECIAL REC. DISTRICT PUBLIC IMPROVEMENT REFUNDING BONDS

Issued to refund the Series 1980. They are collateralized by a general obligation pledge by the District of their full faith and credit including the ability to levy and collect ad valorem taxes. The note has a 20-year term.

2001 SERIES SPECIAL TAX DISTRICT NO. 1 AD VALOREM TAX REFUNDING BONDS

Issued to refund the outstanding Series 1991. They are collateralized by voted debt service ad valorem taxes to be levied upon all taxable property within the District. The note has a 20-year term.

2003 SERIES SPECIAL TAX DISTRICT NO. 1 AD VALOREM TAX REFUNDING BONDS

Issued to finance the construction of a parking garage located at Sawgrass Mills Mall and fund additional public works improvements benefiting properties within the District. They are collateralized by voted debt service ad valorem taxes to be levied upon all taxable property within the district. The note has an 18-year term.

2015 SERIES GENERAL OBLIGATION BONDS

Issued to finance the development, design, acquisition, construction, equipment, installation and financing of certain parks, recreation and leisure projects They are collateralized by voted debt service to be levied upon all taxable property. The note has a 29-year term.

ENTERPRISE FUND

The City currently has four revenue bonds outstanding as follows:

1998 UTILITY REVENUE BOND

Issued to refund the Series 1986A, 1996, 1996A and 1997 as well as fund improvements to the City's water, wastewater and gas utility system. The note has a 30-year term and is secured by water, wastewater and gas revenues.

2010A AND 2010B UTILITY REVENUE BONDS

Issued to fund construction, acquisition or equipping of certain capital improvements to the City's water and wastewater facilities. The 2010A note has a 10-year term and the 2010B has a 25-year term. Both are secured by water/wastewater revenues.

2010C UTILITY REVENUE BOND

Issued to refund a portion of the Series 1993 and Series 1996. The note has a 9-year term and is secured by water, wastewater and gas revenues.

BOND RATINGS

Due to the variety of debt issues, there is more than one set of ratings for the City. The rating agencies have separately rated bonds of the City which are secured by specific revenue pledges.

The City's ad valorem tax bonds have an insured rating of "A2" by Moody's and an insured rating of "AA" by Standard and Poor's. The general obligation bonds have a rating of "AA" by Fitch and a rating of "Aa2" by Moody's.

The City's Series 2010 utility bonds have a rating of "AA-" by Standard and Poor's and "AA" by Fitch. The other existing utility revenue bonds were also rated "AA-" by Standard and Poor's.

The City's public improvement bonds (bank notes) are not rated.

MAJOR REVENUE SOURCES AND TRENDS

The following section includes a discussion of the City's major revenue sources, including tables, graphs, fundamental assumptions, and impacts for each revenue estimate. In an effort to easily understand the information presented within the graphs, the data is represented as three (3) years of actual and two (2) years of budgeted revenues.

Ad Valorem Taxes - \$35,926,820

Ad Valorem is a tax levied on the assessed value of real and personal property located within the City. A millage rate is adopted on an annual basis and is applied as one dollar of tax for each \$1,000 of estimated taxable assessed value as determined by the Broward County Property Appraiser. For example, a tax rate of one mill produces one dollar of tax revenue on each \$1,000 of taxable property value. Three ad valorem millage rates are adopted – an operating millage rate applied to all assessed properties within the City, a voted debt service rate applied to a specified area near the Sawgrass Mills Mall, also known as Special Tax District 1, and a voted debt service rate for the General Obligation Bond issuance for various parks, recreation, and leisure projects. For the past eight (8) years the City Commission has adopted the operating millage rate at 6.0543 mills.

Ad Valorem revenues are budgeted as the millage rate multiplied by the taxable value divided by 1000, less approximately 4% to account for discounts provided for early payment and adjustments to assessed values determined by the Value Adjustment Board, based on Florida Statutes.

As noted in the graph above, operating Ad Valorem tax revenues are estimated at \$35,926,820 and represents 27.6% of total General fund revenues for FY 2017. Ad Valorem taxes are the largest source of revenue for the General Fund. Based on property valuations from the Broward County Property Appraiser dated July 1, 2016, the City of Sunrise realized an increase in property values of 8.46%. The increase represents approximately \$2,448,742 in additional revenues for FY 2017. This addition to the Ad Valorem Tax revenues is due to the increase in property valuations with some additional growth from new construction throughout the City.

Communications Services Taxes - \$2,992,900

Communications Services Tax (CST) applies to telecommunications, video, direct-to-home satellite, and other related services. The tax is imposed on retail sales of communication services which originate or terminate in Florida and which are billed to residents of the City of Sunrise. Pursuant to Florida Statute 202.19, authorization to impose local communications services tax, the City's current tax rate is 5.220%.

MAJOR REVENUE SOURCES AND TRENDS

As the graph above indicates, CST revenues are projected to generate \$2,992,900 or 2.46% of total General Fund revenues in FY 2017. This is a decrease from FY 2016 of approximately \$677,000. The decrease in revenues is attributed to state adjustments that are done periodically throughout the year. The major variance from FY 2013 is attributed to the technical defeasance of Capital Appreciation Bonds in Fund 203 – Public Facilities Debt Service. The Communications Services Tax revenues were pledged for the recurring debt service payments prior to FY 2014.

Local Business Taxes - \$2,265,000

The local business tax represents the fees charged and the method by which a local government authority grants the privilege of engaging in or managing any business, profession, or occupation within the City limits. Counties and municipalities may levy a business tax and the tax proceeds are considered general fund revenue for the local government.

As indicated in the graph above, Local Business Tax revenues are projected to generate \$2,265,000 or 1.86% of total General Fund revenues in FY 2017. This is an increase from FY 2016 of .89% or \$20,000. The increase in revenues is based on new businesses which validates the City's extensive efforts towards economic development.

MAJOR REVENUE SOURCES AND TRENDS

Franchise Fees - \$9,891,860

Franchise fees are negotiated fixed fees for the use of municipal right-of-ways (poles, lines, pipes, etc.) and could include the value of the right for a utility company to be the exclusive provider of its services within the City. The City currently has franchise agreements for electricity, solid waste, towing, and residential recycling.

As indicated in the graph above, franchise fee revenues are projected to generate \$9,891,860 or 8.13% of General Fund revenues in FY 2017. This represents a 2.84% or \$273,000 increase from the FY 2016 budget. The City has negotiated contracts with the individual service providers in recently years that has lead to the increase in revenue collections.

State Shared Revenues - \$8,379,810

The State Shared Revenue category consists of revenue collections from the State Municipal Revenue Sharing Program, State Beverage Licenses, State Sales Tax, and Firefighter Supplemental sources. For FY 2017, the graph below indicates that total State Shared Revenues represent \$8,379,810 or 6.88% of General Fund revenues.

State Municipal Revenue Sharing and State Sales Tax collections are the largest revenue sources within the category. These sources combined represent 98.34% or \$8,379,810 of the total state shared revenue category budget. Both are distributed by the State according to a predetermined formula based on population, sales tax collections, and the municipality’s ability to raise revenue. The main factors used to project these revenue sources are 1) the State’s annual projections; 2) historical data; 3) current economic conditions; 4) estimated population changes.

MAJOR REVENUE SOURCES AND TRENDS

Charges for Services and Special Assessments - \$39,649,100

In FY 2017, the Charges for Services and Special Assessments revenue category includes Public Safety (including the Fire Assessment), Culture/ Recreation, and Other Charges for Services revenues. The category represents 32.57% of budgeted General Fund revenues for FY 2017. Two significant revenue sources within this classification are defined as Public Safety and Culture/Recreation revenues. Public Safety revenues represent \$17,140,970 or 43.23% and Culture/Recreation revenues represent \$1,776,920 or 4.48% of total budgeted revenues within the category.

As referenced in the graph above, Public Safety revenues are estimated to increase by 3.03% or \$504,590 (from \$16,636,380 to \$17,140,970) in FY 2017. The increase is primarily attributed to the adjustment in the percentage of revenues budgeted from 95% to 98% of fire assessment collections based a historical analysis. The increase in the fire assessment revenues from FY 2015 to FY 2016 is directly related to an increase in the fee of \$30/per residential and a percentage increase based on square footage for commercial, industrial and institutional properties.

The graph below indicates that Culture/Recreation revenues are estimated to decrease by 2.40% or \$43,780 in FY 2017. In FY 2017, many facility improvements, including the Civic Center expansion, are projected to decrease membership collections based on the availability of the facilities. Also in FY 2015, the City opted to outsource its Tennis Center operations. The outsourcing of these operations is directly related to the increase in Culture/Recreation revenues from FY 2015 to FY 2016.

MAJOR REVENUE SOURCES AND TRENDS

The remaining revenue collections within the Charges for Services category are mainly the product of the City's direct cost allocation program. A direct cost allocation is a comprehensive distribution of city-wide administrative services costs to all departments that benefit from centralized services. Such departments receive a direct benefit from general city services and through the direct cost allocation method, reimburse the General Fund for the support provided. The direct cost allocation method was updated in FY 2014 and includes direct, indirect, and incremental costs provided by centralized services such as General Government, Finance, Budget, Purchasing, and Human Resources. All related costs are distributed to all benefiting departments through the utilization of a unique, fair, and equitable allocation basis. The Direct Cost Allocation Study is proposed to be updated in FY 2017, to take into consideration new operational changes throughout the organization.

Building Permits - \$6,801,900

Building Permit Fees are regulatory fees imposed pursuant to the local government's rules and regulations. The imposed fee cannot exceed the cost of the activity, and the fee is generally required to be applied solely to pay for the cost of the activity for which it is imposed. Building permit revenues consist of permit and inspection fees related to construction, alteration, repair or other activities as governed by the City Code of Ordinances and/or the South Florida Building Code.

Building Permit revenues are projected to generate \$6,801,900 or 91.84% of Building Fund revenues in FY 2017, as indicated in the graph above. This is an increase of 22.71% or \$1,258,750 from FY 2016. The projected increase is based on continued increases in renovations, including the upgrades to the Sawgrass Mills Mall area. In FY 2017 Building Permit revenue projections are budgeted at an increased level due to ongoing development in the major commercial areas of the City. Building fund revenue projections are constantly being revised to account for projected economic activity and the City's extensive efforts towards economic development.

Water/Wastewater Revenues - \$110,506,630

Water and wastewater charges consist of a base charge and a volume-based charge related to monthly water consumption. These charges are used to fund the cost of the Utility's operations and maintenance, debt service requirements and capital improvement projects. Water and wastewater rates and base facility charges are adjusted on an annual basis to reflect the cost of doing business, measured by fluctuation in the Consumer Price Index (CPI) – All Urban Consumers, Water and Sewerage Maintenance as published by the U.S. Department of Labor, Bureau of Labor Statistics, based on the percentage change in the CPI from the previous June to June of the year in which the adjustment is affected.

MAJOR REVENUE SOURCES AND TRENDS

The graph above indicates that water revenues are estimated to generate \$49,440,000 or 44.74% of Utility Fund revenues in FY 2017. The projected increase of \$1,626,830 is based on the All Urban Consumers, Water and Sewerage Maintenance CPI increase.

As indicated in the graph above, wastewater revenues are projected to generate \$53,560,000 or 44.00% of Utility Fund revenues in FY 2017. The estimated increase of \$1,149,130 from FY 2016 is based on the All Urban Consumers, Water and Sewerage Maintenance CPI increase.

Stormwater Revenues - \$6,970,000

A Stormwater utility provides for the collection and disposal of stormwater and the regulation of ground water. Stormwater fees support 100% of operating and capital costs of the City's stormwater system and are charged to all property owners. Effective October 1, 2008 and on each October 1 thereafter, the City's stormwater rates are adjusted to reflect the cost of doing business, measured by the fluctuation in the Consumer Price Index (CPI) - All Urban Consumers, Water and Sewerage Maintenance, as published by the U.S. Department of Labor, Bureau of Labor Statistics based on the percentage change in the CPI from the previous June to June of the year in which the adjustment is affected.

MAJOR REVENUE SOURCES AND TRENDS

The graph above indicates that Stormwater rates are projected to generate \$6,970,000 or 99.18% of the Stormwater Fund revenues in FY 2017. The estimated increase of \$344,850 from FY 2016 is based on the All Urban Consumers, Water and Sewerage Maintenance CPI increase.

Gas Revenues - \$7,958,450

A Gas utility provides for the distribution of natural gas to residential and commercial properties within the City of Sunrise and neighboring municipalities.

The graph above indicates that gas revenues are projected to generate \$7,958,450 or 98.96% of Gas Fund revenues in FY 2017. The estimated decrease of \$241,150 from FY 2016 is based on a conservative expectation of natural gas prices.

CITY COMMISSION'S OFFICE

CITY COMMISSION'S OFFICE (1101-511)

PROGRAM/SERVICES DESCRIPTION

Authority is vested in the City Commission to legislate policies, enact ordinances, conduct public hearings, and approve agreements/contracts. The role of the City Commission's Office is to provide logistical support to the City Commission and to work with individual Commissioners as needed, including conducting research, travel arrangements, and calendar management. The office also provides constituent services, fielding questions/comments from members of the public and routing/responding to them as appropriate. The office is also responsible to work with the City Manager on the development and dissemination of all City Commission meeting agendas, including working with city staff on individual agenda items.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Named Chess City of the Year for 2015 by the U.S. Chess Federation in recognition of the City's scholastic chess initiative.
- ◇ U.S. Conference of Mayors named Sunrise one of the "Most Livable Cities in America" for 2015 on the strength of its scholastic chess programs and Mayor Ryan's support of community-based chess.
- ◇ Established the Veterans Advisory Board.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Continue to provide quality, efficient services to the City Commission, citizens, visitors and businesses through open communication and timely responses.
- ◇ Continue to meet the needs and concerns of the residents and businesses of the City of Sunrise with effective representation and legislation.
- ◇ Foster transparent, effective communication between the Mayor, Commissioners, City Manager's office, and our community.

CITY MANAGER'S OFFICE

CITY MANAGER'S OFFICE (1201-512)

PROGRAM/SERVICES DESCRIPTION

Mission

The City Manager's office is responsible for the professional management of the governmental organization of the City of Sunrise, always focused on providing high quality and ethical leadership on behalf of the City Commission, residents, employees, businesses, and other community stakeholders.

Overview

The City Manager serves as the Chief Administrative Officer for the City of Sunrise, responsible for the day to day management of the governmental organization. Key responsibilities include: preparation and implementation of the City's annual budget, execution of the strategic vision and policies established by the City Commission, providing technical expertise and recommendations to the City Commission, and developing/maintaining an organization that works effectively, efficiently and cooperatively for the benefit of the residents and other community stakeholders of the City of Sunrise.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ First Amended and Restated Agreement between the City of Sunrise and Arena Operating Company executed with retroactive payments and new funding arrangements for the future.
- ◇ Completed Collective Bargaining Agreements with various unions.
- ◇ Presented a Budget that maintained the City's property tax rate at 6.0543 mills for the seventh consecutive year with no use of appropriated fund balance or one-time revenues for ongoing expenses.
- ◇ Worked closely with the Governor, State Legislators, Florida Department of Transportation, and local business leaders to advance various critical transportation infrastructure improvement projects within the City of Sunrise.
- ◇ Prepared a comprehensive document to promote the City's legislative priorities regarding State of Florida issues, pending legislation, and funding requests for various City initiatives.
- ◇ Engaged with various State Legislators and the Governor to successfully secure a legislative appropriation in the amount of \$450,000 toward the cost of a Stormwater Master Plan.
- ◇ Vigorously pursued various economic development initiatives to recruit new businesses, retain and expand existing businesses, and promote entrepreneurship development.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Provide effective leadership for an organization that embraces a culture of inclusion, empowerment, collaboration, and transparency.
- ◇ Make effective use of available resources and promote sound, sustainable financial management in all areas by continuing to review the City's short and long term fiscal situation and promote fiscal reforms when appropriate.
- ◇ Enhance the quality of life for all residents of the Sunrise community by aligning service offerings to the needs of the entire population.

CITY CLERK'S OFFICE

CITY CLERK'S OFFICE (1301-511)

PROGRAM/SERVICES DESCRIPTION

The City Clerk is the official Secretary to the City of Sunrise and the City Commission, and is responsible for the following: a) Custodian of the City Seal; b) Local Supervisor of Elections; c) Local Financial Disclosure Coordinator; d) Records Custodian and Records Management Liaison Officer with the State of Florida, overseeing the storage of active and inactive records, and the disposition of obsolete records in accordance with State of Florida guidelines; e) maintaining, updating and distributing the City Charter and Code of Ordinances f) attesting to documents, legislation, checks, warrants, and certificates; g) maintaining and safeguarding original documents for the City such as minutes of public meetings, ordinances, resolutions, contracts, and agreements h) providing for disaster recovery of official documents; i) representing the City in court on public records requests as may be required; j) coordinating all aspects of the Advisory Board appointment process, maintaining records of Board activities and training board members and staff regarding the Sunshine Law and Public Record Act; k) handling all details of elections for the General Employees', Police Officers' and Firefighters' Retirement Plan Boards; l) coordinating and responding to lien inquiries; m) responding to public records requests from the public, departments and other governmental agencies, including specific research when required; n) providing training to City staff regarding the Public Records Act; o) registering lobbyists and receiving their expense reports; and p) Local Filing Officer for Broward County Ethics Disclosures.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Provided comprehensive records management training for City employees in conjunction with the State of Florida.
- ◇ Conducted elections for General Employees', Firefighters' and Police Officers' Retirement Plan Boards.
- ◇ Implemented new Lobbyist Registration/Ethics Disclosure Database, as well as the design and implementation of County-mandated changes to the same.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Oversee first early voting site to be conducted in Sunrise for a presidential election.
- ◇ Conduct November 2016 Municipal Election.
- ◇ Implement a web-based lien inquiry process to make city lien inquiries more efficient.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Automated Lien Inquiry Pilot Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1301	CITY CLERK'S OFFICE		\$ 60,570

Justification
<p>City staff is recommending that the City of Sunrise transition to web-based lien inquiry reports. Currently lien inquiries take between three to five days to complete using a manual process. Using a web-based product, the lien report would be returned to the requestor immediately. The new process would improve customer service by allowing title companies to perform the lien inquiries on a just-in-time basis.</p>

CITY ATTORNEY'S OFFICE

CITY ATTORNEY'S OFFICE (1401-514)

PROGRAM/SERVICES DESCRIPTION

The City Attorney's Office serves as the principal legal counsel to the City's elected officials and staff. The City Attorney, individually and through the Assistant City Attorney and staff, performs the following functions: 1.) assists, meets with and provides legal counsel to the City Commission, City Manager and all departments on the legal aspects of City business, contracts, leases, bids, risk management matters, personnel matters, development issues, real estate transactions, ordinances and resolutions; 2.) assists in the preparation of agenda ordinances and resolutions, including backup materials; 3.) renders ethics opinions; 4.) interacts with consultants, other governmental entities, private enterprise and local citizens; 5.) interprets laws and ordinances; 6.) prosecutes municipal code violations in court and before the Code Enforcement Special Magistrate; 7.) represents the City in civil matters in all courts, including red light camera violations, confiscation forfeiture actions and other matters; 8.) serves as liaison to special legal counsel; and 9.) conducts all administrative functions of a City Department.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Prevailed on the School Property Development's Petition for Writ of Certiorari regarding the City's denial of the K-12 special exception. Won the companion declaratory judgment suit.
- ◇ First Amended and Restated Agreement between the City of Sunrise and Arena Operating Company executed with retroactive payments and new funding arrangements for the future.
- ◇ Expected to complete purchase of several properties for the City relating to projects funded by the City's General Obligation Bonds for Park, Recreation and Leisure Services.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Develop the agreements for land use and resolutions and ordinances for the bond financing for Metropica.
- ◇ Continue to work with the City Manager to negotiate expired collective bargaining agreements.
- ◇ Assist the City in the purchase of properties and with project agreements related to the design and construction for the City's General Obligation Bonds for Parks, Recreation and Leisure Services.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

EXPENDITURES				
Personnel Services	\$ 622,527	\$ 691,075	\$ 736,100	\$ 749,460
Operating Expenses	17,117	330,187	490,560	490,870
TOTAL EXPENDITURES	\$ 639,644	\$ 1,021,262	\$ 1,226,660	\$ 1,240,330

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES	\$ 13,360
---------------------------	------------------

The positive variance is primarily attributed to an increase in deferred compensation offset by a decrease in the projected employee sick and vacation leave cashout incentive.

OPERATING EXPENSES	\$ 310
---------------------------	---------------

The positive variance is primarily attributed to an annual price increase in Westlaw Subscription services.

FINANCE (1510-513)

PROGRAM/SERVICES DESCRIPTION

Finance oversees the major financial internal service functions providing critical support to operating and other internal service departments. Finance is responsible for ensuring the integrity of the City's financial records, as well as billing for services rendered, administering the collection of revenues, and investing of City funds. The division is also responsible for payroll, accounts payable, annual report preparation, bond issuances, and debt management services. All activities are in conformance with generally accepted accounting principles, sound business practices, municipal ordinances, and Federal and State statutes.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Revised investment policy to allow for greater investment return while maintaining safety of capital and liquidity. The updated policy was adopted in August 2015 and fully implemented in FY2016.
- ◇ Continued moving toward a paperless environment. Documents related to accounts payable, payroll, cash receipts, and journal entries are being scanned and stored electronically.
- ◇ Improved the certified mail process from a manual process through the implementation of an electronic receipt mail process.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Begin implementation of the Electronic Funds Transfer (EFT) payments to increase automated vendor payments.
- ◇ Replace manual timekeeping processing with the implementation of the KRONOS, an automated system.
- ◇ Begin the Enterprise Resource Planning (ERP) conversion from NaviLine (SunGard Public Sector) system to the Tyler Munis financial solution.

ADMINISTRATIVE SERVICES (1515-513)

PROGRAM/SERVICES DESCRIPTION

The Administrative Services Division is comprised of the Management & Budget, Purchasing, and Risk Management functions of the Finance and Administrative Services Department. Management & Budget provides budgetary, analytical, and support services and information to the City Manager, City Commission, and operating departments in support of management decisions. They also prepare, administer, monitor, and amend the annual budget; provide budget information and analysis to the City Manager and City Commission; and perform surveys, studies, and special projects. Purchasing facilitates the procurement of commodities and services in accordance with Florida Statutes and City Code using a variety of procurement methods, oversees various citywide contracts, and administers the disposition of surplus property. Risk Management administers the City's property, casualty, and employee group insurance plans, manages workers' compensation and liability claims, and provides safety related training in order to reduce on the job injuries and claims.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Received the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award for the fourth consecutive year.
- ◇ Trained all departments on Procurement Card (P-Card) procedures and implemented the program City-wide.
- ◇ Streamlined the employee benefits open enrollment process by consolidating 4 forms into 1 form, and scanned all enrollment forms for better accessibility by Risk Management staff.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Develop and implement new training opportunities relevant to the financial system and the citywide travel process.
- ◇ Review and update all internal procedures. Upon approval of the City Attorney, all internal procedures will be posted on Purchasing's website and distributed citywide.
- ◇ Transition the employee group insurance benefit plans to have the same anniversary date as the health self-funded plan in order to provide better open enrollment and employee benefits administration.

Cost Allocation Study

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1515	FINANCE & ADMINISTRATIVE SERVICES	ADMINISTRATIVE SERVICES	\$ 25,000

Justification
<p>A cost allocation study determines the cost of a service or services provided to users of the service. The City of Sunrise utilizes the cost allocation method to provide costs for services provided from one fund to another fund, including Water/Wastewater, Stormwater, Gas, Fleet Management, Fuel & Roadway, Building and Information Technology Funds. In FY 2014, the City contracted with MGT of America, Inc. to perform a cost allocation study to prepare information for the FY 2015 Budget. Organizational information from FY 2014 was utilized for the calculations related to the study. In FY 2015, a multitude of organizational changes were implemented and because of this, a new study should be performed using the most recent organizational data to produce a more realistic approach to the City's cost allocation method.</p>

Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
34-20	Misc Contract Services	25,000
Total One-Time Costs		\$ 25,000

Benefits
<p>This updated study will allow the City to compare data and data elements using the City's current organizational structure. It will also provide the City with baseline allocations which will serve as an efficient starting point for the next three to five years after which the Budget Office will update the study on a regular basis.</p>

HUMAN RESOURCES DEPARTMENT

HUMAN RESOURCES (1601-513)

PROGRAM/SERVICES DESCRIPTION

The Human Resources Department is committed to providing the City of Sunrise with quality services by promoting organizational excellence through effective human resources programming. The Human Resources Department is responsible for various aspects of employee services including recruitment, employee and labor relations, personnel records management, and administration of the Family Medical Leave Act (FMLA). The Department also has oversight of job classification and compensation, performance evaluation, training and professional development. The Department coordinates citywide employee recognition events, administers the Citizens Volunteer Corps and internship programs, and develops and implements policies that ensure compliance with local, state and federal labor laws. The Human Resources Team is dedicated to recruiting, retaining and developing an efficient, creative and professional workforce capable of meeting the current and future needs and expectations of the City of Sunrise and the citizens and customers whom we serve.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Implemented mandatory training for all City employees on essential workplace issues including cultural competency/diversity, prevention of sexual harassment, and workplace violence.
- ◇ Conducted in-depth analyses to identify and implement numerous process improvements to streamline and expedite the City's recruitment/onboarding process and operational efficiencies.
- ◇ Implemented the first annual Volunteer Appreciation and Presidential Awards Breakfast, recognizing over 600 City volunteers.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Create organizational structure reflecting specialized areas of expertise to include compensation, recruitment, labor policy and compliance, and training/organizational development.
- ◇ Deliver effective training programs to all employees to achieve targeted improvements in quality of customer service delivery. Train hiring departments on the interview, scoring, and selection process.
- ◇ Successful implementation and launch of new initiatives including Kronos timekeeping/payroll system; pre-employment skills testing; and the revamping of orientation, internship and volunteer programs.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Administrative Officer I

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1601	HUMAN RESOURCES		\$ 89,130

Justification

The permanent addition of this classification is imperative to achieve and maintain optimal operational levels for the Human Resources Department. This position is critical to the department's daily operations and administrative responsibilities. The incumbent is tasked with significant administrative, budgetary and executive support responsibilities which include procurement, payroll, contract compliance, coordination of citywide trainings, and oversight of administrative staff and management of the executives' calendar. Duties also include special project and event coordination, handling public records requests, take and distribute minutes of meetings, maintain schedules and calendars, implement and maintain office and filing systems, collate information from various sources, maintain databases, serve as a central point for disseminating inter-departmental communication, and coordinate the flow of information externally and internally.

Total Personnel Costs				\$ 89,130

Recurring Operating Costs

Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

Establishing the Administrative Officer I position as a permanent part of the Human Resources department results in a substantial increase in overall functionality while also strategically positioning the department to meet its commitment to provide City employees and residents with an appropriately-staffed and highly competent, full-service Human Resources department.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Human Resources Technician

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1601	HUMAN RESOURCES		\$ 25,000

Justification

The Human Resources Department requires one (1) Human Resources Technician, with skills and competency to perform various administrative functions of the onboarding process, including but not limited to coordinating pre-employment background checks, orientations, new hire personnel record processing, and intradepartmental communication during the hiring process. The incumbent will provide extensive administrative support to the management team in the areas of Compensation and Recruitment, as well as conduct complex research and data analysis in support of department functions in Labor Relations, Organizational Development, and governmental compliance. Responsibilities also include coordination of citywide volunteer and internship programs, recordkeeping, and maintenance of personnel records. This classification also provides backup support to the Administrative Assistant I related to customer service and front-desk coverage. (Please note: the required resources reflect partial year funding for this position.)

Required Resources

Personnel Costs

Total Personnel Costs				\$ 25,000

Recurring Operating Costs

Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

The addition of a Human Resources Technician will enable the department to function at a much higher level of productivity and to distribute the expansive administrative responsibilities in a more balanced and effective manner. The role of the HR Technician is an integral component of the Human Resources department's ability to fully take on and meet the growing services and functions it provides to the City. The added benefit of a highly-skilled incumbent performing multiple clerical functions in support of the executive and management team, will free the management team to perform core operational functions in a more targeted and effective manner.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Administrative Asst II to Administrative Asst I

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1601	HUMAN RESOURCES		\$ (5,430)

Justification			
<p>The reclassification of the Administrative Assistant II to an Administrative Assistant I represents a cost savings while ensuring that the core levels of clerical support required are maintained. A skilled, well-experienced incumbent who possesses the requisite knowledge to effectively execute the duties and responsibilities of the front-desk is of great benefit to the department. Various essential administrative support tasks include answering phones, mail processing, computerized record-management of personnel action forms, requisitions, scanning and cataloging of related personnel files, and oversight of OptiView entries. The Administrative Assistant I will be responsible for applying clerical expertise to support the entire Human Resources Department. Customer service support to the public, City employees and officials is among the many important services provided.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Pre-Employment Testing Software

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1601	HUMAN RESOURCES		\$ 13,000

Justification
<p>The City does not currently utilize a formalized pre-employment skills analysis process. In order to ensure that qualified applicants possess the requisite skillsets, it is important that an effective testing mechanism is in place. The recommended software package would be implemented to create a standardized, validated pre-employment skills evaluation component to the City's current recruitment process. Pre-employment testing enables the hiring manager to evaluate the candidates' technical and behavioral aptitude and core abilities, which help to determine if candidates are a good fit for the position and for the City. The right assessments can assist to objectively evaluate qualities that aren't apparent during the interview process and feedback from references.</p>

Benefits
<p>The Biddle software online testing package offers multiple levels of integration including validation, customizable functions per classification, auto-uploads to applicant profile, training tutorials and smooth integration with existing NeoGov application submittal process.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Pre-Employment Background Screening

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1601	HUMAN RESOURCES		\$ 13,000

Justification
In a climate of rapidly evolving employment laws and the ongoing specters of workplace theft, violence, and negligent hiring litigation, the Human Resources Department needs to engage in the solid practice of screening candidates conscientiously by conducting responsible background checks. The requested increase of \$13,000 for pre-employment background screening is due to a rate increase for each criminal background screening conducted. For FY 2016/17, we project a total number of 260 criminal background screenings for new hires and promotions at \$67.20 each. This projection is based on the trend from the last three fiscal years.

Benefits
The Human Resources Department is required to conduct thorough background checks. This funding will allow the City to remain in compliance with State and Federal laws.

