Section I
City of Sunrise, Florida
Introductory Section

March 13, 2019

To the Honorable Mayor and Members of the City Commission:

We are pleased to present the City of Sunrise's (the City) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2018. State law requires that all general-purpose local governments publish a complete set of financial statements within nine months of the close of each fiscal year. The financial statements included in this report conform to generally accepted accounting principles (GAAP) and are audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

This report consists of management's representations concerning the finances of the City. Responsibility for both the reliability of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Marcum LLP, a firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2018, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit and the reports of other auditors, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended September 30, 2018, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader federal mandated "Single Audit" designed to meet the special needs of the federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report on the fair presentation of the financial statements and on the audited government's internal controls over financial reporting and on compliance and other matters.

GAAP requires that management provide a narrative introduction overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

City Profile

The City of Sunrise, incorporated in 1961, is located in southeastern Florida in Broward County. The City encompasses an area of approximately 18 square miles with a population of almost 92,000, making Sunrise the 25th largest city in Florida. The City is convenient to three international airports and three deep-water ports, and hosts an estimated 30 million visitors each year.

The City has operated under a City Commission/City Manager form of government since 1989. The City Commission is comprised of the Mayor, Deputy Mayor, Assistant Deputy Mayor, and two Commissioners, who enact laws, determine policies and adopt the annual budget. The City Commission appoints the charter officers, which include the City Manager, City Clerk, City Attorney and Chief of Police. The City Manager is responsible for carrying out the policies of the City Commission and for overseeing the daily management of the City. The City Manager appoints the heads of the various departments.

The City provides a full range of services including police and fire protection, emergency medical service, water, wastewater and gas services, sanitation and recycling services, stormwater services, recreational and cultural activities/events, construction and maintenance of streets and other infrastructure and general administrative services. Internal services of the City, accounted for on a cost reimbursement basis, include workers' compensation insurance, fleet management, information technology and communications services, and self-funded health insurance. The City is financially accountable for one special improvement district and one special tax district, both of which are included as an integral part of the City's CAFR. Additional information on legally separate entities can be found in the notes to the financial statements (See Note I.A.).

The annual budget serves as the foundation for the City's financial planning and control. All departments of the City are required to submit requests for appropriation to the City Manager. The City Manager uses these requests as the starting point for developing a proposed budget. The City Manager then presents the proposed budget to the City Commission on or before August 1st of each year. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget by September 30th of each year. The appropriated budget is prepared by fund, function (e.g. Public Safety), and department (e.g. Police). The City Manager is authorized to transfer appropriations within a department, office or agency; however, any other revisions require approval of the City Commission. Program based budgeting has been implemented for General Fund departments and all funds to help the reader understand the true cost of various programs.

Budget-to-actual comparisons are provided in this report for each governmental fund for which an appropriated annual budget has been adopted.

Economic Outlook and Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the environment within which the City operates.

Local Economy

The City of Sunrise, situated in the heart of the tri-county region (Miami-Dade, Broward and Palm Beach), is well diversified and continues to be a prime location for corporate headquarters and major office operations. The City continues to be a leader in the region for the attraction of new corporate investment, job growth and business expansion. The City offers developers and business owners superior access to a lucrative customer base. As the region's population base continues to shift north and west, the Sawgrass area of Sunrise has become the population center of the tri-county area. As such, the City is uniquely situated to offer a large pool of prospective employees and customers to many multi-national corporations, regional corporate offices and headquarters for leading domestic and international corporations.

The City of Sunrise is home to a diversified group of businesses, including corporate offices, financial services, research and development companies, the most successful mall in the continental United States - Sawgrass Mills and the 20,000 seat BB&T Center, one of the finest arenas in the country and home to the National Hockey League's Florida Panthers. A strong endorsement of the City's business appeal is that corporations, hotels, restaurants, office parks and attractions already located in our community continue to expand and invest in the area. The area of the City anchored by these three major assets (Sawgrass Mills mall, Sawgrass International Corporate Park and BB&T Center) is known as the *Sunrise Business and Entertainment District*. This four square mile district has over \$5 billion worth of property value and continues to attract tourism, investment, and jobs to Sunrise.

Strong interest from the hotel development sector continues as demand for corporate lodging and tourism in Sunrise has been on the rise. Development is on schedule for a new 8-story, 170 room AC Marriott anticipated to open in 2020. The City is home to Broward County's highest rate of hotel occupancy for the sixth year in a row. As demand for quality office, industrial, manufacturing and hospitality projects in South Florida increases, Sunrise is poised to become even more desirable to investors, residents and visitors in 2019 and beyond.

Last year, the culmination of businesses relocating and expanding in Sunrise resulted in the use of nearly 350,000 square feet of existing work space and over 800 new job opportunities in our community. Some of the largest real-estate transactions, relocations and expansions in Sunrise in 2018 were: *SR Technologies* – 77,000 square feet of office and 210 jobs; *Amazon* – 178,000 square feet of industrial and office space and 125 jobs; *Performance Financial* – 31,000 square feet of office space and 155 jobs; *Heritage Property and Casualty* – 24,000 square feet of office space and 110 jobs; and *Pet Supermarket* expanded their headquarters by adding 100 new jobs. In 2018, a total of 567 new business licenses were issued in Sunrise, up from 542 the year before.

Development continues at a brisk pace in Sunrise, with the City processing over 9,000 building permits this past year, which is approximately 1,000 more than the previous year. The construction value of these permits totals nearly \$200 million. The City's office market vacancy rate now sits below 7%, the lowest in our history, while commercial industrial space was near full occupancy in 2018. These low vacancy rates and high demand pushed office lease rates above \$30 per square foot, which are extremely strong numbers for a suburban market like Sunrise.

The strength of the Sunrise office market has driven developers to submit new plans for additional office projects in 2018. Sawgrass Point II will be the first speculative Class (A) office building to be built in Sunrise in over a decade. This new 4-story building will feature 110,000 square feet of corporate office space and a parking garage. Additionally, marketing has begun on over 500,000 square feet of new office buildings at *Metropica* and *Westerra*, which is currently in for plan review and will be available to meet the needs of expanding businesses beginning in 2020.

Fiscal year 2018 saw continued progress of *Metropica*, the 1.5 billion-dollar mixed-use project that has received international attention. In 2018, we saw the final touches being applied to Metropica's first 28-story, 293-unit residential tower and accompanying parking structure, while site work, infrastructure and underground development on the commercial and retail pads also began in 2018.

In 2018, redevelopment took center stage again as the City neared completion of its first comprehensive redevelopment plan for Eastern Sunrise. This plan will be a decades long blueprint for revitalizing the City's oldest neighborhoods by attracting new investment, providing expanded City programming, infrastructure improvements, and creative development codes to encourage private investment and development. The multifamily housing market continues to be a strong performer in Sunrise with occupancy and rents for the new development at historic highs. New apartment and townhome projects totaling over 2,000 new units throughout the City are in various states of planning and development and will begin construction in 2020.

The Sunrise economy continues to prosper and is expected to remain a favorite destination to conduct business and for international visitors to spend time and money. As job opportunities continue to expand in Sunrise and new residential options develop, the City's appeal as a location to purchase or rent a home increases. All indicators portray a City poised to capture both residential and commercial investors in 2019 and beyond.

Long-term Financial Planning

The City maintains a general fund revenue stabilization account with a funding level of five percent (5%) of last known audited actual operating expenditures to mitigate any potential future general fund revenue shortfalls. Additionally, a contingency reserve account with a funding level of three times that of the revenue stabilization account was created to provide funding for disasters, emergencies, or other exigent circumstances. These measures are intended to buffer unforeseen economic changes.

Major Initiatives

Park projects include:

- The construction of Veterans Park at Nob Hill Road and NW 55th Street will have parking, restroom facilities, walking trails, playgrounds and an amphitheater.
- The Welleby Park expansion will include the renovation of existing site amenities including an 800 square foot enlargement to the existing meeting room as well as development of an additional 4-acre parcel of land as a dog park.
- The Flamingo Park renovation includes the construction of a brand new 5,088 square foot meeting hall, three new covered basketball courts, a splash pad, the addition of 10 exercise equipment pieces located at 5 fitness stations around the existing walking trail and a second batting cage.
- The Sunrise Sportsplex features land totaling approximately 16.4 acres that will be developed into a new park and include one convertible full size multi-purpose field, four youth baseball/softball fields, two playgrounds, and one concession building with restroom facilities.
- The SAC Park expansion and renovation will expand the existing park to the east and renovate site amenities along with the construction of a 15,000 square foot multi-purpose building five new basketball courts.
- The City Park improvements include a complete renovation including a multi-purpose field, stage, three new covered basketball courts, playground, splash pad and restrooms. Tennis courts will be refurbished and parking lot will be expanded.

- The Oscar Wind Park expansion includes construction of a 15,000 square foot multi-purpose building with a gymnasium on land purchased from the School Board and the construction of a new playground, restroom building, and boardwalk with fishing pier.

Building projects include:

- The Civic Center expansion provides space for additional programming and work will include a new gymnasium with basketball courts and second floor walking track, new multi-level fitness area, new racquetball courts, and new multi-purpose room.
- The Senior Center expansion will provide space for enhanced and additional programming. Work includes a new exercise room, a new craft room, an upgraded kitchen that can accommodate cooking classes, and a new media room.
- The Municipal Campus expansion allows for the construction of a new City Hall building with parking amenities to replace the existing City Hall.

Utility projects include:

- The Sawgrass 4MGD Reuse Treatment Plant Expansion is required as a condition of the City's wastewater operating permits. The project will provide for up to 4 million gallons per day treatment and 2 million gallons per day distribution with deep bed sand filtration and high level disinfection.
- The Springtree Industrial Injection Wells Flow Delivery System Project includes construction of a new injection well, pump, and motor for disposal of treated wastewater from the City's new Reverse Osmosis Water Treatment Plant.
- The Springtree Biosolids Stabilization Project replaces transfer pumps, blending system, piping and valves in the gravity belt thickener polymer system and the digester.
- Southwest Water Treatment Plant Improvements and installation of an ion exchange process to eliminate volatile organic chemicals (VOCs).
- Springtree Water Treatment Plant Rehabilitation includes improvements to restore and renew treatment processes at the Springtree Water Plant.
- Water Main Replacements at Escape and Valencia, along NW 44th Street and Pine Island Road, and in east Sunrise will improve the existing infrastructure and provide additional capacity.
- The Reuse Distribution System proposes installations within portions of the Sawgrass International Corporate Park north to Artesia and through Sawgrass Mills.
- Replacement of the drinking water membranes at the Sawgrass Water Treatment Plant.
- Stormwater Pump Station #5 provides stormwater protection for the residential neighborhood and commercial properties and will be replaced.

The City hosts a wide range of family-friendly seasonal events, including an Earth Day Festival, a Royal Egg Hunt, a Back to School Round-Up, a Fall Harvest Festival, and holiday-themed Arts and Crafts Festival. Sunrise's annual Fourth of July Celebration features an outdoor concert and fireworks at the BB&T Center and attracts nearly 20,000 revelers from across the region. Cultural events include year round Theatre and Art Gallery programming, a Martin Luther King Jr. Arts Weekend, the Fort Lauderdale International Film Festival screenings, open mic nights and writing workshops for teens, and our Tunes 'N Trucks outdoor concert series. The City's robust scholastic and community-based chess programs have also earned Sunrise local, national, and international acclaim. Together, these offerings enhance the quality of life for Sunrise residents and attract visitors and tourism.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sunrise, Florida for its comprehensive annual financial report for the fiscal year ended September 30, 2017. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report was made possible by the efficient and dedicated service of the Finance and Administrative Services Department staff. Sincere appreciation is expressed for the contributions made by all individuals in the preparation of this report. Credit also must be given to the City Commission for their commitment to prudent fiscal management practices that emphasize long-term financial stability.

Respectfully submitted,

Section II
City of Sunrise, Florida
Financial Section

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Sunrise, Florida (the City), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Pension Trust Funds, which represent 79%, 81% and 60%, respectively, of the assets, net position/fund balance and revenues/additions of the aggregate remaining fund information. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Pension Trust Funds is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison statement for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15 through 25, the Schedules of Changes in the Net Pension Liability and Related Ratios, the Schedules of Employer Contributions, and the Schedule of Changes in Total OPEB Liability and Related Ratios on pages 87 through 92 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and schedules and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2019 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (unaudited)

The following discussion and analysis of the City of Sunrise's financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2018. Please read it in conjunction with the letter of transmittal which can be found on pages 1-6 of this report and the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Government-wide

- The City's total net position, on a government-wide basis, totaled \$622,719,049 at September 30, 2018, an increase of 4.4% from the restated net position.
- The City implemented Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, during the current fiscal year. Total other postemployment benefits liability, deferred outflows and inflows of resources, other postemployment benefits expense and information about net position, including additions and deductions to net position have been determined and reported. Implementation of this statement has resulted in a restatement of the fiscal year 2017 government-wide and proprietary fund net position.

Governmental Activities

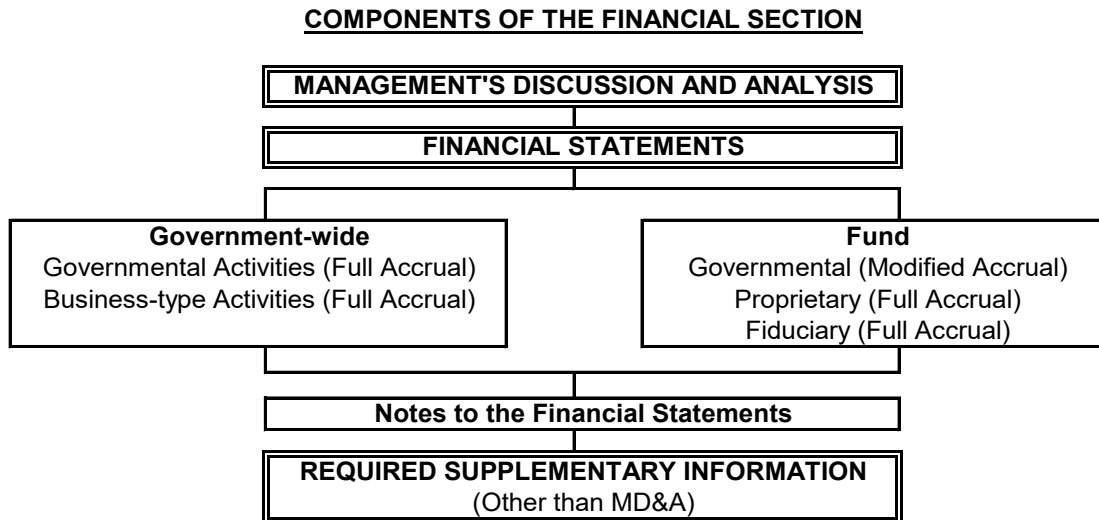

- On a government-wide basis for governmental activities, the City's general revenues of \$81,648,214 were \$10,819,106 less than the \$92,467,320 of expenses net of program revenue. Additionally, general revenues were \$5,741,126 more than the prior year representing an increase of 7.6%.
- As of September 30, 2018, the City's governmental activities reported a total ending net position of \$181,995,967. Unrestricted net position has a negative amount of \$72,061,847 due to the deferred outflows, deferred inflows and the pension and other postemployment benefits liabilities now being included as required by GASB reporting requirements.

