When premises are permanently vacated due to sale of property, completion of lease term, etc., there are charges to close the utility accounts of vacating utility customers. The service fee is \$15.00 per meter for water accounts and \$10.00 per meter for natural gas accounts. Deposit refunds due to utility customers will generally be issued within four to six weeks of the closing of accounts. It is the customer's responsibility to provide a forwarding address.

DISCONNECTION OF SERVICE FOR NON-PAYMENT

Utility bills are considered delinquent if not paid within 21 days of issuance, and services are subject to disconnection if payment is not received within 45 days of billing.

The charge for disconnection and reconnection of water or gas is \$50.00. If water service has been disconnected within the preceding six months, the water disconnection and reconnection charge increases to \$70.00.

Service will be restored after full payment of the past due balance and service charges is received in cash, cashiers check, money order, credit card or debit card ONLY. The City's policy is to attempt to reconnect within 24 hours of payment. However, we strive to provide same day service if possible.

Under no circumstances is any customer or individual other than an authorized City representative permitted to turn water or gas back on. In the event this occurs, a \$100.00 meter tampering charge will be assessed, and service will be disconnected with additional charges. An additional fee of \$500.00 is assessed for the first occurrence and \$1,000 for each additional occurrence by the City of Weston.