POLICE DEPARTMENT

* One position is partially funded by Confiscation Fund (610)

ADMINISTRATION (2105-521)

PROGRAM/SERVICES DESCRIPTION

The Administrative Services Division provides administrative and logistical support to the Police Department. Members work closely with other Divisions to ensure they are performing operations in compliance with standards as set forth by the Commission for the Florida Law Enforcement Accreditation (CFA). This Division is made up of six units; Personnel, Training, Research & Planning, Support Services, Information Technology and Records. The Personnel Unit provides services that include recruitment, pre-employment testing, hiring, maintenance of personnel records, and assistance in development and coordination of promotional exams. The Training Unit develops lesson plans for in-service training classes and tracks every officer's four-year training cycle to ensure compliance with mandatory retraining requirements as set forth by the Florida Department of Law Enforcement (FDLE). The Research and Planning Unit is responsible for researching and recommending grant opportunities, new programs, equipment and concepts. It also develops and maintains policies and procedures, directives, and rules and regulations to ensure compliance with accreditation standards. The Support Services Unit performs two primary functions: fiscal management and logistics. It is responsible for the preparation and monitoring of the Department's operating budget, processing all requisitions and purchase orders, and assists in analyzing applications and bids for capital expenses. The Information Technology Unit is responsible for the operational and end-user support of applications, system security, and research and evaluation of police software. The Records Unit is responsible for maintaining the integrity of the Department's records, both written and electronic. They provide vital information to the public, government agencies and personnel.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Processed and hired 14 new employees.
- ◇ Provided 10,609 hours of training/instruction to police personnel.
- ◇ Successfully separated the responsibility of the Police Information Technology (IT) domain from the Citywide Information Technology Department to the Administrative Services domain.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Institute an Intern Program for the Police Department.
- ◇ Identify and leverage new technologies to address emerging issues in law enforcement.
- ◇ Enhance joint Police and Fire Rescue active shooting training operations.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Administrative Officer I to Administrative Officer II

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2105	POLICE DEPARTMENT	ADMINISTRATION	\$ 16,420

Justification			
<p>The Administrative Officer I assists the command staff in operating the department's budget, performing a variety of administrative duties including budget preparation, purchasing, accounting maintenance and expenditure controls, and related administrative work. In addition, this position oversees a budget in excess of \$42,000,000. The Administrative Officer I demonstrates the tasks, knowledge, abilities and skills required for the Administrative Officer II position and performs supervisory duties, which include clerical staff that handles all requisitions, purchase orders, invoices, and other clerical duties for administration.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Repair and Maintenance of Police Firing Range

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2105	POLICE DEPARTMENT	ADMINISTRATION	\$ 28,430

Justification
<p>The firing range is in need of its 5-yr required maintenance as recommended by Action Target, which is the company that constructed the range. There are three areas of concern regarding the preventative maintenance of the range: 1) The main bullet trap steel plates will need to be removed, rotated (or flipped), and reinstalled. This will prolong the lifespan of these steel ballistic plates. It is estimated based on our ammunition inventory, the steel plates absorb approximately 4,000-5,000 bullet strikes on average per week during our training. If not rotated, the lifespan will be reduced by 40% and will need to be replaced earlier than anticipated. 2) The lead removal system (the Auger) is a mechanical device which removes the spent bullets from the bullet trap. As part of the five-year maintenance plan the system needs to be removed, disassembled, and serviced. 3) The wood panels on the side of the range will need to be replaced.</p>

CRIMINAL INVESTIGATIONS (2135-521)

PROGRAM/SERVICES DESCRIPTION

The Investigations Division's primary responsibility is to investigate felony and serious misdemeanor crimes occurring within the City of Sunrise jurisdiction and to identify, arrest and present offenders to the judicial system. One component of the Investigations Division is the Criminal Investigations Section. The detectives from this section work cooperatively with officers and investigators from other divisions, other local, State and Federal agencies, as well as citizens and personnel from other City departments to accomplish this goal. Through cooperative efforts, not only are crimes and patterns detected, suspects identified, located and arrested, but also awareness and prevention programs are initiated to protect lives and property within the City of Sunrise. The Investigations Division also includes the Vice, Intelligence, and Narcotics Section. This section investigates a myriad of criminal offenses, including narcotics, gambling, vice and money laundering. Detectives within this Section work to enhance the quality of life within the City of Sunrise through proactive and covert investigations.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ The Criminal Investigations Section selected, trained, and integrated two new detectives to replace retired detectives.
- ◇ The Crime Scene Unit purchased and implemented new DNA collection technology, which increased the Unit's ability to obtain suspect DNA at scenes.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ To improve the quality of all criminal investigations through constant process improvement.
- ◇ To continue with the integration of technology in order to prevent and solve crimes within the community.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 160
-----------------	--------

The positive variance is primarily attributed to the historical increase in actuals.

PERSONNEL SERVICES	\$ 658,250
---------------------------	------------

The positive variance is primarily attributed to increases in incentive pay, pension, health benefits, and employee leave payouts offset by organizational changes within the department.

OPERATING EXPENSES	\$ 31,940
---------------------------	-----------

The positive variance is primarily attributed to an increase in software support as part of the department's information technology migration.

CAPITAL OUTLAY	\$ 6,730
-----------------------	----------

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes (2) laptop computers, software, and tactical vests.

Cyber Security Event

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2135	POLICE	CRIMINAL INVESTIGATIONS	\$ 17,500

Justification
<p>The City of Sunrise is committed to ensuring that our local businesses and neighboring cities have the most up-to-date information regarding cyber security. In an effort to offer an opportunity to learn about cyber security, the City will be hosting a Summit during the month of October to include presentations from experts in the field. This informational forum will focus on educating attendees on how to best protect highly vulnerable business applications and critical infrastructure. Our goal is to bring awareness as to the latest issues and trends in cyber security and discuss ways to mitigate the risk of cyber attacks. The increase in the number of security breaches and sophistication of cyber threats is a reminder that no organization is immune to cyber attacks. The Cyber Security Summit will be a one day event to include lunch and a registration fee of \$12,500 to offset expenses.</p>

UNIFORM (2155-521)

PROGRAM/SERVICES DESCRIPTION

The Uniform Division is comprised of highly-skilled and trained officers who maintain a uniform presence 24 hours a day and are tasked with providing the majority of direct policing services to the community. Often referred to as the backbone of the Police Department, Uniform Division officers incorporate the tenets and ideals of community policing into their daily interactions with members of the community and reflect the problem solving model outlined within the organization's mission statement. The Uniform Division contains several highly specialized units that supplement the agency-wide community policing philosophy including; Traffic enforcement, Special Operations, School Resource Officers, Public Service Aides, Special Weapons and Tactics (SWAT), Mobile Field Force, Crisis Negotiations, Honor Guard, Canine and citizen volunteers.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ The Bicycle Unit logged 525 miles and 915 hours of community-oriented policing activities within the neighborhoods of the City.
- ◇ Reinstated the Reserve Officer Program with emphasis on providing off-duty special detail coverage at the arena in an effort to improve policing services to the community.
- ◇ The Uniform Division personnel reviewed 83,596 red light traffic violations.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Expand Bicycle patrols from current four times per month to six times per month.
- ◇ Expand the use of social media to highlight positive community-policing endeavors.
- ◇ Increase personnel who have been trained in Crisis Intervention Training (CIT) to meet the needs of a growing segment of our population.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 2,040
The positive variance is primarily attributed to the historical increase in actuals.	
PERSONNEL SERVICES	\$ 358,320
The positive variance is primarily attributed to cost of living increases, annual increases in pensions and insurance benefits, organizational changes within the department, and the addition of (3) police officers.	
OPERATING EXPENSES	\$ (9,790)
The negative variance is primarily attributed to a decrease in school crossing guards and one-time costs in communication equipment.	
CAPITAL OUTLAY	\$ 146,420
The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a message board, tactical vests, a replacement canine, bicycles, and (3) police vehicles.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Positions - Police Officers (3)

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2155	POLICE DEPARTMENT	UNIFORM	\$ 441,760

Justification

According to the Department of Justice - Federal Bureau of Investigation, Uniform Crime Reporting Staffing Standards, the increase in both commercial and residential growth will cause an expansion in population by the end of calendar year 2016. Several residential communities (Metropica, Portico, AMLI, Westerra & Nexus) in western portion of the City are either experiencing significant growth or will in the next several years. We are in the process of applying for the COPS Hiring Program (CHP) 2016 Grant with a request for 6 additional officers. This grant would provide funding of up to \$125,000 per officer over a period of three years, which would be a substantial savings to the City. Based on a local match of 50% for the first two years, this request provides funding for 3 officers. If the City is unsuccessful in receiving this grant, we propose to use this funding to add 3 officers.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)

FIRE RESCUE DEPARTMENT

ADMINISTRATION (2300-522)

PROGRAM/SERVICES DESCRIPTION

The Administration Division supports the department's primary mission, "*Anticipate the needs of the community.*" This includes short and long term planning, development of analysis and sound fiscal management. The Administration Division is comprised of the Fire Chief and support staff.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Implemented new web page SharePoint portal.
- ◇ Configured new timekeeping software.
- ◇ Conducted promotional exams for Fire Captain and Driver Operator positions in order to plan for anticipated attrition or retirement.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Monitor monthly response performance measures to ensure proper emergency response deployment.
- ◇ Update department's Strategic Plan.
- ◇ Seek Insurance Services Organization (ISO) Class 1 Fire Protection Classification.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET
Shifts at 100% strength before overtime	69%	100%	63%	100%
Average overtime as a percentage of salaries at 5% or less	2.90%	5%	3.70%	5%

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES \$ (7,410)

The negative variance is primarily attributed to a decrease in revenues generated from special detail assignments.

PERSONNEL SERVICES \$ (17,560)

The negative variance is primarily attributed to a decrease in expenditures for special detail assignments and the reduction of a Clerk I PT position.

OPERATING EXPENSES \$ (40)

The negative variance is primarily attributed to a decrease in the costs for software support and communications which was offset by an increase in the costs for training registration.

OPERATIONS (2310-522)

PROGRAM/SERVICES DESCRIPTION

The Fire Rescue Operations Division provides fire protection and life safety services in emergency and non-emergency conditions through five strategically placed fire stations located throughout the city. The responsibilities of the personnel in this division include the extinguishment and control of fires, emergency pre-hospital care, advanced life support, and medical transport. In addition, the Operations Division manages several special response teams specific for emergencies involving technical rescues such as structural collapse, confined space rescue, Special Weapons and Tactics (SWAT) medic, dive rescue, and vehicle extrication to care for trapped and injured victims. Sunrise Fire Rescue is one of four regionalized Hazardous Materials teams trained in the mitigation of emergencies involving chemicals or environmental hazards.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed annual training requirements, including increased number of personnel with Live Fire Training Instruction and Hazardous Material/Technical Rescue Training Instruction.
- ◇ Awarded \$450,000 in grants to purchase new self contained breathing apparatus.
- ◇ Transitioned all personnel to new Emergency Medical Services (EMS) protocols.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Provide new peak hour emergency medical unit along the northern border of Sunrise.
- ◇ Acquire new fire station alerting system.
- ◇ Enhance joint Police and Fire Rescue active shooter operations and training.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET
Average scene time for trauma alerts (90% 10 minutes or less)	92%	95%	96%	95%
Average response time (in minutes) for emergency responses	0:04:21	0:04:00	0:04:21	0:04:00
Fire Training Hours per month	1898	2000	2566	2000

OPERATIONS (2310-522)

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 55,980
-----------------	-----------

The positive variance is primarily attributed to an projected increase in ambulance service fees.

PERSONNEL SERVICES	\$ 720,080
---------------------------	------------

The positive variance is primarily attributed to cost of living and merit increases, annual increases in pension and insurance benefits, and additional salaries related to the expansion of the Fire Rescue Service Area Pilot Program.

OPERATING EXPENSES	\$ (6,790)
---------------------------	------------

The negative variance is primarily attributed to the one-time costs for the purchase of new boots.

CAPITAL OUTLAY	\$ (48,380)
-----------------------	-------------

The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes hazmat drysuits.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Expansion of Fire Rescue Service Area - Pilot Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2310	FIRE RESCUE	OPERATIONS	\$ 373,680

Justification

Over the last decade, there has been a significant increase in residential and commercial development in the North section of the City, including the Veterans Affairs Center and a 200-bed nursing home. This has resulted in additional Fire Rescue calls in that area and subsequently, a higher demand for emergency medical and fire suppression services. Since we have not increased staffing or rescue units to meet the demands of this area, the calls are predominantly being handled by Station 72, on Oakland Park Boulevard, and through a mutual aid agreement with our neighboring city. This past year, Station 72 experienced approximately 10% more calls than the prior year, bringing the total emergency calls to 4,200, thus making it the busiest Station in our City. This high demand for services requires us to utilize rescue units from our other Fire Stations, which could potentially cause a delay in patient care and gaps in coverage throughout the City. Based on historical call data, peak hours for service in the North area of the City are Monday through Friday, 8:00 am to 6:00 pm. In order to address this demand for services in the most cost-effective way, it is recommended to utilize daily overtime and a reserve rescue unit to service this area during peak hours. This peak rescue unit would be implemented as a pilot program and reviewed for efficacy during the FY 2018 Budget development process.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
	Overtime - 72 North	320,000	24,480	344,480
			-	-

Benefits

Utilizing an existing rescue unit during peak hours, staffed with three personnel, would provide much-needed emergency medical services in a very cost effective manner.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Bunker Gear Cleaning

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2310	FIRE RESCUE	OPERATIONS	\$ 10,800

Justification
<p>Due to the nature of the profession, firefighters are constantly being exposed to many harsh chemicals, toxins, carcinogens, etc. These types of contaminants penetrate the protective clothing and are eventually being absorbed into the skin. NFPA 1581: Standard on Selection, Care and Maintenance of Protective Ensembles for Structural Firefighting, recommends in addition to routine care and cleaning, that - at a minimum - an annual advanced cleaning and inspection be performed by a verified Independent Service Provider (ISP). This is further codified in Manufacturer guidelines of advanced cleaning and repair section.</p>

EMERGENCY MANAGEMENT (2340-525)

PROGRAM/SERVICES DESCRIPTION

The Emergency Management program oversees the Sunrise Emergency Operations Center (EOC) and all disaster preparedness planning and Incident Command System (ICS) for the City. This program is under the responsibility of a Battalion Chief and Emergency Management Coordinator. The program includes the Community Emergency Response Team (CERT), which educates people about disaster preparedness and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed City-wide Incident Command System (ICS) and the National Incident Management System (NIMS) courses.
- ◇ Replaced the City's portable back up satellite system to provide mobile satellite internet or Voice over Internet Protocol (VOIP) connectivity.
- ◇ Received grant funding from the State of Florida, Department of Emergency Management, to procure a search and rescue simulator and a fire extinguisher simulator to enhance our outreach programs.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Review and update the City's Comprehensive Emergency Management Plan (CEMP).
- ◇ Continue to educate the City's command staff whose function/assignment during a disaster would be to act in some capacity in the Emergency Operating Center.
- ◇ Train City employees on the public assistance procedures necessary for the completion of disaster management project worksheets.

PREVENTION (2350-522)

PROGRAM/SERVICES DESCRIPTION

The goal of the Fire Prevention Division is to reduce the loss of life and property in the City through building inspections, building plan review, and public education. In an effort to enhance public safety, approximately 12,000 annual fire safety inspections are performed on all commercial properties as well as multi-family residences to ensure compliance with all fire and life safety codes. In addition, building plans for new projects or renovations to existing properties are reviewed to ensure they meet with all current fire and life safety codes and standards. The City's Fire Prevention Specialist conducts community outreach programs and oversees the Fire Prevention Week, which reaches out to over 12,000 local school children and provides a uniform fire safety message. Through community risk reduction programs, public education is used to educate and inform residents of risk hazards to help keep residents safe.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Acquired \$20,000 in Emergency Medical Services (EMS) County Grant Funding to reduce the life hazard of leaving family or pets in a hot vehicle through public education.
- ◇ Cross trained personnel between plans review and life safety inspection, which improved workflow and job efficiency while continuing succession planning.
- ◇ Applied for and received grant funding to purchase and install smoke alarms in homes. Collaborated with the American Red Cross to install 250 smoke alarms in Sunrise residents' homes.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Implement city-wide Enterprise Resource Planning (ERP) to incorporate an electronic inspection module to include mobile applications for workflow improvement and efficiency.
- ◇ Provide for public education and prevention presentations and research and apply for fire prevention grants to acquire and implement home fire safety education.
- ◇ Continue to cross train additional personnel between inspections and plans review to meet the needs of building growth and renovation while providing for continued life safety inspections.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Conversion - Clerk I PT to FT

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
2350	FIRE RESCUE	PREVENTION	\$ 26,750

Justification
<p>It is being requested that the existing part-time Clerk I position be changed to a full-time Clerk I position in order to accommodate the administrative tasks currently being handled by the Prevention Division. Due to the specialized nature of this division it requires full time expertise in order to facilitate the needs of the residents and business owners of our community. This position will also be the result of eliminating the Clerk I PT in 001-2300, Operations.</p>

Required Resources

Total One-Time Costs		\$ -

Benefits
<p>The addition of a full time Clerk will improve the productivity and the quality of service provided by our Prevention Division. The commitment and dedication demonstrated by a full time employee is parallel with the service level that we find necessary as we move through the next five years of new development and growth in the city.</p>

SUPPORT SERVICES (2360-522)

PROGRAM/SERVICES DESCRIPTION

The Fire Rescue Support Division acts as a foundation for the Department by maintaining facilities, apparatus, and equipment so that the department can serve the public effectively and efficiently. They are also responsible for procurement of all equipment, materials and supplies for Emergency Medical Services (EMS). EMS support encompasses regulatory requirements, quality improvement, and medical oversight for the Department. This division also includes a Community Paramedic Program designed to assist those in need with alternative healthcare and social resources.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Replaced 6 vehicles (1 fire suppression unit, 2 rescue units, 3 staff vehicles) to keep fleet maintained.
- ◇ Received \$340,000 in grant funding to purchase two mechanical cardiac resuscitation devices and fund several projects at various Fire Stations in order to strengthen the critical infrastructure of these facilities.
- ◇ Purchased protective equipment to reduce cancers caused by fighting fires.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Continue with critical infrastructure improvements, including access control devices at remaining Fire Stations and upgrading Fire Station bay doors to hurricane impact doors.
- ◇ Continue to add Mechanical Cardiac Compression devices to additional rescue units.
- ◇ Enhance current risk reduction efforts to include additional cancer prevention efforts for fire turnout gear maintenance and replacement as well as slip and fall injury prevention for Fire Station bay flooring.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

TOTAL EXPENDITURES	\$ 1,643,725	\$ 2,203,539	\$ 2,741,870	\$ 1,741,130

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES \$ 44,810

The positive variance is primarily attributed to cost of living and merit increases and annual increases in pension and insurance benefits.

OPERATING EXPENSES \$ (16,350)

The negative variance is primarily attributed to a one-time purchase in FY 15/16 of Carbon Powered Air Purifying Protection equipment for first responders.

CAPITAL OUTLAY \$ (1,029,200)

The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes automatic CPR devices.

COMMUNITY DEVELOPMENT DEPARTMENT

*Positions Funded by Building Fund (105)

PLANNING & ENGINEERING (3301-515)

PROGRAM/SERVICES DESCRIPTION

The Planning and Engineering Division provides overall developmental services associated with the Community Development Department. This division provides planning, engineering, landscaping, comprehensive planning review, and development inspection services. In addition, the division provides permitting and inspection services associated with public and private infrastructure within the City limits and utility service area.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed Drainage Study for City's Basin 8 and obtained Conceptual Drainage Permit modification.
- ◇ Completed East Sunrise Improvement Master Plan consultant selection process.
- ◇ Assisted in the successful completion of multiple large scale development projects including Sawgrass Mills Colonnade Expansion & Wal-Mart, and issued permits for Metropica Tower I site development.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Complete East Sunrise Improvement Master Plan to stimulate investment of non-residential areas and to make East Sunrise a safe and desirable place in which to live, work, and play.
- ◇ Prepare the Evaluation and Appraisal Update of the City of Sunrise's Comprehensive Plan.
- ◇ Initiate implementation of new Enterprise Resource Planning (ERP) software to provide significant process and customer service improvements.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

TOTAL EXPENDITURES	\$ 2,955,341	\$ 2,793,525	\$ 3,475,250	\$ 3,793,390

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ (271,400)
The negative variance is primarily attributed to the Utilities Department's implementation of changes in the method of construction, which directly results in lower permit revenues and construction costs.	
PERSONNEL SERVICES	\$ (3,830)
The negative variance is primarily attributed to organizational and base salary changes.	
OPERATING EXPENSES	\$ 321,970
The positive variance is primarily attributed to a reduction on the amount spent on professional consulting contracts offset by the addition of the Dumpster Enclosure Program, the Residential Tree Giveaway Program, and transportation planning services.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Service - Dumpster Enclosure Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3301	COMMUNITY DEVELOPMENT	PLANNING & ENGINEERING	\$ 250,000

Justification

The Community Development Department is proposing a Dumpster Enclosure Program available to residential multifamily and commercial developments built without a dumpster enclosure prior to the City requiring dumpster enclosures. The proposed program will provide the necessary flexibility for constrained properties to construct some variation of a dumpster enclosure, as well as an economic incentive for the construction of a dumpster enclosure for eligible properties. It is estimated the City has various sites without dumpster enclosures. The City has experienced the negative impacts of not having dumpster enclosures such as constant illegal dumping, public health concerns of noncontainment, and negative impact on aesthetic values ultimately impacting property values.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-

Account Number	Description	Cost
48-09	Incentives	250,000
Total Recurring Operating Costs		\$ 250,000

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

The proposed implementation of a Dumpster Enclosure Program will provide an economic incentive for both multifamily and commercial developments built prior to the requirements of a dumpster enclosure to build an enclosure. Enclosing dumpsters provides an aesthetic value to a particular property and neighboring properties, discourages the illegal use of dumpsters and bulk trash build up, and reduces environment impacts from solid waste as it is contained better. The Dumpster Enclosure Program will include a revision to the Land Development Code to allow for staff level waivers providing for expedited processing, permitting, and ultimately construction.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Service - Residential Tree Giveaway Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3301	COMMUNITY DEVELOPMENT	PLANNING & ENGINEERING	\$ 40,000

Justification

The Community Development Department is proposing a Tree Giveaway Program for single-family residences within the City. The proposed program will provide a subsidy for single-family homeowners to obtain a maximum number of trees for planting on their property. Currently, the City's tree canopy of approximately 16-percent is well below Broward League of Cities goal of 30-percent.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

52-95	Other Materials & Supplies	40,000
Total Recurring Operating Costs		\$ 40,000

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

A Tree Giveaway Program will encourage and provide a resource for single-family home residences to plant trees within their property. The addition of trees within our community will have a positive impact on the City's tree canopy coverage, environmental impacts, and health benefits. The additional trees will provide for cleaner air, cleaner water, restored habitat for wildlife, promotes walkability and cycling, increase neighborhood pride and crime reduction, neighborhood beautification, increase property values, and climate resiliency. In addition, this program will provide an opportunity for residences with challenging financial circumstances to bring their properties into compliance with code.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Service - Transportation Planning Services

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3301	COMMUNITY DEVELOPMENT	PLANNING & ENGINEERING	\$ 50,000

Justification

The Community Development Department is proposing to enter into an Interlocal Agreement with the Broward County Metropolitan Planning Organization (BC MPO) for assistance with Planning Services as necessary. This Interlocal Agreement would provide the City the opportunity to utilize BC MPO staff to work directly on large scale transportation items for development projects, such as regional transportation requirements for DRIs, for a specified hourly rate. These services would be utilized on an as needed basis and is expected to be less than 40-hours per month on average.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs

Account Number	Description	Cost
31-30	Professional Services	50,000
Total Recurring Operating Costs		\$ 50,000

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

An Interlocal Agreement that allowed the City to directly utilize BC MPO staff for local coordination of large scale transportation items would provide access to valuable assets, assist with facilitation and implementation of transportation improvements, and facilitation of large development projects.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Business Outreach Coordinator to Asst City Planner

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3301	COMMUNITY DEVELOPMENT	PLANNING & ENGINEERING	\$ (22,750)

Justification

Due to the increasing workload, the Community Development Department is requesting the reclassification of the Business Outreach Coordinator to an Assistant City Planner. The current Planning staff does not support the existing and projected level of new development or redevelopment, or provide the staffing to maintain the expected level of customer service. The responsibilities of the Planning Division have evolved over the last few years with the addition of various regulations and permits (i.e. special events, extended hours). In addition, the Planning Division is expected to lead the East Sunrise Improvement Master Plan Project that is expected to require a multi-year implementation plan. If approved, the Planning Division is expected to have a significant role in the management of the proposed Dumpster Enclosure Program.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Business Outreach Coordinator	73,136	40,960	(114,100)
1	Assistant City Planner	58,562	32,790	91,350
			-	-
Total Personnel Costs				\$ (22,750)

Recurring Operating Costs

Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

Maintaining superior customer service and expedited land development application reviews allows the City to maintain its reputation and provides an advantage for economic development opportunities. In addition, the additional Planner position provides the opportunity for succession planning.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Administrative Assistant II to Administrative Officer I

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3301	COMMUNITY DEVELOPMENT	PLANNING & ENGINEERING	\$ 22,130

Justification			
<p>The department is requesting the Administrative Assistant II position be reclassified to an Administrative Officer. The Administrative Assistant II position reporting directly to the Community Development Director has evolved significantly beyond its regular scope of work to include more responsibility and many tasks performed by Administrative Officers. Because of the immediate relationship to the Director, this position has a responsible role in the management of financial resources, human resources, direct coordination with developers, and tracking of departmental tasks, as well as the department office manager and carrying out directives to staff.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Administrative Assistant II	38,866	21,760	(60,630)
1	Administrative Officer I	53,054	29,710	82,760
			-	-
Total Personnel Costs				\$ 22,130

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits	
<p>This reclassification aligns the responsibilities of the job with the job classification, provides the authority to successfully carry out assigned tasks and responsibilities, and enables the City to retain valuable employees.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Principal City Planner to Planning & Zoning Manager

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3301	COMMUNITY DEVELOPMENT	PLANNING & ENGINEERING	\$ 7,040

Justification
<p>The department is requesting the reclassification of the Principal Planner to Planning & Zoning Manager. The job functions and responsibilities of the Principal Planner have evolved into a more superior role providing direct supervision of the Permit Service Specialists and the Zoning Technician. In addition, the Planning Division is expected to lead the East Sunrise Improvement Master Plan Project that will not only be a yearlong project but is expected to develop into a multi-year implementation plan. The Planning and Zoning Manager is expected to lead this project while continuing to assist the City Planner in managing the Planning Division day-to-day operations.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Principal Planner	89,108	49,900	(139,010)
1	Planning & Zoning Manager	93,619	52,430	146,050
			-	-
Total Personnel Costs				\$ 7,040

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>This reclassification aligns the responsibilities of the job with the job classification, maintains superior customer service and expedited land development application reviews, allows the City to maintain its reputation and provides an advantage for economic development opportunities. In addition, the Planning and Zoning Manager position provides a direct back-up to the City Planner and provide the opportunity for succession planning.</p>

CODE ENFORCEMENT (3320-524)

PROGRAM/SERVICES DESCRIPTION

The Code Enforcement Division preserves the public's health and safety and preserves and improves property values through the enforcement of City Codes to maintain community standards and appearance. The Code Enforcement Division is also responsible for issuing Business Tax Receipts and conducting inspections of business for proper licensing.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Developed an Interactive Code Compliance Area Map with assigned Code Officer's contact information.
- ◇ Created and implemented a new program in conjunction with the Police Department Citizens On Patrol to aid in the identification and enforcement of bulk waste violations in residential neighborhoods
- ◇ All records located in offsite storage that have met retention requirements have been purged. All remaining files and records are now stored in-house, providing better access and annual storage cost savings.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Assist with the implementation of a new online lien search and payment system. This system is expected to streamline manual processes and improve customer service.
- ◇ Assist in the implementation of Tyler/EnerGov, the City's new Enterprise Resource Planning (ERP) software to provide significant process and customer service improvements.
- ◇ Develop a How-to-Guide/Brochure for Obtaining Business Tax Receipt to improve customer service and efficiency.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

LEISURE SERVICES DEPARTMENT

ADMINISTRATION (3601-572)

PROGRAM/SERVICES DESCRIPTION

The Leisure Services Administration Division performs and oversees the daily operations of the Department. Areas of responsibility include, but are not limited to, purchasing, payroll, facility reservations, accounts payable, and accounts receivable. The marketing and promotion of city-wide programs and events are also managed through this division. Administration Division personnel provide customer service, process program and event registrations, disseminate information regarding the department's classes, facilities, programs and special events, and are frequently called upon to assist other Leisure Services divisions in support of program and event offerings. The division also participates in capital projects, facilities, and other project reviews.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Began the implementation of organizational changes in an effort to preserve long-term departmental and institutional knowledge among administrative staff.
- ◇ Began plan development and review for projects slated to start during Phase I of the General Obligation Bond timeline.
- ◇ Members of the administrative staff successfully completed Federal Emergency Management Agency's online, independent study courses in disaster preparedness.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Develop department-wide, division-specific policies and procedures to promote operational sustainability.
- ◇ Promote team-building initiatives to encourage seamless integration of personnel across divisions.
- ◇ Evaluate resident satisfaction with existing programs and services to identify opportunities for improvement.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 41,680
The positive variance is primarily attributed to the historical increase in actuals.	
PERSONNEL SERVICES	\$ (158,830)

The negative variance is primarily attributed to the transfer of personnel to the new Special Events Division.

OPERATING EXPENSES	\$ 31,490
The positive variance is primarily attributed to the increase in funding for videography services and a one-time funding of a department operational assessment.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Graphic Designer Intern

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3601	LEISURE SERVICES	ADMINISTRATION	\$ 15,410

Justification
<p>The Marketing & Communications Office helps to meet the marketing needs of all City departments. As the City's menu of programs, services, and facilities continues to expand, so does the citywide demand for creative services. For example, support is routinely provided to Utilities (ads and other materials in support of gas rebates, Conservation Pays, Good and Green, etc.), Economic Development (ads, collateral, and display materials), Fire-Rescue (fire safety education materials), and the City Manager's Office (award applications). We are seeking a part-time Graphic Designer who can assist the full-time Graphic Design Specialist with the production of ads, logos, flyers/posters, brochures, signage, and other print collateral, as well as develop and format images for social media.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Graphic Designer PT	12,480	950	13,430
			-	-
			-	-
Total Personnel Costs				\$ 13,430

Recurring Operating Costs		
Account Number	Description	Cost
52-09	Non-Capital Software	600
Total Recurring Operating Costs		\$ 600

One -Time Costs		
Account Number	Description	Cost
41-06	Communication Equipment	380
52-08	Non-Capital Computer	1,000
Total One-Time Costs		\$ 1,380

Benefits
<p>This will enable the Communications Director to relinquish design responsibilities and concentrate on promotional efforts. It will also allow the Graphic Design Specialist to focus on high-priority, high-skill projects such as the redevelopment of the City's website - expected to begin in 2016.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Department Operational Assessment

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3601	LEISURE SERVICES	ADMINISTRATION	\$ 25,000

Justification			
<p>The City's Human Resources Department has recommended that Leisure Services undergo a comprehensive organizational operational assessment to evaluate and make structural recommendations to improve efficiencies in the department. This assessment would be conducted by a professional consultant with extensive experience in the field.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs

Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
31-30	Professional Services	25,000
Total One-Time Costs		\$ 25,000

Benefits	
<p>To work through a professional consultant for an operational assessment that will improve structural efficiencies and potentially reduce operating costs. It will also provide the Leisure Services Department with a recommendation for more streamlined and efficient processes.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Videography Services

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3601	LEISURE SERVICES	ADMINISTRATION	\$ 12,500

Justification
<p>The Marketing & Communications Office would like to contract with a vendor to provide videography and editing services. This would enable the City to highlight its Economic Development strengths and to showcase a variety of events (July 4th, Tunes 'N Trucks), programs (Word Up!), and facilities (new and enhanced parks funded with General Obligation-GO bonds) in a visually engaging manner. Coordinating with Marketing & Communications, the vendor would create an outline, capture the raw video, and edit the video/audio into a final package suitable for use on the City's Website. The final video could also be uploaded to existing social media channels, such as Facebook, and used to establish a Sunrise presence on YouTube. The proposed total cost would accommodate the development of approximately five video packages.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
31-30	Professional Services	12,500
Total One-Time Costs		\$ 12,500

Benefits
<p>Videography services will allow the City's Marketing & Communications Office to interact with residents in a visually engaging manner. These videos may be used to showcase a variety of events, highlight Economic Development strengths, and establish an increased presence on social media channels.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Department Reorganization - New Special Events Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3601	LEISURE SERVICES	ADMINISTRATION	\$ (201,700)

Justification
As part of our process to improve departmental efficiencies, we are requesting the Special Events portion of the Programs Division (3644) budget be separated into its own Division and subsequent budget. No additional funding (personnel or operating) is needed.