General Fund

- At the end of the current fiscal year, fund balance for the general fund was \$74,873,483. Of this balance, \$13,224,004 for inventories, prepaid items and advances was nonspendable; \$27,086,609 was committed for revenue stabilization, contingency, economic development, and reforestation replacement; \$797,460 was assigned for subsequent year's expenditures and \$1,242,614 was assigned for encumbrances. The balance of \$32,522,796 is unassigned and available for new spending.
- At the end of the fiscal year, the unassigned fund balance was \$32,522,796 or 25.8% of general fund revenues and 26.3% of general fund expenditures.
- General fund revenues and other financing sources increased by \$5,667,444, an increase of 4.5% from fiscal year 2017 primarily due to increased assessed property values and increased receipts for public safety grants.
- General fund expenditures and other financing uses increased by \$13,363,936, or 11.3% more than last fiscal year primarily due to salary increases, capital equipment purchases, and increases in transfers out.

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL FINANCIAL REPORT

The City's basic financial statements are presented within the financial section of this Comprehensive Annual Financial Report (CAFR). As illustrated in the following chart, the financial section has three components: management's discussion and analysis (this section), the basic financial statements and required supplementary information.

GOVERNMENT-WIDE STATEMENTS

The government-wide financial statements, the Statement of Net Position and the Statement of Activities, report information about the City as a whole using accounting methods similar to those used by private-sector companies; they provide both long-term and short-term information about the City's overall financial status. The Statement of Net Position presents financial and capital resources of the City. It includes all of the City's assets, liabilities and deferred inflows/outflows of resources reported using the full accrual basis of accounting. The Statement of Activities accounts for all of the current year's revenues and expenses, regardless of when cash is received or paid.

The government-wide financial statements report the City's net position and the changes in net position. The City's net position - the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources - are one way to measure the financial health, or financial position, of the City. Over time, increases or decreases in net position is an indicator of whether the financial position of the City is improving or deteriorating. However, in order to assess the overall health of the City, other non-financial factors such as changes in the City's property tax base and condition of the infrastructure must be considered.

The City's government-wide financial statements are divided into two categories:

Governmental activities – Most of the City's basic services are reported here, such as police, fire and other public safety services, culture and recreation, transportation and general administration. Property, utility service and sales taxes, charges for services, franchise fees, and state and federal grants finance most of these activities. Two other legal entities for which the City is financially accountable - Special Tax District No. 1 and Metropica Improvement

District - are blended component units of the City. Metropica Improvement District does not have any financial activity to date.

Business-type activities – The City’s water, wastewater and gas, sanitation, recycling, stormwater and golf course operations are reported here. Fees are charged to customers to recover all or a significant portion of the costs of providing these services.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more information about the City’s most significant funds on an individual basis. The fund financial statements focus on reporting the City’s operations in more detail than the government-wide statements. The City has three types of funds – Governmental, Proprietary and Fiduciary.

Governmental Funds

General, special revenue, debt service and capital projects funds are governmental funds, funds which focus on 1) near-term inflows and outflows of spendable resources and 2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information follows the governmental funds statements that explain the differences between them.

In fiscal year 2018, the City maintained sixteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Improvements capital projects fund and General Obligation Bonds, Series 2015, capital projects fund. Data from the other thirteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and other governmental funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget as one of the basic financial statements.

Proprietary Funds

Services for which the City charges customers a fee are generally reported in proprietary funds. These funds, like the government-wide statements, provide both long-term and short-term financial information. The City’s enterprise funds (one type of proprietary fund) are the same as its business-type activities, but the fund financial statements provide more detail and additional information, such as cash flows. The City uses enterprise funds to account for its water, wastewater and gas, sanitation, recycling, stormwater, and golf course operations. The City uses internal service funds (the other type of proprietary fund) to report activities that provide services for the City’s other programs and activities. The Workers’ Compensation, Fleet Management, Information Technology and Communications, and Self-Insured Health funds are the City’s four internal service funds. Because these services benefit both governmental activities and business-type activities, they have been allocated accordingly in the government-wide financial statements.

The proprietary fund financial statements provide separate information for the water, wastewater and gas utility system and the sanitation funds, both of which are considered to be major funds

of the City. Data from the other three proprietary funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor proprietary funds is provided in the form of combining statements elsewhere in this report.

Fiduciary Funds

The City is the trustee, or fiduciary, for its employees' pension plans and for the special assessment agency fund. The City is responsible for ensuring that the assets reported in these funds are used for their intended purpose. The City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position for the pension plans and agency fund, a separate Statement of Changes in Fiduciary Net Position for the pension plans, and a Statement of Changes in Assets and Liabilities for the Agency Fund. The City excludes these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations. The accounting used for fiduciary funds is similar to accounting used for proprietary funds. Data from the three pension trust funds is combined into a single aggregated presentation. Individual fund data is provided in the form of combining statements elsewhere in this report.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Summary of Net Position

The following table presents the condensed comparative Summary of Net Position for fiscal year 2018 and restated for fiscal year 2017:

	Governmental Activities		Business-type Activities		Total	
	2018	2017	2018	2017	2018	2017
Current and other assets	\$217,652	\$241,198	\$303,872	\$286,670	\$ 521,524	\$ 527,868
Capital assets	210,676	193,193	423,919	406,947	634,595	600,140
Total assets	<u>428,328</u>	<u>434,391</u>	<u>727,791</u>	<u>693,617</u>	<u>1,156,119</u>	<u>1,128,008</u>
Deferred outflows of resources	58,117	49,286	21,094	15,674	79,211	64,960
Current and other liabilities	19,646	19,333	31,426	30,407	51,072	49,740
Long-term liabilities	265,170	261,063	270,993	267,879	536,163	528,942
Total liabilities	<u>284,816</u>	<u>280,396</u>	<u>302,419</u>	<u>298,286</u>	<u>587,235</u>	<u>578,682</u>
Deferred inflows of resources	19,633	7,667	5,743	1,549	25,376	9,216
Net position:						
Net investment in capital assets	162,751	140,790	219,579	201,581	382,330	342,371
Restricted	91,307	115,510	117,891	108,975	209,198	224,485
Unrestricted	(72,062)	(60,686)	103,253	98,900	31,191	38,214
Total net position	<u>\$181,996</u>	<u>\$195,614</u>	<u>\$440,723</u>	<u>\$409,456</u>	<u>\$ 622,719</u>	<u>\$ 605,070</u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of September 30, 2018, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$622,719 thousand.

The majority of the City's net position (61.4%) reflects its investment in capital assets, less any outstanding related debt and deferred outflows/inflows used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (33.6%) represents resources that are subject to external restrictions on how they may be used, such as debt or capital projects. The remaining balance of unrestricted net position (5.0%) may be used to meet the City's ongoing obligations to its citizenry.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the business-type activities and positive balances in two of the three categories of net position (net investment in capital assets and restricted) for the governmental activities.

There was an overall increase in restated net position of \$26,290 thousand for the current fiscal year. The increase of \$33,585 thousand for business-type activities is primarily due to an increase in water/wastewater and stormwater revenues. The decrease of \$7,295 thousand for governmental activities is primarily due to the other postemployment benefits reporting requirements of GASB 75.

Summary of Activities

The following table provides a condensed comparative summary of the City's operations for the fiscal years ended September 30, 2018 and 2017, as restated:

	Changes in Net Position					
	For the Fiscal Years Ended September 30, 2018 and 2017, as restated

Revenues

For the fiscal year ended September 30, 2018, revenues from governmental activities totaled \$145,154 thousand.

General property taxes were \$44,375 thousand, an increase of \$3,441 thousand as compared to fiscal year 2017. Assessed property values increased slightly compared to 2017 while the City maintained its previous year's millage rate.

Charges for services increased by \$4,484 thousand mainly due to an increase in the CPI of 3.55%, for water, wastewater and stormwater revenues on October 1, 2017.

Operating grants and contributions increased by \$1,289 thousand primarily due to the receipt of public safety federal and state grant funds. Capital grants and contributions increased by \$679 thousand primarily due to an increase in developer contributions.

Unrestricted investment earnings increased by \$3,222 thousand due to an increase in the average interest rate from 0.9% in fiscal year 2017 to 1.6% in fiscal year 2018.

Sources of Revenue: Government-wide for FY 2018

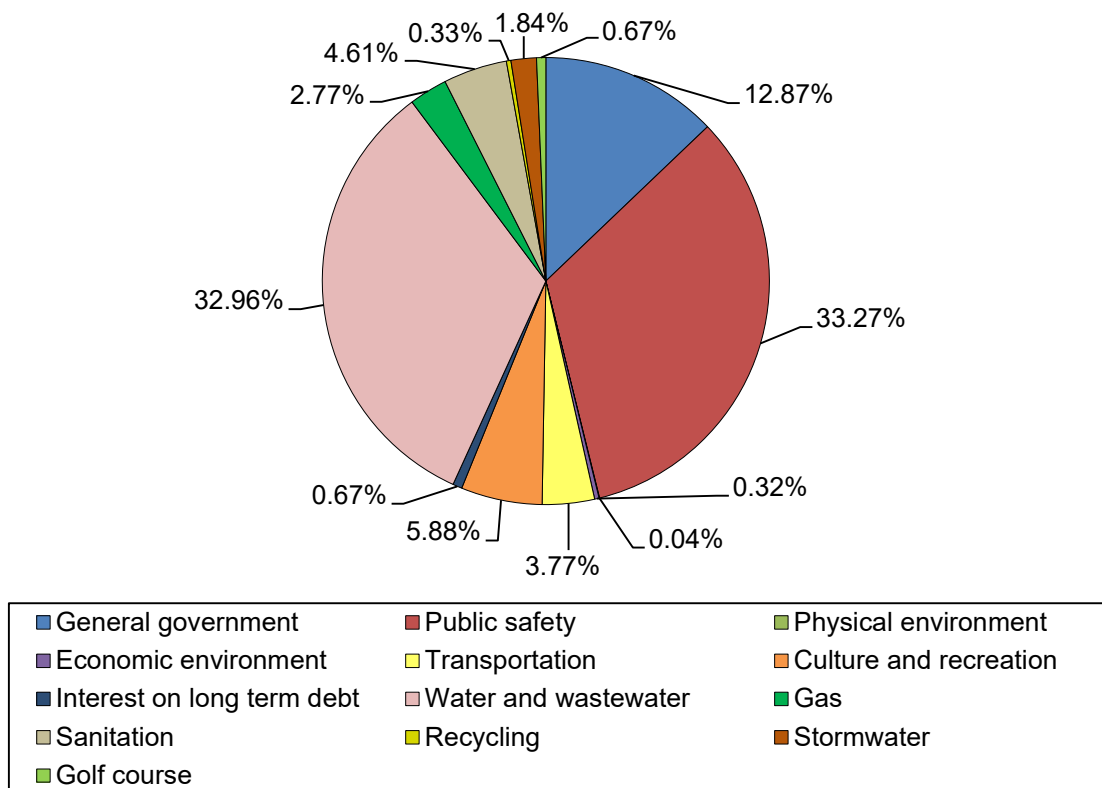

■ Franchise fees	■ Miscellaneous
■ Charges for services	■ Operating grants and contributions
■ Capital grants and contributions	■ Unrestricted investment earnings and other
■ Property taxes	■ Utility service taxes
■ Communications services tax	■ Local business tax
■ Unrestricted grants/ contributions	

Expenses

For the fiscal year ended September 30, 2018, expenses for governmental activities totaled \$155,973 thousand, an increase of \$10,664 thousand, primarily due to increases for employee compensation, capital equipment purchases, and increased transfers out.

Expenses for the City's business-type activities, which provide water, wastewater and gas, sanitation, recycling, stormwater services and golf course operations, totaled \$118,540 thousand, an increase of \$5,567 thousand from fiscal year 2017. This increase is due to additional employee compensation across funds and an increase in operational expenses for sanitation, stormwater, and water and wastewater, especially the cost of maintaining and depreciating capital assets.

Functional Expenses: Government-wide for FY2018

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

For the fiscal year ended September 30, 2018, the governmental funds reflect a combined fund balance of \$169,761,081, a decrease of \$25,559,438 in comparison with the prior year. Approximately 93.2% of this total amount (\$156,457,746) constitutes spendable fund balance. The remainder of fund balance is non-spendable and not available for new spending because it has already been committed for advances (\$13,220,000), prepaid items (\$3,296) and inventories (\$80,039). This year's decrease in fund balance is due to a number of reasons. The other governmental funds fund balance decreased by \$1,033,836 primarily due to an increase in building fees and forfeiture confiscation expenditures. The Capital Improvements Capital Projects Fund had an increase in fund balance of \$2,300,132 due to the transfer of funds from the General Fund for various city-wide construction projects. The General Obligation Bonds, Series 2015 Capital Projects Fund had a decrease in fund balance of \$26,737,533 due to the construction of various park, recreation and leisure general obligation bond projects. The General Fund's expenditures and other financing uses were \$88,201 in excess of its revenues and other financing sources primarily due to the transfer of funds to the Capital Improvements Capital Projects Fund.

GENERAL FUND BUDGETARY HIGHLIGHTS

The difference between the original budget and the final amended budget amounted to a \$9,360,603 increase in appropriations. Of this increase, \$1,137,708 was funded through various grants, \$341,282 was funded through miscellaneous revenue sources, and \$7,881,613 was funded from the General Fund unassigned fund balance. Highlights of the supplemental appropriation follow:

- \$2,933,513 in increases for general government activities. The increase was comprised of a supplemental appropriation of \$203,513 to be used for economic development expenditures, a supplemental appropriation of \$500,000 to be used for a Multi-Family Residential Rental Housing Stimulus Program, and a supplemental appropriation of \$2,500,000 to be used for expenditures related to Hurricane Irma. The funds for Hurricane Irma were appropriated from the committed contingency fund balance and must be repaid within three years from the date of disbursement. Additionally, there was a budget reduction for appropriations to the Capital Improvement Fund in the amount of \$270,000.
- \$1,478,990 in increases allocated to public safety. Included in this amount was supplemental appropriations to fund \$341,282 for the purchase of radios and \$1,137,708 for public safety related grants.
- \$4,948,100 in increases for transfers out to the Capital Improvements capital projects fund for various capital projects.

