Of course I did with kool aid

I'm not a fan of racism

I used vegetable oil but they say you can use whatever

█ If you're in the wind, you're in the fucking wind

█ Nah just key up shitfaced at 1030 and cut █ off on the radio instead

It's like I said last night, he has no idea how to be an undercover detective or how this unit works. And instead of coming in humble and saying, you guys know what you're doing, teach me he comes in like he knows everything and the result is he looks like a fucking idiot.

█ Voice text so might be messed up

We've all done shit! We've all gone out drinking on duty. We've all done some dirt. But don't be stupid. Unfortunately he thinks he's protected cuz he's banging █ and has the commissioners on his side