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Special Events Coordinator	71,350	38,860	(110,210)
(1)	Assistant Special Events Coordinator	58,530	32,960	(91,490)
			-	-
Total Personnel Costs				\$ (201,700)

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
The separation of Programs and Special Events will improve departmental fiscal accountability by properly allocating funding sources. Additionally, this will enable us to create a more efficient tracking system, and subsequently improve efficiencies within the organization.

FACILITIES MAINTENANCE (3620-572)

PROGRAM/SERVICES DESCRIPTION

The Facilities Maintenance Division oversees the daily operations and maintenance of each of the City's parks, fields, pools, meeting rooms, golf course, tennis center, and other leisure facilities. Facilities Maintenance personnel are responsible for providing prompt customer service and safe, well-maintained recreation facilities. Personnel in this division are frequently called upon to assist and support other divisions within the department during special events or other program offerings. The division participates in capital project facility design and project review.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Seamlessly and successfully incorporated the maintenance and oversight of the City's newest parks, Oak Hammock and Cypress Preserve, into their extensive list of responsibilities.
- ◇ Collaborated with other Leisure Services divisions to develop effective work schedules and special event plans to address competing priorities.
- ◇ Full-time staff successfully completed FEMA's online, independent study courses in disaster preparedness.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Implement a comprehensive work order system that provides more effective tracking.
- ◇ Develop a plan to cross-train personnel to effortlessly and confidently provide coverage at any leisure facility as needed.
- ◇ Continue to develop routine preventative building maintenance programs.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET
Number of pavilion and meeting room/hall rentals	3,129	3,430	1,401	3,147
Percentage of work orders completed within one month	80%	80%	76%	85%

TOTAL EXPENDITURES	\$ 2,810,937	\$ 3,327,667	\$ 3,810,290	\$ 3,876,840

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 18,493
The positive variance is primarily attributed to the historical increase in actuals.	
PERSONNEL SERVICES	\$ 150,260
The positive variance is primarily attributed to organizational and base salary changes and the addition of a Field Supervisor and (3) Facility Attendants to assist with park coverage.	
OPERATING EXPENSES	\$ 32,790
The positive variance is primarily attributed to the one-time funding of foul ball netting at various parks and the transfer of operating costs related to the Tennis Center contract which is offset by the increase in painting and non-capital furniture.	
CAPITAL OUTLAY	\$ (116,500)
The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a large trailer, (2) John Deere gators, a sod cutter, and fountain pump replacements at the Civic Center and Nob Hill Soccer Club.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Field Supervisor

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 105,080

Justification			
<p>In comparison to previous fiscal years, the Facilities Maintenance Division has had a decrease of seven positions, including a decrease of two supervisory positions. We are requesting the addition of a Field Supervisor. This position would be instrumental in the success of increasing the standards for the Facilities Maintenance Division. Currently, preventative maintenance has been a challenge due to lack of resources (supervision and accountability of staff). The Field Supervisor would be responsible for overseeing the daily operations of park and facilities.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Field Supervisor	51,760	28,990	80,750
			-	-
			-	-
Total Personnel Costs				\$ 80,750

Recurring Operating Costs		
Account Number	Description	Cost
52-03	Uniforms	450
Total Recurring Operating Costs		\$ 450

One -Time Costs		
Account Number	Description	Cost
64-05	Motor Vehicles	23,000
41-06	Communication Equipment	880
Total One-Time Costs		\$ 23,880

Benefits	
<p>Improved standards for the Facilities Maintenance division and additional direct supervision of employees.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Maint Mechanic/Pool PT to Swim. Pool Mechanic

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 66,920

Justification			
<p>Staff have had great difficulty in filling an existing Maintenance Mechanic/Pool PT position. This request would convert the existing Maintenance Mechanic/Pool PT to a FT Swimming Pool Mechanic. With the addition of the splash pad at Cypress Preserve Park, the existing Swimming Pool Mechanic has had challenges performing all of his necessary maintenance checks and repairs on a daily basis. In addition, this position would provide for 7-day coverage of all aquatic facilities.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Swimming Pool Mechanic	38,866	21,760	60,630
(1)	Maintenance Mechanic/Pool PT	16,757	1,280	(18,040)
			-	-
Total Personnel Costs				\$ 42,590

Recurring Operating Costs		
Account Number		Cost
52-03	Uniforms	450
Total Recurring Operating Costs		\$ 450

One -Time Costs		
Account Number	Description	Cost
41-06	Communication Equipment	880
64-05	Motor Vehicles	23,000
Total One-Time Costs		\$ 23,880

Benefits	
<p>Converting this position to full time would enable staff to provide 7-day coverage. Additional staff hours would provide needed technical assistance during busy evening and weekend hours to better troubleshoot and address pool problems.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Facility Attendant PT

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 15,630

Justification
In September 2015, Oak Hammock and Cypress Preserve parks opened. Initial staffing projections included 1 FT and 1 PT Facility Attendant. However after assessing park use and requests from citizens regarding increasing park hours it has become apparent that additional staffing is necessary in order to properly maintain and supervise the activities at these two parks. The existing staffing is unable to adequately cover all of the hours when the two parks are opened. In addition, high weekend use at the Cypress Preserve splashpad and pavilions warrants a dedicated staff person at this location.

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Facility Attendant PT	14,097	1,080	15,180
			-	-
			-	-
Total Personnel Costs				\$ 15,180

Recurring Operating Costs		
Account Number	Description	Cost
52-03	Uniforms	450
Total Recurring Operating Costs		\$ 450

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
This additional part-time Facility Attendant position will permit for adequate coverage of both parks during late afternoon and weekend peak use hours. Each park will be opened at 7:00 AM in order to satisfy citizen requests for earlier access.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Facility Attendant PT

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 15,630

Justification			
<p>The Village Meeting hall is heavily rented during the weekday and weekend evenings. Currently the Facility Attendant assigned to City Park monitors the majority of these rentals which reduces their time handling responsibilities at City Park and the Village Multi-Purpose building. The supervision of two locations simultaneously leaves one unsecured at times. A part-time Facility Attendant is needed to properly monitor these rentals.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Facility Attendant PT	14,097	1,080	15,180
			-	-
			-	-
Total Personnel Costs				\$ 15,180

Recurring Operating Costs		
Account Number	Description	Cost
52-03	Uniforms	450
Total Recurring Operating Costs		\$ 450

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits	
<p>The addition of this position would provide for a dedicated part-time Facility Attendant to be onsite for all rentals at the Village Meeting hall. This would improve customer service for all rentals as well as provide necessary supervision of the rental activities and overall building security.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Facility Attendant PT

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 15,630

Justification
<p>The Senior Center has increased programmed activities and has added an additional night of programming. Furthermore, there has been a noted demand in Theatre and Amphitheatre rentals at the Civic Center as well as special events such as Tunes and Trucks, Swim meets and other events. These additional programs require coverage by a part-time Facility Attendant to handle custodial duties and building security. This totals approximately 20 hours a week.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Facility Attendant PT	14,097	1,080	15,180
			-	-
			-	-

Account Number	Description	Cost
52-03	Uniforms	450
Total Recurring Operating Costs		\$ 450

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>The addition of this position would reduce the need for utilizing full-time staff on overtime or other part-time staff on straight overtime to work these programmed activities.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Tree Replacement

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 5,000

Justification
<p>Due to various weather conditions, such as hurricanes, heavy lightning, poor soil conditions, insects, and disease, many trees have died and required removal. Funding is requested for the replacement of trees in City Parks and near facilities, as required by Broward County code, and to restore and maintain the tree canopy of the City.</p>

52-18	Grounds & Turf	5,000
Total Recurring Operating Costs		\$ 5,000

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>Adding more trees throughout Sunrise will have many benefits, such as helping to beautify the neighborhoods, reducing the urban heat island effect, improving air quality, and by providing habitat for wildlife.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Painting of Leisure Services Facilites

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 27,000

Justification
<p>A variety of Leisure Services facilities are in need of painting. Buildings are currently showing significant signs of fading and algae growth and are in need of painting in order to maintain the appearance level expected of high profile facilities. The Civic Center, last painted in 2006, has an associated cost of \$45,000. The Village Multi-Purpose Center, last painted in 2008, has an associated cost of \$20,000. Roarke Hall, last painted in 2003, has an associated cost of \$13,500.</p>

34-43	Painting	27,000
Total Recurring Operating Costs		\$ 27,000

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>Repainting these facilities with a fresh coat of exterior paint will increase aesthetics for our community and can decrease the risk of weather related damages.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Chairs and Racks

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 10,920

Justification
Chairs and racks are used throughout the Civic Center building in a variety of classrooms and programming spaces. Our current chairs are either 18 years old or have been received from other departments. The department is requesting additional funding to purchase 100 chairs at \$105.60 each and 3 racks at \$120 each.

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-

52-07	Non-Capital Furniture (Chairs)	10,560
52-07	Non-Capital Furniture (Racks)	360
Total One-Time Costs		\$ 10,920

Benefits
Chairs and racks are used throughout the Civic Center building in a variety of classrooms and programming spaces. These chairs would benefit Sunrise residents by providing a safer and more enjoyable experience while participating in programs at the Civic Center.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Radios

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3620	LEISURE SERVICES	FACILITIES MAINTENANCE	\$ 16,230

Justification
<p>Radios are an important component in maintaining communication during the work shift. Currently there are only nine (9) radios within the Facilities Maintenance division. An additional eighteen (18) radios are needed in order to provide all mobile and facility based maintenance and park staff to have use of a handheld City radio. If approved, future recurring costs will include radio maintenance for \$1,080.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs

SENIOR & SOCIAL SERVICES (3631-572)

PROGRAM/SERVICES DESCRIPTION

The Senior and Social Services Division provides specialized social, educational, wellness, and recreational programs for active adults, encouraging continuing community involvement. Additionally, the division also provides supportive social services to residents. Qualified residents are aided in obtaining Federal, State and/or local assistance as needed. Applications for access to the City's Emergency Assistance Fund, Fee Waiver Program, medical transportation, and Crisis Closet are vetted through the City's Social Worker.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Introduced new classes (Knitting & Crocheting, Cardio with a Twist, and Drawing), and added Conversational English sessions to meet patrons' programming requests.
- ◇ Introduced its new "Stress Free Lecture Series." Covered topics included mental wellness, chiropractic care, aromatherapy and pet therapy.
- ◇ Promoted and hosted themed Senior Center socials resulting in sold out events and a 73.33% overall increase in attendance from events held in previous years.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Continue to develop a marketing and outreach plan to reach new potential participants.
- ◇ Continue to increase classes and program offerings that reflect diversity.
- ◇ Continue to develop and expand partnerships with outside agencies to provide an increase in Senior Center services.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 15,100
The positive variance is primarily attributed to the historical increase in actuals.	
PERSONNEL SERVICES	\$ (14,190)
The negative variance is primarily attributed to organizational and base salary changes.	
OPERATING EXPENSES	\$ 9,040
The positive variance is primarily attributed to an increase of costs related to the Food Pantry and the reallocation of Thanksgiving baskets to the appropriate line item account.	
CAPITAL OUTLAY	\$ (7,380)
The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a card printer.	
GRANTS & AIDS	\$ (6,900)
The negative variance is primarily attributed to the reallocation of Thanksgiving baskets to an operating expense account.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Clerk Typist II to Administrative Assistant I

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3631	LEISURE SERVICES	SENIOR & SOCIAL SERVICES	\$ 3,070

Justification			
<p>The Senior Center has become busier with additional participants and expanded programming. There is a strong need for the Clerk Typist II to take on additional responsibilities that fall in the Administrative Assistant I job description. These additional responsibilities include the oversight of daily operations in the office, which would allow supervisory staff in Recreation, Transportation, and Social Services to perform more efficiently to complete various tasks.</p>

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits	
<p>The need for a clerical staff member to assist in leading the office staff and overseeing the day to day operations, in addition to assisting the Division Director, Social Worker, and supervisors with various tasks as needed would help the Senior Center run more efficiently. This would allow the Division Director and other management staff to spend more time focusing on building relationships with the seniors, adding additional programming, and finding various agencies in the community to build partnerships with.</p>

AQUATICS (3641-572)

PROGRAM/SERVICES DESCRIPTION

The Aquatics Division provides a variety of affordable group and private lessons for students of all ages. Lessons for Broward County School students are offered through Swim Central and provided at the City's pools. Operating within the Aquatics Division are US competitive swimming and synchronized swimming teams, various programs, and special events. Aquatics personnel provide fun, safe access to the City's aquatic facilities and closely supervise swimmers through its staff of Jeff Ellis and Associates licensed lifeguards.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Received the Ellis & Associates "2015 Silver International Aquatic Safety Award" for exceeding safety certification criteria; a recognition afforded only to those scoring in the top 30% of the audit criteria.
- ◇ Successfully executed the 2nd annual "Autism Swims" event.
- ◇ Provided over 300 free swim lessons to Sunrise residents.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Bring together community partners to increase the level of service to members of the community seeking to benefit from the therapeutic effects of an aquatic environment.
- ◇ Increase the level of participation in water safety activities through further involvement in Swim Central and expansion of the Free Swim Lessons Program.
- ◇ Expand aquatic program offerings to ensure the needs of the community are being met.

PERFORMANCE MEASURES	FY 2014/2015	FY 2015/2016	3/31/2016	FY 2016/2017

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 1,300
-----------------	----------

The positive variance is primarily attributed to a projected increase in swimming pool fees.

PERSONNEL SERVICES	\$ 17,340
---------------------------	-----------

The positive variance is primarily attributed to cost of living and merit increases and annual increases in pension and insurance benefits.

OPERATING EXPENSES	\$ 29,000
---------------------------	-----------

The positive variance is primarily attributed to an increase preventative pool maintenance and chemicals.

CAPITAL OUTLAY	\$ 10,750
-----------------------	-----------

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes replacement pool pumps, gas heater for Welleby pool, and a portable aquatic lift to assist patrons with physical disabilities.

ATHLETICS (3642-572)

PROGRAM/SERVICES DESCRIPTION

The Athletics Division provides a variety of quality sports programs for the youth in our community so they can have a well-organized and affordable athletic experience. The City's youth athletic programs teach the fundamentals of sports, encourage good sportsmanship, and allow children to have fun through a variety of athletic competitions.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Increased City level of partnership in the operation of the Sunrise Gators Tackle Football and Cheerleading program.
- ◇ Served over 2,500 children during the year in the youth athletics program.
- ◇ Conducted criminal background checks and provided continuous training and support for 400 volunteer coaches, who are the backbone of the youth athletics program.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Encourage and promote volunteer support for the youth athletics programs to ensure the programs' success.
- ◇ Provide a safe environment for the children to enhance their physical abilities, build self-esteem, and develop leadership skills while having fun.
- ◇ Develop a marketing plan to enhance and promote the youth athletics program in an effort to increase participation.

Additional Funding - Travel Basketball Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3642	LEISURE SERVICES	ATHLETICS	\$ 5,000

Justification
In line with the popularity and high demand of our recreational basketball program, a competitive travel basketball program will provide a service to City residents that is not currently offered. The City currently offers competitive travel programs for soccer, baseball, softball, and tackle football/cheerleading. The estimated revenue is \$6,000 (\$150 registration fee for approximately 40 kids). The City will keep 25% of the revenue generated.

To provide a competitive travel basketball program to City residents, that of which is not currently offered.

CAMPS (3643-572)

PROGRAM/SERVICES DESCRIPTION

The Camps Division provides quality, supervised children's day camp programs and offers summer camp programs at various locations throughout the City, serving 1,000 children. The division also offers mini camps during the summer, spring, and winter, in addition to day camps when children are out of school.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Provided twelve (12) summer camp sites throughout the City and served 1,000 children.
- ◇ Provided additional training opportunities through the Florida Recreation and Park Association (FRPA).
- ◇ Provided campers with lunch and afternoon snacks through a third-party caterer as part of a state-funded program.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Increase participation in mini camp and "Kid Days Off" programs by implementing new and innovative offerings.
- ◇ Increase partnerships to provide educational and exciting opportunities for campers.
- ◇ Provide innovative programming for older youth which will attract additional participants.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

PROGRAMS (3644-572)

PROGRAM/SERVICES DESCRIPTION

The Programs Division provides affordable recreation programs to serve and enhance the quality of life of Sunrise residents. This budget incorporates City sponsored and contractual recreation programming.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Renewed and expanded the scope of Baptist Health South Florida's sponsorship totaling \$13,950 in monetary and in-kind support of Leisure Services programs and special events.
- ◇ Initiated the first Martin Luther King, Jr. Celebration, which included an art gallery opening, spoken word performances and musical entertainment.
- ◇ Implemented a high quality July 4th event, with an estimated 25,000 people in attendance. An expanded scope of responsibilities was successfully managed by the City.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Promote and develop sponsorships and partnerships with local and regional businesses for programs to assist in reduction of production costs.
- ◇ Increase the number of City sponsored recreation programs per month.
- ◇ Increase the number of participants enrolled in City sponsored programs.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET
Monthly average of City sponsored recreation programs	8	8	8	8
Total participants enrolled in City sponsored recreation programs	493	410	265	500
Monthly average number of contracted recreation programs	15	15	15	18
Total number of participants enrolled in contracted programs	7,218	6,750	3,623	7,500

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES \$ (38,200)

The negative variance is primarily attributed to a projected decrease in membership fees and recreation program fees due to temporary closures caused by renovations at the Athletic Club and Civic Center.

PERSONNEL SERVICES \$ (70,490)

The negative variance is primarily attributed to the transfer of personnel to the new Special Events Division which is offset by cost of living and merit increases, annual increases in pension and insurance benefits.

OPERATING EXPENSES \$ (207,070)

The negative variance is primarily attributed to the transfer of funding to the new Special Events Division which is offset by the increase in costs related to the Employee Appreciation Picnic and Dinner events.

CAPITAL OUTLAY \$ 100

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a freezer, tents, and a recumbent bike at the Civic Center.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - 5K Walk/Run

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3644	LEISURE SERVICES	PROGRAMS	\$ 30,120

Justification
<p>A 5K walk/run is being proposed due to the popularity of fitness and wellness events and requests by residents and the Sunrise City Commission. Budget numbers are based on an estimate of 2,000 participants and a proposed location of the BB&T Center parking lot to minimize costs. The estimated revenue is \$15,120 generated from sponsorships and registrations which will offset the costs of the event.</p>

TENNIS (3645-572)

PROGRAM/SERVICES DESCRIPTION

The Tennis Club Program offers ten (10) Hydrocourt clay courts, four (4) asphalt-based cushioned courts and one (1) Hydrocourt tournament court - as well as lighting, sheltered spectator areas and restrooms. The facility also features a clubhouse with a pro shop, players' lounge and locker rooms. The Sunrise Tennis Club, home of the Sunrise Tennis Academy, offers Cardio Tennis, Adult Instructional Drills, and Doubles Drills and Play.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Resurfaced all ten (10) hard courts, which improved drainage tremendously.
- ◇ Hosted two professional tennis tournaments for over 190 players, generating \$7,700 in revenue.
- ◇ Sub-metered all tennis courts and related facilities to more effectively track the usage of water.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Increase presence in the community through marketing initiatives.
- ◇ Improve facility conditions through City maintenance of court lighting.
- ◇ Establish tennis rates based on competitive market, ensuring rates remain within appropriate parameters.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES \$ (100,000)

The negative variance is primarily attributed to the recent amendment of the Tennis Center contract.

OPERATING EXPENSES \$ 98,130

The positive variance is primarily attributed to the recent amendment of the Tennis Center contract and the transfer of operating costs related to the Tennis Center from Facilities Maintenance.

CAPITAL OUTLAY \$ 6,550

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a back gate camera and buzzer, the replacement of canopies, and a rally backboard to enhance programming and practice opportunities.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - Replacement of Furniture and Umbrellas

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3645	LEISURE SERVICES	TENNIS	\$ 13,000

Justification
<p>Previously, the Tennis Club had patio furniture on the perimeter of the building for spectators and patrons. As they became in disrepair, they were not replaced. This includes 6 tables (with 4 chairs per table) and 2 gliders to match existing furniture. The Tennis Club also had umbrellas at all tables for spectators, patrons, and players. As they became in disrepair, they were not replaced.</p>

THEATRE (3646-573)

PROGRAM/SERVICES DESCRIPTION

The Theatre Division supports an intimate, 300-seat theatre featuring a full production-size stage and orchestra pit. The division is committed to hosting musicals, ballets, concerts and multi-cultural performances that appeal to a broad cross-section of the City's residents. The Division is also responsible for the Civic Center's Art Gallery, showcasing traveling and local art exhibits and hosting opening receptions. The Division also oversees the Civic Center's Amphitheater which hosts the popular Tunes 'n Trucks Concert Series. The Theatre Division's technical staff provides support for departmental programs, special events, facility rentals, City Commission meetings and City functions.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Served as host for the "Centerpiece Night," "Sunset at Sunrise," and "Israeli Evening" events for the prestigious Fort Lauderdale International Film Festival.
- ◇ Increased the number of theatre rentals by 300%, as of March 2016, over last year's numbers during the same timeframe.
- ◇ Attracted an estimated 3,400 visitors to the Tunes 'n Trucks Concert held in March featuring local band, "Mr. Nice Guy," the largest recorded participation at the Amphitheater to-date.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Increase use of social media and other marketing tools to promote upcoming shows and increase ticket sales.
- ◇ Identify and utilize themes to increase the number of cross-over events that incorporate both the theatre and art gallery.
- ◇ Evaluate trends in the market to diversify programming and increase participation.

SPECIAL EVENTS (3647-572)

PROGRAM/SERVICES DESCRIPTION

The Special Events Division provides affordable leisure activities for Sunrise residents. These events enhance quality of life by providing opportunities for families to celebrate holidays, experience cultural arts, and connect with one another in a safe and fun environment.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ To organize and execute over 35 City-wide special events throughout the year.
- ◇ Initiate a new event, "Taste of Sunrise," which will promote local restaurants and provide an enjoyable event to the public.
- ◇ Increase revenue generated from all special event vendors.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Department Reorganization - New Special Events Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3647	LEISURE SERVICES	SPECIAL EVENTS	\$ 558,300

Justification
As part of our process to improve departmental efficiencies, we are requesting the Special Events portion of the Programs Division (3644) budget be separated into its own Division and subsequent budget. No additional funding (personnel or operating) is needed. As part of the reorganization, it is requested to retitle the Special Events Coordinator to a Division Director (Special Events & Cultural Arts). The position will remain aligned with the Division Director (Facilities) and the Division Director (Recreation Programs & Operations). It is also being requested to retitle the Assistant Special Events Coordinator to a Recreation Supervisor (Special Events). This position will remain aligned with the other Recreation Supervisors (Cultural Arts, Athletics, Aquatics, Youth Programs, Facilities, etc.) The salary and pay grades of these positions will remain the same.

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Division Director	71,350	38,860	110,210
1	Recreation Supervisor	58,530	32,960	91,490
1	Recreation Programmer	51,730	39,730	91,460
Total Personnel Costs				\$ 293,160

Recurring Operating Costs		
Account Number	Description	Cost
	Various Account Numbers	265,140
Total Recurring Operating Costs		\$ 265,140

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
The separation of Programs and Special Events will improve departmental fiscal accountability by properly allocating funding sources. Additionally, this will enable us to create a more efficient tracking system, and subsequently improve the efficiencies within the organization.

FACILITIES MAINTENANCE & OPERATIONS (4240-519)

PROGRAM/SERVICES DESCRIPTION

The Facilities Maintenance and Operations Section plans for, operates, maintains, and preserves City facilities. The Section provides limited management of facilities improvements and minor construction renovations projects through third party vendors and contractors. The Section is responsible for 240,000 square feet (70 buildings) of City-owned facilities and provides service to departments in 24,000 square feet of leased space.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Implemented a Preventative Maintenance Program to properly maintain the life of existing building systems in the City facilities and to develop metrics for ongoing measurement of preventive maintenance activities.
- ◇ Continued the replacement of end-of-useful life A/C units at Fire Stations.
- ◇ Replaced and updated the Formica in the kitchen at Fire Station 92.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Ensure optimum effectiveness of staff and improve ability to assign staff to highest priority needs by standardizing base skill levels for all maintenance staff.
- ◇ Facilities roofing management strategies will be implemented to enumerate, itemize, and prioritize roofing repair needs.
- ◇ Heating, ventilation and air conditioning (HVAC) maintenance strategies will be implemented to allow for the prioritization and effective maintenance of facilities that operate 24 hours a day and 7 days a week.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET
Average number of monthly routine maintenance calls	N/A	N/A	60	105
Average number of monthly routine maintenance calls completed	N/A	N/A	60	105
Average number monthly preventative calls scheduled	N/A	N/A	50	155
Average number monthly preventative calls completed	N/A	N/A	50	155

FACILITIES MAINTENANCE & OPERATIONS (4240-519)

	FY 13/14 ACTUALS	FY 14/15 ACTUALS	FY 15/16 ADOPTED	FY 16/17 PROPOSED
EXPENDITURES				
Personnel Services	\$ 535,291	\$ 334,137	\$ 351,040	\$ 356,750
Operating Expenses	933,443	2,545,820	3,116,340	2,964,860
Capital Outlay	-	290,196	25,000	80,500
TOTAL EXPENDITURES	\$ 1,468,734	\$ 3,170,153	\$ 3,492,380	\$ 3,402,110

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES \$ 5,710

The positive variance is primarily attributed to cost of living and merit increases and annual increases in pension and insurance benefits.

OPERATING EXPENSES \$ (151,480)

The negative variance is primarily attributed to a reduction in professional consulting contracts, tree replacement, lower electricity costs., and the transfer of funding to the new Public Works Division.

CAPITAL OUTLAY \$ 55,500

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a/c replacements at various City facilities.

PERSONNEL COMPLEMENT

Note: This budget includes the portion of salary and benefit costs of positions that are split-funded. These positions are reflected in the personnel complement for the Utilities Facilities Maintenance & Operations Division (401-4240).

