DESIGN PROJECT FOR NW 136TH AVENUE AT SR 84 AND I-595

The Florida Department of Transportation (FDOT), District Four, will conduct a Public Information Workshop regarding the proposed improvements to the NW 136th Avenue at SR 84 and I-595 interchange. This will be conducted as an informal open house, with representatives offering pertinent information and answering questions. Design plans and posters will be available for public viewing. Stop by at your convenience.

PROPOSED ROADWAY IMPROVEMENTS

- Add a third westbound to northbound right-turn lane from SR 84 to NW 136 Avenue.
- Replace and widen existing bridges over the North New River Canal to provide a third southbound through lane.
- Reconstruct traffic separator under the I-595 overpass to increase storage for southbound to eastbound left turns at SR 84.
- Convert an existing northbound through lane to a combination northbound/ left –turn lane at SR 84 westbound.
- Realign SR 84 eastbound lanes through NW 136 Avenue intersection to improve mobility of eastbound I-595 and SR 84.
- Accommodate designated bike lanes on NW 136th Avenue and SR 84.