General Fund
 Summary of Revenues, Expenditures and Changes in Fund
 Balance – Budget to Actual
FY 2018
(in thousands)

	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual Amounts</u>
Revenues			
Taxes	\$ 56,257	\$ 56,257	\$ 56,645
Permits and fees	2,480	2,480	1,247
Franchise fees	9,301	9,301	9,736
Intergovernmental	8,778	9,915	10,437
Charges for services	23,551	23,551	24,585
Other	<u>22,109</u>	<u>22,450</u>	<u>23,341</u>
Total	<u>122,476</u>	<u>123,954</u>	<u>125,991</u>
Expenditures	<u>125,946</u>	<u>130,358</u>	<u>123,740</u>
Excess (deficiency) of revenues over (under) expenditures	<u>(3,470)</u>	<u>(6,404)</u>	<u>2,251</u>
Other financing sources (uses)			
Transfers in	5,255	5,255	5,080
Transfers out	(2,515)	(7,463)	(7,463)
Sale of capital assets	<u>20</u>	<u>20</u>	<u>44</u>
Total	<u>2,760</u>	<u>(2,188)</u>	<u>(2,339)</u>
Net change in fund balance	<u>\$ (710)</u>	<u>\$ (8,592)</u>	<u>\$ (88)</u>

Actual general fund revenues exceeded original budgeted revenues by \$3,515 thousand. This increase is primarily due to receipt of \$1,389 thousand for cost recovery surcharges, \$1,178 thousand in additional grant awards, \$554 thousand in interest earnings and \$313 thousand in code liens satisfaction. The original budget was amended to account for \$1,137 thousand in additional grant awards and \$341 thousand in miscellaneous revenues. Actual general fund expenditures were less than the original budget by \$2,206 thousand primarily due to position vacancies resulting in salary and related payroll cost savings, less than anticipated expenditures for capital equipment and a concerted effort to curtail operating expenditures.

Actual revenue collections exceeded the final budget by \$2,037 thousand. The increase between actual revenues and the final budget are due to an increase in cost recovery charges and additional grant awards. In addition, total expenditures were approximately \$6,618 thousand less than final budget due to less than anticipated spending for operational and capital items as well as position vacancies.

CAPITAL ASSETS

At the end of fiscal year 2018, the City's governmental activities had invested \$210,676,409 in a variety of capital assets and infrastructure, which represents a net increase of \$17,483,348 from the prior year. The City's investment in capital assets for its business-type activities amounted to \$423,919,418, which represents a net increase of \$16,972,264 from the prior year. The following table reflects the components of capital assets and their changes:

	Government-wide Change in Capital Assets (in thousands)					
	Governmental Activities			Business-type Activities		
	Balance 10/1/17	Net Additions/ Deletions	Balance 9/30/18	Balance 10/1/17	Net Additions/ Deletions	Balance 9/30/18

Totals	<u>(431,830)</u>	<u>(12,072)</u>	<u>(443,902)</u>	<u>(287,043)</u>	<u>(22,710)</u>	<u>(309,753)</u>
	<u>\$193,193</u>	<u>\$ 17,483</u>	<u>\$ 210,676</u>	<u>\$ 406,947</u>	<u>\$ 16,972</u>	<u>\$ 423,919</u>

Major capital asset events during the current fiscal year included the following:

- The City made public safety purchases including a typhoon pumper fire engine for \$574,886, and police department vehicles totaling \$876,222.
- A sewer vacor truck was purchased by the Water/Wastewater Utility System for \$358,708.
- Various major projects were completed in the Water/Wastewater Utility System including Springtree Biscayne test wells/wellhead replacements and the Springtree wastewater deep injection wells.

Planning, design or construction is in progress on the following projects:

- Parks improvements/expansions are in the design phase at City Park and the Sunrise Athletic Complex Park.
- Construction is underway for the Sunrise Sportsplex, Flamingo Park renovation, and Veterans Park as well as the expansion of the Senior Center, Civic Center and Welleby Park.
- Various system additions and improvements are under construction in the Water/Wastewater Utility System.

Additional information on the City's capital assets can be found in note IV.C to the financial statements.

LONG-TERM DEBT

At the end of the current fiscal year, the City had total debt principal outstanding of \$241,355,000. Of this amount, \$196,685,000 represents bonds and a direct borrowing secured solely by specified revenue sources, \$9,155,000 is special tax district ad valorem tax bonds and \$35,515,000 is general obligation bonds. More detailed information about the City's long-term liabilities is presented in Note IV. H to the financial statements.

The City's special tax district ad valorem tax bonds have an insured rating of "A2" by Moody's Investors Service and an insured rating of "AA" by Standard and Poor's. The general obligation bonds have a rating of "Aa2" by Moody's and "AA" by Fitch.

The Series 2010 utility bonds have a rating of "AA-" by Standard and Poor's and "AA+" by Fitch.

The special assessment bonds (Series 2015) were issued to fund design and construction of two public parking garage structures and improvements to public infrastructure, intersections, traffic signalization and rights-of-way and a portion of existing parking lots on land owned by benefitted owners located at Sawgrass Mills mall. The bonds have a rating of "BBB" by Fitch. The City is not obligated in any manner for the payment of principal and interest for these bonds. Funds are collected through special assessments on the affected property owners. The City acts as the fiduciary agent for these funds.

In July 2018, the City defeased the principal amount of \$88,295,000 of utility revenue and refunding bonds (Series 1998). These funds were defeased with a direct placement borrowing, issued as Utility System Revenue Refunding Bonds, Series 2018.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The millage rate of \$6.0543 adopted for fiscal year 2018 was the same as fiscal year 2017. The millage rate has remained the same since fiscal year 2010.

According to the U.S. Department of Labor, Bureau of Labor Statistics, the City's total resident employment as of September 2018 was 51,842 compared to 50,971 as of September 2017. The City's resident unemployment rate decreased from 3.7% in September 2017 to 2.8% in September 2018. The State of Florida's unemployment rate in September 2018 was 3.1%.

As of September 2017 (the latest data available from the U. S. Census Bureau), the City's median household income was \$61,887, while the State's median household income was \$52,594.

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance and Administrative Services Director, 10770 West Oakland Park Blvd., Sunrise, Florida 33351.

CITY OF SUNRISE, FLORIDA
RECONCILIATION OF THE BALANCE SHEET
TO THE STATEMENT OF NET POSITION -
GOVERNMENTAL FUNDS
SEPTEMBER 30, 2018

Fund balances - total governmental funds	\$	169,761,081
 Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		197,466,639
Debt interest payable that will not be liquidated with current financial resources is not reported in the funds.		(341,299)
Deferred inflows of resources related to pension earnings and other post employment benefits are not recognized in the governmental funds; however, they are reported in the statement of net position under full accrual accounting.		(19,167,271)
Deferred outflows of resources related to pension contributions and other post employment benefits are not recognized in the governmental funds; however, they are reported in the statement of net position under full accrual accounting.		56,442,561
The internal service funds are used by management to charge the costs of workers' compensation, fleet management, information technology and communications, and self-insured health to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		30,322,292
Other post employment benefits are not due and payable in the current period and, therefore, are not reported in the funds.		(19,666,640)
Pension liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		(178,724,297)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.		<u>(54,097,099)</u>
Net position of governmental activities	\$	<u>181,995,967</u>

CITY OF SUNRISE, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2018

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances -- total governmental funds	\$	(25,559,438)
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.</p>		
		18,735,760
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, write-offs and donations) is to increase/(decrease) net position.</p>		
		(2,307,449)
<p>The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
		3,140,272
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.</p>		
		(904,384)
<p>Cash pension contributions reported in the funds were greater than the calculated pension expense on the statement of activities and therefore reduced net pension liability.</p>		
		(3,167,880)
<p>Internal service funds are used by management to charge the costs of workers' compensation, fleet management, information technology and communications, and self-insured health to individual funds. The net revenue of certain activities of the internal service funds are reported with governmental activities.</p>		
		<u>2,768,066</u>

CITY OF SUNRISE, FLORIDA

I. Summary of Significant Accounting Policies

A. Reporting entity

The City of Sunrise, Florida (the City) was incorporated June 22, 1961 and has a population of approximately 92,000 living within an area of approximately 18 square miles. The City was established under Charter 61-2902, which was adopted in 1961 with a mayor/commission form of government. By referendum, the city commission/city manager form of government replaced the mayor/commission form of government in 1989. Five elected city commission members comprised of the Mayor, Deputy Mayor, Assistant Deputy Mayor and two Commissioners govern the City.

In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may or may not be financially accountable and, as such, be includable within the City's financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. If the component unit's governing body is substantively the same as the City's, the component unit is blended (reported as if it was part of the City's operations).

Blended component units

Special Tax District No. 1 (the District) was created by Ordinance 373. The District provides, or assists in the provision of, public works lying within its territorial limits. All elected and appointed officials and employees of the City are, ex officio, the officials and employees of the District. Management of the City has operational responsibility for the component unit.

Metropica Improvement District (the District) was created by Ordinance 909-X. The District provides or assists in the provision of land and public improvements within its territorial boundaries or outside its boundaries which benefit property lying within its territorial limits. All elected and appointed officials and employees of the City are, ex officio, the officials and employees of the District. Management of the City has operational responsibility for the component unit. The District does not have any financial activity to date.

The City Commission establishes ad valorem taxes for Special Tax District No. 1. If necessary, the City Commission would establish the ad valorem tax rate for the Metropica Improvement District.

Separate financial statements are not required or prepared for the special districts. The City reports fund balances and financial activity in the debt service funds, and the capital projects fund for Special Tax District No. 1.

B. Government-wide and fund financial statements

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. In June 2015, the GASB issued *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (Statement No. 75). In March 2016, the GASB issued *Irrevocable Split-Interest*

CITY OF SUNRISE, FLORIDA

Agreements (Statement No. 81). In March 2017, the GASB issued *Omnibus 2017* (Statement No. 85). In May 2017, the GASB issued *Certain Debt Extinguishment Issues* (Statement No. 86). In April 2018, the GASB issued *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* (Statement No. 88). In June 2018, the GASB issued *Accounting for Interest Cost Incurred before the End of a Construction Period* (Statement No. 89). The City has applied the requirements, as applicable, of these Statements effective October 1, 2017. Additionally, the City has early implemented the requirements of Statement No. 88 and Statement No. 89.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been eliminated from these statements. Exceptions to this are administrative charges where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's water and wastewater function and various other functions of the City. The net residual amounts due between governmental and business-type activities are presented as internal balances in the statement of net position. Amounts reported in the funds as receivable from or payable to fiduciary funds are included in the statement of net position as receivable from and payable to external parties, rather than as internal balances.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as general revenues. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting and financial statement presentation

Measurement focus is commonly used to describe the types of transactions and events that are reported in a fund's operating statement. Basis of accounting refers to the point at which revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements and relates to the timing of transactions, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. The economic resources measurement focus is on the determination of net income and capital maintenance. All fund assets, deferred outflows/inflows of resources, and liabilities, current and non-current, are accounted for in the fund. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility

CITY OF SUNRISE, FLORIDA

requirements have been met. Certain indirect costs are included in the program expense reported for business-type activities.

Amounts reported as program revenues include 1) charges to customers for goods, services or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues, rather than as program revenues. Taxes and other items not classified as program revenues are reported as general revenues.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The current financial resources measurement focus is on the determination of and changes in financial position. This concept emphasizes the acquisition, use and balance of governmental fund expendable available financial resources and related current liabilities. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred. The exception to this general rule is that principal and interest on general long-term debt and compensated absences are recognized when due.

Property taxes, gas taxes, utility service taxes, franchise fees, fuel tax refunds, administrative charges and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. In applying the susceptible to accrual concept to intergovernmental revenues, revenues are recognized when all eligibility requirements are met. All other revenue items are considered to be measurable and available only when cash is received by the City.

Governmental funds are used to account for the City's general government activities. The City reports the following major governmental funds:

- The General Fund is the operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
- The Capital Improvements capital projects fund accounts for general capital projects and the acquisition and construction in the Neighborhood Renaissance Program.
- The General Obligations Bonds, Series 2015, capital projects fund accounts for the construction and improvements to parks, recreation and leisure projects.

The other governmental funds are a summarization of all the non-major governmental funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative fees, general expenses and depreciation/ amortization on capital assets. Operating expenses for the internal service funds include claims, insurance premiums, general expenses and depreciation/amortization on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

CITY OF SUNRISE, FLORIDA

The City reports the following major proprietary funds:

- The Water, Wastewater, and Gas Utility System enterprise fund accounts for the provision of water, wastewater and natural gas services to customers inside and outside the City limits.
- The Sanitation enterprise fund accounts for the provision of solid waste disposal services to City residents.

The other proprietary funds are a summarization of all the non-major proprietary funds.

Additionally, the City reports the following fund types:

The internal service funds are used to account for goods or services provided by one department to other departments of the City on a cost-reimbursement basis. The City operates four internal service funds for the purpose of workers compensation services, fleet management, information technology and communications, and self-insured health.

Fiduciary funds include pension trust funds and an agency fund. The pension trust funds account for the activities of the City's general employees', police officers' and firefighters' pension plans, which accumulate resources for pension benefit payments to qualified employees. The agency fund is used to account for transactions related to \$70,120,000 Taxable Special Assessment Bonds, Series 2015 which includes the establishment of a debt service reserve and the debt service transactions associated with the bonds. The bonds were issued by the City and secured by assessments on real property within a specified area that stands to benefit from the improvements provided by the bonds, known as the Parking Garages Assessment Area. The City has no liability for repayment of the bonds and is merely acting as the property owners' agent in handling the debt service transactions by collecting the assessments (which are reported as deposits held for others until paid) and forwarding for payment to the bondholders each May 1 and November 1. For fiscal year ended September 30, 2018, the agency fund reports total assets of \$6,676,021, which consists of the debt service reserve of \$4,786,575 and \$1,889,446 received from the property owners for the 2019 debt service of the bonds.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. Cash and cash equivalents

The City has defined cash and cash equivalents to include cash on hand, demand deposits, short-term investments (including restricted assets) with original maturities at the time of purchase of three months or less, Florida State Board of Administration's (SBA) Florida PRIME Investment Pool, money market mutual funds, and equity in the City's pooled cash.

Pooled cash is an investment tool employed by the City that maximizes earning potential by investing large amounts of idle cash for short periods of time. It is available for use by all funds except those whose cash and investments must be segregated due to bond covenants or other legal restrictions. The City maintains pooled cash accounts in all of its funds except for the pension trust funds, debt service funds, capital projects funds that are funded by special assessments or debt, and the Police Confiscation fund. Interest income is distributed monthly based on average daily balances. Each fund's equity in the City's pooled cash is considered to be a cash equivalent since the funds can deposit or withdraw cash at any time without prior notice or penalty.

CITY OF SUNRISE, FLORIDA

The City invests surplus funds in a variety of investment vehicles. One such vehicle is the Florida PRIME, an external investment pool. The City owns shares of the pool, not the underlying securities. This fund is administered by the SBA, who provides regulatory oversight, and has been managed by Federated Investors since February 2008. Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 215 and 218 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for administration of the investment pool. Florida PRIME is not a registrant with the Securities and Exchange Commission (SEC); however, the SBA has adopted operating procedures consistent with the requirements for a 2a-7 fund and measures all of its investments at amortized cost. The investments in Florida PRIME are not insured by FDIC or any other governmental agency. With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawals, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2018, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of the account value.

Pooled cash and cash equivalents are also invested in various certificates of deposit and two money market mutual funds including Fidelity Investments Money Market Government Portfolio - Institutional Class and Federated Government Obligations Fund - Institutional Shares.

2. Investments

The City's authorized investments include the Florida PRIME or any authorized intergovernmental investment pool, U.S. Government and Agency securities, certificates of deposit, corporate bonds, mortgage-backed securities, repurchase agreements, commercial paper, certain money market mutual funds, obligations of U.S. government sponsored enterprises implicitly or explicitly guaranteed by the U.S. government, obligations of state and local governments, and banker's acceptances. Investments purchased with maturities of three months or less are classified as cash equivalents.

Investments are stated at fair value (quoted market price or the best available estimate thereof). However, investment pools, money market investments, including short-term, highly liquid investments with a remaining maturity at time of purchase of one year or less, and certificates of deposit are reported at amortized cost.

Bond ordinances authorize trust account investments in deposit accounts of any banks that are fully insured by federal depository insurance or fully collateralized by federal securities, repurchase agreements and general obligation or full faith credit bonds, notes or obligations of any state or subdivision provided such obligations meet certain rating requirements. The bond ordinances also provide that monies on deposit in the reserve account may be invested only in federal securities.

The City's pension funds' investment policies are determined by the respective Boards of Trustees. Their portfolios may consist of obligations guaranteed by the U.S. government, time or savings accounts, corporate bonds, common or preferred stocks, international equity funds (up to 25% of portfolios), limited real estate investments, and mutual funds. Fair values of investments are determined as follows: securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year at current exchange rates; securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the

CITY OF SUNRISE, FLORIDA

past reported bid and ask prices; and investments that do not have an established market are reported at estimated fair value as determined by the Board of Trustees. Time deposits and short-term investment pools are valued at amortized cost.

3. Receivables and payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “interfund receivables/payables” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

Advances to other funds (an asset), as reported in the governmental fund financial statements, are classified as nonspendable fund balance to indicate they are not available for appropriation. Customer receivables are shown net of an allowance for uncollectibles. All assessments are reported, including delinquencies.

4. Inventories and prepaid items

All City inventories are maintained on a consumption basis of accounting where items are purchased for inventory and charged as an expenditure/expense as the items are consumed. The reported governmental fund type inventories are offset by a fund balance classified as nonspendable that indicates unavailability of spendable resources. Inventories held by the General Fund consist of postage stamps while inventories included in the special revenue funds consist of irrigation parts and road materials. Inventories included in the enterprise funds consist of chemicals, meters, and parts and supplies. Inventories in the internal service funds consist of fuel. Governmental fund inventories are stated at cost, using the first-in/first-out (FIFO) method. The chemicals and fuel inventories in the enterprise and internal service funds are stated at cost using the FIFO method; the meters and parts and supplies inventories are stated at cost, using the weighted average method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditure when consumed rather than when purchased. The governmental fund financial statements consider prepaid items to be nonspendable fund balance.

5. Restricted assets

Certain proceeds of the City’s enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. The “revenue bond operations and maintenance” account is used to report resources set aside to pay operating and maintenance expenses. The “revenue bond debt service” account is used to segregate resources accumulated for debt service payments over the next twelve months. The “revenue bond reserve” account is used to report resources set aside to make up potential future deficiencies in the revenue bond debt service account. The “revenue bond renewal and replacement” account is used to report resources set aside to cure deficiencies in the debt service account or the reserve account, or to fund asset renewals and replacements.

CITY OF SUNRISE, FLORIDA

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources as they are needed. In the governmental funds, when both restricted resources and other resources (committed, assigned, and unassigned) can be used, the spending priority is committed, assigned, then unassigned, except in the General Fund where the spending priority is assigned, unassigned, then committed.

6. Capital assets

Capital assets, which include property, plant, equipment, vehicles, intangibles and infrastructure assets (e.g., roads, bridges, etc.), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. Generally, the City, with the exception of the firefighters' pension fund, defines capital assets as assets with an initial, individual cost of \$1,000 or greater and an estimated useful life in excess of one year. The firefighters' pension fund has established a capital threshold of \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Contributed assets are recorded at acquisition value as of the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated and amortized using the straight-line method over the following estimated useful lives.

Intangibles	5 years
Buildings	25 – 50 years
Improvements other than buildings	5 – 20 years
Water and wastewater plant	30 – 50 years
Gas plant	25 – 50 years
Deep well injection system	50 years
Machinery & equipment	3 – 10 years
Vehicles	5 – 10 years
Public domain infrastructure	30 – 50 years

Contributions of funds from federal, state or local sources for the purpose of purchasing property, plant and equipment and connection fees intended to recover the cost of connecting new customers to the system are recorded as capital contributions on the proprietary statement of revenues, expenses, and changes in net position.

7. Pensions

Net pension liability, deferred outflows and inflows of resources, pension expense and information about the fiduciary net position, and additions and deductions to fiduciary net position have been determined and reported on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

CITY OF SUNRISE, FLORIDA

8. Deferred outflows/inflows of resources

The Statement of Net Position includes a separate section for deferred outflows of resources. This represents a consumption of net position applicable to future periods and will not be recognized as an expense/expenditure until the future period to which it applies. Items in this category include a deferred charge on refunding, a deferred pension expense (see note V.C.) and a deferred OPEB expense (see note V.D.). A deferred charge on refunding is the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt.

The Statement of Net Position also includes a separate section, listed below total liabilities, for deferred inflows of resources that represents the acquisition of net position applicable to future periods and is not recognized as revenue until the period to which it applies. Items in this category include unavailable revenue, deferred pension income (see note V.C.) and deferred OPEB income (see note V.D.). Governmental funds report unavailable revenue using the modified accrual basis of accounting from special assessments. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

9. Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from City service if certain criteria are met. The accumulated compensated absences and associated employee-related costs are accrued when incurred in the government-wide and proprietary fund financial statements. The current portion is the amount estimated to be used in the following fiscal year. The compensated absences balance in the governmental funds represents a reconciling item between the fund and the government-wide presentations.

10. Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums/discounts are amortized using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

11. Net position or fund equity

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net investment in capital assets represent the City's capital assets net of accumulated depreciation plus the capital-related deferred outflows of resources less any capital-related borrowings and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed to meet the various covenants as may be specified and defined in the revenue bond indenture or other legal document.

The governmental funds' financial statements report five categories of fund balance: nonspendable, restricted, committed, assigned and unassigned. Nonspendable fund balances include amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Amounts that are restricted to specific purposes either by a) constraints placed on the use of resources by creditors,

CITY OF SUNRISE, FLORIDA

grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Commission through an ordinance or resolution (which are both equal and the highest level of decision making authority) are classified as committed fund balances. These constraints remain binding unless removed or changed in the same manner employed to commit those resources. Amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. Funds can only be assigned by City Commission. With the exception of the general fund, this is the residual fund balance classification for all governmental funds with positive balances. Unassigned fund balance is the residual classification that has not been restricted, committed or assigned. Any residual (unassigned) balance must be positive in the General Fund but may be negative in any other governmental funds as a result of overspending for specific purposes for which amounts have been restricted, committed or assigned.

12. Revenue stabilization

A general fund revenue stabilization account was approved by City Commission through resolution to mitigate the impacts of future revenue shortfalls. The minimum funding level is five percent (5%) of audited actual operating expenditures based on the most recent year in which audited operating expenditures are available. Disbursements from the revenue stabilization account may be made by the City Commission by enactment of an ordinance requiring a majority plus one vote if the following criteria is met: the revenue shortfall in a fiscal year results from revenue collections short of the amount budgeted by five percent (5%) or more or the revenue shortfall results from projected budgeted revenues for any ensuing year that are less than the previous year's adopted revenue budget and the revenue shortfall is expected to persist through the end of the fiscal year.

13. Use of estimates

The preparation of the financial statements in conformity with GAAP in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

CITY OF SUNRISE, FLORIDA

II. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes the reconciliation between *fund balances – total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds”. The details of this \$54,097,099 are as follows:

Bonds payable	\$ 42,540,000
Plus: Issuance premiums	1,305,245
Less: Bond insurance costs	(24,195)
Compensated absences	10,276,049
Net adjustment to reduce <i>fund balances - total governmental funds</i> to arrive at <i>net position of governmental activities</i>	\$ 54,097,099

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes the reconciliation between *net change in fund balances – total governmental funds* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense”. The details of this \$18,735,760 difference are as follows:

Capital outlay	\$ 35,044,444
Depreciation expense	(14,683,997)
Capitalized operating expenditures	29,998
Non-capitalized capital outlay expenditures	(1,654,685)
Net adjustment to decrease <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position of governmental activities</i>	\$ 18,735,760

Another element of that reconciliation states that “the net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, write-offs and donations) is to increase/ (decrease) net position”. The details of this \$(2,307,449) difference are as follows:

The statement of activities reports losses arising from the write-off of capital assets. Governmental funds do not report any loss resulting from a capital asset write-off.	\$ (2,307,449)
Net adjustment to increase <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position of governmental activities</i>	\$ (2,307,449)

CITY OF SUNRISE, FLORIDA

Another element of that reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position”. The details of this \$3,140,272 difference are as follows:

Amortization of bond premium	\$ 269,086
Interest accrual for General Obligation bonds	9,250
Amortization of bond insurance costs	(8,064)
Bond principal repayments	<u>2,870,000</u>
Net adjustment to decrease <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position of governmental activities</i>	<u>\$ 3,140,272</u>

Another element of that reconciliation states that "some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds". The details of the \$(904,384) difference are as follows:

Increase in other post employment benefits	\$ (990,640)
Decrease in compensated absences	<u>86,256</u>
Net adjustment to increase <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position of governmental activities</i>	<u>\$ (904,384)</u>

III. Stewardship, Compliance and Accountability

A. Budgetary information

Budgets are legally adopted for all governmental and proprietary fund types. Annual budgets are adopted on a basis consistent with generally accepted accounting principles. Project-length budgets are adopted in the capital projects funds. All unencumbered, annual appropriations lapse at fiscal year-end. Significant appropriations outstanding at year-end are re-appropriated in the following year.

The appropriated budget is prepared by fund, function, and department. The city manager may make transfers of appropriations among programs within a department, office or agency. Transfers of appropriations between departments require the approval of the city commission.

Expenditures/expenses may not legally exceed appropriations at the individual fund level; exception is the general fund expenditures, which may not exceed appropriations at the department level. Supplemental appropriations for operating and capital expenditures of \$4,412,503 for the general fund, \$1,186,688 for the special revenue funds, and \$9,558,900 for the capital projects funds were approved during the year and are included in the final budget.

CITY OF SUNRISE, FLORIDA

The City follows these procedures in establishing the legally adopted budgetary data:

1. Prior to August 1st, the City Manager submits to the City Commission a proposed annual budget, budget message and capital program for the fiscal year commencing October 1st. The operating budget includes proposed expenditures/expenses and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1st, the budget is legally enacted through the passage of an ordinance as required by the City Charter.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders) outstanding at year-end are reported as assigned fund balance and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

IV. Detailed Notes on all Funds

A. Deposits and investments

As of September 30, 2018, the carrying value of the City's deposits and investments, exclusive of the Pension trust and agency funds, was \$10,332,246 in U.S. Treasuries, \$10,537,795 in certificates of deposit, \$128,324,917 in the SBA Florida PRIME, \$35,724,340 in the Florida Fixed Income Trust, \$10,232,912 in the FL Class Local Government Investment Pool, and \$146,661,554 in five money market mutual funds (Fidelity Investments Money Market Government Portfolio Institutional Class with Wells Fargo Bank, Fidelity Investments Money Market Treasury Portfolio – Class III with Bank of New York Mellon, Goldman Sachs Financial Square Government Fund – Institutional Shares with Regions Bank, First American Funds Treasury Obligations Fund with US Bank, and Federated Government Obligations Fund – Institutional Shares with Wells Fargo Bank and Hancock Bank). The investments in Florida PRIME and the five money market mutual funds are classified as cash and cash equivalents. Additionally, cash and cash equivalents are comprised of \$70,280 on hand and \$148,238,110 with qualified public depositories. Total restricted and unrestricted cash and cash equivalents at September 30, 2018 are \$433,527,773. Total investments, including restricted and unrestricted, amount to \$56,594,381.

Interest rate risk. The City's investment policy, exclusive of the Pension trust funds, addresses exposure to declines in fair value by limiting the weighted average duration of its investment portfolio to less than three years. The single U.S. Treasury investment that is in the City's investment portfolio at September 30, 2018 matures in 532 days. The weighted average days to maturity of the SBA Florida PRIME is 33 days. The weighted average days to maturity of the FL Class is 49 days. The weighted average maturity for the Florida Fixed Income Trust is 810 days. The weighted average maturity for the Fidelity Investments Money Market Government Portfolio Institutional Class is 23 days. The weighted average maturity for Fidelity Investments Money Market Treasury Portfolio – Class III is 18 days. The weighted average maturity for Goldman Sachs Financial Square Government Fund is 46 days. The weighted average maturity for First American Funds Treasury Obligations Fund is 19 days. The weighted average maturity for Federated Government Obligations Fund is 23 days. The City may withdraw its funds from any of the above mentioned investment vehicles, other than the U.S. Treasury investment, upon one day's notice. To limit exposure to interest rate risk, the City and its three Pension Plans: General Employees, Firefighters and Police Officers diversify investments by security type and institution, and limit holdings in any one type of investment with any one issuer with various durations of maturity. In addition, the

CITY OF SUNRISE, FLORIDA

Police Officers' Pension Plan manages its exposure to declines in fair values by limiting the effective duration of its investment portfolio through the adoption of the Barclays Capital Government/Credit Intermediate Index.

As of September 30, 2018, the General Employees' Pension trust fund had the following fixed income investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (In Years)</u>			
		<u>Less than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More than 10</u>
Bond mutual funds	\$52,413,511	\$ -	\$40,043,923	\$10,377,875	\$1,991,713

The City's Police Officers' Pension trust fund contained the following fixed income investments as of September 30, 2018:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Effective Duration (Years)</u>	<u>Lehman Aggregate Bond Rating</u>
U.S. treasuries	\$ 19,292,615	5.60	AA
U.S. agencies	6,283,577	7.20	AA
Corporate bonds	16,885,033	7.10	A-AAA
Total fair value	<u>\$ 42,461,225</u>		
Portfolio weighted average duration		6.43	

At September 30, 2018, the City's Firefighters' Pension trust fund had the following fixed income investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (In Years)</u>			
		<u>Less than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More than 10</u>
U.S. treasuries	\$ 5,669,542	\$ 436,049	\$ 262,612	\$ 514,432	\$ 4,456,449
Corporate bonds	5,393,724	49,862	2,191,983	3,151,879	-
	<u>\$ 11,063,266</u>	<u>\$ 485,911</u>	<u>\$ 2,454,595</u>	<u>\$ 3,666,311</u>	<u>\$ 4,456,449</u>

Credit risk. The City's investment policy limits the quality and quantity of investments in order to mitigate the effects of credit risk. Funds that are invested in U.S. government obligations are considered to have no credit risk. Consistent with State law, the SBA Florida PRIME, the General Employees' Pension Plan and the Police Officers' Pension Plans' investment guidelines limit corporate bonds to the top three ratings issued by one of the nationally recognized statistical rating organizations. Florida PRIME and FL Class are rated AAAM by Standard and Poor's. The Florida Fixed Income Trust is rated AA+f/S1 by Standard and Poor's. The City's money market funds are all rated AAAM by Standard and Poor's and Aaa-mf by Moody's. Of the General Employees' Pension Plan's investments at September 30, 2018, \$35,117,052 were rated AAA, \$2,620,676 were rated AA, \$6,289,621 were rated A, \$3,668,946 were rated BAA, \$1,572,405 were rated BB, and \$3,144,811 were rated B or lower. The credit ratings of investments in the corporate bonds of the Firefighters' Pension Plan at September 30, 2018 range from A+ to BBB+ and total \$5,393,724. U. S. Government obligations of \$5,669,542 are considered to have no credit risk.