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Energy Audits of Municipal Buildings

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
001-4240	UTILITIES	FACILITIES MAINTENANCE & OPERATIONS	\$ 20,000

Justification
<p>Energy audits will provide a road map of investments to yield on-going annual savings. Audits typically identify annual saving opportunities of 10% to 20%. Energy audits are a best practice for fiscally responsible portfolio management of our facility assets. The audits will evaluate our aging facilities and assess the cost of improvements and the return on investment (payback period) providing useful information for Facilities maintenance and capital planning. The goal is to reduce operating, downtime and maintenance costs. Energy audit costs vary depending on building type, age, building systems and the depth of analysis required. Cost basis here is 0.15 cents per square foot based on U.S. Department of Energy reports of average costs for American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) Level II Audits. Based on this, \$20,000 should be sufficient to assess 133,333 square feet.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
31-30	Professional Services	20,000
Total One-Time Costs		\$ 20,000

Benefits
<p>Energy audits can inform strategic investment decisions by helping to determine the most cost effective improvements, or bundle of improvements that will result in on-going savings. The findings can be used to prioritize, plan, budget and schedule upgrades and can be used to inform maintenance - repair/replacement decisions. Audits will inform sound capital improvement project planning. Analysis may also inform the design of cost saving operational protocols; from powering down computers and printers at nights to running non-time sensitive energy intensive activities during non-peak rate hours.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Facilities Roofing Program & Other Maintenance Services

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
001-4240	UTILITIES	FACILITIES MAINTENANCE & OPERATIONS	\$ 132,450

Justification
<p>The Facilities Maintenance and Operations Section plans for, operates, maintains, and preserves City facilities. This Division provides limited management of facilities improvements and minor construction renovation projects through third party vendors and contractors. The Division is responsible for approximately 240,000 square feet of City-owned facilities, including roofing systems. A program modification is required to ensure that all roofing systems are properly inspected and maintained to promote roofing system longevity.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Funding to New Public Works Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
001-4240	UTILITIES	FACILITIES MAINTENANCE & OPERATIONS	\$ (70,060)

Justification
In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars. There is no increase in City funding for this new Division. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
				-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs

34-21	Grounds Maintenance	(70,060)
Total Recurring Operating Costs		\$ (70,060)

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
With the creation of the new Public Works Division within the Utilities Department, staff will be able to become more efficient with their operations. Furthermore, this new Division will consolidate the funding needed to manage the core public works operations.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Fire Station Repairs and Modifications

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4240	UTILITIES	FACILITIES MAINTENANCE & OPERATIONS	\$ 50,000

Justification
<p>This funding will allow for the repairs and modifications to Fire Stations 39, 59, 83 and 92 in Sunrise. The work could include repairs to decorative stone masonry, replacement of cabinetry and countertops throughout the stations, replacement of doors that are deteriorating from rust, and replacement of water heaters, as needed.</p>

PUBLIC WORKS (4321-541)

PROGRAM/SERVICES DESCRIPTION

The Public Works Division is responsible for beautifying public areas by designing, constructing, and maintaining property at City-owned facilities. The Division regularly reviews and maintains the landscaping and hardscaping within public areas, and implements best management practices with regards to replacement materials. Crews pressure clean, apply polymeric sand, and seal coat rights-of-way brick pavers, concrete separators, and curbs. This Division also manages the various contractors that maintain the landscaping and irrigation at facilities such as City Hall, the five Fire Stations, the Senior Center, and the Public Safety Complex.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed Panther Pkwy right-of-way revitalization through pressure cleaning and seal coating of median pavers and curbing.
- ◇ Completed the Weston Road right-of-way median revitalization program through pressure cleaning and seal coating of median pavers and curbing.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Expand the Rights-of-Way revitalization program through pressure cleaning and seal coating of pavers and pressure cleaning of median curbs.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Streets Maintenance & Stormwater Personnel to Public Works

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4321	UTILITIES	PUBLIC WORKS	\$ 765,650

Justification			
<p>In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars and the General Fund subsidy to the Fuel and Roadway fund will have a commensurate reduction. There is no increase in City funding for this new Division. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.</p>

FUND 105 - BUILDING (3308-524)

PROGRAM/SERVICES DESCRIPTION

The Building Division safeguards public health, safety, and general welfare through the administration and enforcement of the Florida Building Code and all local ordinances to ensure the highest level of building code compliance. The Building Division provides the following services: performs plan review for all commercial and residential construction; performs mandatory inspections for all phases of construction to ensure compliance with building safety regulations; collects permit fees and issues permits for all new residential, commercial and industrial construction as well as residential and commercial improvements; issues Certificates of Completion and Certificates of Occupancy; and processes building code violations before the Special Magistrate and Unsafe Structures Board.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Created a How-to-Guide for Early Start Requests to allow construction to commence prior to permit issuance.
- ◇ Implemented walk-through permitting for roofs, windows/doors, shutters, and garage doors for one and two family dwellings.
- ◇ Selected a new Enterprise Resource Planning (ERP) software to provide significant process and customer service improvement.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Create a How-to-Guide for Certificate of Occupancy Requests to streamline the process and improve customer service,
- ◇ Map and develop business process for implementation of new Enterprise Resource Planning (ERP) software.
- ◇ Evaluate expansion of the walk-through permitting to include a/c change outs, water heaters, and service/panel changes for one and two family dwellings.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ (32,940)
The negative variance is primarily attributed to a reduction in the amount transferred from Fund Balance.	
PERSONNEL SERVICES	\$ 174,320
The positive variance is primarily attributed to cost of living and merit increases and annual increases in pension and insurance benefits and the addition of a new Program Analyst position.	
OPERATING EXPENSES	\$ 63,280
The positive variance is primarily attributed to a contractual increase in the building lease payment.	
CAPITAL OUTLAY	\$ 50,000
The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes vehicle replacements.	
OTHER USES	\$ (320,540)
The negative variance is primarily attributed to the elimination of a transfer to Fund 503.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Conversion - Code Enforcement Coordinator PT to FT

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3308	COMMUNITY DEVELOPMENT	BUILDING	\$ 32,610

Justification
<p>The Community Development Department is requesting the conversion of the part-time Code Enforcement Coordinator in the Building Division to full-time. Responsibilities include processing of all Florida Building Code cases, 40-year Building Safety Inspection Reports and subsequent 10-year Building Safety Inspection Reports, and unsafe structure cases. The current workload for the entire Building Division is not manageable with one part-time employee.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Code Enforcement Coordinator PT	24,647	1,890	(26,540)
1	Code Enforcement Coordinator FT	37,919	21,230	59,150
			-	-
Total Personnel Costs				\$ 32,610

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>The conversion of the part-time Code Enforcement Coordinator in the Building Division to full-time will provide the necessary staffing to ensure compliance with the Florida Building Code is maintained, provide a direct back-up to the Code Enforcement Coordinator in the Code Enforcement Division (cross utilization of resources), and provide a constant a resource for customers.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Conversion - Permit Service Specialist PT to FT

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3308	COMMUNITY DEVELOPMENT	BUILDING	\$ 30,290

Justification
<p>Due to the increasing workload, the department is requesting the conversion of the part-time Permit Service Specialist in the Building Division to full-time. The appropriate staffing for the processing of permit assistance, triage, intake, routing, pricing, issuing, and inspection requests is a critical component to providing and maintaining good customer service.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Permit Service Specialist PT (26 hrs)	22,887	1,750	(24,640)
1	Permit Service Specialist FT	35,211	19,720	54,930
			-	-
Total Personnel Costs				\$ 30,290

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>The conversion of the part-time Permit Service Specialist in the Building Division to full-time provides for the resources necessary to facilitate the successful implementation and maintenance of walk through permitting for single-family building permits involving one discipline and to continue to provide the expected level of customer service. In addition, this request provides the opportunity for succession planning.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Program Analyst

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3308	COMMUNITY DEVELOPMENT	BUILDING	\$ 102,520

Justification

The Community Development Department is requesting a new position, Program Analyst, for the Building Division. A Program Analyst will provide a dedicated resource with the required credentials to manage and perform the required tasks to implement the new ERP (computer database and tracking software) system, maintain the business modules within the Division, and continue to implement new and improved procedures. In addition, a Program Analyst will have an in depth understanding of the Building Division's business functions to provide immediate support to all staff and external customers experiencing technical challenges, minimizing delays to the customer. The Program Analyst will be responsible for creating and maintaining all departmental reporting functions including performance measure reports.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Program Analyst	64,642	36,200	100,840
			-	-
			-	-
Total Personnel Costs				\$ 100,840

Recurring Operating Costs

Account Number	Description	Cost

FUND 191 - TRANSPORTATION (3632-544)

PROGRAM/SERVICES DESCRIPTION

The Transportation Division provides low-cost mini-bus and medical transportation services. Mini-buses operate on a regular schedule and transport passengers to and from a variety of local destinations, while medical transportation services are made available to prequalified residents. The division provides door-to-door, safe, consistent transportation that serves to extend the mobility and independence of the primarily senior citizen demographic it serves. Transportation personnel provide customer service and regularly assist riders with packages purchased during their outings. The Division also provides services for various programs such as senior trips, wellness shuttles, Broward County School Board volunteer transportation, evening events, "Kids Days Off," summer camp, mini-camps, and shuttle services during several special events.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Ridership on the morning mini-bus service has tripled since the inception of the service.
- ◇ Provided transportation passengers with information regarding outreach and assistance programs available through the Senior Center.
- ◇ Successfully completed First Aid and CPR recertification for transportation personnel.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Implement bi-annual, complimentary "Fall Cleaning & Spring Cleaning" wheelchair and walker cleanings for all medical and bus riders.
- ◇ Plan and coordinate quarterly meetings throughout the City to increase awareness regarding available transportation services for residents.
- ◇ Increase training opportunities for personnel.

FUND 191 - STREETS MAINTENANCE (4340-541)

PROGRAM/SERVICES DESCRIPTION

The Fuel & Roadway Fund is utilized to construct, reconstruct, repair and maintain City of Sunrise streets, roadways, right-of-ways, median strips, concrete sidewalks, curbing and streetlights. Additional transportation expenditures include resurfacing/transportation capital projects, bridge maintenance, traffic engineering, signalization, and pavement marking. This fund is administered by the Utilities Department. Authorized uses are defined by the Florida Statutes 336.025(1)(a)2 and are to be used for transportation related expenditures only.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Maintained City-owned bridges with in-house work force.
- ◇ Replaced approximately 16 miles of roadways as part of the Sunrise Golf Village Water Main Replacement Project.
- ◇ Completed full roadway restoration and repairs related to water and sewer repairs to assist the water and wastewater sections.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Mill and resurface 5 linear lane miles of asphalt roadway within the city.
- ◇ Continue to work with the Capital Projects Section to ensure roadway resurfacing is coordinated as part of future projects.
- ◇ Perform concrete and asphalt repairs efficiently and continue to participate in the City's Concrete Sidewalk Program.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

In house concrete sidewalk replacements (sq ft)	3,283	7,500	5,678	7,500
Roadways swept (curb-miles)	625	1,300	752	1,300
Asphalt roadway restoration and repairs (tons)	315	550	290	550

FUND 191 - STREETS MAINTENANCE (4340-541)

	FY 13/14 ACTUALS	FY 14/15 ACTUALS	FY 15/16 ADOPTED	FY 16/17 PROPOSED
EXPENDITURES				
Personnel Services	\$ 580,652	\$ 716,762	\$ 778,910	\$ 971,510
Operating Expenses	1,301,930	1,394,193	1,363,880	1,229,010
Capital Outlay	36,516	96,217	357,200	482,500
Other Uses	-	-	93,580	-
TOTAL EXPENDITURES	\$ 1,919,098	\$ 2,207,172	\$ 2,593,570	\$ 2,683,020

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES \$ 192,600

The positive variance is primarily attributed to reallocation of split-funded positions.

OPERATING EXPENSES \$ (134,870)

The negative variance is primarily attributed to the transfer of funding to the new Public Works Division.

CAPITAL OUTLAY \$ 125,300

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a backhoe loader to maintain community services.

OTHER USES \$ (93,580)

The negative variance is primarily attributed to a reduction in contingency.

PERSONNEL COMPLEMENT

Note: This budget includes the portion of salary and benefit costs for positions that are split-funded. These positions are reflected in the personnel complement for the Utilities Field Operations Division (401-4230).

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Streets Maintenance Personnel to New Public Works Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4340	UTILITIES	STREETS MAINTENANCE	\$ 121,590

Justification

In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars and the General Fund subsidy to the Fuel and Roadway fund will have a commensurate reduction. There is no increase in City funding for this new Division. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
	Various	134,090	85,430	219,520
			-	
			-	-
Total Personnel Costs				\$ 219,520

Recurring Operating Costs

53-03	Median Strip R&R	(18,000)
54-01	Subs & Memberships	(30)
Total Recurring Operating Costs		\$ (97,930)

Benefits

With the creation of the new Public Works Division within the Utilities Department, staff will be able to become more efficient with their operations. Furthermore, this new Division will consolidate the funding needed to manage the core public works operations.

Additional Funding - Taser Simulation Training Suit

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3150	POLICE/CONFISCATION	FEDERAL	\$ 7,750

Justification
<p>The Training Unit is responsible for conducting annual Taser Training, which is governed by FDLE mandates, CFA standards, and departmental policy. The Taser Simulation Training Suit is manufactured to be used with the Taser brand weapon. This suit is designed to be used along with simulation cartridges. The combination of both apparatuses together in training allows the trainer to originate real life Taser related scenarios without compromising the safety of the role player. It also provides the trainee the timing, speed and accuracy that accompany a Taser weapon. The items are purchased separately but are needed to create one suit.</p>

ADMINISTRATION (4210-536)

PROGRAM/SERVICES DESCRIPTION

The Administration Section is responsible for providing various utility support activities including planning, sustainability, budgeting, personnel support, and procurement of equipment, materials, supplies and capital improvement. The section also assists with the administration of consultant contracts and special public outreach and education projects for the Water/Wastewater Utility System. The Sustainability Program vets measures, and works with departments to incorporate sustainability criteria or design new sustainability projects and programs to achieve objectives. The Sustainability Program promotes environmental quality through our municipal operations and business practices and similarly works to promote such within our community.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Participated in the statewide "Drop Savers" Water Conservation Poster Contest for students within the service area and recognized winners at a City Commission meeting.
- ◇ Participated in the Broward County Conservation Pays program providing rebates to customers, distributed 154 shower heads, 207 aerators & 30 restaurant pre-rinse spray valves to Sunrise Utilities customers.
- ◇ Collaborated with Piper High School on outreach events to engage students and encourage their interest in Public Service.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Continue to service the community by expediting citizen service requests.
- ◇ Continue participating in the Water Conservation rebates program.
- ◇ Continue public outreach and education projects for the community.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES	\$ (26,180)
---------------------------	--------------------

The negative variance is primarily attributed to organizational and base salary changes.

OPERATING EXPENSES	\$ (103,310)
---------------------------	---------------------

The negative variance is primarily attributed to the reallocation of auditing expenses to 401-4260.

CAPITAL OUTLAY	\$ (9,000)
-----------------------	-------------------

The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a color printer.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Program - Water Conserving Landscaping NatureScape

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4210	UTILITIES	ADMINISTRATION	\$ 8,000

Justification

NatureScape is Broward County's program that promotes environmentally responsible landscaping and provides recognition for landscapes that are certified through either the Florida Yards program or the National Wildlife Federation (NWF) Certified Wildlife Habitat program. There are over 3,000 NatureScape recognized sites throughout Broward County and 53 in Sunrise. We want that number to triple! To support water conserving landscaping practices and promote NatureScape, we propose the following: municipal demonstration installations, public workshops and certification assistance, plant giveaways at City events (not including our Earth Day plant giveaway), and assistance for butterfly gardens and activities at three local schools. Activities leverage resources from the County, the University of Florida's Institute of Food and Agricultural Sciences, and the NWF, and mobilizes trained volunteers including Master Gardeners and partners with the Sunrise VA Clinic Vet Garden program.

One -Time Costs

Account Number	Description	Cost
49-46	Water Conserv/Educat Prog	8,000
Total One-Time Costs		\$ 8,000

Benefits

Activities will demonstrate best practices, provide public education and support water conservation and environmental protection as well as the attainment of our environmentally responsible landscape certification goal which is to see at least 211 properties in Sunrise certified with the NWF program. The funds will support municipal best practices and the education and engagement of our community through featuring "Be a Butterfly Hero" as a recommended stewardship activity of the City's Good and Green sustainability initiative.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Program - Naturscape Residential Irrigation Efficiency Analysis

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4210	UTILITIES	ADMINISTRATION	\$ 4,050

Justification
The existing NatureScape Inter-Local Agreement (ILA) with Broward County provides irrigation system efficiency and landscape evaluations to support water conservation. Municipal and commercial properties are eligible for these evaluations. There have been requests for similar assistance for single family residential properties and the County is amenable to providing residential evaluations as part of our ILA. To demonstrate impact, the County has recommended that the Pilot target a specific neighborhood and that eligibility include potable water use for landscaping irrigation and a commitment to make a good faith effort to implement the evaluation report recommendations [note that this funding does not provide support for any physical improvements]. The evaluations, including follow-up cost \$675 each and six are proposed.

49-46	Water Conserv/Educat Prog	4,050
Total Recurring Operating Costs		\$ 4,050

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
Residential irrigation system efficiency and landscaping recommendations will support our water conservation goals and commitment to landscaping best practices. The service will demonstrate responsiveness to an expressed community need and will create a supportive pathway to practicing sustainability - specifically by making irrigation efficiency improvements and landscaping best practices accessible to our residents. Our sustainability engagement initiative, Good and Green will support the targeted marketing of the service with support from the County.

PUBLIC SERVICE (4215-536)

PROGRAM/SERVICES DESCRIPTION

The Public Service Division provides accurate and timely utility billings to Water, Wastewater and Gas customers, processes customer payments, and offers professional and courteous customer service. The Public Service Division provides services such as a customer call-in center, three payment locations for opening and closing utility accounts and receiving point of sale transactions, in-house collections, field and billing staff, and the administration of a meter reading contract used to facilitate billing to over 63,000 accounts, and collecting associated revenues.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Reduced the costs associated with printing and document storage by enhancing automation and digital document storage.
- ◇ Improved the quality of service provided to the public by implementing and revising manuals, policies and procedures used by staff.
- ◇ Provided the public with continuity of service by ensuring employees have the necessary skills, training, and knowledge to perform job related tasks.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Continue to create, implement and maintain an electronic database for all documents received and retained by Public Service.
- ◇ Encourage timely payments and effectively reduce aging receivables by providing additional, streamlined payment options to all utility customers.
- ◇ Provide utility customers with the option of receiving utility bills electronically and realizing cost savings to the City.

PERFORMANCE MEASURES	FY 2014/2015	FY 2015/2016	3/31/2016	FY 2016/2017

TOTAL EXPENDITURES	\$ 5,237,411	\$ 5,669,243	\$ 6,056,580	\$ 6,043,050

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES \$ (26,070)

The negative variance is primarily attributed to organizational and base salary changes and the transfer of the Solid Waste Coordinator position to the Sanitation Fund, 430.

OPERATING EXPENSES \$ 12,540

The positive variance is primarily attributed to an increase in credit cards fees, ERP professional services, implementation of the Call Center Pilot program offset by a decrease in the annual meter reading contract.

<p>This transfer would allow the reallocation of costs to reflect the proper funding source for enhanced tracking and administrative functions.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Additional Funding - ERP Professional Services

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4215	UTILITIES	PUBLIC SERVICE	\$ 25,000

Justification
Request to obtain Enterprise Resource Planning Contract Services which will be used to accommodate the transfer and smooth transition of data from the City's current Customer Information Systems module (SunGard) to the new, Tyler Munis system. The contractor will work with the City's Utility System Support Specialist and be tasked with, but not limited to, testing processes and reviewing outcomes with staff prior to implementation, maintaining accurate records detailing open items throughout the implementation process, and determining the best methods to be used for the accurate and timely conversion of data.

Account Number	Description	Cost
31-30	Professional Services	6,300
46-13	Maint Communication Equip	2,010
Total One-Time Costs		\$ 8,310

Benefits
This software and licenses will allow City personnel to maintain and improve quality controls, assist in resolving disputes between City staff and customers, and reduce customer complaints by providing tools which can be used to train phone staff and assist in improving overall customer satisfaction.

FIELD OPERATIONS (4230-536)

PROGRAM/SERVICES DESCRIPTION

The Field Operations Division performs daily maintenance including locating, inspecting, repairing, and replacing water mains, and providing services to valves/hydrants, sewer lines, laterals, force mains, manholes, and 214 lift stations. Field Operations also performs hydrant flushing, daily responses to customer complaints, backflow preventer certifications, contract administration for water and sewer pipe repairs, televising and relining sewer pipes, manholes, restorations, asphalt repairs, reviewing and approving invoices, and preparation of construction bid documents.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Rerouted a 16" water main at the SW Water Treatment Plant, resulting in a more efficient flow delivery of water to the community.
- ◇ Installed several isolation valves at the Sawgrass and Springtree treatment plants to allow for effective maintenance operations.
- ◇ Installed (2) 12" water main isolation valves at Rexmere Village to prepare for future connections that would improve flow delivery to the community.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Install and replace isolation valves on water mains throughout the system to reduce the impact of water main breaks in the community.
- ◇ Consider additional replacement projects to remove and replace deteriorated water mains throughout the water service areas.
- ◇ Consider replacement projects to remove deteriorated force mains throughout the wastewater service area.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Lift Station Rehabilitation Projects

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4230	UTILITIES	FIELD OPERATIONS	\$ 150,000

Justification
<p>The City of Sunrise maintains 214 sewer lift stations and pump stations throughout the wastewater collection service area. The conditions which exist within these stations are severe environments and all equipment must be inspected constantly for corrosion and deterioration. Periodic repairs and minor rehabilitation work are required as part of on-going maintenance to ensure continuous service to the community.</p>

Benefits
<p>Minor rehabilitation work on the stations will result in fewer surcharges, overflows, and spills.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Cross Connection Control Program (Outside Vendor)

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4230	UTILITIES	FIELD OPERATIONS	\$ 50,000

Justification

The Florida Department of Environmental Protection (FDEP) amended Florida Administrative Code (FAC) Rule 62-555.360, Cross Connection Control for Public Water Systems (PWS). Among other things, the rule allows a Dual Check Valve (DuC) assembly to be used at residential service connections (SCs) to premises where there is any type of auxiliary or reclaimed water system or where a cross connection is "discovered" by the PWS. "Discovered" is intended to mean discovered during routine PWS operation and maintenance activities, such as during water quality complaint investigations, meter change outs, water main or service line repairs, etc. "Cross-connection" means any physical arrangement whereby a PWS is connected, directly or indirectly, with any other water system, sewer, drain, conduit, pool, storage reservoir, plumbing fixture, or other device that contains or may contain contaminated water, sewage or other waste, or liquid of unknown or unsafe quality.

Required Resources

Personnel Costs

46-73	Maint Mains	50,000
Total Recurring Operating Costs		\$ 50,000

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

The Cross Connection Control devices are required by Florida Administrative Code (FAC) Rule 62-555.360 for the protection of the Public Water System (PWS). Recurring Dual Check Valve costs: \$125 each DuC (plus dresser couplings and other material) X 115 homes/month (average) X 12 months PLUS Contractor Cost: \$100/installation x 115 homes/month x 12 months PLUS In-house restoration. DuC replacements are scheduled every 5 to 10 years (useful life of the DuC cartridges). Additional staffing is necessary to provide the contractor with support for restoration and equipment delivery and coordination.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Field Operations Personnel to New Public Works Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4230	UTILITIES	FIELD OPERATIONS	\$ (91,160)

Justification
In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. The new Public Works Division requires the assistance of office staff for the administrative functions. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.

Required Resources				
Personnel Costs

FACILITIES MAINTENANCE & OPERATIONS (4240-536)

PROGRAM/SERVICES DESCRIPTION

The Facilities Maintenance and Operations Section plans for, operates, maintains and preserves the Utilities Department's facilities. The Section provides limited management of facilities improvements, equipment repairs and minor construction renovations projects through third party vendors and contractors. The Facilities Section is responsible for 300,000 square feet of Utilities Department-owned facilities.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Implemented a Preventative Maintenance Program to adequately maintain and extend the life of existing building systems in City facilities.
- ◇ Replaced approximately 200 feet of Chlorinated polyvinyl chloride (CPVC) piping and 3 skid mounted pumping station in the chlorine building.
- ◇ Continued to identify aging pipe, pumps and equipment, placing them on the capital outlay schedule for replacement.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Ensure optimum effectiveness of staff and improve ability to assign staff to highest priority needs by standardizing base skill levels for all maintenance staff.
- ◇ Initiate an asset management strategy within Naviline and develop the proper metrics for ongoing measurement of preventative maintenance activities.
- ◇ Use the 5 year repair and maintenance schedule to routinely paint plant buildings and tanks.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES	\$ 6,700
---------------------------	-----------------

The positive variance is primarily attributed to cost of living and merit increases and annual increases in pension and insurance benefits offset by the transfer of personnel to the new Public Works Division and the transfer of GIS personnel to Information Technology.

OPERATING EXPENSES	\$ 81,890
---------------------------	------------------

The positive variance is primarily attributed to professional services, utility gates maintenance, and employee training.

CAPITAL OUTLAY	\$ (41,730)
-----------------------	--------------------

The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a genie lift and a MIG welder.

Benefits
<p>The value of the City's GIS function has grown. Managed by I.T. and led by an overall strategic vision to enhance and support services, a shift to build GIS into an enterprise-wide system is capitalizing on the benefit across all operations. With the new ERP system, I.T. is also expanding its GIS system to reach potential in areas such as environmental, land use, economic development, emergency management, disaster assessment, social and human services, performance management and public information access. This transfer will provide for better allocation and budgeting for the costs of services city-wide.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Energy Audits Utility Buildings

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
401-4240	UTILITIES	FACILITIES MAINTENANCE & OPERATIONS	\$ 50,000

Justification
<p>Energy audits will provide a road map for investments designed to yield on-going annual savings. Energy audits typically identify annual cost saving opportunities between 10% to 20%, according to the U.S. Department of Energy. Energy audits are a best practice for fiscally responsible portfolio management of our facility assets. The audits will assess the cost of improvements and provide the return on investment (payback period), providing useful information for Facilities and capital planning. The goal is to reduce operating, downtime and maintenance costs. Energy audit costs vary depending on building age, use, systems, and the depth of analysis and reliability required.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-

Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
31-30	Professional Services	50,000
Total One-Time Costs		\$ 50,000

Benefits
<p>Energy audits can inform strategic investment decisions by helping to determine the most cost effective improvements, or bundle of improvements that will result in on-going savings. The findings can be used to prioritize, plan, budget and schedule upgrades and can be used to inform maintenance - repair/replacement decisions. Audits will inform sound capital improvement project planning. Analysis may also inform the design of cost saving operational protocols; from powering down computers and printers at nights to running non-time sensitive energy intensive activities during non-peak rate hours.</p>

PLANT OPERATIONS (4250-536)

PROGRAM/SERVICES DESCRIPTION

The Plant Operations Section is comprised of four (4) components: water, wastewater and reuse, treatment and environmental compliance. The water treatment component is responsible for the production, treatment, storage, and delivery of potable drinking water in quantity and quality compliant with Federal, State, and County regulations. The wastewater treatment component deals with receiving, treating, and disposal of wastewater streams, along with bio solids production and disposal compliant with Federal, State and County Regulations. Environmental Compliance administers permitting, licensing, sampling, laboratory analysis, compliance reporting, addresses customer complaints, and adheres to regulatory agency requirements.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Replaced hypochlorite pipes and tank at the Sawgrass Wastewater Treatment Plant and replaced membranes for train 1 at the Sawgrass Water Treatment Plant.
- ◇ Staff obtained numerous permit renewals, which resulted in savings to the Department versus the use of consultants.
- ◇ Implemented a nitrification monitoring and control program to improve water quality and free chlorine events throughout the drinking water system.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Optimize new biosolids centrifuge operations to save polymer consumption at the Sawgrass and Springtree Wastewater Treatment Plants.
- ◇ Initiate an asset management system for water and wastewater treatment plant infrastructure and equipment.
- ◇ To continue developing and implementing mini projects to repair/replace/evaluate plant systems and components without having to create Capital Improvement Projects.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET
Personnel costs per thousand gallons of water treated	\$0.25	\$0.24	\$0.25	\$0.25
Energy costs per thousand gallons of water treated	\$0.21	\$0.21	\$0.19	\$0.21
Chemical cost per thousand gallons of water treated	\$0.26	\$0.26	\$0.23	\$0.26
Personnel costs per thousand gallons of wastewater treated	\$0.22	\$0.28	\$0.26	\$0.28

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES	\$ 49,440
---------------------------	------------------

The positive variance is primarily attributed to cost of living and merit increases and annual increases in pension and insurance benefits.

OPERATING EXPENSES	\$ 147,880
---------------------------	-------------------

The positive variance is primarily attributed to the one-time funding of operation & maintenance manual updates, annual centrifuge maintenance, and SCADA system replacement parts.

CAPITAL OUTLAY	\$ 137,500
-----------------------	-------------------

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a lime slaker and stable weigh filling station.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Water & Wastewater Treatment Plants Manual Updates

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4250	UTILITIES	PLANT OPERATIONS	\$ 450,000

Justification
Plant Operations staff were provided with operation & maintenance manuals (O&M) from equipment manufacturers and the existing Plant O&M Manuals have not been updated. O&M Manual updates have been referenced in recent sanitary surveys by Florida Department of Health (FDOH). The Plant O&M Manuals are required for each plant by Florida Administrative Code Florida Department of Environmental Protection (FDEP) 62-600.720, & also for proper operation of the expanded or renewal and replacement (R&R) changed facilities and must be updated.

31-30	Professional Services	450,000
Total One-Time Costs		\$ 450,000

Benefits
This will allow the Utility Department to maintain compliance at all three treatment facilities. Plant O&M Manuals are necessary to provide the operators with adequate information & description regarding the design, operation, & maintenance features, information concerning process control & performance evaluation for the facility, equipment & procedural descriptions (including any notification/reporting requirements of appropriate agencies) for emergency operating conditions of the facility.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Annual Centrifuge Maintenance

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4250	UTILITIES	PLANT OPERATIONS	\$ 200,000

Justification
<p>The City has installed four (4) biosolids centrifuges at our Sawgrass and Springtree Wastewater Treatment Plants (WWTPs). These centrifuges dewater liquid biosolids sludge to be hauled and disposed of as sludge cake. The centrifuges are very complicated machines with many moving parts and components, some of which may wear over the course of a year. The manufacturer of the centrifuges, Flottweg, requires annual preventive maintenance to maintain the machines in acceptable operational condition and to keep the warranty intact. Annual preventive maintenance costs for each centrifuge is estimated to cost \$50,000.</p>

Total One-Time Costs		\$ -

Benefits
<p>Keeps the centrifuges operating efficiently, is required by the manufacturer and maintains the warranty on the equipment.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

GE 90/70 PLC Replacement for SCADA Systems

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4250	UTILITIES	PLANT OPERATIONS	\$ 212,220

Justification
Existing PLC equipment has not been supported by the manufacturer since 2011 and is beyond its recommended service life. Parts are not available and/or are very difficult and costly to obtain. The PLCs and their associated components are critical in running our water treatment plants.

Required Resources				
Personnel Costs

Community Garden Pilot Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4260	UTILITIES		\$ 15,000

Justification
<p>A community garden program providing Sunrise residents the opportunity to have small garden plots has been requested by community members. Funds are requested to support a contract with a not for profit organization [via competitive bid] to design, construct, and administer a community garden program with regular educational programming on municipal property. This project is modeled after examples from other cities, such as the City of Oakland Park's Community Garden Program. Annual cost is based upon providing garden management and regular programming, such as Saturday workshops. One time cost is for construction of the garden plots which can be designed to be easily relocated (e.g. grow bags, oversized planter boxes or raised bed planters).</p>

Total One-Time Costs		\$ 5,000

Benefits
<p>Community gardens provide beneficial, therapeutic and accessible recreation for people of all ages and abilities. Community gardens can be a neighborhood asset, promote a deeper connection to the natural environment, promote healthy food choices, and address national health priorities around the prevention of obesity, diabetes and heart disease. This program, which will connect Sunrise to the local food movement, will provide an opportunity for Sunrise residents who live in multi-family housing and others to garden in a communal setting. Delivering the program through a non-profit will provide dedicated, experienced staffing, coordination and related educational programming.</p>

ENGINEERING (4320-536)

PROGRAM/SERVICES DESCRIPTION

The Utilities Department’s Engineering Section provides engineering and technical support for the Department. The Section performs “in-house” engineering evaluations, develops project designs, construction documents and specifications, and permitting support for small scale projects. Areas of expertise include stormwater collection, treatment, conveyance (gravity and pressure) and disposal; water and sewer system improvements; roadway and sidewalk improvements, traffic calming and safety, street lighting, signage and pavement markings. The Section provides technical support in response to resident concerns on right-of-way issues and coordinates with Broward County Traffic Engineering and other Jurisdictional Agencies. The Section is also responsible for the administration and annual reporting for the City’s National Pollution Discharge Elimination System (NPDES) Permit, the Community Rating System (CRS) for the National Flood Insurance Program, and the Broward County 5-Year Surface Water License renewals for various City facilities.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Prepared plans and specifications for Stormwater Pump Station #4 by-pass culvert replacement and flap gate repair. Permitted, advertised, received bids, and initiated project construction.
- ◇ Completed submission of annual reports for both the NPDES and CRS programs.
- ◇ Completed the conversion of Sunset Strip street lighting from High Pressure Sodium to Light-emitting diode (LED) lighting.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Complete an update to the City's Comprehensive Stormwater Master Plan, for the corporate limits of the City, and recommend adoption to the Commission.
- ◇ Prepare plans, specifications and permits for the construction of three waterway maintenance access boat ramps and oversee construction.
- ◇ Perform an evaluation of accident locations and pedestrian safety to determine needed mitigation strategies in coordination with Sunrise Public Safety Departments.

TOTAL EXPENDITURES	\$ 616,020	\$ 918,076	\$ 1,515,220	\$ 1,643,180

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

PERSONNEL SERVICES \$ (120,920)

The negative variance is primarily attributed to the transfer of personnel to the new Public Works Division and the transfer of GIS personnel to Information Technology.

OPERATING EXPENSES \$ 246,300

The positive variance is primarily attributed to a one-time funding of professional service for a water & wastewater master plan update and offset by the transfer of operating costs associated with GIS personnel to the Information Technology Department.

