Name of Local Government	City of Sunrise
Does this LHAP contain an interlocal agreement?	No
If yes, name of other local government(s)	N/A

B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2022-2023, 2023-2024, 2024-2025

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

A waiting list may be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status upon request.

Applicants will be maintained in an order that is consistent with the time applications were submitted, as well as any established funding priorities as described in this plan.

In the case of a waiting list, the City shall place candidates on the waiting lists from phone inquiries and in person visits to the Grants Division. Candidates will be placed on the waiting list in order of receipt and separated based upon the strategy requested. If a waiting list is currently closed, the City may elect to make an exception for those households that are identified or determined to be Special Needs households as defined by Florida Statute 420.0004(13).

When funds are available for a particular strategy, candidates on the waiting list will be contacted. An application will be mailed to the address provided at that time. Applicants will be placed in queue for assistance once all required documentation has been received and the household has been deemed eligible.

Assistance will be provided on a first-qualified, first-served basis with first priority given to Special Needs households, ranked by very-low, low-, and moderate-income. The next priority will be to serve essential services personnel (ESP) in the order of very-low, low-, and moderate-income households. After serving sufficient households to meet regulatory required set-asides and any qualified ESP for current funding, all applicants deemed eligible will be considered equally with priority given to very-low, then low, then moderate income households.

Ranking Priority:
 1. Special Needs Households, ESP then VLI, LI and MOD

- J. **Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include, but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as [Exhibit A](#). The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: *“A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”*

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: *“The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.”* The applicable local jurisdiction has adopted the above findings in the resolution attached as [Exhibit E](#).

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Administration, Implementation, Monitoring	10%
Third Party Entity/Sub-recipient	N/A	

R. First-time Homebuyer Definition: For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

S. Project Delivery Costs: In addition to the administrative costs listed above, the City will charge up to 5% project delivery cost to cover initial inspection, bid reviews, construction oversight if necessary, final inspection, work specification, title searches, and lead based paint inspections performed by non-city employees for housing assistance programs. The fees will be as per contract with the professional entities providing these services and will be included in the amount of the recorded mortgage and note.

T. Essential Service Personnel Definition (ESP): **ESP includes** teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, Active Military and National Guard stationed in the city, and skilled building trades personnel.”

U. Describe efforts to incorporate Green Building and Energy Saving products and processes:

The City will, when economically feasible, employ the following Green Building requirements within housing assistance programs:

The goals will be met through the Owner-Occupied Residential Rehabilitation, and Disaster Recovery strategies as well as the Purchase Assistance strategy.

Upon the occurrence that a waiting list is currently closed, the City may elect to make an exception for those households that are identified or determined to be Special Needs households as defined by Florida Statute 420.0004(13).

W. Describe efforts to reduce homelessness:

The Broward County Homeless Initiative Partnership (HIP) is designated as the lead agency for the Broward County Continuum of Care (CoC), which is tasked with addressing homelessness in and throughout Broward County including the City. As the lead agency for the CoC, HIP works to improve access to services that support housing stability and facilitate self-sufficiency. In addition, the lead agency is responsible for advancing community-wide efforts, including the 10-Year Plan to End Homelessness and the Annual Point-In-Time (PIT) survey. Although the city is not involved directly with these partnerships, participation is coordinated through the City’s participation in the Broward County HOME Consortium. Affordable means that monthly mortgage payments, including taxes and insurance, do not exceed 30 percent of an amount representing the percentage of the area's median annual gross income for the household. However, it is not the intent to limit an individual or household's ability to devote more than 30 percent of its income for housing. Housing for which a household devotes more than 30 percent of its income shall be deemed affordable if the institutional first mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30 percent benchmark or, for rental housing, rents do not exceed those limits adjusted for bedroom size published annually by the Florida Housing Finance Corporation.