Concentration of credit risk. The City's revised investment policy limits the investment in any single issuer from 5% to no more than 40% of the value of the portfolio depending on the investment sector. The 40% maximum is restricted to U.S. Government and Agency instruments and Government Sponsored Enterprise (GSE) securities. Non-negotiable interest bearing certificates of deposit and other than operating depository accounts secured by the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes to 20% of the

CITY OF SUNRISE, FLORIDA

portfolio per issuer. The City had a total of \$69,900,359 or 14.2% of the total portfolio invested with BankUnited and an additional \$39,147,109 or 8% of the portfolio with Florida Community Bank. Investments in intergovernmental investment pools authorized pursuant to the Florida Interlocal Cooperation Act as provided in Florida Statute 163.01(FLSAFE), is limited to no more than 60% of the value of the portfolio. The policy further limits investments in intergovernmental investment pools to a maximum of 35% in any one issuer. The Florida PRIME fund investment pool's exposure to a single non-governmental issuer is limited to 5% and exposure to any single money market mutual fund will not exceed 10% of the Florida PRIME assets. At September 30, 2018, the Florida PRIME Fund Investment Pool held \$128,324,917 or 26.2% of the City's portfolio. The Florida Fixed Income Trust held \$35,724,340 or 7.3% of the total portfolio. The policy restricts investments in registered investment companies (money market mutual funds) to 50% of the portfolio and 20% per issuer. At September 30, 2018, the City had \$66,963,558 or 13.7% invested in Federated Government Obligations Fund and \$66,167,711 or 13.5% in Fidelity Investments Money Market Government Portfolio Institutional Class. The General Employees', Police Officers' and Firefighters' Pension Plans' investment policies do not allow for an investment in any one issuer that is five percent or more of the Plans' net position available for benefits.

Custodial credit risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. All cash deposits are held in qualified public depositories pursuant to State of Florida Statutes Chapter 280, "Florida Security for Public Deposits Act". Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any losses to a public depositor not covered by insurance provided by the Federal Depository Insurance Corporation (FDIC) and the proceeds from the sale of collateral pledged by the defaulting depository, will be assessed against other qualified public depositories of the same type as the depository in default. Accordingly, all deposits are deemed insured or collateralized.

Custodial credit risk – investments. This is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. No custodial credit risk exposure exists for the City or the pension plans as all investments are held by each entity's custodial bank and registered in each entity's name.

Foreign currency risk. This is the risk that changes in the exchange rates will adversely affect the fair value of an investment. The City's investment policy requires all securities be denominated in U.S. dollars. Therefore, there is no foreign currency risk exposure. The foreign pension investments that are held by the General Employees', Police Officers' and Firefighters' pension funds are not subject to foreign currency risk as they are denominated in U.S. currency.

Fair Value Measurement – When applicable, the City measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. GASB defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

CITY OF SUNRISE, FLORIDA

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the City has the ability to access;
- Level 2: Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table summarizes the City's investments, excluding the pension funds, within the fair value hierarchy at September 30, 2018:

	Fair Value	Level 1	Level 2
U.S. treasuries	\$ 10,332,246	\$ -	\$ 10,332,246
Total investments at fair value	10,332,246	\$ -	\$ 10,332,246
Investments measured at net asset value (NAV)			
Fixed Income Trust (FIT)	35,724,340		
Investments reported at amortized cost			
Certificates of deposit	10,537,795		
Total investments	\$ 56,594,381		

Debt securities: Debt securities consist primarily of negotiable obligations of the U.S. government and U.S. government-sponsored agencies, preferred securities, and bond funds. These securities can typically be valued using the close or last traded price on a specific date (quoted prices in active markets). When quoted prices are not available, fair value is determined based on valuation models that use inputs that include market observable inputs. These inputs included recent trades, yields, price quotes, cash flows, maturity, credit ratings, and other assumptions based upon the specifics of the investment's type.

Investments Measured at Net Asset Value (NAV)				
		Unfunded	Redemption	Redemption
		Commitments	Frequency	Notice Period
Collective funds (FIT)	\$ 35,724,340	-	Daily	Next Day
Total investments measured at NAV	\$ 35,724,340			

The FL FIT is a commingled Pool designed to provide a high level of current income consistent with low volatility of net asset value and provide positive holding period returns for time horizons of 1-3 years or greater. The management team utilizes multiple short term investment strategies based upon the interest rate outlook for the 1 to 5 year part of the treasury curve. The management team takes advantage of these short term strategies by utilizing a diversified portfolio of fixed income securities such as U.S. Treasury and Agencies Securities, government securities and agency mortgage back securities, corporate securities, commercial paper and other money market investments.

CITY OF SUNRISE, FLORIDA

The following table summarizes the General Pension Plan's investments within the fair value hierarchy at September 30, 2018:

	Fair Value	Level 1	Level 2
Common stocks	\$ 23,698,926	\$ 23,698,926	\$ -
Fixed income mutual funds	52,413,511	-	52,413,511
Equity mutual funds	62,414,160	-	62,414,160
International equity trust funds	31,455,872	-	31,455,872
Collective investment trust	31,070,817	-	31,070,817
Real estate funds	15,879,664	-	15,879,664
Total investments at fair value	<u>\$ 216,932,950</u>	<u>\$ 23,698,926</u>	<u>\$ 193,234,024</u>

Common stocks – Investments traded on U.S. or foreign securities exchanges are generally valued at the regular trading session closing price on the exchange or market in which such securities are principally traded.

Fixed income and equity mutual funds – Some of the underlying securities have observable level 1 quoted pricing inputs. However, while the underlying asset values may be based on quoted market prices, the net asset value of the portfolios is not publicly quoted. Additionally, some of the underlying securities employ matrix pricing. Accordingly, these investments have been reported as level 2.

International equity trust funds – The Plan invests in two international equity trusts (“IETs”). The IETs’ underlying investments consist mostly of common stocks which are considered Level 1 securities under the fair value hierarchy. One of the IETs also includes forward exchange currency contracts which are considered Level 2 liabilities under the fair value hierarchy. The other IET holds short term investments which consist of cash held by its custodian who sweeps it into money market funds, and are considered Level 2 investments.

Collective investment trust – The Plan invests in a collective investment trust (“CIT”). The CIT’s underlying investments consist mostly of common stocks which are considered Level 1 securities under the fair value hierarchy. It also invests in investment-grade corporate fixed income securities with maturities of 365 days or less that are valued at the applicable unit net asset value which is determinative of fair value; overall, this collective trust is considered Level 2 investments.

Real estate funds – Investments are not quoted in active markets, but inputs to pricing are observable. Accordingly, these investments have been reported as Level 2 investments.

CITY OF SUNRISE, FLORIDA

The following table summarizes the Police Pension Plan's investments (excluding money market funds) within the fair value hierarchy at September 30, 2018:

	Fair Value	Level 1	Level 2
U.S. Government obligations	\$ 19,292,615	\$ -	\$ 19,292,615
U.S. Government agency obligations	6,283,577	-	6,283,577
Corporate bonds	16,885,033	-	16,885,033
Domestic stocks	61,088,352	61,088,352	-
Domestic equity investment funds	21,143,225	21,143,225	-
International equity investment funds	12,306,904	12,306,904	-
Total investments at fair value	<u>136,999,706</u>	<u>\$ 94,538,481</u>	<u>\$ 42,461,225</u>

Investments measured at net asset value (NAV)

Commingled real estate funds	<u>11,892,269</u>
Total investments	<u>\$ 148,891,975</u>

Debt securities - Debt securities classified in Level 2 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used by Interactive Data Pricing and Reference Data, LLC to value securities based on the securities' relationship to benchmark quoted prices.

Equity funds - Valued at market prices for similar assets in active markets for inclusion in Level 1.

Common stock - Valued at quoted market prices for identical assets in active markets.

Investments Measured at Net Asset Value (NAV)

	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Commingled real estate	\$ 11,892,269	-	Quarterly
Total investments measured at NAV	<u>\$ 11,892,269</u>		60 days

The real estate investment funds are open end, commingled private equity real estate portfolios. These REIT-based funds are structured as limited partnerships. Their primary focus is to invest in well-based income producing properties within major U.S. markets. The fair values of the investments in these funds have been determined using the NAV per unit of the trusts ownership interest in partners' capital. The investments of the fund are valued quarterly. Withdrawal requests must be made 60 days in advance and may be in one or more installments.

CITY OF SUNRISE, FLORIDA

The following table summarizes the Firefighters' Pension Plan's investments (excluding money market funds) within the fair value hierarchy at September 30, 2018:

	Fair Value	Level 1	Level 2
U.S. treasuries	\$ 1,872,033	\$ -	\$ 1,872,033
Mortgage backed securities	3,797,509	-	3,797,509
Corporate bonds	5,393,724	-	5,393,724
Common stock	55,664,167	55,664,167	-
International equity investment fund	9,192,264	9,192,264	-
Total investments at fair value	<u>75,919,697</u>	<u>\$ 64,856,431</u>	<u>\$ 11,063,266</u>
Investments measured at net asset value (NAV)			
Collective fund	44,250,666		
Commingled real estate funds	<u>20,471,652</u>		
Total investments	<u>\$ 140,642,015</u>		

Equity securities: These include common stock, domestic and international equity funds. Domestic securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the last reported bid price. International equities are valued based upon quoted foreign market prices and translated into U.S. dollars at the exchange rate in effect at September 30, 2018. Securities which are not traded on a national security exchange are valued by the respective fund manager or other third parties based on yields currently available on comparable securities of issuers with similar credit ratings.

Debt securities: Debt securities consist primarily of negotiable obligations of the U.S. government and U.S. government-sponsored agencies, preferred securities, and bond funds. These securities can typically be valued using the close or last traded price on a specific date (quoted prices in active markets). When quoted prices are not available, fair value is determined based on valuation models that use inputs that include market observable inputs. These inputs included recent trades, yields, price quotes, cash flows, maturity, credit ratings, and other assumptions based upon the specifics of the investment's type.

Investments Measured at Net Asset Value (NAV)				
		Unfunded	Redemption	Redemption
		Commitments	Frequency	Notice Period
Collective funds	\$ 44,250,666	-	Daily	Same Day
Commingled real estate	20,471,652	-	Daily	Same Day
Total investments measured at NAV	<u>\$ 64,722,318</u>			

Collective funds consist of collective investment vehicles which invests primarily in publicly traded equity securities. The funds are valued at the net asset value of units held at the end of the period based upon the fair value of the underlying investments.

The fair values of the investments in the commingled real estate funds have been determined using the NAV. Net asset values of the commingled real estate are determined by the fund managers using fair values of the underlying investments of the fund. There are

CITY OF SUNRISE, FLORIDA

no restrictions or terms and conditions. Real estate values are based upon independent appraisals performed for assets held by the open-end fund annually, with restricted-scope appraisals conducted on a quarterly basis for those assets not receiving a full appraisal. The fair value of real estate is determined as the price that the plan would expect to receive if the asset was sold to a market participant assuming the highest and best use of each asset at the date of the statement of fiduciary net position.

B. Receivables and unearned revenue

Receivables at September 30, 2018, are as follows:

	<u>Interest</u>	<u>Taxes/ Franchise Fees</u>	<u>Accounts</u>	<u>Other</u>	<u>Inter- governmental</u>	<u>Total Receivables</u>
Governmental activities:						
General	\$ 57,536	\$1,696,454	\$ 956,157	\$180,022	\$ 2,642,128	\$ 5,532,297
Capital Improvements	40,880	-	-	-	622,800	663,680
General Oblig. Bds	4,700	-	-	-	151,156	155,856
Internal Service	27,524	-	54,581	161,039	4,245	247,389
Other governmental	<u>23,684</u>	<u>-</u>	<u>-</u>	<u>5,802</u>	<u>556,601</u>	<u>586,087</u>
Total – governmental activities	<u>\$154,324</u>	<u>\$1,696,454</u>	<u>\$ 1,010,738</u>	<u>\$346,863</u>	<u>\$ 3,976,930</u>	<u>\$ 7,185,309</u>
Business-type activities:						
Water, Wastewater & Gas Utility System						
Unrestricted	\$ 98,647	\$ -	\$17,553,180	\$64,867	\$ 568,410	\$ 18,285,104
Restricted	128,725	-	-	-	-	128,725
Sanitation	1,619	-	2,374,704	228	-	2,376,551
Other proprietary	<u>13,844</u>	<u>-</u>	<u>776,423</u>	<u>35</u>	<u>240,092</u>	<u>1,030,394</u>
Gross receivables	242,835	-	20,704,307	65,130	808,502	21,820,774
Less: Uncollectibles	<u>-</u>	<u>-</u>	<u>(150,000)</u>	<u>-</u>	<u>-</u>	<u>(150,000)</u>
Total – business-type activities	<u>\$242,835</u>	<u>\$ -</u>	<u>\$20,554,307</u>	<u>\$ 65,130</u>	<u>\$ 808,502</u>	<u>\$ 21,670,774</u>

Revenues of the Water, Wastewater & Gas Utility System enterprise fund are reported net of uncollectible amounts. Actual uncollectible amounts related to revenues of the current period are as follows:

Uncollectibles related to water and wastewater sales	\$ 70,967
Uncollectibles related to gas sales	6,069
Uncollectibles related to recycling services	488
Uncollectibles related to stormwater services	<u>3,545</u>
Total uncollectibles for the current fiscal year	<u>\$ 81,069</u>

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

CITY OF SUNRISE, FLORIDA

Unearned revenue

At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

Prepaid local business license tax (General fund)	\$ 1,848,109
Prepaid inspection/plans review fees (General fund)	823,448
Prepaid inspection/plans review fees (Building fund)	71,932
Prepaid sidewalk replacement fees (Fuel and Roadway special revenue fund)	9,649
Grant proceeds prior to meeting all eligibility requirements (General fund)	<u>33,244</u>
Total unearned revenue for governmental funds	<u>\$ 2,786,382</u>

C. Capital assets

Capital asset activity for the year ended September 30, 2018 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets, not being depreciated or amortized:				
Land	\$ 23,934,730	\$ 2,958,027	\$ (450,000)	\$ 26,442,757

Total depreciation expense - business-type activities	<u>\$ 23,497,071</u>

D. Construction commitments

At September 30, 2018, the City had in process various uncompleted construction projects with remaining balances totaling \$49,748,228. Funding of these projects is to be made primarily through the proceeds of the related bond issues or restricted funds.