CAPITAL OUTLAY \$ 2,580

The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes auto turn software.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Auto Turn Software

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4320	UTILITIES	ENGINEERING	\$ 2,580

Justification
<p>The Engineering Section of the Utilities Department presently performs limited design functions in support of operations and capital improvement project. Frequently, the project designs require layout of roadways and access roads. Adequate roadway design requires the analysis and layout for multi-vehicle path. The proposed software works directly with the section's AutoCAD software and provides the required capability.</p>

<p>Increased capabilities for roadway intersection and curve design by in-house staff. Ability to perform Quality control and assurance of consultant produced designs of roadway intersections and curves.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Water/Wastewater Master Plan Update

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4320	UTILITIES	ENGINEERING	\$ 600,000

Justification			
<p>The Master Plan provides a comprehensive and detailed evaluation of the City's water & wastewater infrastructure and facilities and identifies improvements needed for the next 20 years. The last Capital Improvement Plan was compiled in 2008. With significant completions of the planned improvements, new regulations & technology, revised growth/demand projections, and continued aging infrastructure and facilities, there is a need to update the Master Plan. The Master Plan update will be coordinated with Broward County, South Florida Water Management District (SFWMD), adjacent municipalities, and with the appropriate City Departments. The Master Plan update will consider two timeline horizons. A 2025 horizon is considered near term. The majority of improvement projects will fall within this time frame. The 2035 horizon, a long range investment plan, will serve to provide future direction to address long term sustainable growth, development, and demand.</p>

31-30	Professional Services	600,000
Total One-Time Costs		\$ 600,000

Benefits	
<p>Benefits include the identification, prioritization, and programing of all major future municipal water and sewer capital improvements to ensure: 1) Optimal and timely engagement of present and projected system deficiencies; 2) Protection of the City's extensive water and sewer portfolio infrastructure; 3) Quantification of future capital investments required to maintain, expand, renovate, modernize and ensure regulatory compliance; 4) Coordination with other Municipal Capital Investment Plans.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - GIS Personnel to IT and Communications Fund 503

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4320	UTILITIES	ENGINEERING	\$ (327,040)

Justification
<p>The Geographic Information Systems (GIS) comprehensive strategy and work plan supports a city-wide need. For proper allocation and funding purposes, it is recommended that the funding for these positions be transferred to the I.T. Fund and charged back respectively to all City Departments and funds accordingly. In addition, the Technical Support Analyst position also supports a city-wide need and is also recommended to be funded from the I.T. Fund and charged back to all departments.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)

54-01	Subs & Memberships	(350)
Total Recurring Operating Costs		\$ (46,610)

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>The value of the City's GIS function has grown. Managed by I.T. and led by an overall strategic vision to enhance and support services, a shift to build GIS into an enterprise-wide system is capitalizing on the benefit across all operations. With the new ERP system, I.T. is also expanding its GIS system to reach potential in areas such as environmental, land use, economic development, emergency management, disaster assessment, social and human services, performance management and public information access. This transfer will provide for better allocation and budgeting for the costs of services city-wide.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Engineering Personnel to New Public Works Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4320	UTILITIES	ENGINEERING	\$ (74,610)

Justification
In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. The new Public Works Division requires the assistance of Engineering staff in order to complete larger projects and maintain compliance with regulatory agencies. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
With the creation of the new Public Works Division within the Utilities Department, staff will be able to become more efficient with their operations. Furthermore, this new Division will consolidate the funding needed to manage the core public works operations.

CAPITAL PROJECTS (4330-536)

PROGRAM/SERVICES DESCRIPTION

The Capital Projects Division manages and oversees all capital improvement projects in the City and the Water/Wastewater Service Area; including Water, Wastewater, Reuse, Stormwater, Fuel & Roadway and General Capital Improvements. General Capital Improvements includes work for Police, Fire Rescue, Leisure Services as well as streetscape improvements and enhancements to public City spaces. Over the next five years there are 31 projects anticipated to begin design. There are currently eight Project Managers working on an average of 10 projects with values that range from \$100,000 to \$45,000,000. Staff includes one part-time and one full-time Resident Project Representatives that are responsible for visiting construction sites every day to assist the Project Managers and track the day-to-day progress of each job.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed construction of Stormwater Pump Stations #2, #3 and completed design of Stormwater Pump Station #5.
- ◇ Completed design and started construction of the 44th Street Bicycle Lane Project with obtained State Funds.
- ◇ Started construction of the Sawgrass Wastewater Treatment plant High Level Disinfection (HLD) Reuse Water Facility.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Start construction on the Senior Center Expansion, 50th Street Athletic Complex, Stormwater Pump Station #5, Civic Center Expansion, and Welleby Park Expansion project.
- ◇ Complete construction of the guardhouse and security improvement projects at Springtree, Sawgrass, and Southwest Water Treatment Plants.
- ◇ Complete construction of the Sunblest Sound Wall Project.

PERFORMANCE MEASURES	FY 2014/2015 ACTUAL	FY 2015/2016 TARGET	3/31/2016 ACTUAL	FY 2016/2017 TARGET

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Administrative Assistant I to Bookkeeper II

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4330	UTILITIES	CAPITAL PROJECTS	\$ 3,310

Justification			
<p>The Capital Projects Section is responsible for the oversight of all capital projects within the City, regardless of the funding source. With the increase in the number of capital projects being managed, the current Administrative Assistant position is not able to process the project related requisitions and pay applications. Currently these needs are addressed by the Bookkeeper II position within the Administrative Section of the Department. However, due to the existing Bookkeeper II workload not all items are able to be processed as quickly as needed.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
(1)	Administrative Assistant I	41,855	23,440	(65,300)
1	Bookkeeper II	43,975	24,630	68,610

Total Personnel Costs				\$ 3,310

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits	
<p>With the change of position from an Administrative Assistant to a Bookkeeper II, the employee would be able to process all of the capital project requisitions and pay applications without having to rely on another employee in another Section. Therefore all financial related items would be processed in a more efficient manner. Additionally, with the addition of a second Bookkeeper II within the Department there will be a back-up available to assist with the entire Department's financial needs.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Capital Projects Personnel to New Public Works Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4330	UTILITIES	CAPITAL PROJECTS	\$ 49,060

Justification
In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. The new Public Works Division requires the assistance of Capital Projects staff in order to manage general city capital improvement projects. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.

Benefits
With the creation of the new Public Works Division within the Utilities Department, staff will be able to become more efficient with their operations. Furthermore, this new Division will consolidate the funding needed to manage the core public works operations.

FUND 471 - GAS OPERATIONS (4101-532)

PROGRAM/SERVICES DESCRIPTION

Gas Operations provides safe and efficient operation of the City's natural gas utility, assuring a continuous supply of competitively priced clean energy. The Division is comprised of four functional areas; Distribution, Customer Service, Warehousing & Materials Management, and Marketing & Administration. Distribution provides a safe and reliable supply of gas to the customer's meter, complying with all Federal and State regulations and codes. Customer Service provides consistently superior service to customers for their natural gas appliances; initiating and stopping service; and maintaining customer meter sets. Warehousing & Materials Management procures and maintains a variety of tools, equipment, parts, and materials for the Distribution and Customer Service groups. Marketing & Administration is responsible for system growth by promoting the use of natural gas, regulatory compliance, and the day-to-day office functions.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed the Saddle Club Road 4" main extension to provide system redundancy to the Bonaventure section of Weston to support area load growth.
- ◇ Conducted a comprehensive corrosion control study of the steel distribution system and developed a short and long term corrosion control plan.
- ◇ Received a satisfactory evaluation from the Public Service Commission on the Annual Gas Distribution Compliance Inspection audit with no violations being noted in the report.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Complete a network model of the gas distribution system.
- ◇ Obtain an agreement to provide service in the City of Plantation.
- ◇ Refurbish 15% of the 170 cathodic system electrical isolation points.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ (221,350)
The negative variance is attributed to a reduction in projected gas costs, primarily attributed to the purchased gas adjustment (PGA).	
PERSONNEL SERVICES	\$ 91,920
The positive variance is primarily attributed to cost of living and merit increases , annual increases in pension and insurance benefits, and the addition of two new positions.	
OPERATING EXPENSES	\$ (192,710)
The negative variance is primarily attributed to the reduction of a one-time cost to conduct a gas line leak survey during FY 15/16 and a reduction in the City's cost for the Sunshine State One-call Center.	
CAPITAL OUTLAY	\$ 16,560
The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes building security improvements, a rotary meter and pressure corrector, and laptop computers.	
OTHER USES	\$ (137,120)
The negative variance is primarily attributed to a reduction in contingency and the transfer to Fund 503.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Program - Gas Operations Network Model

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4101	UTILITIES	GAS OPERATIONS	\$ 36,540

Justification
<p>The Gas Division is seeking to have an outside consultant create a network model of the natural gas distribution system. The modeling of the gas pipeline network is a tool used to analyze the behavior of the gas system under different operating conditions. The modeling can be performed both for steady state and unsteady state conditions. The objective of a gas distribution pipeline network simulator is to evaluate different operation scenarios, such as reduced pressure situations. Having an efficient flow simulator is very useful to acquire a deeper knowledge of the system in order to plan for future customer load additions, system expansions as well as planning for replacement of aging infrastructure.</p>

Required Resources

Account Number	Description	Cost
31-30	Professional Services	34,500
64-02	Computer Equipment	1,240
Total One-Time Costs		\$ 35,740

Benefits
<p>The Gas Division has expanded and made system improvements to the gas distribution system over the last several years and is working on several other expansion projects. New requests and requests from existing customers for additional gas volume and/or pressure are having an impact on the system. Use of a network model will allow the division to better understand how these changes are impacting the system and if and where we need to make system improvements to meet the demand. The network model will assist in refining the sectionalization and curtailment plans.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Reclassification - Gas Serviceperson I to Gas Serviceperson II

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4101	UTILITIES	GAS OPERATIONS	\$ 33,210

Justification			
<p>The Gas Division is seeking the reclassification of a Gas Serviceperson I to a Gas Serviceperson II position within the division's field operations staff. The Gas Serviceperson II position is necessary for advancement of a lower level serviceperson with distribution construction and maintenance experience. The Gas Serviceperson II position allows the Gas Division to properly plan for succession of the distribution and construction and maintenance operations staff by advancing employees into a position with greater responsibilities.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Gas Serviceperson II	48,539	27,180	75,720
(1)	Gas Serviceperson I	53,579	30,000	(83,580)
			-	-
Total Personnel Costs				\$ (7,860)

Recurring Operating Costs		
Account Number	Description	Cost
46-13	Maint Communication Equip	60
Total Recurring Operating Costs		\$ 60

One -Time Costs		
Account Number	Description	Cost
52-04	Protective Clothing	1,180
52-06	Non-Capital Equipment	1,330
64-05	Motor Vehicles	38,500
Total One-Time Costs		\$ 41,010

Benefits	
<p>The reclassification of the Gas Serviceperson I to the Gas Serviceperson II position will allow for greater flexibility on daily/weekly work assignments, devote additional time to meet ever increasing regulatory compliance requirements, provide additional staffing coverage during annual leave and unscheduled absences, and provide needed manpower on the emergency call-out rotation. The reclassification also allows for succession planning for employees with distribution construction and maintenance experience.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Work Control Clerk

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4101	UTILITIES	GAS OPERATIONS	\$ 51,010

Justification

The Gas Division is seeking to re-establish the Work Control Clerk position that was eliminated in FY10. Currently the functions of the Work Control Clerk are performed by a Gas Serviceperson I. That individual is retiring. The Work Control Clerk position is a critical position for the Gas Division. The Work Control Clerk handles all reports of odor calls from the public, Public Service and Fire Department. The Work Control Clerk logs all odor calls, dispatches response personnel, records arrival times and disposition of the odor call. If needed, dispatches the emergency response repair crew. The Work Control Clerk manages the daily flow of service work, handles requests from Public Service for same day service, takes customer calls on scheduled appointments, sets appointments for field crews, prepares next day service orders, maintains work logs used in completing numerous compliance reports. The Work Control Clerk processes all field paperwork.

Required Resources

Personnel Costs

Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Work Control Clerk	32,699	18,310	51,010
			-	-
			-	-
Total Personnel Costs				\$ 51,010

Recurring Operating Costs

Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs

Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits

Re-establishing the Work Control Clerk position allows the division to return the Gas Serviceperson position to field operations. Filling the Work Control Clerk position with a candidate who possesses enhanced computer, customer service, and clerical skills will provide needed assistance to other administrative staff members.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Gas Apprentice

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
4101	UTILITIES	GAS OPERATIONS	\$ 48,040

Justification			
<p>The Gas Division has difficulty hiring experienced gas utility workers for entry level field positions. Three years ago the Gas Division began a Gas Apprentice training program with two positions to be able to develop in-house employees with basic skills to safely work on the gas distribution system. The Gas Division is seeking to expand the Gas Apprentice program by an additional position to be able to constantly have personnel in development. The current two apprentices are now into their third year and this new position permits the Gas Division to continue with internally developing a skilled workforce to draw upon to fill future vacancies.</p>			

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
1	Gas Apprentice	30,363	17,000	47,360
			-	-
			-	-
Total Personnel Costs				\$ 47,360

Recurring Operating Costs		
Account Number	Description	Cost
52-03	Uniforms	680
Total Recurring Operating Costs		\$ 680

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits	
<p>The Gas Apprentice positions allow employees to learn a sound foundation of safe work practices within the natural gas utility. By having well trained entry level employees, the Gas Division is able to fill lower level vacancies from within as the as those employees advance to fill senior level vacancies that become open as the aging workforce begins to retire over the next 5 years. It is very difficult to recruit qualified experienced gas utility workers in southeast Florida.</p>

PROGRAM/SERVICES DESCRIPTION

The City's public golf facility offers an enjoyable experience at affordable rates and provides excellent group tournaments. It is comprised of 67 acres and includes a par 61 executive course, clubhouse and pro-shop. The course is one of the most challenging executive courses in the South Florida area with a layout that includes eleven par 3 and seven par 4 holes. The clubhouse includes a full-service restaurant which is available for private party rentals.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Improved conditions on course evidenced by better quality turf and positive feedback from the community.
- ◇ Upgraded computer software and equipment that controls course-wide irrigation systems.
- ◇ Successfully coordinated with the City's Utilities Department during the construction of new wells.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Evaluate current state of capital equipment and make recommendations for cost saving opportunities.
- ◇ Establish golf rates based on competitive market, ensuring rates remain within appropriate parameters.
- ◇ Develop marketing and operational solutions that address needs and maintain or improve the course's position within the golf market.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 112,060
The positive variance is primarily attributed to an increase in the General Fund subsidy.	
OPERATING EXPENSES	\$ 4,540
The positive variance is primarily attributed to the removal of one-time funding for carpet replacement and chairs offset by the painting of the clubhouse and cart barn.	
CAPITAL OUTLAY	\$ 132,520
The positive variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a spray unit and tank, golf cart replacements, and a fuel storage tank.	
OTHER USES	\$ (25,000)
The negative variance is primarily attributed to a reduction in contingency.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Position - Solid Waste Billing Specialist

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
0000	SANITATION		\$ 45,870

Justification
<p>The Public Service division is requesting to add a new Solid Waste Billing Specialist position to accommodate changes under the City's new Solid Waste & Recycling Franchise Agreement. Under the new contract, the City will take on additional responsibilities to include the reconciliation and payment of all related disposal costs associated with the collection of municipal solid waste. The requested salary range shall be comparable to the existing Utility Billing Specialist position. Funding should be budgeted 100% to Fund 430 - Sanitation. (Please note: the required resources reflect partial year funding for this position.)</p>

FUND 444 - STORMWATER (444-3502)

PROGRAM/SERVICES DESCRIPTION

The Stormwater Utility provides for the safe and efficient operation, maintenance, renewal, and replacement of the City's comprehensive flood control infrastructure. The Stormwater Utility complies with the National Pollutant Discharge Elimination System (NPDES) permit for municipal separate storm sewer systems (MS4), every year maintaining 10% of the City's 3,580 catch basins/inlets, 372,300 linear ft. of pipes/culverts, 15 pollution control boxes, 23 major outfalls, and 23 weirs; removing litter from waterways to ensure adequate flow of stormwater runoff and control of aquatic invasive vegetation (through mechanical, biological, and chemical methods); and operating gates, valves, and engines at 8 stormwater pump stations to control stormwater and prevent flooding. This Section also manages the various contractors that maintain the City rights-of-way for landscaping maintenance and revitalization. The Grounds Crew provides litter control within City rights-of-way, trims trees, and maintains/repairs irrigation systems within the rights-of-way, City facilities, and parks. Crews also pressure clean, apply polymeric sand, and seal coat rights-of-way brick pavers, concrete separators, and curbs. In addition, the Grounds Crew installs trees and shrubs within the rights-of-way medians and swales; and removes animal carcasses from rights-of-way.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Completed Panther Parkway Irrigation project and also revitalized right-of-ways through pressure cleaning, seal coating, and replacing shrubs.
- ◇ Completed the Weston Road right-of-way revitalization project through pressure cleaning, seal coating pavers, and replacing 1,053 shrubs and 31 trees.
- ◇ Effective control of Rotala Rotundifolia in the City's waterways which, is listed as a Category II invasive plant in South Florida.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Decrease water consumption of the City's irrigation system by evaluating, testing and implementing new technologies and following FDEP model ordinance for installation, maintenance and operation.
- ◇ Evaluate and optimize the operation, condition and maintenance of the stormwater conveyance system; including the eight pump stations, drainage basins, culverts, weirs, and other structures.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ (545,830)
The negative variance is primarily attributed to an elimination in the transfer from Fund Balance to support operations.	
PERSONNEL SERVICES	\$ (716,330)
The negative variance is primarily attributed to the transfer of personnel to the new Public Works Division, and the transfer of split funded positions in previous fiscal years.	
OPERATING EXPENSES	\$ (402,600)
The negative variance is primarily attributed to reduced costs for canal & lake maintenance, electricity, and the transfer of operating costs to the new Public Works Division.	
CAPITAL OUTLAY	\$ (1,653,040)
The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a mini excavator & trailer, a backhoe, and vehicle replacements.	
OTHER USES	\$ 2,226,140
The positive variance is primarily attributed to the transfer to Fund Balance.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Adopt A Street Program

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3502	UTILITIES	STORMWATER	\$ 24,270

Justification
<p>The City's Good and Green initiative is an umbrella initiative to promote resource conservation, a sustainable economy and stewardship. Members of our community have requested an Adopt a Street program which is a stewardship program. Staff has recommended participating in the Broward County Inter-Local Agreement (ILA) to efficiently provide an Adopt a Street program which will be managed by the County in coordination with the City of Sunrise. ILA cost is \$20,265 (based on population size) and \$4,000 additional is requested for promotional materials, participant recruitment and recognition, and additional supplies.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs

52-95	Other Materials & Supplies	4,000
Total Recurring Operating Costs		\$ 24,270

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>Participating in the County's Keep Broward Beautiful Inter-Local Agreement is beneficial as it will provide streamlined program management for an Adopt a Street program, as well as other clean up and beautification activity opportunities (e.g. green ways, schools, etc.). This will provide a meaningful civic engagement program for our residents, organizations and businesses. Participation in the ILA will also connect Sunrise to the regional Keep Broward Beautiful network which includes corporate and other non-profit and philanthropic partners, and the national Keep American Beautiful program which will bring Sunrise a pathway to participation in America Recycles Day and other national initiatives.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

New Positions - Maintenance Worker I PT (2)

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3502	UTILITIES	STORMWATER	\$ 70,110

Justification			
<p>The Utilities Department, Stormwater and Grounds Division, routinely monitors the public rights-of-way within the City for collection of debris and litter. Additionally, the Division returns shopping carts to commercial properties that are left within the public rights-of-way.</p>			

Required Resources				
Personnel Costs

64-05	Motor Vehicles	35,000
52-06	Non-Capital Equipment	1,760
Total One-Time Costs		\$ 36,760

Benefits	
<p>With the addition of the two P/T Maintenance Worker I positions, the Division will be better able to keep the rights-of-way clean.</p>	

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - Stormwater Personnel to New Public Works Division

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
3502	UTILITIES	STORMWATER	\$ (700,470)

Justification			
<p>In an effort to streamline the funding of core public works operations, it is important to create a Public Works Division within the Utilities Department. The new Public Works Division will have the responsibility for maintenance of public right-a-ways, litter removal, landscaping, irrigation, and other general city maintenance. In order to create the new Division, personnel and expenses are being transferred from other Funds. The new Division will be funded with General Fund dollars. The new Public Works Division will be a part of the Utilities Department and will report to the Utilities Management Team.</p>			

Required Resources

FUND 502 - FLEET SERVICES (4350-519)

PROGRAM/SERVICES DESCRIPTION

The Fleet Services Section manages the City's garage operation and provides assistance in the purchasing, processing, and resale of all city owned vehicles and associated equipment. All vehicle accessories, equipment, and modifications are handled through Fleet Management Services. The City has a fleet of approximately 759 units. The City's fleet is maintained by a private contractor at a City owned facility. The Section is responsible for providing proficient and timely preventative maintenance and repairs, as needed, for all City owned vehicles and associated equipment in conjunction with the current contractor. The Section coordinates collision repairs on all city vehicles through the use of multiple vendors, collects and reviews vehicle Global Positioning System (GPS) tracking data and monitors fuel inventory and usage through a computerized fuel management system. The Section also works directly with the Risk Management Division to subrogate insurance claims for damages to City property.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Implemented a dynamic automotive technician training program to renew and preserve the 'BLUE ASE SEAL CERTIFICATION' for the City Garage.
- ◇ Worked directly with the Purchasing Division and identified new procurement contracts available for purchasing of vehicles and equipment for the City's diverse fleet inventory, resulting in cost savings.
- ◇ Worked directly with the onsite vehicle maintenance contractor to hire a new automotive technician to work on heavy duty vehicles and machinery, resulting in less downtime of vehicles and equipment.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ In an ongoing effort to maximize the overall fuel efficiency of our fleet, we will work with automotive manufacturers to identify alternative fuel vehicles that may fit our operational needs.
- ◇ Implement a program to work directly with automotive parts suppliers and tool manufacturers to provide additional training on up-to-date technology and repair practices, to meet and exceed industry standards.
- ◇ In an effort to minimize major mechanical and machinery failures, we will continue to review and recommend appropriate enhancements to the preventative maintenance parameters.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES \$ (581,340)

The negative variance is primarily attributed to the reduction in service revenues transferred to support General Fund vehicle replacement.

PERSONNEL SERVICES \$ 29,880

The positive variance is primarily attributed to cost of living and merit increases, annual increases in pension and insurance benefits, and the conversion of the Admin Assistant I from part-time to full-time.

OPERATING EXPENSES \$ (106,790)

The negative variance is primarily attributed to reduction in gas and oil costs.

CAPITAL OUTLAY \$ (504,430)

The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes vehicle replacements for Police, Fire, Fuel & Roadway, Risk Management, City Manager, Community Development, Facilities Management & Operations, and Leisure Services and funding for an a/c refrigerant recovery machine and a diagnostic tool.

Recurring Operating Costs		
Account Number	Description	Cost
Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits	
<p>Due to the increased work load and responsibilities that have been transferred to the Fleet Section in recent years there is a need for a full-time administrative assistant. With the increase in the amount of working hours, there is a potential to bring an increased amount of reimbursement dollars to the City through subrogation claims. These reimbursements are expected to cover, if not exceed, the costs associated with the modification of this position. This position would also run reports associated with fuel usage to allow the Fleet Manager and Internal Auditor to examine and evaluate usage of fuel by City vehicles.</p>

INFORMATION TECHNOLOGY

FUND 503 - IT & COMMUNICATIONS (1701-519)

PROGRAM/SERVICES DESCRIPTION

The Information Technology Department is made up of four areas of support: Service Desk, Network, Applications & Security, and Geographic Information Systems (GIS). The objectives of the department are to provide a secure and reliable technical environment city-wide by maintaining a technical environment that ensures security, privacy, accessibility, availability, and integrity of the City's hardware and data; provide continuous improvement in technology by collaborating with all departments and utilize business intelligence to increase effectiveness; increase efficiency in all business areas through the use of technology by implementing business applications that will enable staff to provide a high-level of responsiveness within their operations and to residents; and provide results-oriented technology in an open, accountable, and responsive manner by creating and maintaining a reputation of quality technology services and support among the City's internal and external customers.

FY 2015/2016 HIGHLIGHTS AND ACCOMPLISHMENTS

- ◇ Implemented SharePoint to revamp the intranet and serve as a centralized document management system. Rolled out CityConnect, the City's one-stop location for communication and information sharing.
- ◇ Upgraded primary data center virtual infrastructure and built a secondary data center for redundancy and disaster recovery to ensure business continuity and data protection for City operations.
- ◇ Kicked off the multi-year project to replace and build the City's new Enterprise Resource Planning (ERP) system, which will automate and integrate business processes and provide electronic services to the public.

FY 2016/2017 OBJECTIVES/GOALS

- ◇ Complete the implementation of Kronos to automate our scheduling and timekeeping processes to an electronic enterprise solution to streamline, eliminate paper timecards, and minimize compliance risk.
- ◇ Implement Citywide Financials (Phase 1) of new ERP system.
- ◇ Develop and deliver an Enterprise Geographic Information Systems (GIS) strategy to maximize the value of the services to the City and public.

SIGNIFICANT CHANGES FROM FISCAL YEAR 2015/2016 ADOPTED BUDGET

REVENUES	\$ 336,340
-----------------	------------

The positive variance is primarily attributed to in an increase in service revenues.

PERSONNEL SERVICES	\$ 459,660
---------------------------	------------

The positive variance is primarily attributed to the increased costs of the transfer of GIS personnel.

OPERATING EXPENSES	\$ 303,580
---------------------------	------------

The positive variance is primarily attributed to increased costs for software support and the transfer of operating costs associated with the transfer of GIS personnel to the Information Technology Department.

CAPITAL OUTLAY	\$ (426,900)
-----------------------	--------------

The negative variance is due to changes in capital needs from year to year. In FY 2017, the budget includes a blade for the core network switch and tablets for ERP mobility.

There are no additional costs with this adjustment, however, will provide department with necessary staffing to coordinate essential office assignments.

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

Transfer - GIS Personnel from Water/Wastewater Fund 401

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1701	INFORMATION TECHNOLOGY		\$ 416,670

Justification
<p>The Geographic Information Systems (GIS) comprehensive strategy and work plan supports a city-wide need. The functions of the current positions are not changing however, for appropriate allocation and funding purposes, it is recommended that the funding for these positions be transferred to the IT and Communications Fund and allocated appropriately to all City Departments and Funds that benefit from GIS services. In addition, the Technical Support Analyst position also supports a city-wide need and is also recommended to be funded from the I.T. Fund and charged back to all departments.</p>

47-01	Printing & Binding	500
54-01	Subs & Memberships	350
55-01	Training Registrations	7,000
Total Recurring Operating Costs		\$ 37,850

One -Time Costs		
Account Number	Description	Cost
Total One-Time Costs		\$ -

Benefits
<p>The value of the City's GIS function has grown. Managed by I.T. and led by an overall strategic vision to enhance and support services, a shift to build GIS into an enterprise-wide system is capitalizing on the benefit across all operations. With the new ERP system, I.T. is also expanding its GIS system to reach potential in areas such as environmental, land use, economic development, emergency management, disaster assessment, social and human services, performance management and public information access. This transfer will provide for better allocation and budgeting for the costs of services city-wide.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

ERP Implementation Professional Services

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1701	INFORMATION TECHNOLOGY		\$ 75,000

Justification
<p>The Enterprise Resource Planning (ERP) project will require additional assistance (at competitive market consulting rates estimated at \$50-\$65/hr) in the implementation process to include work in assessing, designing, building, testing, validating, and deploying components. Additional professional services will cover multiple departments' needs throughout the project to assist with keeping up with daily operations as well as preventing project delays. These resources will report to the I.T. Department for work direction.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)

Benefits
<p>This assistance will cover additional resources as needed Citywide in the ERP implementation project.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

GIS Implementation Support Services

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1701	INFORMATION TECHNOLOGY		\$ 15,000

Justification
<p>The GIS virtualization project requires Implementation Support Services to ensure proper installation and full optimization of the system. The Environmental Systems Research Institute (ESRI) will plan and provide professional installation and configuration services as well as develop templates and data migration assistance to get this done.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Total Recurring Operating Costs		\$ -

One -Time Costs		
Account Number	Description	Cost
31-30	Professional Services	15,000
Total One-Time Costs		\$ 15,000

Benefits
<p>The benefit of this project is to reduce hardware and recurring costs by virtualizing our entire GIS environment (10 servers) for current needs and growth with the new Energov system planned for FY17. ESRI is the industry leader for the ArcGIS solution that is currently operating in the City. Their expert team will work with our GIS and Network teams to complete this upgrade/migration.</p>

PROGRAM MODIFICATION-SUPPLEMENTAL REQUEST

ERP Training

DEPT/ DIV NO.	DEPARTMENT NAME	DIVISION NAME	TOTAL COST
1701	INFORMATION TECHNOLOGY		\$ 6,000

Justification
<p>Proficiency and utilization of the new ERP (Tyler Technologies) is the best way to achieve a return on our investment. The technology vendor hosts an annual in-depth training conference with dozens of classes and presentations for local government staff to attend to learn about current and new modules, gain knowledge from experts, and collaborate with other organizations. It is strongly recommended that the City send at least two members of the I.T. department to this "Tyler Connect" event each year.</p>

Required Resources				
Personnel Costs				
Number of Positions (A)	Title	Salary (B)	Fringe Benefits (C)	Cost A x (B+C)
			-	-
			-	-
			-	-
Total Personnel Costs				\$ -

Recurring Operating Costs		
Account Number	Description	Cost

FY 2016/2017 Proposed Annual Budget

CAPITAL IMPROVEMENT PROGRAM

INTRODUCTION

The Capital Improvement Program (CIP) concentrates on the development of a long-range framework in which physical projects may be planned while, at the same time, implementing projects within the City's financial capabilities. The comprehensive program is prepared for the ensuing five years and is based upon the requirements of the community for all types of public improvements.

PURPOSE

The primary purpose of the Capital Improvement Program includes: the development of a long-range framework in which physical projects are planned, evaluated, and presented in an order sequence; the coordination of the capital-related projects of City departments to ensure equitable distributions of projects with regard to the needs of the community, the timing of related projects, and the fiscal ability of the City to undertake the projects; the assistance of City staff and City Commission members in the determination of project requests and funding with regard to short and long-range plans; and the provision of information regarding planned capital projects to the residents of the City of Sunrise.

DEFINITIONS

Capital Improvement: Any major expenditure for physical development, which generally falls into one of the following categories: Land and non-structural improvements; New structures; Major repairs; Major equipment.

Capital Improvement Project: Any major non-recurring expenditure for physical facilities of government such as costs for acquisition of land or interests in land; construction of buildings or other structures including additions or major alterations; construction of streets or utility lines; fixed equipment; and landscaping and similar expenditures including associated planning and design work related directly to an individual project. A Capital Improvement Project generally exceeds \$25,000, takes more than a year to complete, and has a useful life of five (5) years or more.

Capital Improvement Budget: A list of projects, together with cost amounts and sources of funds for the coming fiscal year, regarded as the first year of the Capital Improvement Program. The Capital Improvement Program may be included as a part of the City operating budget.

METHODOLOGY

Projects included in the Capital Improvement Program were derived from needs identified by City staff. Departments submitted projects that encompassed both the improvement of the City's physical development, as well as the improvement of the particular programs and services that they provide to the public. Each department estimated project costs, assigned a project manager, and determined the priority level, identified the sources of possible funding across the five fiscal years, gave an explanation and justification of the project, identified costs which would extend beyond the five years, and identified any annual impact on the operating budget. After initial compilation, the Utilities Department, the Finance & Administrative Services Department, and the City Manager assessed and ranked the projects by priority for City Commission's consideration. After the City Commission's review and approval, funded projects would be implemented.

NEED FOR CAPITAL PROJECTS

In recent years a vast array of new Federal and State regulations, primarily in areas of environmental quality, have imposed tremendous costs upon local units of government for Capital Improvements in order to comply.

