WELCOME HOME!

It's my pleasure to welcome new faces to the City of Sunrise as well as re-introduce our community to events and offerings that have grown in popularity through the years. As we have expanded to approximately 98,000 residents, we have also continued to welcome millions of national and international visitors each year.

You have our commitment that we'll continue to innovate, provide exceptional customer service, and offer transparency to our stakeholders: each and every member of our valued community.

Sunrise continues to be a community that draws exciting businesses and engaged, committed and highly educated individuals who are attracted to an excellent quality of life. With a strong local economy, rising home values, excellent schools, a low crime rate and an abundance of amenities and opportunities, the City is viewed as a desirable place to live, work, own a business, raise a family, attend school, shop, play, and retire.

ABOUT SUNRISE

The City of Sunrise was originally incorporated in 1961 as Sunrise Golf Village. Since that time, it has grown from a small suburban community to a diverse City of approximately 98,000 residents.

Sunrise is a full-service City that maintains its own Police and Fire Rescue departments. In addition, Sunrise owns and operates a Utilities Department, providing water and wastewater services to approximately 215,000 people in a 70-square-mile utility service area, and delivering natural gas service to nearly 10,000 customers.

The City offers a wide variety of recreational programs and facilities, including Sunrise Tennis Club, The Bridges at Springtree Golf Club, Sunrise Civic Center Theatre, Art gallery, and Athletic Club and more than a dozen nicely appointed parks. Many of these amenities were added or refurbished in recent years.

The City of Sunrise is home to a diversified group of businesses, including corporate offices, financial services, research and development companies; the largest outlet mall in the continental United States, Sawgrass Mills; and the 20,000 seat Amerant Bank Arena, one of the finest arenas in the country and home to the National Hockey League's Florida Panthers. A strong endorsement of the City's business appeal and continued success is that corporations, hotels, restaurants, office parks, and other businesses already located in our community continue to expand and invest in Sunrise. We're also the site of an eclectic assortment of small businesses, international restaurants and home to the Sawgrass International Corporate Park.

Sunrise boasts a flourishing job market and has emerged as one of South Florida's economic development leaders. Sunrise is also a sophisticated city of culture - offering residents and visitors abundant opportunities to experience art, theatre, fine dining and first-class entertainment.

The City of Sunrise is governed by a Commission/Manager form of government with the City Commission serving as the governing body. The Sunrise City Commission, which is comprised of a Mayor and four Commissioners, is the legislative and policy-making body of the City, responsible for approving the budget and providing strategic direction to staff. The City Commission appoints the City Manager, City Attorney, City Clerk, Police Chief, Fire Chief and members of City boards and committees.

The Mayor is elected at large, serves for four years, and presides over Commission meetings. Each of the four Commissioners is elected at large and serves for four years with two seats up for election every two years. The City Commission represents the public interest, promotes prompt, courteous responses to citizen problems and concerns, provides clear leadership and direction, and assures the present and future fiscal integrity of the City.

The Sunrise Mayor and City Commissioners are dedicated to serving the broad needs of the community. They provide careful and responsible judgment in the exercise of legislative duties, with the clear understanding that they are the people's representatives in setting policies and in determining levels and priorities of programs and expenditures.

Since 2011, the City of Sunrise has collaborated with a wide range of partners, from schools to businesses, to promote the benefits of chess in the academic environment and in the community. Highlights include:
