

## **Electronic Plan Review Phase I**

Following the launch of our new online Self-Service Portal last year at [sunrisefl.gov/openforbusiness](http://sunrisefl.gov/openforbusiness), we are adding new features to this intuitive, 24/7 interface to better serve residents, business owners, developers and contractors!

Electronic Plan Review Phase I will allow the paperless submission and review of many common permit applications:

- All Engineering Permits including Landscaping Permits
- Planning & Zoning Permits such as Painting, Outdoor Restaurant Seating, and Special Events
- Structural Permits for Residential Re-Roofs, Residential Windows, Residential Doors, Residential Shutters, Residential Garage Doors, and Residential Fences
- Residential Electrical Service Changes
- Residential Plumbing for Water Heaters
- Residential Mechanical for AC Change-outs
- Commercial Plumbing Permit for Backflow Install/Recertification
- Engineering Utility Verification Requests

### **Launching in Winter 2020:**

Phase 2 of Electronic Plan Review allowing full electronic submittal for all Building Permits, Planning & Zoning Development Applications, and Engineering Plans. Stay tuned for future announcements!

Our Self-Service Portal continues to offer a range of user benefits, including:

- Enhanced customer service
- Real-time information
- Electronic notifications
- Increased transparency
- Online payments