CAPITAL IMPROVEMENT PROGRAM

Although some programs are combined with financial aid to encourage and assist cities in compliance, the local share of costs often runs into the millions of dollars. Once built, facilities must be maintained and operated, imposing tremendous ongoing costs for labor and materials. The ability to absorb future operating costs is as important in planning a Capital Improvement Program as the ability to finance the actual construction. Rapidly changing technology often contributes to capital projects planning. Modernization of facilities and equipment, while costly, can often help reduce maintenance and operating costs significantly over the long run. There is a constant need to rebuild and or replace facilities, which have begun to deteriorate due to age. This is particularly true with streets and bridges. The impact of the various factors, which contribute to generating Capital Improvements, highlight the need for sound fiscal planning in the preparation of Sunrise's Capital Improvement Program. The future development, growth and general well-being of our citizens is directly related to an affordable and realistic Capital Improvement Program.

FUNDING OF CAPITAL PROJECTS

The success of the Capital Improvement Program depends on the close coordination of the physical plan with a financial plan. Projects may be financed through regular operating funds such as the General Fund, which frequently are insufficient for very large Capital Improvement Projects and which must compete with recurring operating requirements. The financial plan may require in-depth research in determining alternative means within a desired timetable to finance Capital Improvements. The City can borrow money through the sale of bonds. Bonds sold by the City fall into two categories: General Obligation Bonds and Revenue Bonds. A property tax levy is used to pay for General Obligation Bonds, which requires voter approval. Revenue Bonds are paid for by pledging a specific revenue stream for the repayment of debt. It has become practical to pay for some very large Capital Improvements on a pay-as-you-go basis with the popularity of various lease-purchase options. Federal and State Aid Programs also plan an important role in Capital Improvement planning. Federal and State Grant Programs aid in the ability to plan for and finance projects.

The administrative ability to seek and utilize the best possible source, or combination of sources, from the various alternatives for financing capital improvements can maximize the City's Capital Improvement Program, saving the cost of inefficiencies that can occur from not adequately addressing infrastructure needs. The individual funds used to account for the City's Capital Improvement Programs are listed below.

Governmental Funds are the funds through which most governmental functions typically are funded. These funds are generally used to account for tax-supported activities:

FUND 001--GENERAL FUND

The General Fund of a government unit serves as the primary reporting vehicle for current government operations. The General Fund, by definition, accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. The major sources of revenue for the General Fund include: ad valorem taxes, franchise taxes, utility taxes and user fee charges.

FUND 191--FUEL & ROADWAY FUND

The City's Fuel & Roadway Fund is funded primarily by fuel taxes. Allowable uses of these fuel taxes are restricted and this fund has been established to account for the various transportation-related activities that are allowable under the established guidelines for use.

CAPITAL IMPROVEMENT PROGRAM

FUND 309--SPECIAL TAXING DISTRICT I CAPITAL PROJECTS FUND

This fund has been established to account for the construction of a parking garage and additional public works improvements for the district.

FUND 325--CAPITAL IMPROVEMENTS FUND

This fund has been established to account for the various general government capital improvement projects for general government operations and funded primarily by the General Fund. Examples include facilities and improvements for Police, Fire Rescue, Leisure Services, and other general government improvements.

Enterprise Funds account for the operations that are financed and operated in a manner similar to private business enterprises. These are used to report activity for which a fee is charged to external users for goods or services:

FUND 401--WATER AND WASTEWATER FUND

This fund has been established to account for the regular operating expenses of the City's Water & Wastewater Utility, and the necessary infrastructure improvements and expansions to the system. Proceeds from these funds are primarily from charges for service from the City's utility customers, which include customers from the City of Sunrise and customers residing in the neighboring cities of Davie, Weston, and Southwest Ranches.

FUND 402--UTILITIES RENEWAL & REPLACEMENT FUND

This fund provides funding for the bond-required minimum of 5% of operating revenues to be used for system wide renewal and replacement of existing system infrastructure.

FUND 408--SERIES 2010 CONSTRUCTION FUND

This fund provides funding for various capital improvement projects identified at the time that the bonds were issued. The City has the flexibility to utilize remaining funding on other eligible projects.

FUND 444--STORMWATER MANAGEMENT FUND

This fund provides funding for the necessary programs and capital improvement required for compliance with the National Pollutant Discharge Elimination System (NPDES) Permit. The fund provides for the maintenance and construction of the City's stormwater control activities and infrastructure.

FUND 471--GAS OPERATING AND MAINTENANCE FUND

This fund accounts for the daily operations of Gas utilities. The Gas function provides for the safe and efficient management of the City's Natural Gas Operations, assuring a continuous supply of clean energy, and servicing of gas equipment and appliances for residential and commercial customers.

FUND 472--GAS RENEWAL AND REPLACEMENT (R&R) FUND

This fund is used to account for repairs and maintenance to the City's gas utility systems as well as the replacement and enhancement of existing equipment, and other capital items related to the system.

CAPITAL IMPROVEMENT PROGRAM

FUND 502--FLEET MANAGEMENT FUND

This fund is used to account for the operations of Fleet Services and the repairs and replacements of vehicle and equipment.

FUND 503--INFORMATION TECHNOLOGY (IT) AND COMMUNICATIONS FUND

This fund is used to account for the acquisition of technology and communications related equipment and the operation of Information Technology.

The following Funding Source codes apply to the Five Year Capital Improvement Program:

CITYWIDE STREET LIGHTING PROGRAM

PROJECT NUMBER:	3587					
LOCATION:	Citywide					
STATUS:	In Progress - Design					
DEPARTMENT:	CITYWIDE STREET LIGHTING PROGRAM					
PROJECT MANAGER:	Allan Miller					
START DATE:	2/2015					
COMPLETION DATE:	Ongoing					
ESTIMATED PROJECT COST:	\$ 1,193,929					
DESCRIPTION/JUSTIFICATION						
<p>This project will provide new street lighting in deficient areas and replace existing street lighting with higher efficiency LED fixtures throughout the City. The initial phase of work will focus on installing new lights in areas identified as having insufficient levels of lighting. Work will include installing new poles and fixtures to enhance the quality of lighting and/or replacing low wattage fixtures with higher wattage fixtures on existing poles. The second phase of the project will replace existing high pressure sodium light fixtures that produce poor quality, yellow light with high efficiency, bright white LED fixtures. During this phase, the existing poles will be utilized to the greatest extent possible.</p>

MEDIAN SAFETY BARRIER PROGRAM

PROJECT NUMBER:	3588					
LOCATION:	Citywide					
STATUS:	New Project					
DEPARTMENT:	Utilities - Public Works					
PROJECT MANAGER:	Earl Prizlee					
START DATE:	10/2014					
COMPLETION DATE:	Ongoing					
ESTIMATED PROJECT COST:	\$ 400,000					
DESCRIPTION/JUSTIFICATION						
<p>This project will install a safety barrier, within public roadway medians, to prevent pedestrians from attempting to cross the roadway at an undesignated location. The safety barrier proposed for this project would be designed to focus on safety aspects, while incorporating the appropriate aesthetics of the surrounding area. The project would be phased so that the medians with the highest incident of pedestrian accidents would be addressed first and continue throughout the City.</p>

MUNICIPAL CAMPUS EXPANSION

PROJECT NUMBER:	6207
LOCATION:	Municipal Campus
STATUS:	New Project
DEPARTMENT:	City Wide
PROJECT MANAGER:	Bob Romeo
START DATE:	5/2016
COMPLETION DATE:	3/2020
ESTIMATED PROJECT COST:	\$ 62,234,426

DESCRIPTION/JUSTIFICATION

This project allows for construction of a new City Hall building to replace the existing facility located at 10770 W Oakland Park Boulevard. This budget assumes a 100,000 square foot facility with an 800 space parking garage. The new building would consolidate all departments currently in City Hall as well as other departments operating in the Annex on NW 136th Avenue. Other work included in this project include addition of a water playground adjacent to the 50 meter pool, expansion of the amphitheater stage bowl, construction of a roof canopy - potentially solar - over the amphitheater stage and bowl, addition of public restrooms and a green room for the amphitheater. The project will also include an investigation of seating in the Civic Center Theater to determine whether additional seating can be added within the existing building shell.

**Sustainability considerations include referencing and possibly pursuing LEED or similar green building certification toward realizing operating cost benefits from energy and water savings, enhanced indoor air quality and a healthy work environment to support productivity. Elements may include LED site lighting, electric vehicle charging stations, and Florida Friendly Landscaping.

ENTRY SIGNS

PROJECT NUMBER:	6274	
LOCATION:	Citywide - Various Locations	
STATUS:	In Progress - Construction	
DEPARTMENT:	Public Works	
PROJECT MANAGER:	Dave Abderhalden	
START DATE:	1/2011	
COMPLETION DATE:	11/2016	
ESTIMATED PROJECT COST:	\$ 657,617	

DESCRIPTION/JUSTIFICATION

This project will provide solar lighted entry feature signs in medians near 12 major entry points to the City. They are at Weston Road, NW 136th Avenue, Sunrise Boulevard (west), Oakland Park Boulevard (west and east), Hiatus Road (north), Nob Hill Road (north and south), Flamingo Road (south), University Drive (north and south) and Sunset Strip. An indexing sign pilot project was added to the project in 2013. The indexing signs will be located on University Drive between Sunrise Boulevard and NW 44th Street. The indexing signs will assist drivers in locating addresses in the business district. A total of 11 signs are planned at this time. This project also includes restoration of Entry Sign at NW 50th Street and Nob Hill. Additionally, utility box wraps will be evaluated for installation as screening.

**Sustainable design elements include solar lighting, and the project will complement our Naturescape landscaping.

HIATUS ROAD PRIVACY WALL

PROJECT NUMBER:	6287
LOCATION:	Oakland Pk Blvd south to City limits
STATUS:	In Progress - Construction
DEPARTMENT:	Public Works
PROJECT MANAGER:	Dave Abderhalden
START DATE:	8/2014
COMPLETION DATE:	6/2017
ESTIMATED PROJECT COST:	\$ 663,868

DESCRIPTION/JUSTIFICATION

This project will construct approximately one mile of new 10 foot high precast concrete privacy wall on the eastern side of the Hiatus Road Extension Project between Sunrise Boulevard and Oakland Park Boulevard. This project is in cooperation with Broward County, which is responsible for the design and construction management of the Hiatus Road Extension Project. Through a Joint Project Agreement between the City and Broward County, the City is responsible for 25% of the cost of the privacy wall and will be responsible for maintaining the western side of the privacy wall along the new roadway.

**Sustainability benefits include enhanced management of vehicular light and noise pollution. The wall may be enhanced by Florida Friendly Landscaping.

OPEN / GREEN SPACE IMPROVEMENTS (NEW PARK CONSTRUCTION)

PROJECT NUMBER:	6407
LOCATION:	Various
STATUS:	In Progress - Design
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Dave Abderhalden
START DATE:	12/2014
COMPLETION DATE:	9/2018
ESTIMATED PROJECT COST:	\$ 11,385,866

DESCRIPTION/JUSTIFICATION

This project allows for the construction of three new passive parks on land purchased by Broward County and given to the City to develop passive parks. The properties include Cypress Preserve Park (8 acres) located at Oakland Park Blvd at NW 90th Terrace (Grand Opening was on September 26, 2015), Oak Hammock Park (12 acres) at NW 44th Street near NW 90th Way (Grand Opening was on September 26, 2015) and Veterans Park (6 acres) at Nob Hill Road and NW 55th Street. Each park will have parking, restrooms, walking trails and playgrounds. In addition, Cypress Preserve has 3 picnic pavilions and a 9-hole disc golf course. Oak Hammock has 3 picnic pavilions and a nature observation boardwalk over the canal. Veterans Park will have a Memorial Garden with a contemplation labyrinth and the design process will engage the VetGardens program at the William B Kling VA Clinic.

**Sustainable design elements include Florida Friendly Landscaping, LED lighting, low flow toilets, playground safety surface made of recycled tires, site furnishings made from recycled lumber, and educational features that highlight our native ecosystem and wildlife. The parks will receive Broward County Naturescape recognition for receiving National Wildlife Federation certification.

SUNRISE BLVD & NW 136TH AVE STREETSCAPE IMPROVEMENTS

PROJECT NUMBER:	6450					
LOCATION:	NW 136 Ave, Sunrise Blvd to SR 84					
STATUS:	New Project					
DEPARTMENT:	Public Works					
PROJECT MANAGER:	Dave Abderhalden					
START DATE:	12/2016					
COMPLETION DATE:	6/2019					
ESTIMATED PROJECT COST:	\$ 1,360,000					
DESCRIPTION/JUSTIFICATION						
<p>This project would provide landscape and irrigation improvements to the medians on Sunrise Boulevard from the Sawgrass Expressway to NW 136th Avenue along with the medians on NW 136th Avenue from Sunrise Boulevard to SR 84. These roadways are considered the corporate and business entrances to the City. The landscaping and irrigation within these medians are nearly 30 years old and need updating to enhance the City's image and to incorporate state of the art irrigation system design. Additionally, this project provides for the design and construction of gateway structures at the intersection of NW 136th Avenue and Sunrise Boulevard to emphasize this major commercial, retail, and tourism intersection with iconic gateway features.</p> <p>**Sustainable design elements will include Florida Friendly Landscaping and a future connection to irrigational reuse water. Sustainability benefits include supporting our economic vibrancy, place making and environmental benefits such as water conservation and habitat promotion.</p>

SUNRISE LAKES PHASE 1 PARK

PROJECT NUMBER:	6453
LOCATION:	Sunrise Lakes Blvd & Sunrise Lakes Dr.
STATUS:	In Progress - Design
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Dave Abderhalden
START DATE:	11/2011
COMPLETION DATE:	6/2017
ESTIMATED PROJECT COST:	\$ 1,266,159

DESCRIPTION/JUSTIFICATION

This project includes the construction of a new passive park on land purchased by Broward County and given to the City for the purpose of developing a passive park. The park will have a walking trail, trellis structure with seating and enhanced landscaping and irrigation. In cooperation with the Sunrise Lakes Phase I Condominium Association, an access easement will be created along the water so that the residents will have access from buildings south of the park to the clubhouse on the north side of the park.

**Sustainable design features include Florida Friendly Landscaping, butterfly friendly plants, LED lighting and possibly, a raised bed herb garden area.

STATUS:	In Progress - Design					
DEPARTMENT:	Public Works					
PROJECT MANAGER:	Bob Romeo					
START DATE:	Varies					
COMPLETION DATE:	Ongoing					
ESTIMATED PROJECT COST:	\$ 310,668					
DESCRIPTION/JUSTIFICATION						
<p>This is an ongoing program administered by the City for public roads in residential communities. The intent is to reduce and slow down vehicular traffic when specific program criteria are met. Traffic calming is achieved through the installation of measures such as speed tables, medians, traffic circles, or reduced lane widths. Currently, there is one active application located on NW 25th Court (Nob Hill Road to Pine Island Road).</p>

SUNBLEST SOUND WALL

PROJECT NUMBER:	6472	
LOCATION:	4600 to 4700 Block of Pine Island Road	
STATUS:	In Progress - Construction	
DEPARTMENT:	Utilities	
PROJECT MANAGER:	Joseph McLaughlin	
START DATE:	6/2014	
COMPLETION DATE:	12/2016	
ESTIMATED PROJECT COST:	\$ 437,220	

DESCRIPTION/JUSTIFICATION

This project includes the design, construction & inspection of approximately 915 linear feet of 8' high precast concrete sound wall adjacent to Pine Island Road within the property of the Sunblest HOA Community. The City has entered into a Joint Project Agreement (JPA) for funding purposes with Broward County. The JPA identifies that the County will reimburse the City for 50% of the design, construction and inspection of the sound wall. The improvements will be made on private property and will be turned over to the Sunblest Home Owners Association upon final completion.

**Sustainability benefits include the mitigation of vehicular light and noise pollution reduction, and may include future Florida Friendly Landscaping enhancements.

NW 44TH STREET BICYCLE LANE

PROJECT NUMBER:	6473
LOCATION:	Pine Island Rd to SAC Park
STATUS:	In Progress - Construction
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Meghan Kaufold
START DATE:	7/2014
COMPLETION DATE:	9/2017
ESTIMATED PROJECT COST:	\$ 2,888,445

DESCRIPTION/JUSTIFICATION

This project includes the design, construction and construction inspection of a five-foot wide bicycle lane, with a two-foot buffer, within the existing swale areas along both sides of NW 44th Street from Pine Island Road west to the Sunrise Athletic Complex located at 11501 NW 44th Street, and construction of a westbound right turn lane at Nob Hill Road. The existing travel eastbound and westbound travel lanes will be reduced to ten-feet in width. The bike lane portion of the project is approved to be reimbursed by an FDOT Grant in the amount of \$1,141,268. The construction for the westbound right turn lane is estimated to be \$125,000. The signage and striping improvements will be maintained by Broward County, per the interlocal agreement.

**Sustainability benefits include enhancing transportation options to include non-motorized alternatives and the associated public health, safety, and carbon reduction benefits.

W. SUNRISE TOD INFRASTRUCTURE IMPROVEMENTS

PROJECT NUMBER:	6474					
LOCATION:	Sawgrass Mills Mall					
STATUS:	New Project					
DEPARTMENT:	Public Works					
PROJECT MANAGER:	Bob Romeo					
START DATE:	7/2016					
COMPLETION DATE:	TBD					
ESTIMATED PROJECT COST:	\$ 261,068					
DESCRIPTION/JUSTIFICATION						
<p>As part of the overall development of the Mall area (bounded by Sunrise Blvd on the south, Flamingo Road on the east and NW 136th Ave on the west and north) there will be a need for various transit oriented design (TOD) infrastructure improvements (e.g. drainage, lighting, bicycle lanes, sidewalk, striping, signage, signalization, landscaping, irrigation) to be made by the City. At this point specific design criteria have not yet been developed by the Developer or the City. The first phase of the project would develop a master plan in order to prepare the specific scope and future phasing for these improvements. It is intended that the City's consultant and staff attend meetings with the Developer and Community Development to develop the basis of design. A full design budget will be developed and presented to the City Commission at a future date.</p> <p>**Sustainable design elements may include Florida Friendly Landscaping, expanded multi-modal transport options including safe walking and bicycle accommodation, promotion of public transportation, installation of LED lighting, and potentially, infrastructure for alternative fuel and/or electric vehicles and commuter service.</p>

"25.5" WETLANDS REMEDIATION

PROJECT NUMBER:	6475	
LOCATION:	Oakland Park Blvd. & Sawgrass Expy	
STATUS:	In Progress - Design	
DEPARTMENT:	Public Works	
PROJECT MANAGER:	Dave Abderhalden	
START DATE:	12/2015	
COMPLETION DATE:	6/2017	
ESTIMATED PROJECT COST:	\$ 935,738	

DESCRIPTION/JUSTIFICATION

This project includes the design, construction and construction inspection for the removal of exotic and invasive plant material from approximately 16 acres of previously constructed wetlands on the "25.5" acre City owned parcel (folio 494024180010). Upon completion of the remediation activities, the City will be required to provide annual maintenance reports, written by a consultant, based upon the quarterly maintenance provided by a specialized private vendor.

**Sustainable design elements include Florida Friendly Landscaping and other restoration best practices. Sustainability benefits include habitat restoration and wetland preservation which will provide green infrastructure that supports our community's resiliency. The site will be eligible for Broward County Naturescape recognition for achieving National Wildlife Federation certification.

PUBLIC SAFETY BUILDING COMMUNITY ROOM EXPANSION

PROJECT NUMBER:	6477					
LOCATION:	10440 W.Oakland Park Blvd					
STATUS:	In Progress - Construction					
DEPARTMENT:	Police					
PROJECT MANAGER:	Earl Prizlee					
START DATE:	4/2015					
COMPLETION DATE:	4/2017					
ESTIMATED PROJECT COST:	\$ 1,033,895					
DESCRIPTION/JUSTIFICATION						
<p>This project will provide for the design and construction of an additional 812 square feet of space to expand the existing Community Meeting Room on the first floor of the Public Safety Building. The larger Community Meeting Room is needed in order to accommodate additional capacity for public meetings. In addition, the project includes rehabilitation of the adjacent fountains.</p> <p>**Sustainable design considerations will include the evaluation of energy efficient, water conserving and other green building best practices.</p>

SHOTGUN ROAD LINEAR PARK IMPROVEMENTS

PROJECT NUMBER:	6479
LOCATION:	Shotgun Road
STATUS:	In Progress - Design
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Meghan Kaufold
START DATE:	6/2015
COMPLETION DATE:	8/2017
ESTIMATED PROJECT COST:	\$ 1,056,531

DESCRIPTION/JUSTIFICATION

This project allows for the removal of the existing asphalt trail, installation of a new 10-foot wide flexi-pave (or equal) trail, 10 exercise stations, and installation of new benches and trash receptacles. The new trail will be constructed out of a rubber-based product, which will be much better for walking and running due to the reduction in impact and shock to the body. Additionally, the new trail will have distance markers the entire length. The City applied for and was awarded a Florida Department of Environmental Protection for a Recreational Trails Grant in the amount of \$200,000 to assist with the funding of this project.

** Sustainable design elements include permeable pathways made from recycled tires and Florida Friendly Landscaping. Sustainable community benefits include promoting an active lifestyle and fitness, and environmental benefits such as habitat promotion and storm water management through the reduction of impervious area.

COMMERCIAL BLVD LANDSCAPE AND IRRIGATION IMPROVEMENTS

PROJECT NUMBER:	6480
LOCATION:	Pine Island Rd to Sawgrass Expwy
STATUS:	New Project
DEPARTMENT:	Public Works
PROJECT MANAGER:	Earl Prizlee
START DATE:	10/2016
COMPLETION DATE:	TBD
ESTIMATED PROJECT COST:	\$ 553,000

DESCRIPTION/JUSTIFICATION

This project will enhance approximately 1.5 miles of the median on Commercial Boulevard from Pine Island Road to the Sawgrass Expressway with new landscaping material, a new irrigation system, and hardscaping. This will be a joint participation project with the City of Tamarac who will share the cost of design and construction.

** Sustainable design elements include Florida Friendly Landscaping, and sustainable community benefits include enhancing our business district.

NW 64TH AVENUE COMPLETE STREET

PROJECT NUMBER:	6482
LOCATION:	Sunset Strip to W. Oakland Park Blvd
STATUS:	In Progress - Design
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Meghan Kaufold
START DATE:	3/2016
COMPLETION DATE:	9/2018
ESTIMATED PROJECT COST:	\$ 2,635,035

DESCRIPTION/JUSTIFICATION

This project will expand on the "Complete Street" project in the Village area of Sunset Strip north to Oakland Park Boulevard along NW 64th Avenue. Work includes modifying the existing four lane road section down to a two lane road section with bicycle lanes and buffers in each direction, new eight foot wide sidewalks with ADA connections at intersections, decorative crosswalks, decorative pedestrian lighting, landscaping improvements and drainage improvements. The City is receiving an FDOT Grant to reimburse for portions of this project in the amount of \$927,540.

**Sustainable design elements include Florida Friendly Landscaping, enhanced pedestrian and bicycle safety, and LED lighting. Sustainable community benefits include traffic calming to enhance neighborhood quality and sense of place. Complete Streets have been shown to support local business vibrancy. Environmental benefits include potential carbon emission reductions, and water and habitat benefits from environmentally responsible landscaping.

PUBLIC SAFETY BUILDING GENERATOR MODIFICATIONS

PROJECT NUMBER:	6484					
LOCATION:	10440 Oakland Park Boulevard					
STATUS:	In Progress - Construction					
DEPARTMENT:	Police, Fire-Rescue, and IT					
PROJECT MANAGER:	Bob Romeo					
START DATE:	2/2016					
COMPLETION DATE:	11/2016					
ESTIMATED PROJECT COST:	\$ 230,423					
DESCRIPTION/JUSTIFICATION						
<p>The Public Safety Building has two emergency generators that provide critical power for the facility if the Florida Power and Light power grid fails. Exhaust pipes for one of the two emergency generators were damaged when they were hit by a vendor's truck. The damaged exhaust manifold could cause the generators to either fail to start or over heat and shut down prematurely during a loss of power to the facility. Two properly functioning generators are essential to the operation of the Public Safety Building and it is necessary to repair the damage and reconfigure the exhaust pipes to prevent a similar accident from happening in the future.</p>

SUNSET STRIP BICYCLE LANE

PROJECT NUMBER:	6488	
LOCATION:	NW 109th Ave to Nob Hill Road	
STATUS:	New Project	
DEPARTMENT:	Public Works	
PROJECT MANAGER:	Meghan Kaufold	
START DATE:	3/2017	
COMPLETION DATE:	4/2019	
ESTIMATED PROJECT COST:	\$ 465,300	

DESCRIPTION/JUSTIFICATION

This project proposes to extend the road diet on Sunset Strip from Nob Hill Road to NW 109th Avenue. Work includes modifying the existing four lane road section down to a two lane road section with bicycle lanes and buffers in each direction. The City has received an award letter for an FDOT Grant in the amount of \$280,967 to reimburse for portions of this project. Construction engineering inspection fees up to \$30,104 are covered by the FDOT grant and are included in the construction account.

** This project promotes sustainability by encouraging the use of zero emission transportation. Sustainability benefits include enhanced neighborhood quality and safety.

SUNSET STRIP TRAFFIC CIRCLE ENHANCEMENTS

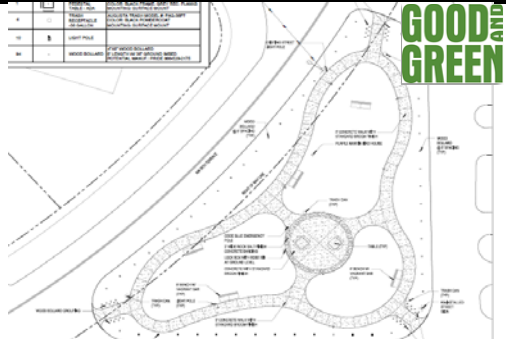

PROJECT NUMBER:	TBD					
LOCATION:	Sunset Strip at NW 64 Ave. & 19 St.					
STATUS:	New Project					
DEPARTMENT:	Public Works					
PROJECT MANAGER:	Meghan Kaufold					
START DATE:	1/2018					
COMPLETION DATE:	9/2019					
ESTIMATED PROJECT COST:	\$ 170,000					
DESCRIPTION/JUSTIFICATION						
<p>The Florida Department of Transportation (FDOT) is designing and constructing new bicycle lanes and traffic circles on Sunset Strip from Sunrise Boulevard to Nob Hill Road. The traffic circles will be located at NW 64th Avenue and NW 19th Street. FDOT will only install pavers or a similar type of surface in the center, non-vehicular area of the circles. The project proposes to enhance these areas with landscaping, irrigation, public art, and lighting.</p>

ROARKE HALL

PROJECT NUMBER:	7000GI					
LOCATION:	1720 NW 60th Avenue					
STATUS:	New Project					
DEPARTMENT:	Leisure Services					
PROJECT MANAGER:	Bob Romeo					
START DATE:	8/2015					
COMPLETION DATE:	10/2018					
ESTIMATED PROJECT COST:	\$ 309,200					
DESCRIPTION/JUSTIFICATION						
<p>This project may fill in the existing swimming pool and construct a medium sized Splash Pad with a shade structure or the project may keep the pool and construct a small sized Splash Pad with a shade structure and resurface the existing pool. Both options will evaluate modifications to the parking count. Security improvements will be included and costs will be determined during design.</p>

12TH STREET PARK

PROJECT NUMBER:	7001PK	
LOCATION:	NW 12th Street & NW 58th Terrace	
STATUS:	In Progress - Construction	
DEPARTMENT:	Leisure Services	
PROJECT MANAGER:	Meghan Kaufold	
START DATE:	10/2015	
COMPLETION DATE:	3/2017	
ESTIMATED PROJECT COST:	\$ 92,470	

DESCRIPTION/JUSTIFICATION

This project will convert a grassy right-of-way space into a small neighborhood park. Work includes the installation site furnishings, sidewalks, enhanced landscaping, and irrigation. Input from the surrounding residents was solicited prior to finalizing the design. Security improvements have been included in the design of the park.

**Sustainable features in this project include Florida friendly landscaping including plants that attract butterflies and LED lighting.

WELLEBY PARK EXPANSION

PROJECT NUMBER:	7002PK
LOCATION:	11100 NW 44th Street
STATUS:	In Progress - Design
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Dave Abderhalden
START DATE:	5/2015
COMPLETION DATE:	3/2018
ESTIMATED PROJECT COST:	\$ 4,513,073

DESCRIPTION/JUSTIFICATION

This project will expand the existing park to the west and renovate existing site amenities. The project includes the purchase of the adjacent 4-acre parcel on the western side of the park that will be developed into a Dog Park. Dog Park work includes the creation of a large and small dog area, small restroom building, site furnishings and adjacent parking for dog owners. In the existing portion of the park, work includes an 800 square foot expansion to the existing meeting room, construction of a Family Themed Splash Pad adjacent to the existing playground, construction of a "Safety Town" next to the new Splash Pad, and construction of a boardwalk and promenade along the water's edge. During the design phase of the project the consultant will evaluate the possibility of combining the Splash Pad and Safety Town into a single feature. Security improvements will be included and costs will be determined during design.

**Sustainable features in this park include LED lighting, use of recycled lumber on the boardwalk, high efficiency air conditioning systems, and Florida friendly landscaping.

SENIOR CENTER EXPANSION

PROJECT NUMBER:	7003GB
LOCATION:	10650 W. Oakland Park Boulevard
STATUS:	In Progress - Design
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Bob Romeo
START DATE:	5/2015
COMPLETION DATE:	12/2017
ESTIMATED PROJECT COST:	\$ 2,522,255

DESCRIPTION/JUSTIFICATION

This project provides for the expansion of the existing Senior Center to provide space for enhanced and additional programming. Work includes a new exercise room, a new craft room, an upgraded kitchen that can accommodate cooking classes, a new media room, expansion of the garden area with screened-in space, updating of the Burgundy Room, additional parking and roof replacement. Security improvements will be included and costs will be determined during design.

**Sustainable elements in this project include new LED interior lighting, low VOC paints, improved insulation, and reflective roofing.

FLAMINGO PARK RENOVATION

PROJECT NUMBER:	7004PK	
LOCATION:	12855 NW 8th Street	
STATUS:	In Progress - Design	
DEPARTMENT:	Leisure Services	
PROJECT MANAGER:	Earl Prizlee	
START DATE:	5/2015	
COMPLETION DATE:	4/2018	
ESTIMATED PROJECT COST:	\$ 4,544,883	

DESCRIPTION/JUSTIFICATION

This project will renovate and add amenities to the existing park. Work includes the demolition of the existing meeting hall, construction of a new 5,088 square foot meeting hall, three new covered basketball courts (replacing the two existing courts), drainage improvements to the soccer/football field, a splash pad, addition of 10 exercise equipment pieces located at 5 fitness stations around the existing walking trail and the addition of a second batting cage. Security improvements will be included and costs will be determined during design.

**Sustainable elements in this park include LED lighting, low VOC paints, high R-value insulation, and drinking fountains with a waterbottle filling spout.