CITY OF SUNRISE, FLORIDA

E. Encumbrances

Purchase orders are issued throughout the fiscal year to encumber budgets in the governmental funds. Encumbrances as of September 30, 2018 are as follows:

Major funds:	
General Fund	\$ 1,242,614
Capital Improvements Capital Projects Fund	24,277,066
General Obligations Bonds, Series 2015 Capital Projects Fund	1,626,452
Other governmental funds	<u>270,698</u>
Total Encumbrances	<u><u>\$27,416,830</u></u>

F. Interfund receivables, payables and transfers

The General Fund advanced \$100,000 to the CDBG Grant special revenue fund. This advance was made to enable expenditures in this fund prior to grant reimbursement. The General Fund recognizes the advance as an asset with a corresponding nonspendable fund balance.

The General Fund advanced \$120,000 to the Police Confiscation special revenue fund. This advance was made to fund certain police operations. The General Fund recognizes the advance as an asset with a corresponding nonspendable fund balance.

The General Fund advanced \$13,000,000 to the Capital Improvements capital projects fund. This advance was made to fund certain park, recreation and leisure services projects. The General Fund recognizes the advance as an asset with a corresponding nonspendable fund balance.

The General Fund advanced \$154,843 to the CDBG Grant special revenue fund revenue fund as a short-term loan to fund operations.

The composition of interfund balances as of September 30, 2018, is as follows.

<u>Fund</u>	<u>Interfund receivables</u>	<u>Interfund payables</u>
General fund	\$ 154,843	\$ -
Non-major governmental funds:		
Special revenue funds:		
Community Development Block Grant	-	154,843
Total interfund receivables/payables	<u>\$ 154,843</u>	<u>\$ 154,843</u>
<u>Fund</u>	<u>Advance from</u>	<u>Advance to</u>
General fund	\$ 13,220,000	\$ -
Non-major governmental funds:		
Special revenue funds:		
Community Development Block Grant	-	100,000
Police Confiscation	-	120,000
Capital projects funds:		
Capital Improvements	-	13,000,000
Total advances	<u>\$ 13,220,000</u>	<u>\$ 13,220,000</u>

CITY OF SUNRISE, FLORIDA

<u>Fund</u>	<u>Due from other funds</u>	<u>Due to other funds</u>	<u>Purpose</u>
General fund	\$ 813,684	\$ 963,849	1,2,3,4
Capital Improvements capital projects	4,327	-	1
General Obligation Bond Series 2015 capital projects	3,772	61,222	1,4
Special revenue funds:			
Building Fees	-	4,370	2
Community Development Block Grant	-	139	2
Fuel and Roadway	-	1,284	2
Police Confiscation	75,894	26,029	1,2
Debt service funds:			
Special Tax District No. 1	46	-	4
General Obligation Bond Series 2015	200	-	1,4
Total non-major governmental funds	<u>76,140</u>	<u>31,822</u>	
Enterprise funds:			
Water, Wastewater, and Gas Utility System	56,895	608,359	1,2
Sanitation	-	191,340	2,3
Non-major enterprise funds:			
Recycling	-	11,535	2
Stormwater	-	1,531	2
Total non-major enterprise funds	<u>-</u>	<u>13,066</u>	
Internal service funds:			
Fleet Management	-	299	2
Information Technology & Communications	-	3,068	2
Total internal service funds	<u>-</u>	<u>3,367</u>	
Pension trust/agency funds:			
General Employees' Pension	59,591	-	2
Police Officers' Pension	52,697	37	2
Firefighters' Pension	805,956	-	2
Total pension trust/agency funds	<u>918,244</u>	<u>37</u>	
Total due to/due from	<u>\$ 1,873,062</u>	<u>\$ 1,873,062</u>	

The reasons for the due to/due from other funds are:

- 1) Salary, fringe benefit, operating expense reimbursements
- 2) Pension plan funding
- 3) Franchise fee receivable/payable
- 4) Interest

Interfund transfers:

	<u>Transfers out:</u>		
	<u>General fund</u>	<u>Water, Wastewater, and Gas Utility System enterprise fund</u>	<u>Total</u>
Transfers in:			
General fund	\$ -	\$ 5,079,673 a	\$ 5,079,673
Capital improvements capital projects	4,948,100 b	-	4,948,100
Non-major governmental funds	959,240 a/b	-	959,240
Sanitation fund	699,510 c	-	699,510
Non-major enterprise funds	856,110 c	-	856,110
	<u>\$ 7,462,960</u>	<u>\$ 5,079,673</u>	<u>\$ 12,542,633</u>

The reasons for these transfers are set forth below:

- a) Move unrestricted revenues collected in funds to finance various programs accounted for in other funds in accordance with budgetary authorizations
- b) Provide funds for capital outlay
- c) Subsidize operations

CITY OF SUNRISE, FLORIDA

G. Leases

The City leases office equipment and other items. There are no outstanding capital leases and no material operating leases with non-cancellable terms in excess of one year.

H. Long-term debt

The schedule below details the changes in long-term liabilities for the year ended September 30, 2018:

	Beginning Balance as previously stated		Beginning Balance as restated		Ending Balance		Due Within One Year
		Restatement		Additions	Reductions		
Governmental activities:							
Bonds payable	\$ 47,445,000	\$ -	\$ 47,445,000	\$ -	\$ (2,775,000)	\$ 44,670,000	\$ 2,130,000
Less deferred amounts:							
For issuance premiums	1,574,331	-	1,574,331	-	(269,086)	1,305,245	-

Net pension liability	159,774,378	-	159,774,378	94,313,575	(92,241,208)	161,846,745	-
Claims	4,791,000	-	4,791,000	611,154	(925,154)	4,477,000	1,200,000
Governmental activities long-term liabilities	\$ 261,063,364	\$ 7,171,383	\$ 268,234,747	\$ 104,661,807	\$ (107,727,301)	\$ 265,169,253	\$ 4,432,837
Business-type activities:							
Bonds payable:							
Revenue bonds	\$ 199,905,000	\$ -	\$ 199,905,000	\$ -	\$ (92,845,000)	\$ 107,060,000	\$ 4,715,000
Less deferred amounts:							
For issuance premiums	487,924	-	487,924	-	(302,023)	185,901	-
Total bonds payable	200,392,924	-	200,392,924	-	(93,147,023)	107,245,901	4,715,000
Direct borrowing	-	-	-	89,625,000	-	89,625,000	-
Compensated absences	4,278,055	-	4,278,055	2,239,061	(2,295,198)	4,221,918	337,952
Total other postemployment benefits	6,164,963	2,578,839	8,743,802	676,187	(869,150)	8,550,839	-
Total pension liability - retiree subsidy	16,951,475	-	16,951,475	1,205,185	(1,996,770)	16,159,890	-
Net pension liability	40,091,883	-	40,091,883	27,280,544	(22,183,154)	45,189,273	-
Business-type activities long-term liabilities	\$ 267,879,300	\$ 2,578,839	\$ 270,458,139	\$ 121,025,977	\$ (120,491,295)	\$ 270,992,821	\$ 5,052,952

For governmental activities, pension liabilities, compensated absences and other post-employment benefits are generally liquidated by the general fund. Pension contributions are paid by the General Fund, Building Fees Fund, and Fuel and Roadway Fund. Claims and judgments are liquidated by the Workers' Compensation internal service fund.

Revenue bonds and other long-term liabilities directly related to and intended to be paid from proprietary funds are included in the accounts of such funds. Utility system revenue bonds and direct borrowings are collateralized by a lien on the revenues earned by the utility system.

On July 3, 2018, the City issued Utility System Revenue Refunding bonds, Series 2018, as a direct borrowing totaling \$89,625,000. This was done to refund the Utility System Revenue Refunding Bonds, Series 1998. The true interest cost is 2.33% and mature in 2026.

CITY OF SUNRISE, FLORIDA

General Long-Term Debt Bonds are collateralized by multiple sources. The Special Tax District No. 1 ad valorem tax bonds and ad valorem tax refunding bonds are collateralized by voted debt service ad valorem taxes to be levied upon all taxable property within the District. The bonds issued by the special districts are not general or limited obligation debt or bonded indebtedness of the City and the City is not obligated to pay the bonds or bond service charges.

The General Obligation Bonds, Series 2015 were issued in the amount of \$37,630,000 and are collateralized by voted debt service ad valorem taxes to be levied upon all taxable property within the City. These bonds were issued to finance the design, acquisition, construction, equipment, and installation of certain parks, recreation, and leisure projects within the City. The issuance of the Series 2015 bonds was approved by a majority vote of the qualified electors of the City in a bond referendum held in November 2014.

Annual debt service requirements to maturity for revenue bonds are as follows:

<u>Year Ending September 30:</u>	Business-type Activities			
	Bonds		Direct Borrowing	
	Principal	Interest	Principal	Interest
2019	\$ 4,715,000	\$ 5,853,578	\$ -	\$ 2,088,262

Total business-type activities bonds		<u>\$ 276,200,000</u>	<u>\$ 107,060,000</u>	

The City has outstanding utility revenue bonds and a direct borrowing totaling \$107,060,000 and \$89,625,000, respectively. The City has pledged future net water, wastewater, and gas revenues to repay this debt. Proceeds from the 1998 bonds were used to refund the City’s Utility System Revenue Bonds, Series 1986A, Series 1996, Series 1996A, and Series 1997 and to fund improvements to the City’s water, wastewater and gas utility system; proceeds from the Series 2010A bonds and Series 2010B bonds were issued to fund construction, acquisition or equipping of certain capital improvements to the City’s water/wastewater utility facilities; and proceeds from the Series 2010C bonds were issued to refund a portion of the City’s Utility System Revenue Refunding Bonds Series 1993 and Utility System Revenue Refunding Bonds, Series 1996. The Series 2010A bonds are payable through 2021; the Series 2010B bonds are payable through 2036; and the Series 2010C bonds are payable

CITY OF SUNRISE, FLORIDA

through 2020. The Series 1998 bonds were refunded in July 2018 with a direct borrowing of \$89,625,000, which is payable through 2026. Total principal and interest remaining to be paid on the utility bonds and direct borrowing is \$282,020,227. Principal and interest paid for the current year, excluding the 1998 refunding principal, and total customer net revenue were \$15,571,703 and \$58,739,677, respectively. The pledged revenues are expected to continue through maturity of the debt.

Defeased and refunded debt

The City has a number of bond issues that have been refunded. An advanced refunding provides for an irrevocable deposit with an escrow agent (a third party banking institution) of sufficient funds to pay the principal and interest, when due, on the refunded bonds to the earliest call date. On the earliest call date, all bonds outstanding are redeemed and interest subsequent to the refunding date will cease. Bonds are typically refunded for either economic gain to the governmental unit or to eliminate restrictive and antiquated covenants often associated therewith. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the City’s books.

On July 3, 2018, the City forward refunded the City’s outstanding Utility System Revenue and Revenue Refunding Bonds, Series 1998, which mature in the years 2019 through 2029. The present value of the debt refunded is \$102,472,362 resulting in a net present value savings of \$12,143,396.

Summarized below are the refunded bonds of the City’s governmental and business-type activities held with escrow agents:

<u>Type</u>	<u>Series</u>	<u>Year Refunded</u>	<u>Outstanding as of 9/30/18</u>
Governmental activities:			
Public Facilities revenue bonds	1992B	2013	\$ 21,700,000
Business-type activities:			
Utility System revenue bonds	1976F	1983	60,000
	1983A	1985	680,000
	1983C	1985	980,000
	1998	2010	30,870,000
	1998	2018	<u>88,295,000</u>
Total outstanding defeased, refunded debt			<u>\$ 142,585,000</u>

I. Property taxes

The State of Florida permits the City to levy taxes up to 10 mills of assessed property valuation for the general fund except for special benefits and debt service obligations which may be issued with the approval of those taxpayers subject to ad valorem taxes. The operating millage rate levied by the City and budgeted for the 2017-2018 fiscal year is 6.0543 mills. On January 29, 2008, the Florida electorate approved an amendment to the Florida Constitution relative to property taxation. This amendment (referred to as Amendment 1) was placed on the ballot by the Florida Legislature at a special session held during 2007 and became effective October 1, 2008. Amendment 1 increased the current \$25,000 homestead exemption by an additional \$25,000 (for property values between \$50,000 and \$75,000), except for school district taxes. Amendment 1 also provided “portability”, allowing property owners to transfer up to \$500,000 of their “Save Our Homes” benefits to their next homestead when they move. “Save Our Homes” became effective in 1995 and limits (caps) the annual increase in assessed value for homesteaded property to

CITY OF SUNRISE, FLORIDA

three percent (3%) or the percentage change in the Consumer Price Index, whichever is less. Amendment 1 also provided a \$25,000 exemption for tangible personal property. Current tax collections for the year ended September 30, 2018 were approximately 99% of the total tax levy, net of discounts allowed.

Property taxes based on assessed values at January 1 are levied on November 1 of each year. A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percentage point each month thereafter. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments are auctioned beginning June 1 of each year.

The City Commission establishes the tax levy of the City. The adoption of the final millage rate occurred September 27, 2017. Property tax collections are governed by Chapter 197, Florida Statutes. The Broward County Tax Collector (Tax Collector) bills and collects all property taxes levied within the County. The Tax Collector remits current taxes collected through four distributions to the City in the first quarter of the tax year and at least one distribution each month thereafter. The City recognizes property tax revenue in the period in which they are levied.

The property tax calendar for revenues billed and received for the fiscal year ended September 30, 2018 is shown as follows:

Lien date	January 1, 2017
Levy date, tax bills mailed	November 1, 2017
Last date for 4% discount on taxes paid	November 30, 2017
Last date for 3% discount on taxes paid	December 31, 2017
Last date for 2% discount on taxes paid	January 31, 2018
Last date for 1% discount on taxes paid	February 28, 2018
Final due date of payment of taxes	March 31, 2018
Date for auctioning tax certificates on delinquent accounts	On or before June 1, 2018

J. Restatement of prior year balances

The October 1, 2017 beginning net position of the following fund types was restated due to the implementation of GASB Statement Number 73 and GASB Statement Number 75.

<u>Governmental Activities</u>		
Net position, October 1, 2017, as previously stated		\$ 195,613,686
Prior period adjustments:		
<u>Governmental funds</u>		
GASB 73 Implementation Excess Benefits Plan		(2,232,369)
Eliminate OPEB obligation	15,912,373	
Net effect of implementation of GASB 75	<u>(19,511,799)</u>	(3,599,426)
<u>Internal Service funds</u>		
Eliminate OPEB obligation	106,720	
Net effect of implementation of GASB 75	<u>(597,591)</u>	<u>(490,871)</u>
Net position, October 1, 2017, restated		<u>\$ 189,291,020</u>

CITY OF SUNRISE, FLORIDA

Business-type Activities

Net position, October 1, 2017, as previously stated		\$ 409,456,264
Prior period adjustments:		
<u>Water, Wastewater & Gas fund</u>		
Eliminate OPEB obligation	5,682,482	
Net effect of implementation of GASB 75	<u>(7,771,552)</u>	(2,089,070)
<u>Sanitation fund</u>		
Eliminate OPEB obligation	4,089	
Net effect of implementation of GASB 75	<u>(57,185)</u>	(53,096)
<u>Non-major enterprise funds</u>		
Eliminate OPEB obligation	478,392	
Net effect of implementation of GASB 75	<u>(654,779)</u>	<u>(176,387)</u>
Net position, October 1, 2017, restated		<u>\$ 407,137,711</u>

V. Other Information

A. Risk management

The City is exposed to various risks of loss related to torts, theft of, damage to or destruction of assets, errors and omissions, injuries to employees and natural disasters. During the 1994-1995 fiscal year, the City established a Workers' Compensation fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Workers' Compensation fund self-insures losses up to \$250,000 per occurrence. The City purchases excess insurance through the Florida Municipal Insurance Trust, an intergovernmental pool, for claims in excess of coverage provided by the fund. The City also participates in intergovernmental pooling or carries commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

All departments of the City participate in the program and make payments to the fund based on actuarial estimates of the amounts needed to pay prior and current year claims (including allocated loss adjustment expenses and incurred but not reported claims). The claims liability of \$4,477,000, which is discounted at 2%, is reported in the fund at September 30, 2018 and is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the claim can be reasonably estimated.

