Open Discussion

No open discussion.

Presentation by: Fenelon Leonce - Case Manager for the City of Lauderdale Lakes Parks and Human Services. The Department of Parks and Human Services focuses on enriching the quality of life for seniors, children, and families while promoting social interactions, health awareness, and educational experiences. The City of Lauderdale Lakes offers many different amazing services such as a Care Center for adults suffering with Alzheimers, health and wellness classes, a senior center, transportation services, and information and referral services. They also provide food assistance through their food pantry as well as food distributions, public assistance application services such as: ACCESS, community programs for information and referrals, and educational seminar forums. The best thing about this City is that you do not have to be a Lauderdale Lakes Resident to take part in any of their programs! You do however must be a Broward County resident.

New Business