OSCAR WIND PARK

PROJECT NUMBER:	7009PK
LOCATION:	200 North New River Circle
STATUS:	New Project
DEPARTMENT:	Leisure Services
PROJECT MANAGER:	Bob Romeo
START DATE:	10/2016
COMPLETION DATE:	8/2019
ESTIMATED PROJECT COST:	\$ 14,500,000

DESCRIPTION/JUSTIFICATION

Work includes renovation and expansion of Oscar Wind Park with the purchase of the Cypress Bay Annex facility from the School Board. At Cypress Bay Annex, work includes the demolition of existing structures, construction of 100 paved parking spaces, construction of 150 stabilized grade overflow parking spaces, construction of a 15,000 square foot multi-purpose building with a gymnasium, landscaping, irrigation, and site lighting. At Oscar Wind, work includes the demolition of the existing bathroom and playground, construction of a new playground near the entrance, a new restroom building near the entrance and a new boardwalk with a fishing pier on the shoreline with a canoe/kayak launch area. The existing fields will remain. Security improvements will be included and costs will be determined during design.

** Sustainable elements in this project include new LED interior lighting, low VOC paints, high R-value insulation, Florida friendly landscaping, and recycled lumber on the boardwalk.

OAK HAMMOCK PARK EXPANSION

PROJECT NUMBER:	7011PK	
LOCATION:	9210 NW 44th Street	
STATUS:	New Project	
DEPARTMENT:	Leisure Services	
PROJECT MANAGER:	Dave Abderhalden	
START DATE:	10/2016	
COMPLETION DATE:	6/2019	
ESTIMATED PROJECT COST:	\$ 3,228,900	

DESCRIPTION/JUSTIFICATION

The project includes the purchase of the adjacent 4.8-acre parcel on the eastern side of the park that will be developed into a nature area. This would expand the existing park from 12 acres to 16.8 acres. Work may include clearing the site of non-native vegetation, construction of a 2,500 square foot nature center, installation of trails and pathways, two pavilions, site furnishings, 20 parking spaces, perimeter fencing and interpretive signage/exhibits located throughout the property. Security improvements will be included and costs will be determined during design.

** Sustainable elements in this project include LED interior lighting, low VOC paints, high R-value insulation, and Florida friendly landscaping.

SUNSET STRIP PARK AT NW 109TH AVENUE

PROJECT NUMBER:	7012PK	
LOCATION:	Sunset Strip & NW 109th Avenue	
STATUS:	New Project	
DEPARTMENT:	Leisure Services	
PROJECT MANAGER:	Meghan Kaufold	
START DATE:	10/2016	
COMPLETION DATE:	8/2019	
ESTIMATED PROJECT COST:	\$ 1,208,100	

DESCRIPTION/JUSTIFICATION

This project will convert an existing four-lane divided road section into a new park. Work may include installation of a new playground with a shade structure, a small restroom building, open multi-purpose green space, pavilions, landscaping, irrigation and a decorative perimeter fence. Security improvements will be included and costs will be determined during design.

** Sustainable elements in this project include LED lighting, low VOC paints, reduced impervious area, and Florida friendly landscaping.

9525 PARCEL IMPROVEMENTS

PROJECT NUMBER:	TBD	
LOCATION:	9525 W. Oakland Park Boulevard	
STATUS:	New Project	
DEPARTMENT:	Leisure Services	
PROJECT MANAGER:	TBD	
START DATE:	10/2017	
COMPLETION DATE:	9/2019	
ESTIMATED PROJECT COST:	\$ 1,073,800	

DESCRIPTION/JUSTIFICATION

This project could develop the existing vacant City parcel at the northeast corner of West Oakland Park Boulevard and NW 95th Terrace into a new park. Work could include construction of a small restroom building, pavilions, walking paths, a parking lot, landscape enhancements, irrigation and a decorative perimeter fence. Security improvements would be included and costs would be determined during design.

** Sustainable elements in this project could include LED lighting and Florida friendly landscaping.

NOB HILL SOCCER CLUB IMPROVEMENTS

PROJECT NUMBER:	TBD					
LOCATION:	10200 Sunset Strip					
STATUS:	New Project					
DEPARTMENT:	Leisure Services					
PROJECT MANAGER:	Dave Abderhalden					
START DATE:	4/2018					
COMPLETION DATE:	9/2019					
ESTIMATED PROJECT COST:	\$ 2,931,700					
DESCRIPTION/JUSTIFICATION						
<p>This project will improve site amenities at the Soccer Club. Work includes the replacement of natural grass at fields 1 and 2 with synthetic turf along with drainage improvements at fields 1, 2 and 3. Additionally, the project will replace damaged or destroyed landscaping, replace aluminum perimeter fencing with steel fencing and replace the existing A/V systems in the meeting hall. The project includes playground improvements at Nob Hill Elementary School to provide for a shared usage of playground between the City of Sunrise and the School. A new playground for toddlers will also be constructed on the Nob Hill Soccer Club property. Security improvements will be included and costs will be determined during design.</p>

SAWGRASS BIOSOLIDS DEWATERING - CENTRIFUGES

PROJECT NUMBER:	5001SG					
LOCATION:	14150 NW 8th St.					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Jin Huo					
START DATE:	9/2013					
COMPLETION DATE:	10/2016					
ESTIMATED PROJECT COST:	\$ 6,083,792					
DESCRIPTION/JUSTIFICATION						
<p>The City contracts sludge hauling services to Synagro, Inc. Prior to the start of the project, the City evaluated belt filter press and centrifuge technologies, favoring centrifuges due to improved dewatering efficiency and odor control. This process will reduce water hauling costs by removal of extra water by approximately \$66,000/year. If this project were not implemented, the City would continue to incur the increased sludge hauling costs due to added weight of water in the sludge. The project is nearing completion and is expected to be online early fall.</p>

SPRINGTREE WWTP BIOSOLIDS DEWATERING - CENTRIFUGES

PROJECT NUMBER:	5002ST					
LOCATION:	4350 Springtree Drive					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Jin Huo					
START DATE:	9/2013					
COMPLETION DATE:	10/2016					
ESTIMATED PROJECT COST:	\$ 9,170,766					
DESCRIPTION/JUSTIFICATION						
<p>The City contracts sludge hauling services to Synagro, Inc. Prior to the start of the project, the City operated a gravity belt thickening process at the Springtree Wastewater Treatment Plant, thickening settled sludge to about 2.5% solids. Passage of new legislation in 2013 led to closure of several local land application sites resulting in extended hauls from Hendry to Seminole County. Biosolids management costs are on the rise and will continue due to regulations from the Florida Department of Environmental Protection. This project will reduce the City's sludge hauling costs by removing extra water through a permanent dewatering facility. The project is nearing completion and is expected to be online early fall.</p>

SPRINGTREE BISCAYNE TEST WELLS/WELLHEADS REPLACEMENT

PROJECT NUMBER:	5009WF					
LOCATION:	Springtree Biscayne Wellfield					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Allan Miller					
START DATE:	1/2016					
COMPLETION DATE:	12/2016					
ESTIMATED PROJECT COST:	\$ 8,209,687					
DESCRIPTION/JUSTIFICATION						
<p>The City's 2008 Master Plan outlined the need to evaluate the Springtree Biscayne Aquifer production wells due to age and deterioration. The City's evaluation confirmed corroded and leaking steel casings, valves and well head seals, and sand infiltration in the wells. This project provides replacement of eight (8) wells and eight (8) wellheads to return capacity lost due to failures. These wells were installed in the early to mid-1970s and are beyond their useful life. The South Florida Water Management District issued limiting conditions in the City's 2008 Water Use Permit reducing Springtree's raw water allocation to 10.7 MGD on an average daily flow basis. It is expected the replacement of these wells will adequately supplement production of the existing wells to ensure that the City can supply sufficient raw water to meet its demands.</p>

C-51 RESERVOIR PROJECT

PROJECT NUMBER:	5014SY					
LOCATION:	System					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Tim Welch					
START DATE:	10/2017					
COMPLETION DATE:	TBD					
ESTIMATED PROJECT COST:	\$ 25,450,000					
DESCRIPTION/JUSTIFICATION						
<p>The City will require additional water supply within the next 15 years. The South Florida Water Management District, through its Water Availability Rule, capped any expansion of Biscayne aquifer water supply to that use which occurred in year 2006, thereby forcing utilities to obtain new or expanded supply from alternate water supply projects involving the Floridan aquifer, wastewater reuse, or through conservation projects. The C-51 reservoir is being planned for capture of wet weather flows that would have otherwise been pumped to tide, store it and transmit it during dry periods through existing canal networks from Palm Beach County south to Broward or Miami-Dade Counties. The City received authorization of \$400,000 grant funding for development of this project.</p>

SAWGRASS 4 MGD REUSE TREATMENT PLANT EXPANSION (PHASE I)

PROJECT NUMBER:	5017SG					
LOCATION:	14150 NW 8th St.					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Jin Huo					
START DATE:	9/2012					
COMPLETION DATE:	11/2018					
ESTIMATED PROJECT COST:	\$ 22,303,745					
DESCRIPTION/JUSTIFICATION						
<p>The City is required to implement wastewater reuse as a condition of its wastewater operating permits described in the City's 2009 Reuse Feasibility Report. Additionally, recent legislation passed in 2013 provided the opportunity for virtual reuse whereby a utility may contract with another for implementation of reuse in another utility's service area and receive reuse credit associated with that system. This project provides for up to 4 million gallons per day (MGD) treatment and 2 MGD distribution, with deep bed sand filtration and high level disinfection. If the City does not construct reuse treatment and distribution, the City will violate specific permitting conditions in its Sawgrass and Springtree Wastewater Treatment Plant Operating License, which was renewed in 2009 and is currently under review for renewal in 2014.</p>

SAWGRASS WATER CONSUMPTIVE USE PER. MOD. IMPROVEMENT

PROJECT NUMBER:	5027PE					
LOCATION:	City Wide					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	1/2014					
COMPLETION DATE:	2/2017					
ESTIMATED PROJECT COST:	\$ 479,142					
DESCRIPTION/JUSTIFICATION						
<p>The South Florida Water Management District required two groundwater monitoring wells be installed, one east of and one west of the L-35 levee near the BB&T Center, as a condition of the City's 2008 Water Use Permit. This project provides groundwater monitoring to demonstrate pumping impacts in the Biscayne Aquifer (Everglades Water Conservation Area 2B) as raw water is pumped by the City of Sunrise at the Flamingo Park and Arena wellfields. One well was installed east of the L-35 levee in 2013. Another well was postponed until the Water Management District could finish the toe slope stabilization project along this levee and is now scheduled for installation this year.</p>

ESCAPE AND VALENCIA WATER MAIN REPLACEMENT

PROJECT NUMBER:	5031PI					
LOCATION:	System					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	12/2013					
COMPLETION DATE:	6/2018					
ESTIMATED PROJECT COST:	\$ 6,671,722					
DESCRIPTION/JUSTIFICATION						
<p>The City requires renewal and replacement of community water systems in reasonable time in order to sustain reliable service and maintain adequate water quality for its customers. This project includes the replacement of water distribution mains in Davie. The project is intended to improve integrity of the existing infrastructure and to provide additional system capacity. The existing 24,000 lineal feet of pipe, portions of which are thin walled Schedule 160 plastic piping, has demonstrated excessive vulnerability through the occurrence of a number of water main breaks over the past 6 to 7 years.</p>

NW 20TH COURT WATER MAIN REPLACEMENT

PROJECT NUMBER:	5033PI					
LOCATION:	From NW 107 Ave to End of Cul-de-sac					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Guarionex De Los Santos					
START DATE:	10/2013					
COMPLETION DATE:	11/2016					
ESTIMATED PROJECT COST:	\$ 607,715					
DESCRIPTION/JUSTIFICATION						
<p>This project is for replacement of approximately 2,200 lineal feet of existing plastic water main (thin walled Schedule 160) piping, water services and meters. The current equipment requires frequent and costly repairs. Replacement will improve service reliability and water quality for the City's customers and reduce required maintenance frequency and overtime costs.</p>

REXMERE VILLAGE WATER MAIN EXTENSIONS

PROJECT NUMBER:	5035PI					
LOCATION:	System (Davie)					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	10/2015					
COMPLETION DATE:	4/2017					
ESTIMATED PROJECT COST:	\$ 180,586					
DESCRIPTION/JUSTIFICATION						
<p>This project will provide a new connection of the existing Rexmere Village community water system (located at the southwest corner of Hiatus Road and S.R. 84) to provide redundancy (two source points for water where there is currently only one at the north side). A recent break exposed the entire community to lose water service and fire protection. Since there is an existing water main running along the eastern boundary, connecting this system would significantly reduce the number of customers losing service to one street. This new connection will also improve water quality and service pressure levels for fire protection since it will have two sources.</p>

SPRINGTREE INDUSTRIAL DEEP INJECTION WELLS

PROJECT NUMBER:	5036WF					
LOCATION:	4350 Springtree Drive					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Allan Miller					
START DATE:	8/2013					
COMPLETION DATE:	9/2017					
ESTIMATED PROJECT COST:	\$ 15,208,786					
DESCRIPTION/JUSTIFICATION						
<p>The City disposes treated wastewater from the Springtree treatment site through a 30-inch force main to the Sawgrass treatment site. The current emergency back up to this disposal system is to overflow on site or to surrounding surface water, which is not an ideal solution. This project provides two new Industrial Injection wells for disposal of treated wastewater and concentrate (waste) stream from the City's new Reverse Osmosis Water Treatment Plant. The new wells would provide 12.4 MGD capacity each and full redundancy during mechanical integrity (pressure) testing which is required every five (5) years.</p>

SPRINGTREE INDUSTRIAL INJECTION WELLS FLOW DELIVERY SYSTEM

PROJECT NUMBER:	5037ST					
LOCATION:	4350 Springtree Drive					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Allan Miller					
START DATE:	8/2013					
COMPLETION DATE:	2/2018					
ESTIMATED PROJECT COST:	\$ 10,448,330					
DESCRIPTION/JUSTIFICATION						
<p>This project supplements project 5036WF with the construction of a new Industrial Injection well, pump, motor and emergency generator set for disposal of treated wastewater and concentrate (waste) stream from the City's new Reverse Osmosis Water Treatment Plant. In order to facilitate construction of the injection wells it is necessary to fill an existing on-site dry retention area. An evaluation of the site drainage system concluded that extensive improvements to the plant's drainage system is needed on-site and off-site. This project also includes the installation of a new 12-inch diameter water main from the plant site north to NW 44th Street and extending east and west to connect with existing water mains near the intersection with Springtree Drive and at Piper High School to improve service reliability, circulation and water quality.</p>

WASTEWATER SYS REHAB-LATERAL & MANHOLE IPMTS-SSES FOR I/I

PROJECT NUMBER:	5043PI					
LOCATION:	System					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Guarionex De Los Santos					
START DATE:	10/2015					
COMPLETION DATE:	Ongoing					
ESTIMATED PROJECT COST:	\$ 5,583,004					
DESCRIPTION/JUSTIFICATION						
<p>This project provides evaluation, repair, replacement and upgrades of wastewater manhole and gravity sewer systems. The project is intended to reduce stormwater from infiltrating and inflowing (I / I) into the wastewater sewer system. The project will reduce or push out required lift station pumping rehabilitation requirements, push out required wastewater treatment plant expansions necessary, and reduce effluent disposal costs, and improve the integrity of the City's infrastructure for long term reliable service due to flow reductions.</p>

SPRINGTREE WATER TREATMENT PLANT REHABILITATION - PHASE 2

PROJECT NUMBER:	5045ST					
LOCATION:	4350 Springtree Drive					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	2/2016					
COMPLETION DATE:	3/2018					
ESTIMATED PROJECT COST:	\$ 12,562,605					
DESCRIPTION/JUSTIFICATION						
<p>This project includes rehabilitation improvements to restore and renew treatment processes at the Springtree Water Plant. Structural restoration of the filters is required since concrete has spalled at numerous locations, exposing reinforcing steel. The previously used "Greenleaf" filters, taken out of service in a late 1990s project, require piping modifications to convey softened water directly from lime treatment units to the newer filters without passing through these abandoned filters (complicates hydraulic efficiency and regulator compliance). The lime sludge vacuum filter presses used for dewatering sludge are beyond useful life and require replacement. A recarbonation (carbon dioxide injection) process is needed for improving pH stabilization (buffering), a compliance recommendation from the Health Department.</p>

NOVA DRIVE WATER MAIN AND FORCE MAIN REPLACEMENT

PROJECT NUMBER:	5048PI					
LOCATION:	System					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Guarionex De Los Santos					
START DATE:	6/2014					
COMPLETION DATE:	10/2017					
ESTIMATED PROJECT COST:	\$ 3,214,131					
DESCRIPTION/JUSTIFICATION						
<p>This project provides replacement of a 10-inch asbestos cement force main and a 12-inch asbestos cement water main. Replacement will commence at University Drive and heading west along S.W. 24th Street to S.W. 86th Avenue and north to about S.W. 20 Street. Both mains have outlived their useful life. The force main has been repaired several times. There is documented erosion of piping walls due to hydrogen sulfide gases which react with available oxygen to form sulfuric acid inside the piping. This project is required to reduce potential for sewage spills and water main breaks.</p>

WASTEWATER LIFT STATION 107 REHABILITATION

PROJECT NUMBER:	5051LS					
LOCATION:	2590 NW 60th Terrace					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	4/2014					
COMPLETION DATE:	11/2016					
ESTIMATED PROJECT COST:	\$ 873,173					
DESCRIPTION/JUSTIFICATION						
<p>This project provides replacement of a dry pit wastewater pumping station with a submersible pump, motor and electrical system to improve performance and reliability, reducing the current requirements for frequent visits for repair and maintenance. The City's lift station is approximately 35 to 40 years old and has served beyond its useful life. Currently, mechanics must perform frequent maintenance and repairs at this station (approximately once per week) disassembling valves and pumps due to failures, clogging or debris cleaning which is exacerbated by the design configuration and age of this station. Once this improvement occurs, monthly and quarterly maintenance will be required.</p>

DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	10/2013					
COMPLETION DATE:	Ongoing					
ESTIMATED PROJECT COST:	\$ 25,063,931					
DESCRIPTION/JUSTIFICATION						
<p>The City owns and operates 214 lift stations (LS). Many of these LSs have degraded operational efficiency, served beyond useful life, and are becoming more difficult to maintain because replacement parts for older equipment are difficult to purchase. This project provides LS rehabilitation or replacements for stations that, due to their configuration, age or degree of deterioration, cannot meet performance objectives. In addition there are risks for overflows/spills, which would result in notices of violation and fines from regulatory agencies. These improvements will include replacement of pumps, motors, electrical systems and restoration of the sewage receiving wet wells as necessary to restore reliable service.</p>

SOUTHWEST WWTP REUSE PLANT (HLD)

PROJECT NUMBER:	5063SW					
LOCATION:	15400 Slydgemill Road					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	9/2013					
COMPLETION DATE:	11/2016					
ESTIMATED PROJECT COST:	\$ 4,030,215					
DESCRIPTION/JUSTIFICATION						
<p>The City's Southwest Wastewater Treatment Plant (WWTP) utilizes four percolation ponds to dispose of treated secondary effluent. This plant and percolation ponds were constructed in the late 1980s and the majority of its equipment and processes require major rehabilitation to restore reliable service in compliance with regulations. In 2009, the Florida Department of Environmental Protection ordered an immediate restoration of these percolation ponds. In 2011, Broward County cited the City for overflows during wet season and they have exhibited decreased functionality since. This project provides increased suspended solids removal through addition of deep bed sand filters with high level disinfection (HLD) and restoration of the four ponds in an attempt to permanently resolve these complications with compliance. An on-site reuse irrigation system is also included.</p>

PINE ISLAND ROAD 12" WATER MAIN REPLACEMENT

PROJECT NUMBER:	5068PI	
LOCATION:	Pine Island Rd. from Nova Dr. to SR 84	
STATUS:	In Progress - Design	
DEPARTMENT:	Utilities	
PROJECT MANAGER:	Gregg Bagnall	
START DATE:	5/2016	
COMPLETION DATE:	12/2018	
ESTIMATED PROJECT COST:	\$ 1,304,993	

DESCRIPTION/JUSTIFICATION

Broward County is designing roadway improvements along Pine Island Road from S.W. 24 Street (Nova Drive) north to S.R. 84, including milling, resurfacing, and the installation of new sidewalk(s). The City of Sunrise has an existing 12-inch diameter asbestos concrete water main located within areas of the County's project that requires replacement due to the type and age of the pipe and the fact that Broward is rebuilding this road segment, so it is an appropriate time for the City to replace this piping. The total length of replacement is approximately 2000 feet and will include 13 conflict structures.

SAWGRASS WWTP CLARIFIER SCUM EJECTOR IMPROVEMENTS

PROJECT NUMBER:	5071SG					
LOCATION:	14150 NW 8th Street					
STATUS:	In Progress - Design					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	1/2014					
COMPLETION DATE:	9/2017					
ESTIMATED PROJECT COST:	\$ 882,343					
DESCRIPTION/JUSTIFICATION						
<p>The Sawgrass Wastewater Treatment Plant (WWTP) has eight secondary clarifiers. Clarifiers 1 - 4 have a recessed impeller pumping system mounted in a collection box which is to be replaced in a currently funded project. Clarifiers 5 - 8 were installed in 1997, and utilize a scum collection system using a pneumatic ejection system which collects scum in a receiving trough and air compressors feed air to piping ejectors which convey the scum to a holding tank. These clarifiers accumulate excessive scum due to solids passing over from the headworks process and clogging check valves and ejector piping which leads to scum carry over and dispersion into the clarifiers. Air bubbles are observed on leaking seals which also demonstrate excessive wear and tear and stresses on this system.</p>

SAWGRASS THICKENING, ANAEROBIC DIGESTION AND ODOR CONTROL

PROJECT NUMBER:	5073SG					
LOCATION:	14150 NW 8th Street					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Jin Huo					
START DATE:	10/2017					
COMPLETION DATE:	10/2020					
ESTIMATED PROJECT COST:	\$ 38,791,740					
DESCRIPTION/JUSTIFICATION						
<p>Sawgrass biosolids processes currently include dissolved air floatation (thickening) and odor control. A digestion process called Autothermal Thermophilic Aerobic Digestion (ATAD) was installed at this site in the late 1990s. This process had so many complications that the City reduced its use, treating only about 25% of the sludge by the early 2000s due to excessive odors and operational complications. This process was finally shut down completely in 2010. The dissolved air floatation and odor control systems function reasonably well at present, but these processes are now reaching the end of its useful life and require replacement. This project provides a traditionally proven anaerobic digestion process for sludge stabilization (reduction of volatile solids and vector attraction), producing a Class B inert solid product that can be land applied reliably improving regulatory compliance.</p> <p>**Sustainable features include energy recovery from the process gasses and potential use of pellitized by-products as fertilizer</p>

SPRINGTREE THICKENING RELIABILITY IMPROVEMENTS & ANAEROBIC

PROJECT NUMBER:	5074ST					
LOCATION:	4350 Springtree Drive					
STATUS:	In Progress - Design					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Jin Huo					
START DATE:	2/2015					
COMPLETION DATE:	2/2018					
ESTIMATED PROJECT COST:	\$ 10,931,047					
DESCRIPTION/JUSTIFICATION						
<p>The biosolids facilities at Springtree include a retrofitted steel tank converted to a digester installed around 1964, a gravity belt thickener (GBT) and odor control scrubbers installed in late 1990s. The 2008 Master Plan recommended replacement of transfer pumps, blending system, piping and valves in the GBT polymer system, and the digester due to its extended age and extensive pitted corrosion creating operational complications. Recently passed legislation requires increased pathogen reduction, nutrient management plans (NMP) and monitoring within the Florida Administrative Code 62-640 in 2013 for land application sites. These rules have caused haulers to extend travel out of the Lake Okeechobee and upper and lower Kissimmee basins and into Seminole County, resulting in a 16% cost increase in late 2013, and costs will continue to escalate with time.</p>

EAST SUNRISE WATERMAIN REPLACEMENT

PROJECT NUMBER:	5079PI					
LOCATION:	System					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Guarionex De Los Santos					
START DATE:	12/2013					
COMPLETION DATE:	10/2017					
ESTIMATED PROJECT COST:	\$ 6,900,633					
DESCRIPTION/JUSTIFICATION						
<p>The City suffered 8 water main breaks in the East Sunrise community bounded by N.W. 19th Place, N.W. 58th Terrace, N.W. 63rd Avenue and Sunrise Boulevard in 2014. This water system partially consists of asbestos concrete piping installed in the 1960s and other portions are PVC installed in the 1990s. This project replaces the older AC and cast iron portions, and interconnects with newer PVC systems, relocating all piping within the public right-of-way. This project will improve water quality, service reliability, and fire service protection.</p>

30" WATER MAIN REPLACEMENT - NW 44TH ST AND PINE ISLAND RD

PROJECT NUMBER:	5082PI	
LOCATION:	NW 44th ST / Pine Island Road	
STATUS:	In Progress - Design	
DEPARTMENT:	Utilities	
PROJECT MANAGER:	Earl Prizlee	
START DATE:	5/2015	
COMPLETION DATE:	9/2018	
ESTIMATED PROJECT COST:	\$ 3,724,259	

This project provides replacement of the 42-inch diameter pre-stressed concrete cylinder pipe (PCCP) transmission main from the Springtree Water Treatment Plant at 4350 Springtree Drive west to Pine Island Road along N.W. 44th Street, inclusive of the intersection at Pine Island Road and N.W. 44th Street. An additional segment of 30-inch welded steel transmission piping requires replacement in the eastern Pine Island Road right-of-way, from south of the C-13 canal to a point which is a couple hundred feet north of Oakland Park Boulevard. This also includes replacement of the adjacent Sanitary Line over the C-13 Canal. These mains have required repairs over the past decade and operations personnel have recommended replacement of this piping since it is approaching 50 years of age.

STATUS:	In Progress - Design					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	10/2015					
COMPLETION DATE:	6/2018					
ESTIMATED PROJECT COST:	\$ 5,019,553					
DESCRIPTION/JUSTIFICATION						
<p>The Southwest Water Treatment (WTP) is challenged to comply with Florida Administrative Code (FAC) 62-550, specifically with contaminants including disinfection by-products (DBPs), and color (organic matter), which impacts the public perception of of water quality, and it compromises the City's capabilities for regulatory compliance.. An Ion Exchange process is necessary in order to resolve these complications. In addition, due to deterioration and age of processes, this project will include a raw water well replacement, a new lime silo, and new generator.</p>

REUSE DISTRIBUTION SYSTEM - SICP & MARKHAM PARK (PHASE III)

PROJECT NUMBER:	5095PI					
LOCATION:	System					
STATUS:	In Progress - Design					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Bob Romeo					
START DATE:	5/2018					
COMPLETION DATE:	9/2021					
ESTIMATED PROJECT COST:	\$ 10,355,896					
DESCRIPTION/JUSTIFICATION						
<p>This project proposes the installation of approximately 15,000 linear feet of new reuse distribution system to Markham Park and beyond to Weston. The City of Sunrise began planning for irrigational reuse in 2010. This project provides 2 MGD distribution to reuse customers from the Sawgrass Treatment Facility. The City's initial modeling demonstrated about 96% offset credit could be received from reuse in this area. With passage of Senate Bill 444, utilities discharging treated wastewater through ocean outfalls will be required to reuse 60% of these flows by 2025. This legislation provides an opportunity for a utility to contract with another for implementation of reuse in that other utility's service area and qualify for the associated reuse credits by virtue of the investment. Reuse is strongly encouraged by the regulatory agencies (SFWMD and the FDEP) as an alternate water source.</p> <p>**This project supports sustainability by making reuse water more available to customers for irrigation.</p>

REUSE DISTRIBUTION SYS-SICP, SAWGRASS MILLS & ARTESIA (PHASE II)

PROJECT NUMBER:	5096PI
LOCATION:	System
STATUS:	In Progress - Design
DEPARTMENT:	Utilities
PROJECT MANAGER:	Guarionex De Los Santos
START DATE:	10/2015
COMPLETION DATE:	9/2018
ESTIMATED PROJECT COST:	\$ 13,183,450

DESCRIPTION/JUSTIFICATION

The project proposes installation of a new reuse distribution system within portions of the Sawgrass International Corporate Park north to Artesia and through Sawgrass Mills. The work will be designed in two segments. The first segment will extend through the Corporate Park from IKEA to Sunrise Boulevard. The second segment will extend service to the Sawgrass Mills Mall, BB&T Center, and Artesia. The project provides 0.5 MGD distribution to reuse customers from the Sawgrass Treatment Facility. The City's initial modeling demonstrated 96% offset credit could be received from reuse in this area. The law requires utilities discharging treated wastewater through ocean outfalls to reuse 60% of flows by 2025 and provides an opportunity for a utility to contract with another for reuse implementation in that City's service area and qualify for the associated reuse credits by virtue of the investment. This project extends distribution piping from the new HLD Reuse Facility to serve more than what is conditioned in the City's operating permits. Reuse is strongly encouraged by regulatory agencies (SFWMD and the FDEP) as an alternate water source.

This project supports sustainability by provided reuse water to customers for irrigation.

SGF-1 ASR CONVERSION

PROJECT NUMBER:	5098RW					
LOCATION:	Sawgrass Corporate Park					
STATUS:	In Progress - Design					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Bob Romeo					
START DATE:	10/2015					
COMPLETION DATE:	9/2018					
ESTIMATED PROJECT COST:	\$ 6,190,964					
DESCRIPTION/JUSTIFICATION						
<p>The City is currently utilizing about 27 MGD of the 29 MGD Biscayne aquifer allocation in its water use permit. This project proposes the installation of a new raw water supply main from the recently constructed Sawgrass Floridan (SGF) Test Well No. 1, and well head assembly including electrical instrumentation and controls for development as an aquifer storage and recovery (ASR) well. This ASR well would provide capability to store in the Floridan aquifer unused Biscayne aquifer allocation, and recovery for treatment of this water with the City's existing Sawgrass Water Treatment Plant. This raw water ASR well system is proposed since the existing Floridan test wells demonstrated marginal water yield and quality during aquifer performance testing, although the geologic strata appears to show reasonable promise for raw water ASR development. The ASR well will have a capacity of 3 MGD.</p>

SAWGRASS WTP MEMBRANE REPLACEMENT

PROJECT NUMBER:	5110SG					
LOCATION:	Sawgrass 14150 NW 8th Street					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	11/2015					
COMPLETION DATE:	6/2017					
ESTIMATED PROJECT COST:	\$ 5,476,787					
DESCRIPTION/JUSTIFICATION						
<p>The existing membranes at the Sawgrass Water Treatment Plant (WTP) were installed and placed into service in 2000 for trains 1-4, and in 2002 for trains 5-6. Drinking water membranes typically have a useful life span of 7 to 12 years, depending on the raw water quality, chemicals used, and maintenance. The membranes are serving well beyond their expected life and need to be replaced.</p>

SAWGRASS AERATION PIPING REPLACEMENT

PROJECT NUMBER:	5112SG	
LOCATION:	Sawgrass WWTP 14150 NW 8th Street	
STATUS:	In Progress - Construction	
DEPARTMENT:	Utilities	
PROJECT MANAGER:	Earl Prizlee	
START DATE:	2/2015	
COMPLETION DATE:	12/2016	
ESTIMATED PROJECT COST:	\$ 565,741	

As part of the treatment process, the Sawgrass Wastewater Treatment Plant (WWTP) utilizes air to provide service to surge tanks, aeration basins, and the waste activated sludge tanks. Most of the piping was designed in 1988; however, there are segments of the blower lines that cross heavily used travel lanes. In November 2013, a truck accidentally damaged the pipe and 50% of the WWTP plant was temporarily shutdown. To ensure that the piping is protected and to mitigate the potential for future accidents and plant shut downs, this project envisions the piping being raised from 14' to 20'. This project has been identified in the 12-10-2013 Risk Assessment prepared by Risk Management.