The following schedule presents the changes in aggregate claims liability (in thousands) for the past two years:

	Year ended <u>9/30/18</u>	Year ended <u>9/30/17</u>
Unpaid claims, beginning of fiscal year	\$ 4,791	\$ 4,787
Incurred claims (and estimate changes)	611	1,001
Claim payments	<u>(925)</u>	<u>(997)</u>
Unpaid claims, end of fiscal year	<u>\$ 4,477</u>	<u>\$ 4,791</u>

CITY OF SUNRISE, FLORIDA

B. Contingent liabilities

Amounts received or receivable from grant agencies are subject to audits and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel, the resolution of these matters will not have a significant adverse effect on the financial condition of the City.

C. Employee retirement systems and pension plans

Plan descriptions: The City of Sunrise contributes to three single-employer defined benefit pension plans: General Employees' Pension Plan, Police Officers' Pension Plan and Firefighters' Pension Plan and one defined contribution plan: Governmental Money Purchase Plan and Trust. Additionally, the City maintains a supplemental retiree subsidy for general employees and police officers hired on or after September 30, 2015 and a preservation of benefits plan.

In addition to normal retirement benefits, all three of the defined benefit pension plans provide for long-term disability and survivor benefits, as well as deferred pensions for former employees, dependent upon length of service or years of contributions and age upon death or disability. State Statute 112 and City ordinance provide the authority to establish and amend benefit provisions for all three defined benefit pension plans.

A deferred retirement option program (DROP) was implemented in the Police Officers' Pension Plan (the Plan). Upon participation in the DROP, the participant becomes a retiree for all Plan purposes and any further benefits under the pension plan cease to accrue. Normal retirement payments that would have been payable to the participant as a result of retirement are accumulated and invested in the DROP to be distributed to the participant upon termination of employment. Effective July 10, 2007, an eligible member who elects to participate in the DROP within five years following the member's earliest normal retirement date may participate in the DROP for a maximum of six years. Effective August 9, 2011, an eligible member who elects to participate in the DROP within five years following the member's earliest normal retirement date may participate in the DROP for a maximum of seven years. An eligible member hired on or after September 30, 2015 who elects to participate in the DROP within six months following the member's earliest normal retirement date may participate in the DROP for a maximum of four years. There were twenty-five members in the DROP as of September 30, 2018. Members of the Plan who terminate employment and begin receiving normal retirement benefits subsequent to December 31, 2005 will receive a 2% cost of living adjustment. Members who begin receiving normal retirement benefits or enter the DROP on or after October 1, 2008 will receive a 2.5% cost of living adjustment. Members hired on or after September 30, 2015 who begin receiving normal retirement benefits or enter the DROP will receive no cost of living adjustment. The Plan provides for supplemental pension distributions based on the cumulative net actuarial gain as identified in the most recent actuarial report for eligible participants who have retired prior to December 13, 2004. Any participant immediately eligible for early or normal retirement benefits or entered the DROP between August 14, 2001 and December 12, 2004 is eligible for a 13th check, the amount of which cannot exceed 100% of a participant's monthly retirement benefit. In the event that the cumulative net actuarial gain exceeds the amount distributed by the 13th check and the City's required contributions to the Plan, a 14th

CITY OF SUNRISE, FLORIDA

check will be distributed to eligible participants – those eligible for a 13th check, except for DROP participants. Members hired on or after September 30, 2015 who begin receiving normal retirement benefits are eligible for a 13th check for years of investment gains if the plan is 100% funded.

City Ordinance 124-X-02-B, approved March 12, 2002, established a retirement incentive program for firefighters. During a “window period” of thirty calendar days, beginning February 27, 2002, eligible firefighters could have made an irrevocable election to participate in this program. The eligible firefighters must have retired and separated from City employment no later than April 15, 2002. Eligible firefighters who elected the program could have also elected to participate in a DROP for up to thirty-six months or, alternatively, elect a BAC-DROP option for up to eighteen months. Beginning four years after retirement or entry into the DROP, a 2% annual increase in retirement benefits is applicable for all members. As of June 10, 2008, eligible firefighters can participate in the DROP for a maximum period of 72 months. Effective September 25, 2012, eligible firefighters who elect to participate in the DROP program can participate for up to 84 months; eligible firefighters may elect a “BAC – DROP” option of up to 24 months, which will reduce the maximum 84-month DROP period by the same amount of time. Effective October 1, 2013, the annual COLA is increased to 2.5% for firefighter members who terminate employment and begin receiving normal retirement benefits or enter the DROP on or after October 1, 2010. As of September 30, 2018, thirty firefighters were participating in this program.

Effective September 13, 1999, the General Employees’ Pension Plan distinguished between general employees, management and senior management. DROP was implemented for management and senior management effective June 12, 2001 and for general employees effective January 1, 2004. Participation in the DROP is limited to a maximum 72 months prior to termination of employment. As of September 30, 2018, there were eighty-three participants in the DROP. Beginning one year after retirement or entry into the DROP, an annual increase in retirement benefits of 2% for management members and 2.5% for senior management who reach early or normal retirement age and begin receiving benefits after June 12, 2001, is applicable. For eligible general employees, a supplemental pension distribution in the form of an optional 13th check, based on the cumulative net actuarial gain is available; effective January 1, 2004, a minimum of one-half of the 13th check is guaranteed payable, notwithstanding actuarial gains; effective October 1, 2007, a minimum of 75% of the 13th check is guaranteed payable, notwithstanding actuarial gains. Effective for all general employees, including management and senior management, hired on or after October 1, 2009, a minimum of 75% of the 13th check is guaranteed payable, notwithstanding actuarial gains.

The Governmental Money Purchase Plan and Trust (Purchase Plan) was established for senior managers who are members of the General Employees’ Pension Plan. The Purchase Plan was subsequently amended on March 12, 2003 by Ordinance 715-X-03-A, to additionally include all management employees with more than 10 years of City service and city commissioners. The City contributes 3% of earnings each plan year (calendar year) on behalf of each eligible management employee, 6% of earnings each plan year on behalf of each senior management employee and each city commissioner, and the calendar year maximum for the City Manager; the eligible employees are not required to make contributions. The ICMA Retirement Corporation serves as administrator for this Purchase Plan. The City recognized expenditures/expenses of \$332,136 for the fiscal year ended September 30, 2018 for the seventy-four employees covered under the plan. City ordinance provides the authority to establish and amend benefit provisions and contribution requirements for the Governmental Money Purchase Plan and Trust. The Purchase Plan was amended with Ordinance No. 715-X-09-A, effective May 1, 2009, which eliminated the

CITY OF SUNRISE, FLORIDA

benefit for general employees newly hired, rehired, or promoted from a general employee position into a management position.

The City, under Ordinance No. 715-X-99-A and amended by Ordinance No. 715-X-00-C and Ordinance No. 715-X-03-A, established a retiree subsidy benefit plan of \$200 per month for all general executive management and supervisory/professional employees who retired on or after September 28, 1999, except that senior managers who retired directly from the City after January 1, 2001, receive an amount equivalent to 80% of the total cost of family coverage under the City's health insurance program. Effective October 1, 1999, the City agreed to establish a subsidy of \$200 per month for all general employees, per the Collective Bargaining Agreement between the City and the Federation of Public Employees. The subsidy commenced at the same time the General Employees' Pension Plan member began to receive normal or early retirement benefits and continues until the plan member reaches age 65. Upon attaining age 65, bargaining unit employees will receive 75% of the \$200 per month subsidy, except that senior managers will receive 75% of the benefit received immediately prior to attaining age 65. If a general executive management or supervisory/professional employee dies before age 65, the health insurance subsidy continues to be paid to that member's spouse until the date that member would have reached age 65. Effective October 1, 2006, eligible general employees who retire and separate employment will be paid a monthly subsidy of \$250, which shall continue for the life of the retiree. Eligible general employees who retire and separate employment after February 26, 2008 will be paid a monthly subsidy of \$350, which shall continue for the life of the retiree. Effective under Ordinance No. 715-X-09-A, all management and supervisory/professional employees who separate and retire from the City after May 1, 2009, whose health benefit at retirement is less than the benefit provided to general employees under the applicable collective bargaining agreement in effect at the time of separation, will receive a retiree subsidy equal to the general employee's benefit. Effective October 1, 2015, eligible police employees who retire and separate employment will be paid a monthly subsidy of \$350, which shall continue for the life of the retiree. There were 347 participants during the fiscal year ended September 30, 2018. There are no assets accumulated in the retiree subsidy plan to pay related benefits.

Additionally, the City maintains a preservation of benefits plan. Effective September 28, 1999, under Ordinance No. 715-X-99-A, the City established a preservation of benefits plan as a deferred compensation plan for managers and senior managers who are members of the General Employees' Pension Plan. Effective September 12, 2017, under Ordinance 622, an excess benefit plan was established for eligible members of the Police Officers' Retirement Plan and Firefighters' Retirement Plan who entered the DROP between March 1, 2010 and October 17, 2017. These are administered by the City and established as a qualified governmental excess benefits arrangement pursuant to section 415(m) of the U. S. Internal Revenue Code. For each eligible payee, the City will provide a supplemental retirement benefit equal to the reduction of retirement benefits due to the application of section 401(a) (17) or section 415(b) of the U.S. Internal Revenue Code. There were seven eligible participants covered during the fiscal year ended September 30, 2018.

All three defined benefit pension plans are included as part of the City's reporting entity as pension trust funds. Copies of separately issued financial reports that include financial statements and required supplementary information for each plan is available at the following locations:

CITY OF SUNRISE, FLORIDA

General Employees' Pension Plan	Pension Resource Centers, LLC 4360 Northlake Boulevard Suite 206 Palm Beach Gardens, FL 33410 Attn: Margie Adcock	Telephone No. (561) 624-3277
Police Officers' Pension Plan	City of Sunrise, Florida Police Officers' Retirement Plan 13790 N. W. Fourth Street Suite 105 Sunrise, FL 33325 Attn: Dave Williams	Telephone No. (954) 845-0298
Firefighters' Pension Plan	Pension Resource Centers, LLC 4360 Northlake Boulevard Suite 206 Palm Beach Gardens, FL 33410 Attn: Scott Bauer	Telephone No. (561) 624-3277

Contributions for pension plans: The contribution requirements of plan members and the City for the City's three single-employer defined benefit pension plans are established and may be amended by City Ordinance. Plan member contributions are recognized in the period in which the contributions are due. The City contributes an actuarially determined amount to fully fund benefits for active members. Any unfunded actuarial liability is amortized as a level percent of projected member payroll over a period of thirty years for the Police Officers', Firefighters', and General Employees' Pension Plans. City contributions to the plans, as calculated by the plans' actuaries, are recognized as revenue when due and the City has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans. If the City's calculated contribution, excluding the cost of post September 13, 1999 management and senior management benefits, exceeds 14% for the General Employees' Pension Plan, member contributions, as well as the City contribution, are increased by half of the excess percentage of payroll except that the total maximum contribution for general employees is capped at 9.51% until a new bargaining unit contract is negotiated and the maximum contribution for management and senior management hired prior to October 1, 2009 is 11.75%. Effective October 1, 2009, general employees, including management and senior management, hired on or after October 1, 2009 contribute 8%. Effective September 30, 2015, police officers hired on or after September 30, 2015 contribute 8%.

CITY OF SUNRISE, FLORIDA

The following schedule summarizes the contribution rates for the City and its plan members:

	<u>General Employees' Pension Plan</u>	<u>Police Officers' Pension Plan</u>	<u>Firefighters' Pension Plan</u>
Contributions:			
Contribution rates:			
City	36.31%	57.73%	48.74%
Plan members		9.84%	10.63%
General employees	9.51%		
Management, senior management	11.75%		
Employees hired after 10/1/09	8.00%		
Police Officers hired after 9/30/15		8.00%	
Actuarially determined contribution	\$ 13,239,759	\$ 10,216,783	\$ 6,791,358
Contributions made:			
City	\$ 13,239,759	\$ 9,431,736	\$ 6,027,609
Plan members	3,198,740	1,698,916	1,244,670
Other	-	785,047 ¹	763,749 ¹

¹The Police Officers' and Firefighters' Pension Plans are partially funded by contributions from the State of Florida under Chapters 185 and 175, respectively, of the Florida Statutes. This contribution consists of excise taxes collected by the State on property and casualty insurance premiums on policies written within the City and totaled \$1,548,796 for the year ended September 30, 2018: \$763,749 for property insurance contracts for firefighters and \$785,047 for casualty insurance contracts for police officers. These amounts are recognized as insurance premium tax revenues and public safety expenditures in the General Fund.

