# Explore, Discover, and Record **BACKYARD** Bingo!

Embark on a local discovery as part of the **City Nature Challenge South Florida** ([www.cncsoflo.com](http://www.cncsoflo.com)) and engage with the biodiversity that's buzzing right in your own backyard or neighborhood. While "backyard" suggests your starting point, we encourage you to go beyond - visit local parks and nature preserves to fully immerse in nature.

Every bird in the sky and bug on a leaf you record brings you closer to *Bingo!*

## Participation is Easy!

- 1 Download the iNaturalist app and create your account.**
- 2 Photograph the plants and animals around you! Use the bingo card to track your finds.**
- 3 Upload your photos to iNaturalist to share with the City Nature Challenge community and contribute to citizen science.**

- 4 Fill out the survey, submit your bingo card (at least 5 squares completed):**

<https://tinyurl.com/wvkfxksw>

- 5 Receive your personalized Certificate of Participation!**