ARROW HEAD 4" FORCEMAIN REPLACEMENT

PROJECT NUMBER:	5113SY					
LOCATION:	8213 SW 26th Place in Davie					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joe McLaughlin					
START DATE:	2/2015					
COMPLETION DATE:	12/2016					
ESTIMATED PROJECT COST:	\$ 114,380					
DESCRIPTION/JUSTIFICATION						
<p>This project requires the replacement of approximately 200 lineal feet of an existing 4" steel force main located in the vicinity of 8213 SW 26th Place in the Town of Davie. The project will consist of pipe replacement with high density polyethylene pipe (HDPE) via directional bore to avoid disruption to the surrounding area. The pipe replacement is necessary due to the age and condition of the pipe.</p>

SAWGRASS WTP ION EXCHANGE

PROJECT NUMBER:	5120SG					
LOCATION:	Sawgrass 14150 NW 8th Street					
STATUS:	In Progress - Design					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	12/2016					
COMPLETION DATE:	12/2018					
ESTIMATED PROJECT COST:	\$ 9,925,000					
DESCRIPTION/JUSTIFICATION						
<p>This project propose the addition of Ion Exchange as part of the water treatment process at the Sawgrass Water Treatment Plant. The Ion Exchange (IX) treatment process provides treatment for dissolved iron and organic carbon removal. The system will have an initial capacity of 3 mgd which can be expanded to 6 mgd in the future. Also included in the project is the installation of a cleaning system for the existing degasifiers. This system is necessary due to the fact that over time the degasifier packing accumulates deposits such as iron, carbonate scale, and bacteria. The cleaning system will allow operators to clean the packing in each of the four degasifiers. The degasifier cleaning system consists of a chemical tank, a chemical pump, piping, valves, and ancillary items. Minor modifications to the degasifiers will be necessary to facilitate the introduction and removal of the cleaning solution. The IX system will improve treated water quality with improved alkalinity, improved hardness, and reduced iron concentration to minimize staining and metallic taste.</p>

4360 SPRINGTREE DRIVE SITE IMPROVEMENTS

PROJECT NUMBER:	5121ST					
LOCATION:	4360 Springtree Drive					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	11/2016					
COMPLETION DATE:	9/2017					
ESTIMATED PROJECT COST:	\$ 316,000					
DESCRIPTION/JUSTIFICATION						
<p>This project will remove the remaining foundation system and other miscellaneous structures on the property. This site will be clear and grubbed, graded, sodded, and fenced in on the north and west sides.</p>						
FUNDING SOURCES

SPRINGTREE WWTP STORAGE & EQUIPMENT BUILDING

PROJECT NUMBER:	5122ST					
LOCATION:	4350 Springtree Drive					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joe McLaughlin					
START DATE:	2/2017					
COMPLETION DATE:	8/2019					
ESTIMATED PROJECT COST:	\$ 3,010,000					
DESCRIPTION/JUSTIFICATION						
<p>The City recently replaced HSP Station "A" at Springtree WTP with exterior slab mounted pumps and the existing maintenance building has aged to its useful life and requires replacement. This project provides for replacement of the maintenance building and additional storage lost from the demolition of HSP Station "A" building.</p>

SAWGRASS WTP & SPRINGTREE WTP SECURITY IMPROVEMENTS

PROJECT NUMBER:	5123SY					
LOCATION:	Sawgrass WTP and Springtree WTP					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Bob Romeo					
START DATE:	12/2016					
COMPLETION DATE:	12/2018					
ESTIMATED PROJECT COST:	\$ 1,050,000					
DESCRIPTION/JUSTIFICATION						
<p>This project will install fixed security cameras throughout the Springtree and Sawgrass Water Treatment Plants. The first phase of security improvements installed walls and/or fences with card access gates and improved lighting at both facilities. The second phase of security improvements is to install a guard houses at the main entrance of each facility. During the first phase, the lighting was installed with conduit for future security cameras. That conduit will now be utilized for the network based camera system. The images will be captured to DVR's located on site, but the images will be accessible from any point on the City's network given the proper security access credentials.</p>

SAWGRASS WWTP AERATION DIFFUSER REPLACEMENTS (TRAIN 1)

PROJECT NUMBER:	TBD					
LOCATION:	11450 NW 8th Street					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	TBD					
START DATE:	5/2018					
COMPLETION DATE:	6/2019					
ESTIMATED PROJECT COST:	\$ 810,000					
DESCRIPTION/JUSTIFICATION						
<p>The Sawgrass Wastewater Treatment Plant (WWTP) is a conventional activated sludge treatment facility which is divided into two parallel/separate secondary treatment systems comprised of a two train system. Train 1 is comprised of four surge tanks, four aeration basins and four secondary clarifiers. The surge tanks and the aeration basins are aerated utilizing coarse bubble diffusers and tubular fine bubble diffusers respectively. The coarse bubble diffusers are old and have a tendency to clog frequently and require increasing maintenance and replacement. Train 1 diffusers need to be replaced with new ceramic disc fine bubble diffusers as already applied in Train 2. The diffusers would be standardized and will also improve the overall process and efficiency of the Train 1 biological treatment.</p>

SAWGRASS FACILITY EQUIPMENT MAINTENANCE BUILDING

PROJECT NUMBER:	TBD					
LOCATION:	14150 NW 8th St.					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Megan Kaufold					
START DATE:	1/2020					
COMPLETION DATE:	12/2021					
ESTIMATED PROJECT COST:	\$ 6,477,000					
DESCRIPTION/JUSTIFICATION						
<p>The Sawgrass W&WWTP has a significant amount of equipment and machinery utilized at the wellfields, pump stations, for maintenance of traffic, and work at night or during City's Leisure Department events (generators, portable lift stations, pumps, motors, bearings, meters, brass parts and fittings, light towers/trailers), message boards, and which require protection from weather and to be secured for emergency or general use. The existing facility equipment maintenance and storage building is over 40 years old and deteriorated due to steel corrosion, infestations, etc. This project would include a new butler-type (steel fabricated) building sufficiently sized to replace the existing building for these same uses, and for more storage due to growth.</p>

SPRINGTREE ION EXCHANGE PROCESS & LIME SLAKER REPLACEMENT

PROJECT NUMBER:	TBD					
LOCATION:	4350 Springtree Drive					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Gregg Bagnall					
START DATE:	11/2018					
COMPLETION DATE:	6/2021					
ESTIMATED PROJECT COST:	\$ 12,510,000					
DESCRIPTION/JUSTIFICATION						
<p>The majority of the production capacity at the Springtree WTP is a Lime Softening process (24 of 25.5 MGD), and the Biscayne aquifer groundwater source for this process contains significant organic matter available to react with free chlorine during the disinfection process which forms disinfection by-products (DBPs) called tri-halomethanes (THMs) and halo-acetic acids (HAAs), known carcinogens and regulated by the U.S. EPA/FDEP as primary contaminants to be controlled under 80 mg/l and 60 mg/l, respectively. The City injects ammonia in the disinfection process (after filtration) forming chloramines in order to maintain compliance with the DBP Rule, although this process is difficult to regulate continuously due to fluctuations in flow and corresponding chemical demands and can provide a food source for nitrifying bacteria in the distribution system, further complicating the City's capability to maintain regulatory compliance for adequate chlorine residual to the customer's faucets. This project provides an ion exchange process to substantially remove the organic matter in the lime softening process, reducing DBP formation potential and reducing required amount of ammonia (and available food source for any nitrifying bacteria which can compromise water system stability. There is a total of 12 MGD of Ion exchange being proposed under this project.</p>

SPRINGTREE WTP BISCAYNE AQUIFER WELLS 2, 7 & 8 REPLACEMENT

PROJECT NUMBER:	TBD					
LOCATION:	Springtree Biscayne Wellfield					
STATUS:	New Project					
DEPARTMENT:	Utilities					
PROJECT MANAGER:	Joseph McLaughlin					
START DATE:	11/2019					
COMPLETION DATE:	7/2022					
ESTIMATED PROJECT COST:	\$ 2,085,000					
DESCRIPTION/JUSTIFICATION						
<p>The City's 2008 Master Plan outlined the need to evaluate the Springtree Biscayne Aquifer production wells due to age and deterioration. The City's evaluation confirmed corroded and leaking steel casings, valves and well head seals, and sand infiltration in the wells. This project provides replacement three (3) wells and wellheads to return capacity lost due to failures. These wells were installed in the early to mid-1970s and are beyond their useful life. The South Florida Water Management District issued limiting conditions in the City's 2008 Water Use Permit reducing Springtree's raw water allocation to 10.7 MGD on an average daily flow basis. It is expected the replacement of these three wells will adequately supplement production from remaining wells to ensure that the City can supply sufficient raw water to meet its demands.</p>

STORMWATER PUMP STATION #5 REPLACEMENT

PROJECT NUMBER:	6305
LOCATION:	9601 Sunrise Lakes Boulevard
STATUS:	In Progress - Design
DEPARTMENT:	Utilities Public Works
PROJECT MANAGER:	Guarionex De Los Santos
START DATE:	2/2013
COMPLETION DATE:	10/2017
ESTIMATED PROJECT COST:	\$ 5,006,073

DESCRIPTION/JUSTIFICATION

Stormwater Pump Station # 5 provides stormwater protection for the residential neighborhood and commercial properties. Due to the condition of the existing pumps, motors and building, the existing Stormwater Pump Station # 5 must be replaced.

**Sustainable elements in this project include removal of pollution from the canal and use of a cleaner burning natural gas generator.

HIATUS ROAD DRAINAGE RELOCATION

PROJECT NUMBER:	6315					
LOCATION:	OPB to Sunrise Boulevard					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities - Public Works					
PROJECT MANAGER:	Dave Abderhalden					
START DATE:	7/2014					
COMPLETION DATE:	9/2017					
ESTIMATED PROJECT COST:	\$ 330,000					
DESCRIPTION/JUSTIFICATION						
<p>As part of the Hiatus Road Expansion Project currently being designed by Broward County, a sound/privacy wall will be constructed on the east side of the roadway. Per the Interlocal Agreement between the City and Broward County, the City is responsible for relocating City drainage facilities which are in conflict with the proposed wall. Based on the design, there are stormwater structures and culverts that must be relocated. An estimate was prepared by Broward County's engineering staff, based on FDOT unit costs, identifying that \$230,000 of funding is necessary to relocate the drainage facilities in conflict with the proposed wall.</p>

STORMWATER PUMP STATION #4

PROJECT NUMBER:	6317					
LOCATION:	8510 Sunrise Lakes Boulevard					
STATUS:	New Project					
DEPARTMENT:	Utilities - Public Works					
PROJECT MANAGER:	Mark Winslow					
START DATE:	10/2015					
COMPLETION DATE:	9/2016					
ESTIMATED PROJECT COST:	\$ 245,000					
DESCRIPTION/JUSTIFICATION						
<p>Stormwater Pump Station # 4 provides flood protection for predominantly residential neighborhoods including the Sunrise Lakes Phase II Condominium Complex. This project will include the slip line repair of the existing pump station by-pass culvert, installation of a new by-pass culvert discharge control gate and headwalls and stabilization of the pump station canal embankments on the upstream and downstream sides of the by-pass pipe. This project will be designed and managed by City Staff.</p>

EAST SUNRISE DRAINAGE IMPROVEMENTS

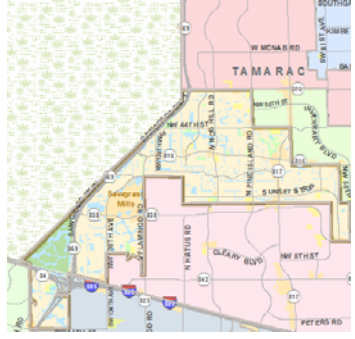

PROJECT NUMBER:	6324					
LOCATION:	Various Streets					
STATUS:	In Progress - Construction					
DEPARTMENT:	Utilities - Public Works					
PROJECT MANAGER:	Guarionex De Los Santos					
START DATE:	10/2015					
COMPLETION DATE:	12/2017					
ESTIMATED PROJECT COST:	\$ 495,000					
DESCRIPTION/JUSTIFICATION						
<p>This project proposes to improve drainage issues in the neighborhood on the southern end of Sunset Strip from NW 19th Street to Delago Circle. The work will be performed in conjunction with watermain replacements in the same area. Improvements include new drainage structures, exfiltration trench, and swale regrading.</p>

GAS SYSTEM BACKFEED IMPROVEMENTS

PROJECT NUMBER:	276					
LOCATION:	VARIOUS					
STATUS:	In Progress - Design					
DEPARTMENT:	Utilities - Gas					
PROJECT MANAGER:	Jeffrey Elliott					
START DATE:	10/2015					
COMPLETION DATE:	Ongoing					
ESTIMATED PROJECT COST:	\$ 278,807					
DESCRIPTION/JUSTIFICATION						
<p>This project is for several secondary supply main extensions in areas of the gas distribution system currently served by a single connection point. These new secondary supply mains will create redundancy loops for the areas. Areas of the gas distribution system that have multiple connection points have 100% redundancy and have a more consistent pressure within the area. The following locations have been identified for the first phase of this project: The Pointe at Sawgrass, Sawgrass Preserve, Plum Harbor, and Josh Lee area (Municipal Campus).</p>

HIGH PRESSURE SUPPLY MAIN

PROJECT NUMBER:	310					
LOCATION:	TBD					
STATUS:	New Project					
DEPARTMENT:	Utilities - Gas					
PROJECT MANAGER:	Jeffrey Elliott					
START DATE:						
COMPLETION DATE:						
ESTIMATED PROJECT COST:	\$ 6,567,880					
DESCRIPTION/JUSTIFICATION						
<p>This project provides an additional supply source from the interstate pipeline along Florida's Turnpike to support the entire natural gas distribution system by increasing system reliability and redundancy. The project supports the gas utility expansion and revenue growth through the addition of commercial accounts and projected load growth from compressed natural gas fueling.</p>

METROPICA

PROJECT NUMBER:	312	
LOCATION:	NW 136TH AVE & W SUNRISE BLVD	
STATUS:	In Progress - Design	
DEPARTMENT:	Utilities - Gas	
PROJECT MANAGER:	Jeffrey Elliott	
START DATE:	10/2015	
COMPLETION DATE:	9/2017	
ESTIMATED PROJECT COST:	\$ 60,000	

DESCRIPTION/JUSTIFICATION

The project is to install the natural gas main infrastructure to the Metropica Development. This is only to install the primary gas main infrastructure during the land development phase for this project. The project broke ground in 2016, with an anticipated 10 year build out. Costs beyond the first year are unknown because the type and size of gas customers to be added to the system have not been determined.

QUICK SERVICE AREA AND STORAGE AREA ROOFS

PROJECT NUMBER:	TBD					
LOCATION:	5580 NW 108 AVE					
STATUS:	New Project					
DEPARTMENT:	Fleet Services					
PROJECT MANAGER:	Earl Prizlee					
START DATE:	11/2016					
COMPLETION DATE:	12/2018					
ESTIMATED PROJECT COST:	\$ 245,000					
DESCRIPTION/JUSTIFICATION						
<p>This project will provide new roof structures for the development of a dedicated "Quick Service Area" and a storage area that stores tires and parts temporarily until the materials are removed for disposal. The "Quick Service Area" will include a minimum of four (4) dedicated spaces that will facilitate expediting minor repairs and minimize downtime to the City's fleet of vehicles. The current City contract with the firm that provides fleet maintenance includes provisions to staff the "Quick Service Area." The new roof over the storage area will help to prevent the safety hazard of standing water in the storage area.</p>

NEW ENTERPRISE RESOURCE PLANNING SYSTEM

PROJECT NUMBER:	IT0001					
LOCATION:	City-Wide					
STATUS:	In Progress					
DEPARTMENT:	Information Technology					
PROJECT MANAGER:	Laurie Gagner					
START DATE:	3/2016					
COMPLETION DATE:	3/2020					
ESTIMATED PROJECT COST:	\$ 4,300,000					
DESCRIPTION/JUSTIFICATION						
<p>This project will provide a more modern and robust solution to replace the current, legacy Naviline system. The migration to a fully integrated Enterprise Resource Planning (ERP) system will be tailored by Tyler Technologies for the City of Sunrise. Work will included professional services and training to install the suite of software modules that are based around two foundational core modules (Munis for Financials and Energov for Community Development). The project will be implemented in 5 phases over 48 months with some flexibility built-in if needed. This ERP will manage business processes and work flows across all City departments and result in significant staff efficiencies, robust automation, streamlining of processes, data sharing, enhanced customer service, and overall improved operations for the City.</p>

GLOSSARY

Account	A financial reporting unit for budgeting, management, or accounting purposes. All budgetary transactions, whether revenue or expenditure are recorded in accounts.
Accounting Standards	The generally accepted accounting principles (GAAP) promulgated by the Government Accounting Standards Board (GASB), which guide the recording and reporting of financial information by state and local governments. The standards establish guidelines as when transactions are recognized, the types and purposes of funds, and the content and organization of the annual financial report.
Accrual Basis	A method of accounting in which revenues are recorded when measurable and earned, and expenses are recognized when a good or service is used.
Activity	A department effort contributing to the achievement of a specific set of program objectives; the smallest unit of the program budget.
Activity Measure	Data collected to determine how effective or efficient a program is in achieving its objective.
Adopted Budget	The original budget as approved by the City Commission at the beginning of the fiscal year.
Advanced Life Support (ALS)	The resuscitation efforts that extend beyond basic CPR.
Annualize	Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.
Appropriation	A legislative act authorizing the expenditure of a designated amount of public funds for a specific purpose.
Assessed Valuation	The value set upon real estate and certain personal property by the county property appraiser as a basis for levying property taxes.
Audit	An examination of records of financial accounts to check for accuracy.
Available (Undesignated) Fund Balance	This refers to funds remaining from prior years, which are available for appropriation and expenditure in the current year.
Balanced Budget	A budget in which current revenues equal current expenditures. The legal requirements for a balanced budget may be set by the state or local government.
Benchmark	A point of reference from which measurements may be made. A benchmark is something that serves as a standard by which other performance indicators may be evaluated or compared.
Blue ASE Seal Certification	ASE, is short for the National Institute for Automotive Service Excellence. This independent non-profit organization works to improve the quality of vehicle repair and service by testing and certifying automotive professionals. At least 75% of technicians performing diagnosis and repairs must be ASE certified in order for a fleet garage to be Blue Seal Certified.

GLOSSARY

Bond	A promise to repay borrowed money on a particular date, often ten or twenty years in the future. Most bonds also involve a promise to pay a specified dollar amount of interest at predetermined intervals. Local governments use bonds to obtain long-term financing for capital projects.
Bond Ordinance	A law approving the sale of government bonds that specifies how revenues may be spent.
Bond Proceeds	Revenues generated by the sale of municipal bonds.
Broward City Home Program	A homebuyer assistance program funded by the Housing Finance Authority of Broward County.
Broward County Disaster Recovery Initiative Grant (DRI)	A grant that provides assistance to households following a natural disaster as declared by the President of the United States or Governor of the State of Florida. DRI funds may be used for items such as, but not limited to, purchase of emergency supplies, weatherproofing damaged homes, interim repairs, insurance deductible payment, security deposit, rental assistance, and other activities approved by Florida Housing Financial Corporation.
Broward County Home Consortium Grant	A Broward County program that provides home repair assistance to Florida residents in low income brackets who are 65 and older.
Broward Metropolitan Planning Organization (MPO)	A transportation policy-making board comprised of 19 voting members including representatives from the South Florida Regional Transportation Authority/Tri-Rail (SFRTA), the Broward County School Board, three Broward County Commissioners, and local governments. The MPO is responsible for transportation planning and funding allocation in Broward County. The Broward MPO works with the public, planning organizations, government agencies, elected officials, and community groups to develop transportation plans.
Budget Amendment	A revision of the adopted budget that, when approved by the Commission, replaces the original provision. Budget amendments occur throughout the fiscal year, as spending priorities shift.
Budget Calendar	The schedule of key dates, which a government follows in the preparation and adoption of the budget.
Budget Manual	A book prepared by the Finance Department or Budget Office that includes, at a minimum, the budget calendar, the forms departments need to prepare their budget requests, and a description of the budget process.
Budgetary Control	The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.
Capital Budget	The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.
Capital Improvements	Expenditures related to the acquisition, expansion or rehabilitation of an element of the physical plant of the government - sometimes referred to as infrastructure.

GLOSSARY

Capital Outlay	Expenditures for fixed assets which have a value of \$1000 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as a fixed asset.
Capital Projects Funds	Governmental funds established to account for resources used for the acquisition/construction of large capital improvement other than those accounted for in the proprietary or trust funds.
Cash Flow	The net cash balance at any given point. The treasurer prepares a cash budget that projects the inflow, outflow, and net balance of cash reserves on a daily, weekly, and/or monthly basis.
Chart of Accounts	A chart that assigns a unique number to each type of transaction (e.g., salaries or property taxes) and to each budgetary unit in the organization. The chart of accounts provides a system for recording revenues and expenditures that fits the organizational structure.
Communication Services Taxes (CST)	Taxes applied to telecommunications, cable, direct-to-home satellite, and related services. CST revenue is collected and distributed by the State of Florida.
Connection Fees	A one-time refundable or non-refundable fee paid by a consumer to a utility for connecting to receive services.
Constant or Real Dollars	The presentation of dollar amounts adjusted for inflation to reflect the real purchasing power of money as compared to a certain point in time.
Contingency	A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted. This type of account protects the local government from having to issue short-term debt to cover such needs.
Conversion	A “status change” from either part-time to full-time or full-time to part-time. There are no changes to the pay grade/step of the position.
Community Development Block Grant (CDBG)	A flexible program that provides communities with resources to address a wide range of unique community development needs.
Contributions in Aid of Construction (CIAC)	A calculation used to determine impact fee revenues paid by developers to cover the increased costs of new construction.
Debt Service	The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.
Dedicated Tax	A tax levied in order to support a specific government program or purpose.
Deficit	The amount by which expenditures exceed revenues during a single accounting period.
Depreciation	Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, or obsolescence.
Disbursement	Payment for goods or services that have been delivered and invoiced.

GLOSSARY

Economies of Scale	The cost savings that usually occur with increases in output. If the number of units increase, fixed costs are divided into more units, and the ratio of units to fixed costs will result in lower costs per unit.
Encumbrance	The contractual commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.
Enterprise Funds	Funds used to account for services supported primarily by service charges; examples are water, sewer, golf, and airport funds.
Equivalent Residential Unit (ERU)	A measure used for Water and Stormwater rates. An average home equals one Equivalent Residential Unit. The ERU for commercial units are calculated on a case-by-case basis.
Expense	Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest, or other charges.
Fiscal Policy	A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs, and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.
Fixed Assets	Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.
Full Faith and Credit	A pledge of government's taxing power to repay debt obligations.
Fund	A fiscal entity with revenues and expenses that are segregated for the purpose of carrying out a specific purpose or activity.
Fund Balance	The difference between a fund's assets and its liabilities. Portions of the fund balance may be reserved for various purposes, such as contingencies or encumbrances.
Future Land Use Element (FLUE)	Part of the Sunrise Comprehensive Plan that outlines the principles and performance standards for the control and distribution of land development intensity and population densities.
Future Land Use Map (FLUM)	Part of the Sunrise Comprehensive Plan that shows existing land uses and the proposed distribution, location, and extent of future land uses in the City.
General Fund	The major fund in most governmental units, the General Fund accounts for all activities not accounted for in other funds. Most tax-funded functions-such as police and fire protection - are accounted for in the General Fund.
General Obligation (G.O.) Bond	This type of bond is backed by the full faith, credit and taxing power of the government.
Governmental Accounting Standards Board (GASB)	GASB is the non-governmental body charged with establishing and maintaining generally accepted standards for state and local governments.

GLOSSARY

Grant	A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.
Goal	A statement of broad direction, purpose or intent based on the needs of the community.
Hazmat Response Team	A group of trained personnel who respond to releases of hazardous materials for the purpose of control or stabilization of the incident.
Homestead Exemption	Florida law provides property tax relief of \$50,000 off of the taxable value for properties that qualify. Every person who has legal or equitable title to real property in the State of Florida and who resides on the property on January 1 and in good faith makes it his or her permanent home is eligible for a homestead exemption.
US Department of Housing and Urban Development (HUD)	A Cabinet department in the Executive branch of the United States federal government established to develop and execute policies on housing and metropolises.
Infrastructure	The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).
Intergovernmental Revenue	Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.
Inter-local Agreement	An interlocal agreement is a written contract between local government agencies such as a city, a county, a school board or a constitutional office. Any time a public service involves the joint operations and budgets of two or more local government agencies, an interlocal agreement must be drawn up and approved by all parties involved.
LED	This is the abbreviation for light-emitting diode, a semiconductor diode that glows when a voltage is applied.
Levy	To impose taxes for the support of government activities.
Lift Station	Wastewater lift stations are facilities designed to move wastewater from lower to higher elevation, particularly where the elevation of the source is not sufficient for gravity flow and/or when the use of gravity conveyance will result in excessive excavation depths and high sewer construction costs.
Local Option Gas Tax (LOGT) and Local Option Gas Tax Additional (LOGTA)	Under authority granted by Florida law, County governments are authorized to levy up to 12 cents of local option fuel taxes in three separate levies on fuel sold within the county. The funds are used for transportation expenditures and shared with local municipal governments.
Long-term Debt	Debt payable more than one year after date of issue.
Mandate	A requirement from a higher level of government that a lower level of government perform a task in a particular way, or perform a task to meet a particular standard, often without compensation from the higher level of government.

GLOSSARY

Mission	A clear and concise statement that focuses on the purpose of the program and sets program goals to align practices with values. A mission statement is an actionable plan for a program's future, which includes the objectives, how these objectives will be reached, who is responsible for performance and why the program must meet its goals.
My Safe Florida Home	A State of Florida program which offers free wind inspections to measure how safe your home is against hurricanes. Following the inspection, the homeowner will receive a detailed report that will explain key steps they can take to make their home more hurricane resistant. The report will also outline insurance discounts that may be available to the homeowner if they take the recommended steps to strengthen their home, if they provide their insurance information at the time they apply (wind, premium, dwelling coverage and hurricane deductible). Homeowners may be eligible for a matching investment of up to \$5,000 to help make recommended improvements to strengthen their home against hurricanes.
National Pollutant Discharge Elimination System	A permit program, which controls water pollution by regulating point sources that discharge pollutants into waters of the United States.
New Position	A position that is added to a department/division with corresponding compensation that is not included as part of the adopted budget.
Objective	Something to be accomplished in specific, well-defined, and measurable terms and is achievable within a specific period.
Operating Budget	That portion of a budget that deals with recurring expenditures such as salaries, electric bills, postage, printing, office supplies, and gasoline. The operating budget may be a separate document from the capital budget, or a consolidated document may be prepared that has one section devoted to operating expenditures and another to capital expenditures. Taken together, the operating and the capital budgets should equal the total amount of spending for the fiscal period.
Operating Expenses	The cost for services, materials, and equipment required for a department to function.
Ordinance	A law, statute, or regulation enacted by the City Commission.
Pay-as-you-go Basis	A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.
P-Card	A purchasing card which is a form of company charge card that allows goods and services to be procured without using a traditional purchasing process.
Performance Budget	A budget format that includes 1.) performance goals and objectives and 2.) demand, workload, efficiency, and effectiveness (outcome or impact) measures for each governmental program.
Personnel Services	Expenditures for salaries, wages, and fringe benefits of government employees.

GLOSSARY

Productivity	The cost per unit of goods or services, holding quality constant. Productivity increases when the cost per unit goes down but quality remains constant or increases.
Program Based Budget	A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and objectives to effectively provide the service. Performance indicators measure the effectiveness and efficiency of providing service by the program.
Proprietary Funds	The funds used to account for operations that are financed and operated in a manner similar to private business enterprises, where (a) the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.
Purchase Order	An agreement to buy goods and services from a specific vendor, with a promise to pay on delivery.
Reclassification	The assignment of a new job classification and/or pay grade to an existing position as a result of permanent changes to the position's assigned duties and responsibilities.
Reserve	A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.
Resources	Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.
Revenue Bond	This type of bond is backed only by revenues, which come from a specific enterprise or project, such as a hospital or toll road.
Self Contained Breathing Apparatus (SCBA)	Equipment that allows firefighters to breathe breathable air while in an immediate danger atmosphere.
Self Contained Underwater Breathing Apparatus (SCUBA)	A form of underwater diving equipment that allows a diver breathes underwater.
Senior Homestead Exemption	Florida law provides property tax relief of an additional \$25,000 off of the taxable value for properties that qualify. The County must first adopt the provision via Ordinance. Any person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age 65, and whose household income does not exceed \$20,000 (with an annual CPI increase) qualifies.
Service Lease	A lease under which the lessor maintains and services the asset.
Service Level	Services or products which comprise actual or expected output of a given program. Focus is on result, not measures of workload.

GLOSSARY

SharePoint	SharePoint is a web application platform in the Microsoft Office server suite. SharePoint combines various functions which are traditionally separate applications: intranet, content management, document management, personal cloud, enterprise search, business intelligence, workflow management, and web content management.
Special Purpose Fund	Funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
State Housing Initiative Partnership Grant (SHIP)	A State of Florida program which provides funds to local governments as an incentive to create partnerships that produce and preserve affordable homeownership and multifamily housing. The program was designed to serve very low, low and moderate income families.
Statute	A law enacted by a legislative body.
Strategic Intermodal System (SIS)	A transportation system that is made up of facilities and services of statewide and interregional significance; contains all forms of transportation for moving both people and goods, including linkages that provide for smooth and efficient transfers between modes and major facilities; and integrates individual facilities, services, forms of transportation (modes) and linkages into a single, integrated transportation network.
SunGard	SunGard provides software and processing for financial services, K-12 and Higher Education, and the public sector.
Supervisory Control and Data Acquisition (SCADA)	Refers to a system that collects data from various sensors in remote locations and then sends this data to a central computer which then manages and controls the data.
Taxes	Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.
Temporary Positions	An employee who fills a temporary or short-term position. Such employees provide contingency staffing for government operations during peak workloads, or to address temporary staffing needs. Temporary employees are on a per-hour basis, and do not receive benefits.
Trust Funds	A fund established to receive money that the local government holds on behalf of individuals or other governments; the government holding the money has little or no discretion over it. Examples include employee pension funds and taxes collected for other governments.
Truth in Millage (TRIM)	In compliance with Florida Statutes, Truth in Millage (TRIM) Notices are mailed in the fall of each year (August/September). TRIM form notify property owners of the proposed values and millage rates for the upcoming tax bills.
Trust and Agency Funds	Funds that account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other trust funds.

GLOSSARY

Unencumbered Balance	The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future use.
Unreserved Fund Balance	The portion of a fund balance that is not restricted for a specific purpose and is available for general appropriation.
User Charges	The payment of a fee for direct receipt of a public service by the party who benefits from the service.
Variable Cost	A cost that increases/decreases with increases/decreases in the amount of service provided such as the electric bill.
Working Cash	Excess of readily available assets over current liabilities, or cash on hand equivalents, which may be used to satisfy cash flow needs.