Actuarial methods and assumptions: The City's net pension liability for all plans was measured as of September 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date (rolled forward from October 1, 2016 actuarial valuation). Mortality rates were based on the RP-2000 Combined Table for males and females with mortality improvement projected to all future years using Scale BB for all plans. The actuarial methods and assumptions for each plan are as follows:

	<u>General Employees' Pension Plan</u>	<u>Police Officers' Pension Plan</u>	<u>Firefighters' Pension Plan</u>

Discount rate: The discount rate used to measure the total pension liability was 7.45% for the General Employees' Retirement Plan, 7.75% for the Police Officers' Plan and 7.85% for the Firefighters' Pension Plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rates. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate: The discount rate used to measure the total pension liability for the retiree subsidy plan and excess benefits plan was based on a municipal bond rate of 3.50% based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the City's net pension liability calculated using the current discount rates and the liability using discount rates that are one percentage point lower and one percentage point higher than the current rates:

<u>Pension Plan</u>	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
General Employees (7.45%)	\$ 133,581,061	\$ 99,139,527	\$ 70,461,513
Police Officers (7.75%)	83,562,836	57,563,033	36,419,372
Firefighters (7.85%)	74,023,778	50,333,458	31,144,374

Sensitivity of the total pension liability to changes in the discount rate: The following presents the City's total pension liability for the retiree subsidy plan and excess benefits plan calculated using a municipal bond discount rate and the total liability using municipal bond rates that are one percentage point lower and one percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Retiree Subsidy Pension Plan (3.50%)	\$ 40,937,861	\$ 35,959,918	\$ 31,872,594
Excess Benefits Plan (3.50%)	2,388,995	2,241,127	2,108,208

CITY OF SUNRISE, FLORIDA

Long-term expected rate of return: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major class included in the pension plans' target asset allocations as of September 30, 2017 are summarized in the following table:

	Target Allocation	Asset Class	Long-Term Expected Real Rate of Return
<u>General Employees Retirement Plan</u>	0% to 70%	Domestic equity	6.51%
	0% to 25%	International equity	3.32%
	0% to 30%	Fixed income	5.37%
<u>Police Officers' Retirement Plan</u>	51.0%	Domestic equity	6.20%
	8.0%	Real estate	4.50%
	9.0%	International equity	8.50%
	32.0%	Fixed income	3.00%
<u>Firefighters' Retirement Plan</u>	37.0%	Large Cap	6.40%
	8.0%	Mid Cap	9.60%
	10.0%	Small Cap	6.50%
	30.0%	Fixed income	2.50%
	10.0%	International equity	2.90%

Pension Expense, Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2018, the City recognized pension income of \$19,892,947 and pension expense of \$24,788,419 as the result of GASB No. 68. Deferred outflows and inflows of resources related to the City's three defined benefit pension plans are as follows:

	Pension Plans			Total
	General Employees'	Police Officers'	Firefighters'	
<u>Deferred outflow s</u>				
Difference between expected and actual experience	\$ 6,282,919	\$ 1,817,266	\$ 926,715	\$ 9,026,900
Contributions subsequent to the measurement date	13,239,759	10,216,783	6,791,358	30,247,900
Difference between expected and actual earnings on investments	5,119,201	3,431,654	3,482,997	12,033,852
Changes in assumptions	14,755,532	2,594,613	4,829,773	22,179,918
Total deferred outflow s	<u>\$ 39,397,411</u>	<u>\$ 18,060,316</u>	<u>\$ 16,030,843</u>	<u>\$ 73,488,570</u>
<u>Deferred inflow s</u>				
Difference between expected and actual experience	\$ 59,924	\$ 74,115	\$ 770,249	\$ 904,288
Difference between expected and actual earnings on investments	9,009,062	4,313,228	5,706,368	19,028,658
Changes in assumptions	-	1,053,294	-	1,053,294
Total deferred inflow s	<u>\$ 9,068,986</u>	<u>\$ 5,440,637</u>	<u>\$ 6,476,617</u>	<u>\$ 20,986,240</u>

As a result of GASB No. 73, for the year ended September 30, 2018, the City recognized pension income of \$80,160 for the retiree subsidy and \$222,975 for the excess benefits plans. Additionally, the City recognized pension expense of \$1,263,642 for the retiree subsidy and \$15,091 for the excess benefit plans. Deferred outflows and inflows of resources related to the City's other pension plans are as follows:

	Other Pension Plans		Total
	Retiree Subsidy	Excess Benefits	
<u>Deferred outflow s</u>			
Contributions subsequent to the measurement date	\$ 1,515,590	\$ 216,642	\$ 1,732,232
Changes in assumptions	2,131,905	-	2,131,905
Total deferred outflow s	<u>\$ 3,647,495</u>	<u>\$ 216,642</u>	<u>\$ 3,864,137</u>
<u>Deferred inflow s</u>			
Difference between expected and actual experience	\$ 878,237	\$ -	\$ 878,237
Changes in assumptions	1,761,359	-	1,761,359
Total deferred inflow s	<u>\$ 2,639,596</u>	<u>\$ -</u>	<u>\$ 2,639,596</u>

CITY OF SUNRISE, FLORIDA

Amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized as pension expense (income) as follows:

Fiscal Year	Defined Benefit Pension Plans			
	General Employees'	Police Officers'	Firefighters'	Retiree Subsidy
2019	\$ 6,903,590	\$ 2,091,834	\$ 871,634	\$ (44,975)
2020	6,349,777	2,071,961	1,617,609	(44,975)

2022	623,467	(840,826)	256,816	(44,975)
2023	-	-	114,818	(44,975)
Thereafter	-	-	-	(282,816)
	\$ 17,088,666	\$ 2,402,896	\$ 2,762,868	\$ (507,691)

D. Postemployment benefits

The cost of post-employment healthcare, life insurance, and long-term care benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In adopting the requirements of GASB Statement No. 75, the City recognizes the total OPEB liability and the OPEB expense cost of these post-employment benefits in the year when the employee services are received.

Plan descriptions: The City has previously established and maintains a self-funded employee group medical insurance plan, a fully-insured employee group life insurance plan, and a fully-insured employee group long-term care insurance plan that it makes available to eligible retirees in accordance with State of Florida law and City ordinance. The self-funded medical and fully-insured life insurance plans are single-employer, experience-rated insurance plans that provide benefits to eligible retirees and their eligible dependents. The fully-insured long-term care insurance plan is a single-employer, statewide filed and rated insurance plan available to eligible retirees and their eligible dependents. These plans are not accounted for in a trust fund, as an irrevocable trust has not been established.

Funding policy: To date, the City has followed a pay-as-you-go funding policy, contributing only those amounts necessary to provide for its portion of current year benefit costs and expenses. The contribution requirements, if any, of plan members are established by the City. The City pays any remaining required amounts after contributions of plan members are taken into account. Currently, eligible retirees do not pay for life insurance or long-term care insurance plans provided by the City, but do pay the premiums associated with the medical plan elected - no direct City subsidy is currently applicable. However, there are implicit costs of medical and direct costs of life and long-term care insurance plan benefits. Retiree's spouses and other eligible dependents are also eligible under the City's medical and life insurance plans and the retiree is responsible for the payment of the applicable medical and life insurance premiums.

State of Florida law prohibits the City from separately rating retirees and active employees for medical plan benefits. The City therefore assigns to both groups equal, blended-rate premiums and makes available to both groups the same plan options. Although both groups are assigned the same blended-rate premiums, GAAP requires the actuarial liabilities to be calculated using age-adjusted premiums approximating claim costs for eligible retirees separate from active eligible members. The use of age-adjusted premiums results in the entire expected retiree obligation recognized in this disclosure.

CITY OF SUNRISE, FLORIDA

Actuarial methods and assumptions: Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Projections of other post-employment benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial calculations reflect a long-term perspective. The annual health care cost projected trend rate is 7% effective October 1, 2018, followed by a .25% decrease in the rate each successive year until 2021. The trend rates for years after 2021 are based on the forecasting model built and published in Modeling Long-Term Health Care Cost Trends sponsored by the Society of Actuaries. Benefits are assumed to be unfunded. The actuarial valuation of the total OPEB liability was performed as of September 30, 2017 and with a measurement date of September 30, 2017 based on the assumptions presented below.

Actuarial valuation date	September 30, 2017
Actuarial cost method	Entry age normal
Actuarial assumptions:	
Discount rate	3.5%
Inflation rate	2.5%
Projected salary increases	Police-based on age of employee General-based on years of credited service Fire-based on years of credited service
Asset valuation method	n/a
Membership as of Actuarial Valuation Date	
Retirees and beneficiaries	367
Active members	940

Changes in the Total OPEB Liability:

Service cost	\$ 1,337,581
Interest on total OPEB liability	941,443
Changes of assumptions	(2,052,118)
Benefit payments	<u>(877,270)</u>
Net change in total OPEB liability	<u>(650,364)</u>
Total OPEB obligation – beginning	<u>29,470,176</u>
Total OPEB obligation – ending	<u>\$28,819,812</u>
 Covered payroll	 \$69,668,812
 Total OPEB liability as a percentage of covered payroll	 41.37%

The Schedules of Changes in the City's Total OPEB Liability and Related Ratios, presented as required supplementary information following the notes to the financial statements, present multiyear trend information.

CITY OF SUNRISE, FLORIDA

Discount rate: The discount rate used to measure the total OPEB liability was based on a municipal bond rate of 3.50% based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date.

Mortality rate: The mortality rate used to measure the total OPEB liability was based on July 1, 2016 mortality tables of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the City's total OPEB liability calculated using a discount rate of 3.50%, as well as the total OPEB liability using a discount rate that is one percentage point lower and one percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
OPEB liability (3.50%)	\$ 34,381,744	\$ 28,819,812	\$ 24,506,178

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rate: The following presents the City's total OPEB liability calculated using the assumed trend rates, as well as the total OPEB liability using a trend rate that is one percentage point lower and one percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
OPEB liability (7.00%)	\$ 26,531,104	\$ 28,819,812	\$ 31,716,929

OPEB Expense, Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2018, the City recognized OPEB expense of \$1,451,699 as the result of GASB No. 75. Deferred outflows and inflows of resources related to OPEB are as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contributions subsequent to the measurement date	\$ 525,543	\$ -
Changes in assumptions	-	1,750,336
	<u>\$ 525,543</u>	<u>\$ 1,750,336</u>

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

<u>Year Ending September 30</u>	<u>Deferred Inflows of Resources</u>
2019	\$ (301,782)
2020	(301,782)
2021	(301,782)
2022	(301,782)
2023	(301,782)
Thereafter	(241,426)
	<u>\$ (1,750,336)</u>

Notes: Valuation dates of actuarially determined contributions for all plans are calculated based on the valuation as of the beginning of the year prior to the fiscal year in which contributions are due.

This schedule is intended to have ten years of data. Implementation of GASB No. 68 occurred in fiscal year 2015. Additional data to be compiled as information becomes available.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

<i>Building Fees Fund</i>	<i>Accounts for the receipts and disbursements associated with building and permit fees.</i>
<i>Impact Fees Fund</i>	<i>Accounts for the receipts and disbursements of impact fees received from developers.</i>
<i>Urban Area Security Initiative Grant Fund</i>	<i>Accounts for the receipts and disbursements of the Urban Area Security Initiative Grant funds.</i>
<i>Broward County Home Consortium Grant Fund</i>	<i>Accounts for the receipts and disbursements of the Broward County Home Consortium Grant funds.</i>
<i>Neighborhood Stabilization Program Grant Fund</i>	<i>Accounts for the receipts and disbursements of the Neighborhood Stabilization Grant funds.</i>
<i>Community Development Block Grant Fund</i>	<i>Accounts for the receipts and disbursements of the Community Development Block Grant funds.</i>
<i>State Housing Initiative Partnership Grant Fund</i>	<i>Accounts for the receipts and disbursements of the State Housing Initiative Partnership Grant funds.</i>
<i>Fuel & Roadway Fund</i>	<i>Accounts for the government's share of motor fuel tax revenues that are legally restricted to the maintenance of, and improvements to, the streets, roadways, median strips, and street lights within the City.</i>
<i>Police Confiscation Fund</i>	<i>Accounts for the receipts and disbursements of police confiscation funds.</i>

Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

Special Tax District No. 1 Fund *Accumulates voted debt service ad valorem tax monies for Special Tax District No. 1 of the City of Sunrise, Florida Ad Valorem Tax Bonds, maturing on October 1, 2021.*

**General Obligation Bonds,
Series 2015 Fund** *Accumulates ad valorem taxes collected for payment of debt service on the General Obligation, Series 2015 maturing on July 1, 2044.*

Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

**Special Tax District No. 1
Capital Projects** *Accounts for the construction of a parking garage and additional public works improvements for Special Tax District No. 1.*

**Special Assessment Bonds
Series 2015 Capital Projects** *Accounts for the development, construction, equipment and installation of two parking garages at Sawgrass Mills.*

Nonmajor Proprietary Funds

Enterprise Funds

Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. When debt is backed solely by fees and charges or there is a legal requirement or policy decision to recover costs, an enterprise fund must be used.

Recycling Fund

Accounts for the provision of recycling services to City residents.

Stormwater Fund

Accounts for the operations of a City stormwater utility.

Golf Course Fund

Accounts for the operations of a City owned golf course.

Fiduciary Funds

Pension Trusts and Agency Funds

Pension trust funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans. Agency funds are used to account for short-term custodial collections on resources on behalf of another individual, entity, or government.

***General Employees',
Police Officers' and
Firefighters' Pension
Trust Funds***

Accounts for the accumulation of resources to be used for retirement benefit payments to City employees.

***Special Assessment
Agency Fund***

Accounts for the accumulation of resources from special assessments to be used for principal and interest payments for the Special Assessment bonds, Series 2015.

**SCHEDULE 12
CITY OF SUNRISE, FLORIDA
DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
AS OF SEPTEMBER 30, 2018**

GOVERNMENTAL UNIT	DEBT OUTSTANDING	ESTIMATED PERCENTAGE APPLICABLE*	ESTIMATED SHARE OF OVERLAPPING DEBT
Debt repaid with property taxes			
Broward County School Board	\$ 1,649,812,000	3.55%	\$ 58,568,326
Broward County	181,970,000	3.86%	<u>7,024,042</u>
Subtotal, overlapping debt			65,592,368
City direct debt			<u>135,600,245</u>
Total direct and overlapping debt			<u>\$ 201,192,613</u>

Sources: Assessed value data used to estimate applicable percentages provided by Broward County. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

*For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using gross taxable property values after Value Adjustment Board changes. Applicable percentages were estimated by dividing the City's gross taxable property values after Value Adjustment Board changes by the County's and School Board's gross taxable property values after Value Adjustment Board changes.

Section IV
City of Sunrise, Florida
Reporting Section

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Sunrise, Florida (the City), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 13, 2019. Our report includes a reference to other auditors who audited the financial statements of the Pension Trust Funds, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing on internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Police Officers' Retirement Plan were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Marcum LLP

Fort Lauderdale, FL
March 13, 2019

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

Report on Compliance for Each Major Federal Program

We have audited the City of Sunrise, Florida's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended September 30, 2018. The City's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2018.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF SUNRISE, FLORIDA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED SEPTEMBER 30, 2018

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal grant activity of the City of Sunrise, Florida (the City) under programs of the federal government and the State of Florida for the year ended September 30, 2018. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement, except for the Equitable Sharing programs for Justice and Treasury which follow, *Guide to Equitable Sharing for Foreign Countries and Federal, State, and Local Law Enforcement Agencies*.

NOTE 3 – INDIRECT COST RATE

The City has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE
AUDITOR GENERAL OF THE STATE OF FLORIDA**

Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Sunrise, Florida (the City), as of and for the year ended September 30, 2018, and have issued our report thereon dated March 13, 2019. We did not audit the financial statements of the Pension Trust Funds, which represent 79%, 81% and 60%, respectively, of the assets, net position/fund balance and revenues/additions of the aggregate remaining fund information.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance, Schedule of Findings and Questioned Costs; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 13, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. As disclosed in Note I, the City was established under Chapter 61-2902 Laws of Florida in 1961. The City included the following blended component units: the Special Tax District No.1 and the Metropica Improvement District.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. Our assessment was performed as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor and the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO
SECTION 218.415 FLORIDA STATUTES**

Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

We have examined the City of Sunrise, Florida (the City) compliance with Section 218.415 Florida Statutes, Local Government Investment Policies for the year ended September 30, 2018. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with Section 218.415 Florida Statutes for the year ended September 30, 2018.

This report is intended to describe our testing of compliance with Section 218.415 Florida Statutes and it is not suitable for any other purpose.
